RE: "Title Only" Grant  
Resolution

Dear Mr. Zielinski:

This is to provide you with background information on the grant resolution that the Health Department would like to be introduced:

HIV Women's Grant - This is continuation funding provided by the Medical College of Wisconsin. This program will provide public health nursing case management to a targeted population of HIV infected women and their families. In working collaboratively with medical care providers, community-based HIV resources, the Medical College and other community agencies, the program will assure continuity of care between the primary care provider and infectious disease specialists.

As always, thank you for your consideration of this "title only" resolution. The file will be filled as soon as possible.

Sincerely,

Janet Nell  
Administrative Specialist-Sr.
