

1 CONNECTOR PLAN
3/64" = 1'-0"

The City (yellow area), Deer District (orange area) and Head of the Herd (green area) will lease their respective areas to the WCD; the WCD will in turn sublease these areas to Deer District. The lease/sublease will require public accessibility to these areas and will prohibit the erection of any buildings within the leased premises (other than the canopy structure). The WCD (red area) will lease its area to Deer District. This lease will similarly require public accessibility and prohibit the erection of any buildings. Thus, the combined leased areas will create a publicly accessible thoroughfare between Old World 3rd Street and 4th Street
