B. SUPPORTING INFORMATION

1. State the action requested, including the dollar amount and specific departmental accounts(s) to which the Contingent Fund appropriation would be made.

Provide additional funding for the remission of taxes. The account is estimated to be short \$700,000. The State lost two court cases regarding property taxes for manufacturing properties.

2. State the purpose of the action requested which includes the program, service or activity to be supported by the funding, as well as the objective(s) to be accomplished.

The State controls the manufacturing assessment process. When assessments are challenged in court and the state loses the case, then the city is required by law to reimburse the property owner the amount of extra taxes paid.

This is an obligation. The city would eventually be violating state law.
