Proven Hardscape Solutions
Permeable. Modular. Segmental.

Mega-Tandem™

Mass Segmental Retaining Wall (MSRW)™

Mega-Tandem™ MSRW™ system designed by Belgard® provides the natural appearance of chiseled stone that will complement any hardscape. The innovative, versatile system can be used to create attractive, curved or straight retaining and freestanding, landscape walls. Great for use in a wide range of commercial hardscape projects.

Straight / 90° Corners

Curved

Benefits of Belgard® Mega-Tandem™:

- Meets ASTM standards (C-1372 and C-1262)
- Classic look of natural chiseled stone
- 12 different facial textures
- Build curved or straight walls
- Running bond configuration
- Three color blends
- Positive mechanical connection with reinforced polypropylene connecting members

Benefits by the numbers:

- Minimum outside radius of 16'
- Free Standing walls up to 36"
- 8,500 PSI compressive strength concrete
- Panel size: 12"x24" - 65 lbs./panel
- Engineered 90° corners
- Gravity walls up to 10 feet
- Reinforced walls up to 15 feet

Patent Pending

Mega-Tandem™ Connecting Members

Belgard's connector design creates structural integrity in curved or straight walls.

Gravity Wall Height: up to 6 feet without surcharge

Gravity Wall Height: up to 10 feet without surcharge

1 connector per sq. ft. of wall

Post-industrial copolymer propylene with 10% glass fiber.
