

January 8, 2009

To the Honorable
Common Council
City of Milwaukee

Dear Council Members:

The design of 2005 Capital Improvements Projects should be completed as expeditiously as possible to meet the needs of the using agencies and to minimize the construction costs due to the rate of inflation.

Due to the present workload of the Facilities Development and Management Section, especially in the architectural, mechanical, environmental, and electrical disciplines, it would be desirable to obtain the services of outside consultants, on an as needed basis, to assist in expediting the design of the 2005 Capital projects.

We, therefore, respectfully recommend the adoption of the attached resolution authorizing and directing the Commissioner of Public Works, as being in the best interests of the City, to obtain the services of outside consultants, on an as needed basis, to assist in expediting the design of 2005 Capital Improvements Projects.

Sincerely,

VENU J. GUPTA, Superintendent
Buildings and Fleet Services

JEFFREY J. MANTES
Commissioner of Public Works
