We're so excited about our grand opening tomorrow. Please keep in mind that we are an intimate lounge with limited capacity. We want to rotate as many people through as possible this weekend. If for some reason we are too crowded when you arrive, please come back. We plan to be open for a very long time and can't wait to greet you. [#lounge340](#) [#issavibe](#)

REDACTED RECORD

Good Morning Andrew,

Thank you for the quick response!

Do you want me to come down today and submit the flash drive in person? I won't need it back.

Also, I forgot to ask a separate question during my visit. Aside from Lounge 340's neighborhood disturbances I address in the letter, we've noticed something else which may or may not be an issue. It regards inventory replenishment for bars/taverns. It seems like with most bars and restaurants I visit, they receive inventory via delivery trucks from Sysco/wholesalers or from breweries directly. However with L340, we've never seen delivery trucks outside of the bar. Instead, we've observed the owners bringing in inventory from the back of their vehicles. Again, I have zero knowledge of the bar owner industry so this might be nothing... but is this common? Do some owners pickup from wholesalers themselves? I've attached photos and a screenshot of the bar license stating owners agree to purchase from wholesalers.

Thanks!

Hello , per our conversation Friday I am confirming that I've added your objection+ petition as well as your communication to your alder to the licensing file for Lounge 340. Regarding your large video and photo files to add, since you have that on a USB, you may submit that USB drive directly to our office as part of the objection. REDACTED RECORD

Dear Jim Owczarski,

This is a formal complaint regarding the business known as Lounge 340, a small bar-lounge located in a residential neighborhood at 340 W. Reservoir Avenue, Milwaukee, Wisconsin 53212.

For the past year and a half, residents living near Lounge 340 have witnessed overwhelming amounts of illegal activity that include drunk, publicly intoxicated patrons who loiter outside the premises engaging both in excessive crowd noise and violent outbursts. In addition, Lounge 340 security makes seemingly no effort to negate crowd noise and size outside the bar or prevent open containers from leaving the building. This has led to excessive littering in the area the morning after where residents are left to clean up the mess. The management of Lounge 340 has demonstrated a total lack of respect for the neighborhood by giving virtually no effort to address these issues despite breaking both city ordinances and their own bar license rules. While some nights are tamer than others, the amount of activity at Lounge 340 continues to increase on average in both crowd size, noise, and various illegal activity.

As residents living near Lounge 340, we are incredibly frustrated and disappointed with how the business is conducting itself, and its increasingly negative impacts on the neighborhood. The surrounding neighborhood includes condominiums, single family homes, a YWCA, Boys & Girls club, and the St. Francis Capuchin Monastery. Lounge 340's violations of city ordinances and terms of its own licenses are highly problematic and destructive for both the neighborhood residents and maintaining a safe community environment. Some residents have had no other choice but to move away because of these worsening impacts. Lounge 340 cannot be permitted to continue doing business if this is what management feels is acceptable.

Here is what we have done to try to resolve the problem prior to contacting the Licensing Division:

Recent attempts at communication with the business owners have been unsuccessful. They are not present at the business during the day/off-hours and only arrive 30 minutes prior to the bar opening. When Lounge 340 first opened, members of the neighborhood met with the owners and there was dialogue about the importance of the business honoring ordinances and respecting noise levels. However, assurances made by the owners have not been honored, and with the behavior of the owners over the past year and a half, further talks are no longer being considered.

We have called the non-emergency police dispatch at district 5 dozens of times in the last year with various noise and misconduct complaints as they were occurring outside of Lounge 340. We never get immediate responses, and call-backs on average exceed two hours often after Lounge 340 has already closed for the night. There has only been one confirmed police response to which the officer left the scene after being overwhelmed by the crowd size and received vocalized animosity from the crowd. This occurred on July 2nd, 2022. We were never given a reason why this officer did not call for backup and unsure if Lounge 340 received citations. We visited the station and met officers in person hoping their "Tavern Unit" would investigate the business during operating hours. This was done on 9/2/2022 (see attached copy of business card received). We also followed up with a note to the Tavern unit officers on 9/12/2022 (see attached copy). We are unsure whether the Tavern Unit has conducted any investigation on the complaints, or information we provided. To the best of our

knowledge none of our calls have been followed up on with Lounge 340 management (see attached copy of building citation history).

We have also contacted Alderwomen Milele Coggs' both by email and phone with largely the same complaints about the bar with video/photo evidence. To this date, we have heard no responses to either the initial communications or our follow ups from her office.

The dates of these communications include August 19th and September 8th, 2022 by email and October 17th, 2022, by phone. The second email attempt was received by both the district 5 police and License Division. This was after communication with a liaison of the Mayor's office. Hardcopies of these have been attached and labeled accordingly.

Please see the below list of offenses that residents have witnessed firsthand at Lounge 340. Please also see attached photo and video documentation of these offenses on the included flash drive. Each file has been time stamped with a given description of what can be seen in each. Each incident referenced below is denoted with (day-month). For example, an incident on August 12th will be referenced as (8-12) that corresponds to the media title from the included flash drive. While the business generates noise during most operating hours, these incidents were highlighted as being the most extreme in terms of neighborhood disruption.

List of Offenses Witnessed:

REDACTED RECORD

Public Intoxication/Drunkenness

Patrons, whether arriving, attending, or leaving will often loiter and roam the streets around the building. Patrons often exhibit signs of intoxication (yelling, words slurred, stumbling), obliviousness to passing traffic, and have open containers from inside the bar. (5-14, 7-2, 8-12, 8-13, 8-18, 9-8, 10-22, 11-5, 11-6, 11-10).

A notable incident occurred when an intoxicated patron left the bar and tried to drive. When his friends stopped him, he jumped out of his running car in the intersection and proceeded to run from the scene (8-12).

