Milwaukee Safety Commission

Arthur Jones, Chief of Police  
Milwaukee Police Department  
749 West State Street  
Milwaukee, Wisconsin 53203

Dear Chief Jones,

At the February 8, 2000 Milwaukee Safety Commission meeting the Commission asked that I request all the stationery resources that were removed from the MSC office be returned. We do not know the reasons why these resources were removed from the MSC office several months ago, as we have not heard from your office since you were appointed Chief of Police.

I would not anticipate there would be a problem with this request however, the Milwaukee Safety Commission would appreciate a response to this request at your earliest convenience.

Sincerely,

Lawrence W. Mueller  
Chairman  
Milwaukee Safety Commission
