November 11, 2024

To Whom it may concern,

On the evening of October 31, 2024, around 6 PM, a large portion of a tree fell onto our front yard at our home address of 3234 N 49th St Milwaukee, WI 53216. The tree was a City of Milwaukee tree between the sidewalk and the street. (the tree was actually in front of 3228 N 49th St).

The tree branches enveloped our 2015 Toyota Sienna (VIN: 5TDKK3DC4S666096, 75,146 miles). A branch dented the roof, broke the driver's side mirror, and caused numerous dents and scratches across the side and back of the van. Repairs were estimated at no less than \$14,220 (see enclosed 2 *preliminary estimates*) with the possibility of needing and incurring more expenses during the repairs to completely bring the van up to its prior state from before the event.

Please see the enclosed photos of the incident. A friendly neighbor offered to cut away some of the branches shortly after the incident. These photos were taken at the time while the branches were still over and on top of the van. Later in the evening, a crew came from the Dept of Forestry (10 PM) and took pictures as well of the damages. By then though, the branches had already been cleared from around the van.

The forestry crew (who did an excellent and expeditious job clearing the debris) did confirm that there were signs of decay on the tree at the time of failure. There were visible mushrooms at the location of the break. The head of the crew, "Bruce" did confirm this and showed me his documented report on this as well.

I may have proceeded with our own personal insurance but would like to request from the city, as they are whom I believe the responsible party.

Feel free to contact me by phone or email. I should be more or less available all day on my cell phone: 912-604-1417, and certainly by email: rabbieitanh@gmail.com. I would be happy to share the digital photos with you as well, and to discuss this incident with you further.

Thank you,

 11/11/2024

THIS ESTIMATE HAS BEEN PREPARED BASED ON THE USE OF ONE OR MORE REPLACEMENT PARTS SUPPLIED BY A SOURCE OTHER THAN THE MANUFACTURER OF YOUR MOTOR VEHICLE. WARRANTIES APPLICABLE TO THESE REPLACEMENT PARTS ARE PROVIDED BY THE MANUFACTURER OR DISTRIBUTOR OF THE REPLACEMENT PARTS RATHER THAN BY THE MANUFACTURER OF YOUR MOTOR VEHICLE.

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide ARM8531, CCC Data Date 09/10/2024, and potentially other third party sources of data; and (b) the parts presented are OEM-parts. OEM parts are manufactured by or for the vehicle's Original Equipment Manufacturer (OEM) according to OEM's specifications for U.S. distribution. OEM parts are available at OE/Vehicle dealerships or the specified supplier. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships with discounted pricing. Asterisk (*) or Double Asterisk (**) indicates that the parts and/or labor data provided by third party sources of data may have been modified or may have come from an alternate data source. Tilde sign (~) items indicate MOTOR Not-Included Labor operations. The symbol (<>) indicates the refinish operation WILL NOT be performed as a separate procedure from the other panels in the estimate. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM, A/M or NAGS. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2024 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a list of applicable vehicles. Parts numbers and prices should be confirmed with the local dealership.

The following is a list of additional abbreviations or symbols that may be used to describe work to be done or parts to be repaired or replaced:
