1. INTRODUCTION

Under Wisconsin Statutes section 66.1109, cities are authorized to create Business Improvement Districts ("BIDs") upon the petition of at least one property owner within the proposed district. The purpose of the BID statute is " to allow businesses within those districts to develop, to manage and promote the districts and to establish an assessment method to fund these activities." 1983 Wis. Act 184, Section 1, legislative declaration. See Appendix A.

On or about October, 11 2012, the City of Milwaukee (the "City") received a petition from property owners which requested creation of a BID known as the Granville BID. In October 16, 2012, the Common Council of the City adopted resolution no. 120503, creating the District and approving the initial operating plan for the District (the "Initial Operating Plan"). In January, 2013 the Mayor of the City appointed members to the board of the District (the "Board") in accordance with the requirements set forth in Article III.D. of the Initial Operating Plan.

Pursuant to the BID statute, this Year SIX Operating Plan (the "Operating Plan") for the District has been prepared to establish the services proposed to be offered by the District, proposed expenditures by the District and the special assessment method applicable to properties within the District for its 6th year of operation.

II. DISTRICT BOUNDARIES

When created in 2012, the District boundaries cover 60th Street to the east, 95th Street to the west, County Line Road to the North and Good Hope Road to the South as shown in Appendix B of this Operating Plan. A narrative listing of the properties now included in the District is set forth in Appendix C.

III. PROPOSED OPERATING PLAN

A. Plan Objectives

The objective of the Granville Business Improvement District is to: enhance the economic viability of local businesses, enhance property values, maximize business facilities (general commerce, manufacturing, distribution, commercial and recreational), market and promote the friendliness and quality of services, enhance the community image through safety and beautification, and overall economic development and area growth.

B. Proposed Activities – Year Eight

Principle activities to be engaged in by the district during its 8th year of operation will include:

1. Safety

Continue to develop collaboration with the Milwaukee Police District Four and the Milwaukee County Sheriff Department, work with the police and area businesses, property managers, and residents to work on existing safety initiatives, create new initiatives as needed, manage business park, retail area, and property manager communication chains, conduct safety seminars, implement safety initiatives, provide continuous education on crime trends and advise how to be proactive, engage youth with police, develop new safety strategies as needed, and act as a liaison between property managers, business owners and the police. Safety is critical to the continued revitalization of the area; thus the BID complements the work of MPD. The area continues to have more nuisance crimes (drag racing, panhandling) and crimes to personal property (car thefts and break ins to cars). These issues jeopardize the retention of existing business, expansion of existing business, and creation of new business. Thus, the BID has learned in its first seven years of operation that security must be increased and have a more obvious presence.

In 2020, the BID will hire two full time security officers, own and insure its own security vehicles and utilize SOS Security on a contract basis as needed. The direct employment of two security officers will allow the BID to increase the hours security is present in the BID area and be more flexible to demands and changes of security needs.

2. Beautification

Enhance the area's image through beautification – maintenance and related activities. 2020 will be a year of projected economic revitalization on Brown Deer Road and North 76th Street. The beautification efforts will be increased to enhance the area's appeal to developers.

3. Economic Retention and Expansion

All work done by the BID relates to both economic and community development. The BID will continue to actively work on economic retention and economic growth and expansion in the BID area. This will encompass outreach to BID partners, community building, workforce development partnerships, partnerships with area colleges and high schools, promotion of BID area to developers and site seekers, and collaboration with partners who can help BID partners grow and prosper.

The BID will be the leader in the anticipated 2020 completion of the Granville Connection project at 8633 W. Brown Deer Road. The Connection is an entrepreneurial hub for more than 35 start-up businesses and up to four restaurants.

The BID will continue to represent all Granville employers at community job fairs, resource fairs, and community fairs to connect the Granville employers to the Granville residents and future residents.

The BID works to enhance incumbent workforce preparation while trying to engage the businesses with the future worker who lives in the area.

4. Marketing

2020 is a pivotal year for the BID and it is necessary to continue to brand the area as a safe, vibrant, active and energized community that is poised for new development that will serve the community, city and region. The BID will continue to develop marketing and promotional programs, strategies, and events to promote the district and foster collaborative partnerships and growth. The BID plans to once again host the highly successful Granville Car, Bike, and Truck spectacular, Tasty Tuesdays on Tower and Fishy Fridays on Tower, the Blues/Jazz fest and Jazz/Blues series to promote the diversity of the area to all.

Other marketing activities will be planned as the area evolves.

5. Community

We identified a desperate need for resources and are working with the BID partners to be a resource for needed items (i.e. food, school supplies, clothing). We are the first BID to adopt a school through MPS. Goodrich Elementary School is Granville's adopted school. The BID continues to connect its businesses to the community and will continue to find collaborative opportunities to bridge education and the local employers. We will continue to work with home owners and condo associations to create community and organization.

