Figure 1.

The sign plate surface area is four feet wide by five feet tall, and does not have back lighting.

A sign plate will be added to the existing monument sign that faces West Park Place. The sign plate will be consistent with the standards set forth in the General Planned Development, and will indicate the building's name, ownership or major tenant. The sign may be illuminated with the source of light not visible, and only letters and logos will be illuminated.
