The above constituents of Milwaukee sent the following text in an email on 10-28-2022: I am opposed to the proposed Live Nation / FPC Live venues in the Deer District. Live Nation is a monopoly that controls ticketing (they own Ticketmaster), booking and music venues. There is no room in their business model for the vibrant and unique, independent and historic music venues in Milwaukee like Turner Hall, Pabst Theater, The Eagles Club and the publicly owned Miller Highlife Theater. You have a clear choice with this vote - either Live Nation or our historic venues. There is not enough business for both. The experience in Madison and other cities has proven that. In addition, the public safety issues surrounding the Deer District are earning Milwaukee's downtown a dangerous reputation. In addition to 21 people being shot in one night because of inadequate security, the north end of downtown is regularly the site of violent crime. The Milwaukee Bucks long ago promised a security plan for the neighborhood. They have produced nothing, yet they propose to partner with Live Nation and invite an additional half a million people annually to an already overwhelmed area. The City Plan Commission has asked for a comprehensive security plan before you act. Such a plan should include input from area businesses, residents, religious and educational institutions, as well as the MPD and MFD. An independent market analysis of the effect of the new venues on existing venues, specifically Miller High Life Theater, should also be requested by the Common Council. Please do not act until a comprehensive security plan and market analysis are presented to the Common Council. Voting to approve this venue before having such a plan is poor planning and could put lives, and historic buildings, at risk.

Respectfully submitted,

Meg Clark,

Auxiliary Legislative Assistant

Aldermanic District 2

Legislative Assistant, 2nd District

Re: Voter Opposition to Downtown Music Venues

Dear Aide District 2,

I am opposed to the proposed Live Nation / FPC Live venues in the Deer District. I live a couple blocks from the proposed site and am extremely disappointed in my local government as this project shouldn't have made it to this point. It's not only a bad deal for the city, but a bad deal for all of us who live in Westown. I haven't seen my concerns addressed and using a transportation mode that doesn't even come to this area (it's a few blocks off) feels like your office is just using that as a way to avoid addressing the transportation, parking, and safety concerns that those of us who live here have. I'm imploring you to rethink this project until those issues have been addressed and serious solutions have been put into place. Live Nation is a monopoly that controls ticketing (they own Ticketmaster), booking and music venues. There is no room in their business model for the vibrant and unique, independent and historic music venues in Milwaukee like Turner Hall, Pabst Theater, The Eagles Club and the publicly owned Miller Highlife Theater. You have a clear choice with this vote - either Live Nation or our historic venues. There is not enough business for both. The experience in Madison and other cities has proven that. The City Plan Commission has asked for a comprehensive security plan before you act. Such a plan should include input from area businesses, residents, religious and educational institutions, as well as the MPD and MFD. An independent market analysis of the effect of the new venues on existing venues, specifically Miller High Life Theater, should also be requested by the Common Council. Please do not act until a comprehensive security plan and market analysis are presented to the Common Council. Voting to approve this venue before having such a plan is poor planning and could put lives, and historic buildings, at risk.

Sincerely,
Mrs. Jill Mengesha

Re: Voter Opposition to Downtown Music Venues

Dear Aide District 2,

I am opposed to the proposed Live Nation / FPC Live venues in the Deer District. Live Nation is a monopoly that controls ticketing (they own Ticketmaster), booking and music venues. There is no room in their business model for the vibrant and unique, independent and historic music venues in Milwaukee like Turner Hall, Pabst Theater, The Eagles Club and the publicly owned Miller Highlife Theater. You have a clear choice with this vote - either Live Nation or our historic venues. There is not enough business for both. The experience in Madison and other cities has proven that. In addition, the public safety issues surrounding the Deer District are earning Milwaukee's downtown a dangerous reputation. In addition to 21 people being shot in one night because of inadequate security, the north end of downtown is regularly the site of violent crime. The Milwaukee Bucks long ago promised a security plan for the neighborhood. They have produced nothing, yet they propose to partner with Live Nation and invite an additional half a million people annually to an already overwhelmed area. The City Plan Commission has asked for a comprehensive security plan before you act. Such a plan should include input from area businesses, residents, religious and educational institutions, as well as the MPD and MFD. An independent market analysis of the effect of the new venues on existing venues, specifically Miller High Life Theater, should also be requested by the Common Council. Please do not act until a comprehensive security plan and market analysis are presented to the Common Council. Voting to approve this venue before having such a plan is poor planning and could put lives, and historic buildings, at risk.

