To the Honorable, Common Council

Re: Resolution authorizing Settlement of the Claim of Michael, Best &
Friedrich for Attorneys Fees in *Metropolitan Associates v. City*

Dear Council Members:

We respectfully request introduction and recommend adoption of the attached resolution authorizing the settlement of this claim arising out of the case of *Metropolitan Associates v. City*. The reasons for this recommendation follow.

In 2001, the Wisconsin Supreme Court decided the case of *Nankin v. Shorewood* holding that a trial de novo in the Circuit Court under WI Stat. 74.37 was an available remedy for Milwaukee County taxpayers to appeal their property tax assessments. In this type of appeal, the prior decision of the Board of Review is irrelevant. Unlike a traditional certiorari appeal, the Circuit Court of Milwaukee County could for the first time hear all of the evidence and make its own decision as to the fair market value of a property without giving deference to the prior work of both the Assessor and the Board. This procedure is far more costly than a traditional certiorari action to this office and the Assessor's office in terms of the time and effort necessary to prepare for a full court trial. The results have also been less predictable, as the usual presumption in favor of the assessment's validity is now to be given little weight by the Circuit Court in the wake of *Nankin*.

In early 2008, in an attempt to ameliorate the holding of *Nankin*, the Assessor's office, acting through the Intergovernmental Relations Division with the help of this office, proposed to the Common Council legislation that would amend WI Stats. 74.37 and 70.47 to replace trial de novo with an enhanced certiorari procedure. The proposed legislation would give both the City and an appealing taxpayer enhanced rights before the Board of Review, while limiting Circuit Court review to a procedure more akin to traditional certiorari rather than to a trial de novo. The Council authorized IRD to pursue this legislation. It passed by 95-2 in the Assembly and 32-1 in the Senate. It was signed by Governor Doyle. Shortly thereafter, the Council adopted the enhanced procedures that it authorized.

OFFICE OF THE CITY ATTORNEY

Milwaukee City Hall Suite 800 • 200 East Wells Street • Milwaukee, Wisconsin 53202-3551 • Telephone: 414.286.2601 • TDD: 414.286.2025 • Fax: 414.286.8550

Metropolitan Associates, an owner of many large apartment complexes in the City, filed suit against the City challenging the constitutionality of the new legislation through its law firm of Michael Best & Friedrich. It alleged that the equal protection problems that the Supreme Court found in *Nankin* had not been solved by the new legislation. The Attorney General declined our request to defend the statute, thereby placing the duty upon this office to defend the statute and the City's ordinance. On January 20, 2009, Circuit Court Judge Jean DiMotto agreed with the plaintiff and found the new statute unconstitutional. The City appealed and in September 2009 the Court of Appeals unanimously sided with the City in upholding the new statute in an opinion by Judge Ralph Adam Fine. The plaintiff then petitioned the Supreme Court to take the case, which it did in December 2009. After two separate oral arguments in that court in 2010, the court decided on March 25, 2011, that the new statute was unconstitutional. The court's decision was 4-3 against the City. It was authored by Justice Michael Gableman. We have reviewed that decision and have determined that the only appeal possible, to the United States Supreme Court, was not viable as the Wisconsin Supreme Court's decision was based primarily upon Wisconsin law.

The lawsuit against the City challenging the constitutionality of the statute and the City's ordinance adopting its provisions was brought as a civil rights action alleging that the plaintiff was deprived of its equal protection rights under 42 USC 1983. As such, if the plaintiff were to prevail, which it has here, then the defendant City would be liable to the plaintiff for its attorneys fees under 42 USC 1988. Michael Best & Friedrich has now submitted the enclosed statement for about \$300,000 in attorney fees to the City. We have carefully reviewed this statement in two aspects: the City's liability for the fees and the amount of the fees.

In regard to the question of the City's liability for the fees, in addition to our own research, we have also consulted with Professor Sheldon Nahmod of IIT Kent Law School in Chicago, who is the author of a widely used treatise on this subject.

In regard to the amount of the fees that the City is liable for, we have carefully reviewed the attached invoice in light of our long prior experience with attorney fee claims and our knowledge of the details of this long and difficult litigation. The claimant has agreed to accept a compromised amount of \$250,000.

We could attempt to litigate the City's ultimate liability for these fees in the Circuit Court. However, for the reasons stated above, it is our recommendation that this amount be paid in full by the City in order to avoid the likelihood of the City's liability for the substantial additional cost of plaintiff's litigating the fees issues. We ask that you approve this payment at your earliest possible convenience and have attached an appropriate resolution for introduction and referral to the Judiciary & Legislation Committee. We

also ask that the Committee schedule a closed session to discuss this litigation matter with us.

Title
Resolution supporting the Community Access Preservation Act of 2011.

Analysis
This resolution supports the Community Access Preservation Act of 2011 (H.R. 1746) and urges Wisconsin’s Congressional delegation to take all actions in support of the immediate passage of this bill.

Body
Whereas, U.S. Representatives Tammy Baldwin (D-WI) and Steve LaTourette (R-OH) introduced the Community Access Presentation (CAP) Act of 2011 (H.R. 1746) to address severe challenges faced by public, educational and government (PEG) access channels; and

Whereas, PEG channels permit governments, schools, individuals and groups to provide and receive information about local events, emergencies and issues; and

Whereas, PEG channels also encourage the creation of local programming by civic groups and non-profit organizations, cover government and school meetings, and promote local interest and civic engagement; and

Whereas, PEG channels play a significant role in the City of Milwaukee and provide a unique and valuable resource for local information and discourse for the residents of the City; and

Whereas, Historically, the number of channels and amount of funding dedicated to PEG TV was negotiated as part of local cable franchise agreements between the cable companies and local governments, with each community determining its own programming interests; and

Whereas, It is important to preserve PEG channels and funding for PEG channels from cable providers, and to ensure that PEG channels continue to be available to the entire community to serve the residents of the City; and

Whereas, Recent state-level franchise laws in many states have jeopardized the continued viability and existence of PEG channels to the point that communities and consumers in certain states, including Wisconsin, will lose all future funding for PEG channels under current franchising laws; and

Whereas, The CAP Act restores and provides a permanent funding source for PEG operations by ensuring that PEG channels receive the greatest of: (1) the historical level of support received prior to the enactment of state franchising laws; (2) the amount required under current franchising laws; or (3) up to 2% of the gross revenues of the cable operator; and

Whereas, Under the CAP Act, municipalities would be permitted to use PEG fees for any PEG purpose, including both capital and operating expenses; and

Whereas, The CAP Act further requires that cable operators provide at least the greater of: 1) the number of channels that were provided prior to state franchising legislation; or 2) up to 3 channels; and

Whereas, The CAP Act reaffirms that cable operators shall deliver PEG channels to subscribers without additional charges and “without degradation and without altering or removing content or data” and such channels shall be viewable “by every subscriber of the cable system without additional service or equipment charges...”; now, therefore be it

Resolved, By the Common Council of the City of Milwaukee, that the Common Council supports the Community Access Preservation Act of 2011 (H.R. 1746) and urges Wisconsin’s Congressional delegation to take all actions in support of the immediate passage of this bill; and, be it

Further Resolved, That the City Clerk shall send a copy of this resolution to each member of Wisconsin’s Congressional delegation.

RE: Steven Buccellato
C.I. File No.: 11-S-64

Dear Mr. Buccellato:

We have received your claim in the amount of \$194.44, relating to damage allegedly sustained to your vehicle on March 6, 2011 when it collided with a hole in the road while you were traveling southbound on North Franklin Place between Ogden and Knapp.

Our investigation reveals that the Milwaukee Water Works (MWW) records indicate that on February 19, 2011 they repaired a water main break at 1313 North Franklin Place. Their crew followed standard procedures in the repair and placement of a temporary asphalt patch. The subsequent wet weather and traffic may have caused the repair to settle. The permanent patch is typically placed at a later date. The MWW received no complaints about the site until receipt of this claim.

In addition, the Infrastructure Services Division records indicate that prior to March 6, 2011 they had no notice of this hazard or of any on the roadway in the area.

The City was not negligent in this matter. As such, the City would not be liable. Therefore, we are denying your claim.

To Whom It May Concern:

On the evening of March 6, 2011, at approximately 6:00 pm, while traveling south on North Franklin Place, between Ogden and Knapp, I drove over an unavoidable pot hole that measured three feet in length, with a depth of 2.5 inches. This pot hole cause catastrophic damage to my right front tire, making it necessary to purchase a new tire. I will forgo the cost of towing the car to the service station, but I am looking to recoup the cost of the tire. I called three different places to find the cheapest replacement, which was installed at no charge. That being said, I am looking to have the cost of \$194.44 reimbursed by the city.

I have enclosed a copy of the receipt from Firestone Auto, which clearly states the date of service as March 8, 2011. I also have photo evidence of the pot hole on my mobile phone. I can make these photos available to you upon request.

Thank you for your urgency in this matter, as I am not in a liquid financial position to afford constant repairs to my car when they are due to the negligence of those we trust to govern.

RE: Francisco Guerrido
C.I. File No.: 11-S-61

Dear Mr. Guerrido:

We have received your claim in the amount of \$33.00, relating to damage to the driver's side front tire which was allegedly sustained when your vehicle was towed to the City of Milwaukee Tow Lot.

Our investigation reveals that your vehicle was towed on February 4, 2011 for being Illegally Parked. The forms completed at the time of the tow and arrival / departure from the tow lot do not indicate this damage. The vehicle was released, without incident, to a private towing contractor on that day. You returned on March 2, 2011 and filed a complaint. As such, the City cannot accept liability. Therefore, we are denying your claim.

If you wish to appeal this decision, you may do so by sending a letter within 21 days of the receipt of this letter to the Milwaukee City Clerk, 200 East Wells Street, Room 205, Milwaukee, Wisconsin 53202, requesting a hearing.

CITIZEN'S STATEMENT

My vehicle was towed away on this day at about 4 AM. I had taken time with the assistance of neighbors to clean up the snow in the area, where my car was parked in order to remove it. Besides the inconveniences caused by the construction at the building where I live (Becher Court), my health condition precludes me from doing my normal functions, specially under inclement weather. During the towing of my car, the driver side tire was damaged. I went as soon as I was aware of the situation, to recover my vehicle, with title # DTB 86768D, Ford 1996 and notice the damage on the tire, mentioned above. I retrieved my vehicle and paid the fee at the impound. I also, have a sticker provided by housing authority to park on the street due to the construction that's taking place.

Re: Resolution Relating to the Claim of LORENE SIEKERT
C.I. File No. 11-L-41

Dear Council Members:

We return the enclosed document which has been filed with the City Clerk, and ask that it be introduced and referred to the Committee on Judiciary & Legislation with the following recommendation.

Claimant, Lorene Siekert, 1748 South 1st Street, Milwaukee, WI 53204-4001, alleges that on March 16, 2011 she suffered a sewer back-up into her basement. She also alleges this back-up was caused by the road replacement project along South 1st Street. She claims damages in the amount of \$14,300.00.

Our investigation reveals that this was a Wisconsin Department of Transportation (DOT) repaving project. **DAAR Engineering** was the consultant hired by the D.O.T. for design, supervision and inspection of the project. The prime contractor for the project is **Zignego Company, Inc.** Since the City was not involved in this operation, we recommend denial of this claim.

ATTN: CLAIMS

200 E. Wells St., Room 205

Milwaukee, WI 53202-3567

May 19th, 2011

I am filing this claim in order to be reimbursed for money I had to pay out of pocket to have a sewer pipe in the street repaired that I was informed by 2 different contractors that was caused by the contractor's that had replaced the entire street in front of my home in 2010. The street that was replaced is S. 1st St. And my home is located at 1748 S. 1st St., Milwaukee, WI 53204. The following is a brief description of what took place and when.

On March 16th, 2011 I noticed water/sewage backing up from my sewer drain in my basement, so I called Roto Router and made an appointment for them to come out and clear my drain. On March 21st

Roto Router came to my home attempted to go thru the floor drain in the basement where the backup was recurring, was not able to get through so they went through the drain on the outside of the house still were not able to go all the way through they then brought out a high pressure sewer jet and still we're not able to unclog my drain, Roto Router then open the sewer manhole in the street and said there was a broken pipe in the street and suggested I call the City Department of public works which after a lot of hassle finely showed up and said he also checked the sewer manhole in the street and said it was my problem and not the Cities and that I would need to call a plumber.

On March 22nd, 2011 I called lhn Plumbing who agreed to send someone out on March 23rd, 2011 to give me an estimate; lhn Plumbing came out and informed me that they would need Roto Router to

Come back out to meet with them to do a line locate to see if they could locate where in the street the pipe was broken to see just how much of the street would have to be torn up in order to repair the broken pipe. Due to the heavy rain the night of March 23rd, 2011 Roto Router would have to reschedule, I also had more back up of sludge in my basement. On March 24, 2011 received a call from lhn Plumbing who informed me they would need access inside my home to complete the line locates. On March 24th, 2011 I took 2 hrs. off of work to give access to the inside of my home they were able to do a line locate with the use of a special tool called a line locator. I called lhn Plumbing the next day and was given the amount of \$11,500 to fix the broken pipe in the street and at that time told me it could be more would not know for sure until the opened up the street. On March 29th, 2011 I arrived home from work and saw several city personnel out marking the street, on March 30th, 2011 I received another call from lhn Plumbing who informed me due to all the underground cable in this area wanted to bring in a vacuum truck to remove the sludge and gravel the plumber stated that he believed from what he saw that the contractor they did the street repair did not attach the PVC pipe to the sewer line and this would cost me more. On April 1st received another call from my plumber who had gone to the City to file the

necessary paperwork in order to begin the work and was told to hold off because they did not want the street torn

up and blocked off over the weekend, he was also going to meet someone from the City to get into the manhole to see what they could find, received another call from my plumber that a Tony from MMSD had contacted him and asked that he hold off try to repair the sewer pipe until the next Monday or Tuesday to give them time to check some other problems they were receiving in this same area. My plumber told me he would keep me informed. I had not heard anything again until April 6th, 2011 at that time my plumber told me that he was told not to do anything yet by an employee of the City that they were still hashing things out. At this time I decided to call my Alderman Witkowiak was not able to speak with him spoke with his assistant who wanted me after explaining what was happening to send him an email with the information. On April 7th,2011 my plumber called me at work and said he had heard from the City 20 minutes prior to his call to me and that the City Inspector wanted to be there when he starts the excavation the they also believed that the broken sewer pipe was caused by the contractor the completed the street repair. Jim from lhn Plumbing said he would be out on Monday April 11th, 2011 to remove the concrete and Tuesday April 12th,2011 to do the excavation work. On April 15th, 2011 the work had been completed and when I called Jim from lhn Plumbing he said that he had taken pictures and had several business cards from City employees that were on site during the repair who stated the this was not caused my me the home owner.

Enclosed please find pictures of what my basement looked like before I cleaned up the mess. I have also enclosed copies of the receipts I have of the money I have spent since the backup started, I have at the time of filing this claim paid \$6,060.00 of the \$11 500.00 of the original proposal the contractor required half down to start the job. I had to pay for this with my home equity which is charging me interest. Please feel free to contact Jim from lhn Plumbing at 262-785-9080 for the additional pictures and names of city employees that were present when the work was done. I can be reached during the day at work phone number 262-794-4918 or my home phone number of 414-643-0730. The total of my claim is 12,360.00 receipts enclosed.

CITY CLERK

Attn: Milwaukee City Clerk, room 205

We received your decision to deny our claims, C.I. File Nos. 11-S-90 and 11-S-90-1, in the amount of \$790.6 and \$461.49, relating to damage sustained to our vehicles on March 11, 2011 when our cars collided with a pothole along Loomis Road near South Point Terrace.

We wish to appeal your decision and request a hearing.

According to the size of the pothole we believe that it existed for some period of time and it was neglected. Also, the pothole was not repaired immediately, only 2-3 days after we reported the incident.

Sincerely,

Dzmitry Ramaniuk and

Per your request on my claim to cover expenses for cars' repair I'm sending you four estimates (two per car). Also I'm enclosing pictures of the area where the accident occurred. I reported incident to Milwaukee police, so the call record is available.

Details of accident as follow: Around 7:00 pm on March 11 2011 I drove in the large pothole on Loomis road (Loomis rd and 27th street intersection area). The pothole area was not enclosed with any warnings to drivers and I did not notice it in the dark. As the result, my car was damaged. I called my boyfriend for help. He arrived shortly and drove in the same pothole. I did not see my boyfriend arriving so I could not warn him. My boyfriend's car was damaged also.

For any questions or additional information you can reach me at 414-364-2560.

RE: C.I. File Nos.: 11-S-90 and 11-S-90-1

Dear Mr. Ramiuk and Ms. Kantarovich:

We have received your claims in the amount of \$790.76 and \$461.49, relating to damage sustained to your vehicles on March 11, 2011 when they collided with a pothole along West Loomis Road at/near South Point Terrace.

Our investigation reveals that the Infrastructure Services Division records indicate that prior to March 11, 2011, the City had no notice of this hazard and because of this lack of notice the City would not be liable. Therefore, we are denying your claims.

If you wish to appeal this decision, you may do so by sending a letter within 21 days of the receipt of this letter to the Milwaukee City Clerk, 200 East Wells Street, Room 205, Milwaukee, Wisconsin 53202, requesting a hearing.

Very truly yours,

Milwaukee, WI 53225

RE: Robert Wahlgren
C.I. File No.: 11-S-120

Dear Mr. Wahlgren:

We have received your claim in the amount of \$150.50, relating to damage allegedly sustained on April 22, 2011 when backwater from the City's sewer backed up into your property at 8922 West Villard Avenue.

Our investigation reveals the Infrastructure Services Division (ISD) records indicate that on April 22, 2011, they responded to a call of a backwater at this address. They found that the City sanitary main sewer was clogged with grease. A sewer jet and calcium cutter were used to open the clog, clean the sewer and restore it to proper working condition. The sewer was then televised and found to be in good structural condition. The ISD records also indicated that the sewer is on a regular cleaning schedule and was last cleaned, prior to this incident, on December 1, 2009. Because the sewer is on a regular cleaning schedule and the City did not have notice of problems with the sewer, the City cannot be held liable. Therefore, we are denying your claim.

If you wish to appeal this decision, you may do so by sending a letter within 21 days of the receipt of this letter to the Milwaukee City Clerk, 200 East Wells Street, Room 205, Milwaukee, Wisconsin 53202, requesting a hearing.

Enclosed is a copy of a bill I received and paid on 9-22-11 because of a city sewer that was plugged by grease. Sewage backed up into my basement it is a 4 family apt. building at 8927 W. Villard I thought my lines were plugged and I called ABC to unplug them. They discovered the city sewer was the cause of the backup. I am only asking for money for ABC service I did the cleanup myself to save money there was a skeleton crew working good Friday - You can check with them and they will verify this

Re: Resolution Relating to the Claim of JOHN & KIM SCHOOF
C.I. File No. 11-L-39

Dear Council Members:

We return the enclosed document which has been filed with the City Clerk, and ask that it be introduced and referred to the Committee on Judiciary & Legislation with the following recommendation.

Claimants, John and Kim Schoof, W186 S9642 Parker Drive, Muskego, WI 53150-9551, allege that on March 4, 2011 they sustained damages when a City sewer backed up into the basement of their property located at 6200 West Manitoba Street. They claim damages in the amount of \$14,409.63.

Our investigation reveals that the Infrastructure Services Division (ISD) records indicate that on March 4, 2011 they responded to a call of a backwater at 6200 West Manitoba Street. The ISD found the City main sewer to be clogged with roots and debris. They used a rodder to open the clog, clean the sewer and restore it to proper working order. The sewer is on a regular cleaning schedule and was last cleaned, prior to this incident, on August 1, 2008. Because the sewer is on a regular cleaning schedule and the City did not have notice of any problems with the sewer, the City cannot be held liable. Therefore, we recommend that this claim be denied.

Very truly yours,

GRANT F. LANGLEY

To Whom it may concern,

RONALD D. LEONHARDT RONALD D. LEONHARDT

On March 4th at approximately 11:45 AM, Kim Schoof, received a call from my tenant Natalie Rifelj. In this call she stated that "she left the house between 7:30-8am to take her kids to school, and then went to run errands." When she arrived home between 11:30 -11:45 AM she smelled sewage. When she looked in the basement she saw that there was sewage backing up in the basement approximately half way up the first step. She immediately contacted us. With my permission she called Roto-Rooter, while my husband, John Schoof contacted the City of Milwaukee Public Works Department. I immediately went out to the residence of 6200 W. Manitoba St. Milwaukee, WI 53219.

Upon arriving to the residence, I saw that the plumber(Roto-Rooter) was already there. He stated that he ran a snake through and checked our plumbing from the house to the city main, and that the City Main was high and all man holes on the block were full. Please see attached receipt for \$185.00

Within a half hour of arriving to 6200 W. Manitoba St. the city workers arrived. Mark Schneider from the city assessed the situation and stated that the "City Main was clogged and backed up from S.61st and Bennett to S.63rd and W. Manitoba". He stated he called the Auger truck and that it should arrive shortly. Mark Schneider did assess the basement. The finished basement now had a good 4 -6inches of city sewage in it. The truck arrived approximately one half hour later. It took them about 20-30minutes to unclog the city main. Once unclogged, the sewage in the basement quickly drained thru the floor drain.

At this time I immediately started calling for someone to start cleaning the basement now contaminated with sewage. Custom Craft Environmental at 11200 W. Cleveland Ave Suite E-7 Milwaukee, WI (262-305-7221) arrived and started the clean up by 6PM that evening. They worked until 4-5am the following AM on the 5th of March. Please see the itemized receipt for \$6,000.00. They removed all equipment on the 8th of March.

We, (John and Kim Schoof) are now looking to restore the basement to the original finished state prior to the sewage back-up. We are now submitting a proposal from Paradise Builder(Brian Kerkman 262-574-1166 ext 116) for the sum of \$8224.63. Please see the attached proposal.

We looking to be reimbursed for the clean up totaling \$6185.00 and the restoration of \$8224.63. For a grand total of \$14,409.63. (Assuming all goes well in the restoration).

We hope to get this matter settled promptly, so our tenant can once again utilize the living space in the basement. Please feel free to contact John and Kin Schoof at 262-682-4180(Home) ,John 414-397-6728 (cell) or Kim 414-213-7921(cell). We look forward to hearing from you soon, so we can progress in this matter

Sincerely,
John and Kim Schoof

Paradise Builders

To who in may concern,

Paradise Builders is renovating the basement of the property at 6200 W. Manitoba St. in Milwaukee due to the sewer backing up from a clogged sewer pipe on or about March 4th. Custom Craft Environmental was called in to mitigate the sewer backup and in doing so they removed the base molding, shoe molding, door casing, and 6-8 inches of the affected drywall. The flooding was described as a Category 3 loss as defined by the Institute of Inspection Cleaning and Restoration Certification.

Category 3 water is grossly contaminated and can contain pathogenic, toxigenic or other harmful agents. Examples of Category 3 water can include, but are not limited to: sewage; toilet backflows that originate from beyond the toilet trap regardless of visible content or color; all forms of flooding from seawater; ground surface water and rising water from rivers or streams, etc. In the IICRC S500 manual which relates to water loss, any materials coming in direct contact with a Category 3 water loss cannot be saved but must be disposed of as soon as possible to prevent any further contamination of previously uncontaminated areas.

To properly return the basement of the residence to a habitable state, Paradise Builders and its subcontractors will be:

- Removing and Replacing 1 foot of drywall and insulation from the floor up
- Replacing all base and shoe molding in the affected areas
- Replacing all door casing in the affected areas
- Replacing all carpet and linoleum in the affected areas
- Replacing the water heater as the interior insulation of the water heater became saturated with the Category 3 water
- Reinstalling the wainscoting in chair rail which did not come into contact during the water loss.

If you have any questions as to the scope of work please feel free to contact me directly.

Paradise Builders..... Qualified Contractor

Is your contractor **Qualified**?

What are some of the **Right** questions to ask?

- Does your contractor “Sub Out” the work or are the men on your jobsite going to be Employed by the company that sells you the job?
- Can your contractor show you a Workman’s Compensation Policy for their employees?
- Does your contractor have a Wisconsin Department of Commerce Dwelling Contractor Certification license (State Licensing)?
- Is your contractor in good standing with NARI, MBA, or BBB and or other organizations?
- Is your contractor an Energy Star Building Ally?
- What Certifications does your contractor have when it comes to qualifying their work, such as Roofing, Siding or Water Remediation Certifications?
- Has your contractor provided Referrals from previous clients in order that you may speak with them and inquire about the contractor’s Quality Craftsmanship, Integrity and Competitive Prices?
- Does your Contractor Understand Your Home from the foundation to the top of your roof and everything in between or does your contractor only do One or a Few Aspects of Construction?

If your contractor can not answer **YES** to these questions and provide you with **Documentation**, quite simply, they are **Putting You At Risk**.

THE LOWEST BIDDER

“It is unwise to pay too much, but it is worse to pay too little. When you pay too much, you lose a little money- that is all. When you pay too little, you sometimes lose everything, because the thing you bought was incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot- it cannot be done. If you deal with the lowest bidder, it is well to add something for the risk you run. And if you do that you will have enough to pay for something better.”

John Ruskin (1819-1900)

“You can Relax and Enjoy the Value you receive from Firm competitive Prices, On-time scheduling, a job done Your Way. However, 83% of people that make high impact decisions in their lives, such as the decision regarding the people who work on their home, decide to align themselves with someone they are absolutely sure they can trust. Understanding our prices must be competitive, Price is hardly a deciding factor when you consider what is at Risk or perhaps what you Desire and Expect. Although in this day and age Quality, Craftsmanship, Honesty and Integrity stand out, you should expect these things from every contractor.... We are not satisfied to merely do what should be expected. Let's Dream together.

So ... Relax and Discover why we are one of Wisconsin's Most Trusted Builders.”

Title

Resolution authorizing the Office of the City Attorney to resolve various Municipal Court cases through permanent stay of the forfeiture or dismissal.

Analysis

This resolution disposes of open warrants, commitments, arrest warrants and bench warrants which have seen an absence of activity for over a 7-year period and which are very likely unenforceable.

Body

Whereas, The City of Milwaukee has obtained judgment in a number of Milwaukee Municipal Court cases, as identified by case number, defendant's name, offense and amount of judgment in Appendix A attached this Common Council File Number and incorporated herein by references; and

Whereas, The City of Milwaukee, through the Office of the City Attorney, has been unable to enforce collection of said judgments and recommends no

further action at this time; and

Whereas, The City of Milwaukee has, in addition, a number of other pending Milwaukee Municipal Court cases, as identified by case number, defendant's name, and offense in Appendix B, incorporated herein by reference, wherein no judgments have been obtained and warrants have been issued for said defendants; and

Whereas, With respect to such cases listed in Appendix B, the Office of the City Attorney recommends no further prosecution; now, therefore, be it

Resolved, By the Common Council of the city of Milwaukee, that the Office of the City Attorney, be and hereby is authorized to move the Milwaukee Municipal Court to permanently stay the forfeiture portion of the judgments in all of those cases listed in Appendix A; and, be it

Further Resolved, That the Office of the City Attorney be and hereby is further authorized to move the Milwaukee Municipal Court to dismiss all of those cases listed in Appendix B.

Judiciary and Legislation Committee Members:

Alderman Ashanti Hamilton, Chair

Alderman Joe Davis, Sr.
Alderman Robert Donovan

Your agenda includes a request from the Municipal Court for a Resolution authorizing the Court to resolve old cases having open warrants through permanent stay or dismissal. The Court has made such a request annually for approximately 30 years. In the past, the committee has had a number of questions about information on the report and Court processes. The information provided here is intended to answer some of those questions.

Initially, the Court used a ten-year threshold to determine which cases should be dismissed. Some time ago, the Municipal Court Judges established the seven year threshold as they determined no significant activity between seven and ten years. This is also in-line with the timeline used by other City departments (e.g., DPW Parking uses a six year threshold for write-off).

There has been no activity on any of the cases listed on this report for seven or more years. These defendants have received no other citations, there have been no arrests by the Milwaukee Police Department (MPD) on other charges, and there has been no further Police contact whatsoever.

Essentially, a case remains "open" until the judgment is satisfied monetarily or through other alternatives such as community service, driver's license suspension, or commitment. This means a case could remain in active status for an eternity. Withdrawing the warrants and commitments and permanently staying the forfeiture portions of the judgments on these cases with absolutely no activity will "close" the cases and thereby make them eligible for purging consistent with our records retention schedules.

The material you received in the packet references warrants. There are four types of warrants used in Municipal Court.

- **Warrant (Failure to Appear for Arraignment—Juvenile/Adult)** – Issued by a judge when the defendant failed to appear at arraignment; the defendant needs to enter a plea to the charge. A default judgment cannot be entered on a case unless the Court has evidence that the defendant personally received the citation (proof of service). There are 112 Juvenile cases with open warrants on the report and 772 adult cases, representing \$338,742.45 in potential judgments. In all of these cases the Court has no proof that the defendant cited even received the citation so does not know that they were aware of the charges against them.

- **Bench Warrant (Failure to Appear for Judgment)** - Issued by a judge for the purpose of personally serving the defendant with a copy of the notice of a default judgment that carries a jail alternative. This warrant is used when the Court has qualified proof of service. This occurs when a citation was either mailed or left at the defendant's last known address with a competent family member (at least 14 years of age). In these cases the defendant knows the charges against them but does not know that a judgment has been rendered. There are 2,022 cases on this report with open Bench Warrants, representing \$80,952.15.
- **Arrest Warrant (Failure to Pay Judgment)** - Issued by a judge when the defendant has received notice of a judgment carrying a jail alternative. In such cases, defendants are entitled to request an Indigency Hearing to determine their ability to pay before a commitment can be issued. There are 366 cases with open Arrest Warrants, representing \$80,952.15. The Judges are prohibited from enforcing a commitment until they have proof that the defendant is aware of the opportunity to request an Indigency Hearing.
- **Commitment** - Issued by the Judge to arrest and incarcerate the defendant at the House of Correction or the County Jail for failure to pay a forfeiture/judgment amount. A commitment can only be ordered after a judicial determination by the judge has been made that the defendant has the ability to pay the judgment, but has not paid it. These defendants have either had or have waived having an Indigency Hearing. There are 328 cases on the report with a Warrant of Commitment, representing \$80,993.79.

In the interest of public safety, the Judges do not dismiss any matters that are related to OWI offenses.

During the past ten years, Municipal Court's Chief Court Administrator has made a practice of providing information to MPD listing the most egregious offenders: defendants who owe the most on cases with open warrants. A list of the top 20 defendants is provided every other month, while a list of the top 100 offenders is provided to MPD annually.

Absent the action requested of the Committee, the Court will be required to keep these files in perpetuity, requiring a great deal of physical space for storage either at the City Records Center or elsewhere. This is the last resort for closing these cases.

I hope this provides you with all the information you need to recommend approval of the resolution.

Respectfully submitted,

ON BEHALF OF THE MILWAUKEE MUNICIPAL COURT

200 East Wells Street, Room 200
Milwaukee, WI 53202

Dear Alderman Hamilton:

Enclosed for introduction is the original and two copies of a resolution prepared by the Milwaukee Municipal Court which, if adopted, would authorize the Office of the City Attorney to close cases in which there has been no activity for seven or more years as of December 31, 2008.

Specifically, the resolution would authorize our office to move the Municipal Court judges to permanently stay the forfeiture portion of the judgments listed in Appendix A attached to the resolution, and to move the Municipal Court judges to dismiss those case listed in Appendix B attached to the resolution.

A Fiscal Note is also attached.

Thank you for your cooperation in this matter.

Very truly yours,

Title

Resolution opposing the marketing of "Pabst Blast" and other high-alcohol-content malt beverages to young people and directing Intergovernmental Relations Division-Department of Administration to seek legislative authority to limit marketing and sale of high-alcohol-content malt beverages to young people.

Analysis

This resolution expresses the Common Council's opposition to the marketing of Pabst Blast and other high-alcohol-content malt beverages to young people and urges the Pabst Brewing Company to cease marketing "Pabst Blast" to young people.

The resolution also directs the Intergovernmental Relations Division-Department of Administration to seek legislation authorizing the City to limit the marketing and sale of high-alcohol-content malt beverages to young people in Milwaukee.

Body

Whereas, The Pabst Brewing Company of Woodbridge, Illinois, now offers a new flavored malt beverage, Blast by Colt 45, with an alcohol concentration of 12% in brightly-colored 23.5-ounce cans

with fruit flavors of grape, strawberry lemonade, strawberry watermelon and blueberry pomegranate; and

Whereas, Distributors have been informed by the Pabst Brewing Company that the target market for all size containers of Blast is ages 21 to 29; and

Whereas, Company representatives have publicly outlined a marketing strategy focused on the Hip Hop and urban market using a variety of media and strategies including radio and urban magazines, music and cultural festivals, and through leveraging contacts with local DJs through Blast spokesperson rapper Snoop Dogg and other celebrities especially popular to an audience under the legal drinking age; and

Whereas, Carbonated malt beverages are designed to be consumed cold and, once a consumer opens a can, the beverage quickly loses its optimal temperature and carbonation; and

Whereas, According to the National Institute of Health, consumption of a single 23.5-ounce can of Pabst Blast within a 2-hour period provides an amount of alcohol equivalent to 4.7 regular servings of alcohol and constitutes “binge” drinking, typically raising blood alcohol levels to 0.8% concentration or more; and

Whereas, Consumption of a single 23.5-ounce can of Pabst Blast results in harmful intoxication, impairment of brain function, reduced reaction time, loss of motor skills, slurred speech and increased risk of serious or fatal injury and death, violence, unintended pregnancy, transmission of HIV and sexually transmitted infections; and

Whereas, These health risks pose a particular threat to youth given that about 90% of the alcohol consumed by Americans under age 21 is while binge drinking, and the proportion of binge drinking prevalence for 18 to 24-year olds is more than 25%; and

Whereas, Pabst Blast’s packaging and marketing implicitly represent that the product is fit to be consumed as a single-serving, ready-to-drink alcohol beverage; and

Whereas, The Attorneys General of at least 15 states and attorneys for other jurisdictions across the United States have joined to urge Pabst Brewing Company to significantly reduce the alcohol content in single-service containers to eliminate the public health safety risks posed by this “binge-in-a can” product and to take steps to ensure that the marketing of Pabst Blast does not expressly or impliedly target an audience that is under the legal drinking age; and

Whereas, The Youth Council of the City of Milwaukee has brought the issue of Blast marketing activities to the attention of the Common Council in Youth Council Resolution File Number 1104; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that it opposes the sale and marketing of high-alcohol-content, single-service malt beverages such as Pabst Blast targeting a young population through marketing designed to attract the interest not only of persons 21 or older, but also persons who have not reached legal drinking age; and, be it

Further Resolved, That the Common Council urges the Pabst Brewing Company to take steps to reduce the risk of underage and binge drinking by reducing the alcohol content of Blast and similar

malt beverages and by ceasing marketing of Pabst Blast particularly to a young population including advertising and packaging that presents Blast in a manner similar to soft drinks and fruit drinks; and, be it

Further Resolved, That the Intergovernmental Relations Division-Department of Administration is directed to seek state legislation authorizing the City to limit the marketing and sale of high-alcohol-content malt beverages to young people in Milwaukee; and, be it

Further Resolved, That the City Clerk is directed to provide a copy of this resolution to the Pabst Brewing Company.

Re: Blast by Colt 45

Dear Mr. Metropoulos:

We, the undersigned Attorneys General of Maryland, Arizona, California, Connecticut, Guam, Idaho, Illinois, Iowa, Kentucky, Maine, Massachusetts, New Mexico, Ohio, Oklahoma, Tennessee, Utah and Washington, and the City Attorney of San Francisco, write to express our serious concerns over your company's new flavored malt beverage, Blast by Colt 45. You offer this product in fruit flavors of grape, strawberry lemonade, strawberry watermelon, and blueberry pomegranate, with an alcohol concentration of 12% (ABV) in brightly colored 23.5 ounce cans.

At 12% ABV in a 23.5 ounce container, one can of Blast consumed on a single occasion is a binge drinking episode. As explained below, we believe the manufacture and marketing of this flavored "binge in a can" poses a grave public safety threat and is irresponsible. We also are concerned that the target market for all size containers of Blast, which your company describes as ages 21-29,¹ will also include persons under the legal drinking age, in violation of state law.

A standard serving of alcohol is any drink (whether beer, wine, or distilled spirits) that contains 0.6 fluid ounces or 14 grams of "pure" ethyl alcohol.² One 23.5-ounce can of Blast with 12% ABV thus contains 4.7 servings of alcohol. As a result, consuming a single can of Blast on one occasion constitutes "binge drinking," which is defined as men drinking five (and women drinking four) or more alcohol servings in about two hours.³ Such excessive drinking typically

³ See <http://www.cdc.gov/alcohol/fact-sheets/binge-drinking.htm>

raises a person's blood alcohol concentration (BAC) to 0.08 grams percent or more.⁴ It also typically results in acute intoxication that can be harmful for a variety of reasons, including impaired brain function resulting in poor judgment, reduced reaction time, loss of balance and motor skills, and slurred speech.⁵ Coma and death can occur if alcohol is consumed rapidly and in large amounts.⁶

Given these dangers, the Centers for Disease Control and Prevention (CDC) recently declared binge drinking to be a major public health problem in the United States. The CDC calculates that binge drinkers account for more than half of the 79,000 annual alcohol-related deaths in the U.S. and for two-thirds of the 2.3 million years of total potential life lost in 2001-2005. Binge drinking increases the chances of motor vehicle crashes, violence against others, HIV and sexually transmitted diseases, unplanned pregnancy, sudden infant death syndrome, and fetal alcohol spectrum disorders.⁷ These health risks pose a particular threat to youth, given that about 90% of the alcohol consumed by Americans under age 21 is while binge drinking.⁸ The CDC reports that the binge drinking prevalence for 18-24 year olds, which includes a portion of Blast's purported target market of 21-29 year olds, is 25.6%.⁹

It is our understanding that Blast is a carbonated product designed to be consumed while it is cold. Therefore, after the consumer opens the can, there is only a short period of time before the product will lose its optimal temperature and carbonation. If an individual consumes a 23.5 ounce can of Blast as it is intended to be consumed – drinking the entire can on a single occasion – he or she will have engaged in binge drinking, putting himself or herself at risk of serious injury and other health and safety problems.

