Dear Alderman Puente,

Included in this fax is a petition signed by residents of Fairway Place stating their opposition to the proposed zoning change for Pfeil Street and Donna Drive. The residents feel that a new rental development is not in the best interest of our neighborhood nor the Northwest side of the city. We already have 3 large facilities adjacent to Fairway Place land zoned for people age 55 and older. While we understand the need for this type of housing, we are concerned that more rental property this close to our development will lead to lower property values and increased crime. Thank you for your attention in this matter.

Best Regards,

A handwritten signature in black ink, appearing to read "William Lieven", written over a horizontal line.
