CAVALIER JOHNSON

Mayor of Milwaukee

Mr. Johnson,

I am addressing you on behalf of the community of the hero city of Irpin, a sister city of Milwaukee, and I sincerely thank you and the residents of Milwaukee for their support and solidarity with Ukraine in these difficult times.

Today, Milwaukee's sister city, the city of Irpin, finds itself in a humanitarian and critical crisis due to a power outage in the city because of the destruction of critical infrastructure.

In the period of cold autumn and approaching winter frosts, due to the blackout in the city of Irpin, the critically important infrastructure is in a critical state, which, in turn, suspends the work of the city hospital, heat supply, water supply and provision of the basic needs of residents who have lost their homes and are forced to live in temporary houses (modular houses for 1000 people, the life of which is provided at the expense of electricity). In total, about 70,000 residents of the city will remain without water supply, heat supply, medical services, etc.

That is why we are asking you to help by providing the capabilities of your city. The city of Irpin urgently needs 100's of power generation equipment working on natural gas or diesel fuel from 3kVa- 400kVa.

All residents of Irpin will be very grateful for your support and your efforts in finding opportunities to restore our city's critical infrastructure.

We also invite you to visit Irpin to see for yourself the extent of the destruction of the city's infrastructure.

We are waiting for your feedback.
