

Reply to Common Council File No. 010187

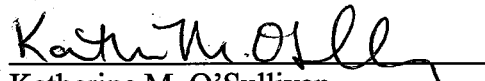

From DOA-Budget and Management Division

June 4, 2001

Ref: 01013 (11)

Common Council File 010187 is an ordinance relating to the disposition of obsolete, disused, worn out or scrapped material or equipment by the Department of Administration. It is current practice that the Department of Administration takes charge and control of any property belonging to the City of Milwaukee, with the exception of land, that has become obsolete, disused, worn out or scrapped. When material or equipment can be re-used by any other municipal department, the central board of purchases is authorized to make that equipment or material available for use in that department. This file modifies the ordinance to allow the central board of purchases to also make such material or equipment available for use by the Milwaukee Public Schools if the material or equipment can be used by the Milwaukee Public Schools.

RECOMMENDATION: APPROVE COMMON COUNCIL FILE 010187.