Fighting/Violent Altercations

As with most high-traffic bars, fights and disputes are common with patrons. L340's license states that they have sufficient security to handle such incidents. However often, security will only intervene if it's on the doorsteps of the club (7-2, 10-27, 11-10). They often resort to pushing the disputes out into the street and let patrons solve it themselves. The most notable incident took place this year on July 2nd where a brawl of at least 20 patrons spilled into the intersection, eventually one member of the group yelled about a gun and begged another to put it away. The bar owner eventually stepped in, but not until after this incident was ongoing for at least 20 minutes. (7-2)

There have also been incidents of patrons refusing to leave after the bar has closed. They sometimes go as far as threatening the bar owners (10-27).

Carry-Out Liquor/Outside Personal Containers

One common occurrence is the bar not restricting patrons bringing alcohol outside of the bar and allowing them to consume it in the streets. (5-14, 7-2, 7-3, 8-12, 8-13, 10-15, 10-22, 11-10)

One notable incident of this was with a large gathering of at least +60 people (7-2). There are also chairs and card tables to the side of the bar opening so patrons can gather and drink outside on the sidewalk despite the bar not having a license to do so (see 8-11).

On the flipside, there are times when the crowd outside of the bar grows so large that people will stop just to interact with patrons and not enter the bar (see 8-18 when a tricycle gang arrives). They often bring their own alcohol to consume in the streets, further exacerbating the outdoor loitering situation. (7-2, 9-8) This is confirmed with finding anything from beer cans to entire bottles of liquor stowed away in the bushes near where patrons had previously parked (8-12, 10-15,). We find these when we pick up trash the morning after.

REDACTED RECORD

Loitering

Sometimes it appears that this bar is more like a public gathering ground than a private business. As previously discussed, large groups will form outside, often carrying alcohol outside of the club or beverages brought with them. Many times, patrons won't leave even after the bar has closed and will instead stand around yelling for up to an hour after the fact. Club security makes no effort to disperse individuals and often contributes to the yelling.

How are noise issues prevented and/or addressed? <input checked="" type="checkbox"/> Security <input checked="" type="checkbox"/> Manager approaches customer(s) <input type="checkbox"/> Call Police <input type="checkbox"/> Signs Posted	
<input type="checkbox"/> Other:	

Are there designated outdoor emission areas? No Yes
 Plan of Operations – Section 1, license holder states noise issues are dealt with by security and manager.
 (Page 5 of Lounge 340 Bar License)

There should be evidence of this in most of the video/pictures provided. The building itself cannot comfortably or safely hold the crowd size this place attracts. Even though according to their license, they state "lounge is never overpacked." Because this place is small, patrons congregate outside of the bar, and security makes no effort to control crowd size or noise.

Is a crowd control barrier used? <input type="checkbox"/> No <input checked="" type="checkbox"/> Yes	If Yes, Describe: <u>lounge is never over packed</u>

Plan of Operations – Section 1, license holder states lounge is "never over packed."
 (Page 5 of Lounge 340 Bar License)

Illegal Parking and Obstructing Traffic

This bar does not have a parking lot; therefore, street parking is the only option. Cars are lined up and down the block (5-13). Given these are small side streets, and that the intersection is only a two way stop versus a four-way, impeded vision makes this dangerous. Patrons often park at the very corner making it impossible to see oncoming traffic or pedestrians. Often patrons will block sidewalks or even resort to sitting in the middle of the street for 5-10 mins to talk to people outside of the vehicles (see 7-2, 8-12, 8-18, 10-22, 11-15, 11-20). Lounge 340 was officially cited for this conduct once back in 2019 (see screenshot of ENF 2019-17119)

Presumed friends of patrons will also stop by the bar to either blare music or rev engines to get a rise out of the outside patrons all while blocking traffic flow and the intersection (8-12, 8-13, 8-18, 10-15).

Vehicle Noise

Often patrons will sit 5-15 mins in their cars before entering the club, or they will sit around before leaving the area blaring subwoofer that shakes nearby buildings (8-4, 8-11, 8-18, 11-3, 11-6). Cars

will drive by the club to stop to blare their systems to get a rise out of the outside gathering crowd (8-12 and 8-18).

Littering

In the bar's license, they state they are responsible for picking up trash left by patrons. They state this is done daily and weekly (see below). This is far from the case. Neighbors will go out and clean up discarded trash the morning after (7-3, 8-12, 10-15, 10-28, 10-30, 11-5, 11-15). On days where neighbors don't pick up trash, the owners make no effort. Trash ranges from discarded plastic cups/straws and food containers from the bar (7-3, 10-28, 10-30, 11-5, 11-6, 11-15) to entire bottles of liquor from outside/personal supply (8-12). On days when the bar has not operated, the streets still have some trash but are considerably cleaner (see file "The neighborhood on a normal day.") Lounge 340 was officially cited for this once back in 2021 (see screenshot of ENF-2021-29343).

in the bar's license. they state they are responsible for picking up trash left by patrons. They state this is done daily and weekly (see below). This is far from the case. Neighbors will go out and clean up discarded trash the morning after (7-3, 8-12, 10-15, 10-28, 10-30, 11-5, 11-15). On days where neighbors don't pick up trash, the owners make no effort. Trash ranges from discarded plastic cups/straws and food containers from the bar (7-3, 10-28, 10-30, 11-5, 11-6, 11-15) to entire bottles of liquor from outside/personal supply (8-12). On days when the bar has not operated, the streets still have some trash but are considerably cleaner (see file "The neighborhood on a normal day.") Lounge 340 was officially cited for this once back in 2021 (see screenshot of ENF-2021-29343).
