Chris, now that my resignation is official, would you forward the note below to the committee. Thank you and it has been my pleasure working with you. Ralph.

BAC Committee members, it is with mixed emotions that I have resigned as a member of the BAC committee. As you know, I have retired as head of the Milwaukee Urban League and I think that it is time for someone new to help guide the work of BAC going forward. Please know that my resignation has not diminished my commitment to the vision/ goals that Alderwoman Coggs and each of you have for Bronzeville. In that regard, I hope that there will be opportunities for me to help or assist with the renaissance that is currently taking place in Bronzeville. I have really enjoyed working with the committee and having the honor of serving as your Chairman. I wish you every success and you have my best regards for the future. Take care. Ralph.
