**Subject:** Please don't let them build that data center

You don't often get email from [lucaslemonholm@gmail.com](mailto:lucaslemonholm@gmail.com). [Learn why this is important](#)  
Dear Alderman Jackson,

Please please don't let them build that data center right on 60th and Capitol away from all the rich people. Those data centers cost normal people a lot, and all they're using the AI for is to replace jobs of normal people, that's the big picture at least, from what I've seen. This won't help the people of Milwaukee in any way. Please don't make us into AI company cash cows. Nobody wants these centers around except shareholders in the companies, and there's good reason they don't build them near where they live. Thank you for your consideration.

Take care,  
Lucas
