Subject: Resolution authorizing grant application for Dockwall rehabilitation and related work at 623 East Bay Street in the Port of Milwaukee.

Attention: Debra Fowler
City clerk Central and ministrations

Mr. Leonhardt:

Please introduce the enclosed resolution, sponsored by Alderman Bowman, at the next Common Council meeting. The application for this grant is due August 1, 2007. This resolution would permit the Port to apply for a Harbor Assistance Program Grant for Dockwall rehabilitation and related work at 623 East Bay Street in the Port of Milwaukee. The Project has been included in the Port's three-year statement of intentions (planning document required by the Harbor assistance program) and the Port's budget. The Dockwall at 623 East Bay Street has deteriorated and is no longer usable for its intended purpose. The Harbor assistance program is a state program in the Department of Transportation specifically tailored for rehabilitating Port facilities. The estimated cost of the Project is \$600,000. \$480,00 (80%) of the money would come from the Harbor assistance program and the remainder \$120,000 from the Port's Capital Budget. Please contact us if you additional information if you have any questions. Thank you for your assistance in this matter. Sincerely,

Lawrence E. Sullivan, P. E.
Harbor Engineer
