REQUEST FOR HEARING TO APPEAL DECISION, CLAIM FILE #09S57

I would like to appeal the decision to deny my claim for \$230 to cover repair to my car windshield, which was damaged December 22, 2008.

As stated in my original claim letter dated January 29, 2009, my windshield was struck by what seemed to a clump of ice, perhaps with a rock in it, that fell from the 92nd Street bridge as I passed under it while driving east on I-94. I am aware that there is a fence on the bridge that is meant to prevent objects from falling below. However, I believe that repeated snow plowing and accumulation caused compacted snow or ice to be pushed through a space on the ledge where it supports a light pole there. Snow was being plowed on the bridge at the time the incident occurred. Something struck my windshield as I passed under the bridge, startling me with a loud noise and causing a large expanding crack that must be repaired. Fortunately the glass did not break entirely, I did not swerve into traffic, and nobody was hurt. All I ask is for my windshield repair cost to be covered.

I will be happy to explain the situation in person so that you understand why I feel the City is responsible.

Thank you,

Jeffery Kusick

RECEIVED

I am making a claim for \$230 against the City of Milwaukee for damages to my automobile windshield.

While heading east on Interstate 94 on the way to my job at Port of Milwaukee, I drove under the 92nd Street bridge and snow and ice fell onto my windshield from above. The 92nd Street bridge was being plowed at the time. The plow pushed the heavy snow through the safety fence on the side of the bridge, and the snow proceeded to fall and break loose ice hanging off the side of the bridge directly onto my automobile. The noise of the impact was extremely loud. This caused my windshield to crack, and the crack has since spread into a very large crack which will soon cause my windshield to cave in. This incident occurred on December 22 at 6:05 AM. I have attached copies of two itemized receipts for the replacement of my windshield and I am seeking reimbursement for the lesser amount. You can reach me during business hours at (262) 369-5542.

Sincerely,

Jeffery Kusick
