Subject: RE: MKE CIC Funds Inquiry

The companies that have current contract with us for the money had been executed for one year, and the hope is that we can get them the full reimbursement by that time. However, there is always options within purchasing guidelines to extend the contracts for an additional length of time in order to expend funds. Three years would probably be the max. Of note to date there are still some that have yet to invoice us for service in spite of being designated so carryover/contract extension is inevitable.

These funds are not ARPA, are in this office's budget, and therefore need not be expended by the end of the year.

They can be carried for a total of three years which, I believe, would not become an issue until the end of 2028.

Maggie, can you please confirm that last piece?

Subject: FW: MKE CIC Funds Inquiry

Hi Jim and Dana,

Can you also provide a written response to the below inquiry so I can forward to the committee, particularly relating to the second part of the inquiry from our office's understanding and/or perspective?

Thanks,

Chris Lee

Subject: MKE CIC Funds Inquiry

Good afternoon,

This is just to prompt an inquiry made at the last MKE Community Impact Committee 5/12 meeting regarding when the MKE CIC funds needed to expended by and recourse to extend those funds should expending them not meet any current deadline?

Thanks.

Sincerely,

Chris Lee
