Dear Mr. Pawlinski,

The event documented below resulted in serious concerns for my health and safety and that of my neighbors.

On April 6, 2001 the morning after the Board of Zoning Appeals denied the 834 rooming house permit. Susanna Crumble and Don Edwards (an employee/tenant of the Crumble/Ristic family) were standing on the corner outside of the 902 house which is one house away from mine. Don Edwards was jumping up and down hollering out at me " You f....-ing bitch.....this is my neighborhood and I can do anything I want" Shortly after, Susanna Crumble yelled out mocking my testimony from a previous hearing, "she says she wants to live in a nice neighborhood....." as well as several false accusations including "Her name is Shari Flaherty and she says she buys her drugs from the blue house." Concerned for my health and safety I called the police and reported this incident.
