Subject: Re: Admin. Review Appeals Board pay for parking

This was not done yet. Jim has introduced a communication file to be heard at the July 10th Finance & Personnel Committee meeting and if approved it will give the authority to amend the salary ordinance to increase the rate of pay from \$180 to \$187 per meeting.

amendment to the position ordinance that would adjust the salary of members of the administrative review appeals board to add an additional \$35 to their salary that would reflect a \$7 per meeting increase for parking.

I spoke with Jim he advised that this change should have occurred through finance.
Can you advise me regarding this?