The Granville BID will continue to have on staff a Community Development Director who is working with the areas North of Brown Deer Road.

D. Organization of the Board

The Mayor shall appoint members to the District Board. The Board shall be responsible for implementation of this Operating Plan. This requires the Board to negotiate with providers of services and materials to carry out the Operating Plan; to enter into various contracts; to monitor the effectiveness of the District's activities; to ensure compliance with the provisions of applicable statutes and regulations; and to make reimbursements for any overpayments of District assessments. Wisconsin Statutes section 66.1109(3)(a) requires that the Board be composed of at least five members. The by-laws approved that all of the Board members be owners or occupants of property within the District. The Board shall be structured and operate as follows:

1. Board size - 9 members.
2. Term - Appointments to the Board shall be for a period of three years. Despite the expiration of a Board member's term, the member shall continue to serve, subject to the by-laws adopted by the Board, until the member's successor is appointed.
3. Compensation - None.

In 2020, the Board may employ a full-time Executive Director, a full-time Community Director, security staff and/or interns and other employees as needed.
7. Meetings - The Board shall meet bi-monthly. The Board has adopted rules of order (by-laws) to govern the conduct of its meetings.
8. Executive Committee –The Board shall elect from its members a chair, a vice-chair, a secretary, and a treasurer who shall comprise an Executive Committee of the Board.
9. Non-voting Members - At the option of a majority of the members of the Board, representatives of BID partner organizations (ie: MATC, MPS, other nonprofits) may be invited to attend meetings of the Board or Executive Committee as nonvoting members.
10. Emeritus Members – By resolution of a majority of the members of the Board, former Board members who have demonstrated extraordinary service to the District may be appointed "emeritus" members in honor and recognition of their exceptional contributions.

IV. METHOD OF ASSESSMENT

A. Assessment Rate and Method

The principle behind the assessment methodology is that each property should contribute to the BID in proportion to the benefit derived from the BID. After consideration of other assessment methods, it was determined that assessed value of a property was the characteristic most directly related to the potential benefit provided by the BID. Therefore, a fixed assessment on the assessed value of the property was selected as the basic assessment methodology for this BID.

The assessment method will be on the current year general property assessment that is established by the City of Milwaukee. The rate will be approximately \$2.00 per \$1000 of assessed value per property.

As of January 1, 2019, the property in the proposed district had a total assessed value of over \$425,280,700.

This plan proposed to assess the property in the district at a rate of \$2.00 per \$1,000.00 of assessed value for the purposes of the BID.

B. Excluded and Exempt Property

The BID law requires explicit consideration of certain classes of property. In compliance with the law the following statements are provided.

1. State Statute 66.1109(1)(f)lm: The district will contain property used exclusively for manufacturing purposes, as well as properties used in part for manufacturing. These properties will be assessed according to the method set forth in this plan because it is assumed that they will benefit from development in the district.
2. State Statute 66.1109(5)(a): Property known to be used exclusively for residential purposes will not be assessed; such properties will be identified as BID Exempt Properties in Appendix D, as revised each year.
3. In accordance with the interpretation of the City Attorney regarding State Statute 66.1109(1)(b), property exempt from general real estate taxes has been excluded from the district. Privately owned tax exempt property adjoining the district and which is expected to benefit from district activities may be asked to make a financial contribution to the district on a voluntary basis.

V. PROMOTION OF ORDERLY DEVELOPMENT OF THE CITY

- A. Under Wisconsin Statutes section 66.1109(1)(f)(4), this Operating Plan is required to specify how the creation of the District promotes the orderly development of the City.
1. The District will enhance the safety and cleanliness of Downtown and, consequently, encourage commerce in the City. Increased business activity in the City will increase sales tax revenues and property tax base.

City Role in District Operation

2. The City has committed to assisting owners and occupants in the District to promote its objectives. To this end, the City has played a significant role in creation of the District and in the implementation of this Operating Plan. In furtherance of its commitment, the City shall:
3. Perform its obligations and covenants under the Cooperation Agreement.
4. Provide technical assistance to the District in the adoption of this and subsequent operating plans and provide such other assistance as may be appropriate.
5. Collect assessments, maintain the same in a segregated account and disburse monies to the Board.
6. Receive annual audits as required per Wisconsin Statutes section 66.1109(3)(c).
7. Provide the Board, through the Office of Assessment, on or before July 1 of each year, and periodically update, with the official City records on the assessed value of each tax key number within the District as of January 1 of each year for purposes of calculating the District assessments.
8. Promptly appoint and confirm members to the Board, consistent with this Operating Plan.

