590.00 PURPOSE

The purpose of this standard operating procedure is to establish guidelines for the department's internship program. The internship program is designed to match qualified individuals with the districts/divisions in need of specific support, ensuring that both parties can maximally benefit from the experience. This internship program includes students, and individuals who have a specific interest in working in law enforcement. It is the policy of the Milwaukee Police Department to support a college internship program for students completing their education in police science or other related field, as well as non-students who are interested in pursuing a career in the law enforcement field. This program will enhance the knowledge and professional development of individuals who has an interest in entering a law enforcement career, while providing the department the ability to augment its support staff.

590.05 PROGRAM MANAGEMENT

A. INTERNSHIP COORDINATOR

The department's internship coordinator shall be responsible for coordinating the intern's assignment within the department with the assistance of the educational institution or other interested individuals.

B. APPLICATION PROCESS

1. Students interested in the internship program shall submit a letter from their college program coordinator on official college stationery expressing the student's interest in participating in the program and verifying that the internship is part of an approved college credit internship program.
2. Non-students interested in the internship program shall write a letter to the Chief of Police expressing in detail their career focus and reason for interest in working with the Milwaukee Police Department as an intern.
3. Upon receipt of the above letters of interest for the internship program, the internship coordinator shall forward the appropriate *Internship Program Application* (form PI-47), which includes a *Waiver of Liability and Release* for completion by the individual. If the person is a student, the college program coordinator shall then return the completed application to the internship coordinator.
4. Once the application is returned, the internship coordinator shall review the

application to make sure it was properly completed and coordinate dates and times for an interview. After the interviews are completed and a determination has been made on possible candidates, the internship coordinator shall initiate the *Sponsorship Request for Non-Department Personnel* (form PL8-E) in accordance with SOP 785 Sponsorship of Non-Department Members.

1. The filing of form PL-8E is a required multi-purpose form that authorizes the department to conduct a CJIS background check of the intern.
2. A properly completed form is required to issue the intern an ID card with the proper level of security for police facility access and/or access rights to the department's computer network.
3. For student approvals, the college program coordinator will be notified of the student's acceptance into the internship program.

C. PROOF OF HEALTH INSURANCE

Prior to participating in the internship program, the prospective intern must show proof that he/she is covered under a current health insurance policy. This may include policies that are in the name of the intern, the parent/legal guardian that covers the intern, or through the sponsoring educational institution.

D. ORIENTATION

Prior to participating in the program, the intern shall meet with the department's internship coordinator to discuss the general operation, function, and organization of the department. Interns may be required to attend an orientation program and other training as prescribed or directed by the internship coordinator and/or the Chief of Police.
