**Cc:** Carlton The Rock Star 🍺 Butts  
**Subject:** Certificate of Appropriateness for 953 N. 33rd

Tim,

Welcome back. Hope you are well.

Following your conversation with Carlton today please see attached. Pictures of the fluted cedar columns (square and round) in the dimensions contained in the staff report from the meeting we had in July. Also in the process of removing the porch we discovered that the decking was made of 3/4" pine. When we got underneath the orch we discovered pieces of the original decking which were 5/4". I included pictures of this. We are proposing to replace the decking with 5/4" birch and NOT 3/4" pine.

We are seeking a Certificate of Appropriateness for all items pictured (which are painted and ready for installation).

Please advise if you need any additional information. I can be reached at 414-526-9524 if you have questions.

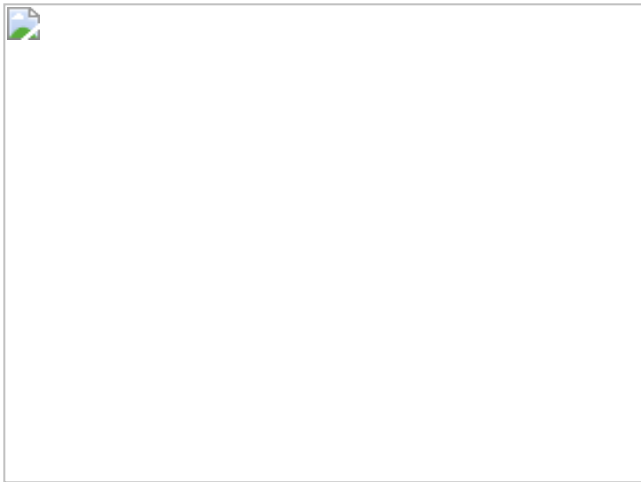

Thanks in advance for your prompt attention to this.
