Jensen, we support the demo/raze of the State Street Theater. It has been vacant for two decades and is a blight on the community. Avenues West Association, Business Improvement District #10 and even Near West Side Partners has tried to support a development with no success including developing RFP, hosting events and paying for renderings. The neighborhood has the Tower Theater that is currently a part of a development lead by Rick Wiegand. NWSP would prefer to focus efforts on this development.

**Hello, just an FYI, [director@nearwestsidepartners.org](mailto:director@nearwestsidepartners.org) is my primary email address going forward. Please adjust your records accordingly.**