VI. PLAN APPROVAL PROCESS

A. Public Review Process

The BID statute establishes a specific process for reviewing and approving operating plans. Pursuant to the statutory requirements, the following process will be followed:

1. The District shall submit its proposed Operating Plan to the Department of City Development.

2. The Community and Economic Development Committee of the Common Council will review the proposed Operating Plan at a public meeting and will make a recommendation to the full Common Council.
3. The Common Council will act on the proposed Operating Plan.
4. If adopted by the Common Council, the proposed Operating Plan is sent to the Mayor for his approval.
5. If approved by the Mayor, this Year Wight Operating Plan for the District is approved and the Mayor will appoint, in accordance with Article III.D., new members to the Board to replace Board members whose terms have expired or who have resigned.

VII. FUTURE YEAR OPERATING PLANS

A. Changes

It is anticipated that the District will continue to revise and develop this Operating Plan annually, in response to changing needs and opportunities in the District, in accordance with the purposes and objectives defined in this Operating Plan.

Wisconsin Statutes section 66.1109(3)(b) requires the Board and the City to annually review and make changes as appropriate in the Operating Plan. Therefore, while this document outlines in general terms proposed activities, information on specific assessed values, budget amounts and assessment amounts are based solely upon current conditions. Greater detail about subsequent years' activities will be provided in the required annual plan updates, and approval by the Common Council of such plan updates shall be conclusive evidence of compliance with this Operating Plan and the BID statute.

In later years, the District Operating Plan will continue to apply the assessment formula, as adjusted, to raise funds to meet the next annual budget. However, the method of assessing shall not be materially altered, except with the approval of a 3/4 majority of the entire District Board and consent of the City of Milwaukee.

B. Early Termination of the District

The City shall consider terminating the District if the owners of property assessed under the Operating Plan having a valuation equal to more than 50% of the valuation of all property assessed under the Operating Plan, using the method of valuation specified herein, or the owners of property assessed under the Operating Plan having an assessed valuation equal to more than 50% of the assessed valuation of all property assessed under the Operating Plan, file a petition with the City Plan Commission requesting termination of the District. On or after the date

such a petition is filed, neither the Board nor the City may enter into any new obligations by contract or otherwise until the expiration of thirty (30) days after the date a public hearing is held and unless the District is not terminated.

Within thirty (30) days after filing of a petition, the City Plan Commission shall hold a public hearing on the proposed termination. Notice of the hearing shall be published as a Class 2 notice. Before publication, a copy of the notice with a copy of the Operating Plan and a copy of the detail map showing the boundaries of the District shall be sent by certified mail to all owners of real property within the District.

Within thirty (30) days after the date of such hearing, every owner of property assessed under the Operating Plan may send a written notice to the City Plan Commission indicating, if the owner signed a petition, that the owner retracts the owner's request to terminate the District or, if the owner did not sign the petition, that the owner requests termination of the District.

If, after the expiration of thirty (30) days after the date of the public hearing, by petition or subsequent notification and after subtracting any retractions, the owners of property assessed under the Operating Plan having a valuation equal to more than 50% of the valuation of all property assessed under the Operating Plan, using the method of valuation specified in the Operating Plan, or the owners of property assessed under the Operating Plan having an assessed valuation equal to more than 50% of the assessed valuation of all properties assessed under the Operating Plan have requested the termination of the District, the City shall terminate the District on the date that the obligation with the latest completion date entered into to implement the Operating Plan expires.

C. Amendment, Severability and Expansion

This District has been created under authority of Wisconsin Statutes section 66.1109. Except as set forth in the next sentence, should any court find any portion of this statute invalid or unconstitutional its decision will not invalidate or terminate the District and this Operating Plan shall be amended to conform to the law without need of re-establishment. Should any court find invalid or unconstitutional the organization of the entire District Board, any requirement for a 2/3 or 3/4 majority vote of the District Board, the budgeting process or the automatic termination provision of this or any subsequent Operating Plan, the District shall automatically terminate and this Operating Plan shall be of no further force and effect.

Should the legislature amend the statute to narrow or broaden the definition of a BID so as to exclude or include as assessable properties a certain class or classes of properties, then this Operating Plan may be amended by a 2/3 majority of the

entire District Board and a majority of the Common Council of the City of Milwaukee as and when they conduct their annual Operating Plan approval and without necessity to undertake any other act. This is specifically authorized under section 66.1109(3)(b).

the costs of audits and reviewed financial statements required under sub. (3) (c), or on order of the board for the purpose of implementing the operating plan. On termination of the business improvement district by the municipality, all moneys collected by special assessment remaining in the account shall be disbursed to the owners of specially assessed property in the business improvement district, in the same proportion as the last collected special assessment.

(4g) A municipality may convert a business improvement district under this section into a neighborhood improvement district under s. 66.1110 if an owner of real property that is subject to general real estate taxes, that is used exclusively for residential purposes, and that is located in the business improvement district petitions the municipality for the conversion.
