Carlen

Attached is the request for the change on the exterior signage. The renderings should be unchanged, it is just a more accurate measurement for two of the signs. Want to make sure this matches the dimensions, when they pull permits. Let me know if you have questions, or need anything further at this point. Thanks, JR

**5. DESCRIPTION OF PROJECT:**

Tell us what you want to do. Describe all proposed work including materials, design, and dimensions. Additional pages may be attached.

On 8/22/2016 a Certificate of Appropriateness was issued for the exterior signage. Since that date the sign company was able to come out and take better measurements. We respectfully request the following changes to two of the four exterior signs:

Sign B: Approved 26' long by 1'3" tall by 5" thick. We think that this sign will be smaller in length, but we are not sure on the final length. We would like to request this get modified to be "up to 26' long"

Sign C: Approved 24' long by 2' tall. Request this be modified to 31' long by 2'10" tall. This will look the same on the rendering, just a more accurate measurement.
