Dear Alderwoman Taylor,

I'm writing to state my opposition to the Cudahy Farms Development Project, which is scheduled to be up for rezoning on Tuesday, June 17. I'm not able to attend the meeting, but I want you to know I'm completely against this project, mostly due to the very high numbers of additional renters that will be poured into a very small area in my neighborhood. I don't know anyone who would be ok with over a thousand new people moving into their backyard! Please reconsider the sheer number of people this project entails! This area would be a mess with traffic congestion & noise.

Thank you for listening,
Kristy Weber
