The applicant stated that there were some issues last year with the weekly rentals and they stopped the rentals in August of 2020. He added that in September of 2020 they remodeled the back building and finished in March of 2021 at a cost of half of a million dollars. He stated that they do not allow stays longer than 29 days, and people are required to check out and cannot return for a full day. He added that some guest return, but many of them do not. He stated that the hotel business has been struggling because there haven't been a lot of travelers. He added that they had issues in March and met with MPD to develop and abatement plan. He stated that MPD was in favor of the proposed and implemented changes they have made. He added that they are in the process of remodeling the two front buildings at a cost of an additional half of a million

dollars. He stated that they have 24 cameras at the premises are adding 8 more, in addition to the 12 cameras at the restaurant. He added that they are adding more fencing and redoing the parking lot. He stated that they do have in-house security living on site, but only on a temporary basis. He added that they do not condone criminal behavior.

He stated that the problems are still severe as indicated by #12, 15, 17, 27, 29, and 34 on the police report all involving drugs, including an overdose death. He added that MPD has served drug letters twice in the last year. He stated that there are also issues with prostitution and disorderly conduct indicated in the police report. He added that the abatement plan is a plus and it could deal with some of the problems if implemented correctly. He stated that there should be professional, outside security company. He added that some of the problems are more extensive than last year, which could be attributable to COVID.