Re: Voter Opposition to Live Nation/FPC Downtown Music Venues

Dear Aide District 2,

I am opposed to the proposed Live Nation / FPC Live venues in the Deer District. I am a frequent patron of our important LOCAL venues and I believe this proposal will cause significant harm to those venues and to our community. Live Nation is a monopoly that controls ticketing (they own Ticketmaster), booking and music venues. There is no room in their business model for the vibrant and unique, independent and historic music venues in Milwaukee like Turner Hall, Pabst Theater, The Eagles Club and the publicly owned Miller Highlife Theater. Re: Voter Opposition to Downtown Music Venues

Dear Aide District 2,

I am opposed to the proposed Live Nation / FPC Live venues in the Deer District. Live Nation is a monopoly that controls ticketing (they own Ticketmaster), booking and music venues. There is no room in their business model for the vibrant and unique, independent and historic music venues in Milwaukee like Turner Hall, Pabst Theater, The Eagles Club and the publicly owned Miller Highlife Theater. You have a clear choice with this vote - either Live Nation or our historic venues. There is not enough business for both. The experience in Madison and other cities has proven that. In addition, the public safety issues surrounding the Deer District are earning Milwaukee's downtown a dangerous reputation. In addition to 21 people being shot in one night because of inadequate security, the north end of downtown is regularly the site of violent crime. The Milwaukee Bucks long ago promised a security plan for the neighborhood. They have produced nothing, yet they propose to partner with Live Nation and invite an additional half a million people annually to an already overwhelmed area. The City Plan Commission has asked for a comprehensive security plan before you act. Such a plan should include input from area businesses, residents, religious and educational institutions, as well as the MPD and MFD. An independent market analysis of the effect of the new venues on existing venues, specifically Miller High Life Theater, should also be requested by the Common Council. Please do not act until a comprehensive security plan and market analysis are presented to the Common Council. Voting to approve this venue before having such a plan is poor planning and could put lives, and historic buildings, at risk.

Sincerely,
Aaron Skreland

Re: Voter Opposition to Downtown Music Venues

Dear Aide District 2,

I am opposed to the proposed Live Nation / FPC Live venues in the Deer District. Live Nation is a monopoly that controls ticketing (they own Ticketmaster), booking and music venues. There is no room in their business model for the vibrant and unique, independent and historic music venues in Milwaukee like Turner Hall, Pabst Theater, The Eagles Club and the publicly owned Miller Highlife Theater. You have a clear choice with this vote - either Live Nation or our historic venues. There is not enough business for both, and there has been no demonstrated need for such an additional venue. The experience in Madison and other cities has proven that. Attending live performances should not be a luxury for the privileged few. If Live Nation takes complete control of ticketing for performances in Milwaukee, costs will skyrocket and fewer and fewer people will be able to enjoy these events which also help to draw people to our city. In addition, the public safety issues surrounding the Deer District are earning Milwaukee's downtown a dangerous reputation. In addition to 21 people being shot in one night because of inadequate security, the north end of downtown is regularly the site of violent crime. The Milwaukee Bucks long ago promised a security plan for the neighborhood. They have produced nothing, yet they propose to partner with Live Nation and invite an additional half a million people annually to an already overwhelmed area. The City Plan Commission has asked for a comprehensive security plan before you act. Such a plan should include input from area businesses, residents, religious and educational institutions, as well as the MPD and MFD. An independent market analysis of the effect of the new venues on existing venues, specifically Miller High Life Theater, should also be requested by the Common Council. We need to be planful with how sites such as the former Bradley center are developed to ensure we are creating the best benefit for the whole community. This proposed venue is not the in any way the best use for this prime location. Please do not act until a comprehensive security plan and market analysis are presented to the Common Council. Voting to approve this venue before having such a plan is poor planning and could put lives, and historic buildings, at risk.

