

December 7, 2006

To The Honorable, the Common Council

Subject: 2007 Capital Improvements Program
Infrastructure Services Division
Federal/State Aid Project
West Bluemound Road from
North 66th Street to North Glenview Avenue

Dear Council Members:

The 2007 Capital Improvement Program includes the improvement of West Bluemound Road from North 66th Street to North Glenview Avenue under the Surface Transportation Program. The Federal Program provides cost participation for the improvement of traffic control devices in conjunction with the highway paving.

The total estimated cost of the project is \$89,193.25. The Wisconsin Department of Transportation (WISDOT) will fund one hundred percent of the total cost.

We have, therefore, prepared the attached resolution, which authorizes the Commissioner of Public Works and Comptroller to execute a Local Force Account – State contract with WISDOT that allows City forces to install and/or modify traffic control facilities in conjunction with the improvement of West Bluemound Road from North 66th Street to North Glenview Avenue in the 10th Aldermanic District.

Respectfully submitted,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
