

August 12, 2009

To the Honorable, the Common Council

Subject: Resolution rejecting a reservation for public street purposes located along a portion of South 6<sup>th</sup> Street (west side) south of West Grange Avenue, in the 13<sup>th</sup> Aldermanic District.

Dear Council Members:

The Federal Aviation Administration is directing General Mitchell International Airport to extend its east-west runway westerly, therefore, requiring the relocation of South 6<sup>th</sup> Street south of West Grange Avenue. In conjunction with the relocation, an existing portion of South 6<sup>th</sup> Street must be vacated. The subject reservation for public street purposes is adjacent to this proposed vacation and will no longer be necessary. The rejection of the subject reservation will allow the owner full use of the land.

Therefore, it is recommended that this resolution be adopted.

No fiscal note is required per Section 50-4.2(3)(e) of the Milwaukee Code of Ordinances.

Very truly yours,

Jeffrey Polenske, P.E.  
City Engineer

Jeffrey J. Mantes  
Commissioner of Public Works
