Re: Subject Area Expert Support by DPW for CIC-Sub-Committees

Dear Alderman Dudzik:

Subject area experts from DPW will be made available to work on subcommittees to assist in the following analysis or to provide technical assistance as it relates to condition reports and the prioritization of DPW Capital Improvement Program:

- Optimizing replacement cycles, e.g. sewer program-Lineup vs. Total Segment Replacement
- Identify policy recommendations, e.g. collectors
- Help identifying replacement cycles, condition improvement methods or New Technologies
- Help develop Financing Priorities

Core-Infrastructure Sub-committees would be supported from the following DPW staff specialties:

I. Buildings	Sean Schutten: Buildings
II. Infrastructure	Robert Bryson: Street lighting, Traffic Control Yousuf Zafar: Sewers Craig Liberto: Structures
III. Special Projects	Mary Dziewiontkowski: Paving Program

For special projects, any of the above listed staff or other subject matter experts will be assigned on a project to project basis. For any additional information, please contact Venu Gupta at extension 3401.

Very truly yours,

Jeffrey J. Mantes
Commissioner of Public Works
