5. DESCRIPTION OF PROJECT:

Tell us what you want to do. Describe all proposed work including materials, design, and dimensions. Additional pages may be attached via email.

We would like to replace our entire back (alley) fence (except for our back gate and the 4' wide length adjacent to the gate). We would also like to replace the entire front section of fence between our south exterior wall and the north exterior wall of our neighbors house. On 6-29-22, the Milwaukee Police Department broke an 8' section of our back fence as well as our front gate and a 6' section of lattice above our front fence. The fencing had been showing signs of wear prior to the police incident (they made an arrest in our backyard). However, this prompted us to look into having the full fence replaced. We are aiming to comply with the Historic Preservation Commission's standards, as well as the city's requirements for fencing. Attached are two pages from a contractor we hope to work with. The fence would be all high quality cedar, with 6' High Dog Ear privacy fence in the backyard (33 ft. in length total) and 6' High (4'+2') fencing with the upper 2' being lattice for the front fence. The total length of the front fence would be 18 linear ft. The front gate would also be made of western red cedar, and would be 4'W x 6'H.