Sincerely,

Re: Voter Opposition to Downtown Music Venues

Dear Aide District 2,

Hi Marina- The "boilerplate" letter below was sent out by Save MKE's Music Scene, LLC, but I have my own comments first. On their website (but not in the letter below) they state: The structure will hold 135 events over the course of a year. All 135 events will be shows that would otherwise play at The Riverside Theater, The Rave/Eagles Club, The Pabst Theater, Turner Hall, The Miller High Life Theatre, The BMO Harris Pavilion, Shank Hall, or Cactus Club, destroying the viability of Milwaukee's current vibrant music scene. Now THAT concerns me. We have plenty of stages for large touring performance - what we don't have is affordable stages for small fine arts groups like Betty Salamun's Dance Circus, but that's another issue. My other concern is that the old Bradley Center (which the Fiserv Forum replaced) was not a union house! The old structure did NOT use qualified stagehands from the Theatrical Stage Employees union (Local 18 of IATSE) and I'm not aware of Fiserv OR this proposed venue planning on using professional stagehands. This is critically important since many of these large scale programs require tons of equipment to be hung above the stage (and audience) and that's not something you want a rookie doing. I know- I was a stringer for the union for over 30 years including being a rigger at Summerfest, Alpine Valley, the old auditorium and arena, PAC and more. The safety protocols are rigorous. (My MFA is in theatre technology - I'm a folksinger, but that's wasn't my professional training) Anyhow- that's my take on it. DHBD I am opposed to the proposed Live Nation / FPC Live venues in the Deer District. Live Nation is a monopoly that controls ticketing (they own Ticketmaster), booking and music venues. There is no room in their business model for the vibrant and unique, independent and historic music venues in Milwaukee like Turner Hall, Pabst Theater, The Eagles Club and the publicly owned Miller Highlife Theater. The City Plan Commission has asked for a comprehensive security plan before you act. Such a plan should include input from area businesses, residents, religious and educational institutions, as well as the MPD and MFD. An independent market analysis of the effect of the new venues on existing venues, specifically Miller High Life Theater, should also be requested by the Common Council. Please do not act until a comprehensive security plan and market analysis are presented to the Common Council. Voting to approve this venue before having such a plan is poor planning and could put lives, and historic buildings, at risk.

Sincerely,
Ms. Hearldean George

Re: Voter Opposition to Downtown Music Venues

Dear Aide District 2,

I am opposed to the proposed Live Nation / FPC Live venues in the Deer District. Live Nation is a monopoly that controls ticketing (they own Ticketmaster), booking and music venues. There is no room in their business model for the vibrant and unique, independent and historic music venues in Milwaukee like Turner Hall, Pabst Theater, The Eagles Club and the publicly owned Miller Highlife Theater. You have a clear choice with this vote - either Live Nation or our historic venues. There is not enough business for both. The experience in Madison and other cities has proven that. In addition, the public safety issues surrounding the Deer District are earning Milwaukee's downtown a dangerous reputation. In addition to 21 people being shot in one night because of inadequate security, the north end of downtown is regularly the site of violent crime. The Milwaukee Bucks long ago promised a security plan for the neighborhood. They have produced nothing, yet they propose to partner with Live Nation and invite an additional half a million people annually to an already overwhelmed area. The City Plan Commission has asked for a comprehensive security plan before you act. Such a plan should include input from area businesses, residents, religious and educational institutions, as well as the MPD and MFD. An independent market analysis of the effect of the new venues on existing venues, specifically Miller High Life Theater, should also be requested by the Common Council. Please do not act until a comprehensive security plan and market analysis are presented to the Common Council. Voting to approve this venue before having such a plan is poor planning and could put lives, and historic buildings, at risk. Milwaukee can be greater than other major metropolitan areas by REJECTING Live Nation and their predatory business practices.

Sincerely,
Mr. Aaron Stoelb