Blast's packaging and marketing impliedly represent that the product is fit to be consumed as a single-serving, ready-to-drink alcoholic beverage,¹⁰ when in fact a single can contains nearly five servings of alcohol, and doing so would be dangerous. Its packaging and promotion as a single-serving beverage have the capacity to mislead consumers into believing that they are consuming one, or at most two, servings of alcohol. *See, e.g., Canandaigua Wine Co.*, 114 F.T.C. 349 (1991); *Allied Domecq Spirits & Wine Americas, Inc., et al.*, 127 F.T.C. 368 (1999); *Avalon Industries Inc.*, 83 F.T.C. 1728 (1974).

In a message printed on the Blast can, your company tells consumers to "Please drink responsibly," and on the Pabst website you tell consumers to drink alcohol "carefully and in

moderation.” However, your company fails to indicate how a consumer could responsibly drink a 23.5 ounce can of Blast with 12% ABV. In fact, the Pabst website contains a link, under the topic of “Responsibility,” called “Know Your Limit – Intoximeters” where a visitor to the site may calculate estimated BAC by entering the number of servings, the type of alcohol beverage, the amount of time over which the beverage is consumed, along with the consumer’s gender and weight. As it turns out, the drop-down menu includes neither Blast nor any other 12% ABV beverage and therefore provides no guidance on how to apply the tool to a 23.5-ounce serving of a 12% ABV beverage.¹¹ Indeed, despite the company’s admonition to purchasers to drink responsibly, the product’s design promotes excessive consumption.

Moreover, we have serious concerns about Blast being marketed to underage persons. In addition to offering this high alcohol flavored malt beverage in youth-friendly flavors of grape, strawberry, lemonade, and watermelon (“made with real juice”), Pabst has chosen as its celebrity spokesperson, hip-hop/rap music artist, Snoop Dogg, who is popular among persons under 21 and whose promotional videos for Blast are accessible to viewers of all ages on social media sites such as YouTube and Twitter.¹² We also are aware of concerns that Pabst’s marketing of Blast is targeting young African-Americans.¹³

For all of these reasons, we urge you to take immediate steps to significantly reduce the number of servings of alcohol presented to consumers in a single serving container so as to eliminate the serious public safety risks posed by this “binge-in-a-can” product. We also ask that Pabst take steps to ensure that the marketing of this product does not expressly or impliedly target an audience that is under the legal drinking age.

We are hopeful you will take swift and responsible action in this important matter.

Sincerely,

Douglas F. Gansler
Attorney General of Maryland

¹¹ The Pabst website, <http://www.pabstbrewingco.com/footer/responsibility/>, provides a link to <http://www.intox.com/drinkwheel.aspx>. From the choices offered, it appears the best way to calculate BAC resulting from drinking a 23.5-ounce can of Blast with 12% ABV is to enter “5” for number of servings and “table wine” which contains approximately 12% ABV. Having done so, a 150-pound woman who plans to consume one can of Blast over two hours (or a 175-pound man who plans to consume the same amount over one hour) would learn that the resulting estimated BAC is .09 grams per 210 liters of breath (or 100 ml of blood), at which level each person could be convicted of driving while intoxicated in all states, and would have more than twice the BAC level of impairment (.04) recognized by the American Medical Association. *Id.*

..Title
Substitute resolution relating to implementation by the Election Commission of state voter registration and voter identification requirements.

..Analysis
This resolution directs the Election Commission to cooperate with the Public Information Division-Office of City Clerk to assure that City residents are made aware of changes in state requirements for voter registration and voter identification. The resolution specifically directs the Election Commission to inform electors and potential electors that their ballots may not be counted if required proof of identification and residency is not submitted in accordance with the requirements of 2011 Wisconsin Act 23, enacted May 25, 2011.

The resolution directs the Election Commission to advise City residents to report problems or irregularity or difficulties in voting, especially problems that may result in uncounted ballots.

The Election Commission is directed to provide the Common Council with a report after each election detailing the numbers of individuals who submitted ballots that were not counted. The report of ballots not counted shall be made as soon as practicable when figures or reasonable estimates are available and shall include the reason or reasons that ballots were not counted.

..Body
Whereas, 2011 Wisconsin Act 23 (Act 23), enacted May 25, 2011 and effective June 10, 2011, revised state election laws relating to: requiring identification to vote at a polling place or to obtain an absentee ballot; absentee voting; late voter registration; proof of residence; a requirement that electors provide signatures when voting in person at an election; the duration and location of residency for voting purposes; and other matters; and

Whereas, The nonpartisan Wisconsin Legislative Fiscal Bureau estimates that the costs to the state over the 2011-2013 biennium for implementation of Act 23 will be \$7 million, including lost revenue resulting from the issuance of free voter identification cards to qualified individuals; and

Whereas, The Wisconsin Government Accountability Board estimates that it will require \$2.1 million to initially upgrade state computer programs, train poll workers and provide public education; and

Whereas, The 2011-2013 Wisconsin Budget has appropriated \$1.8 million for implementation of Act 23; and

Whereas, No state appropriation has been identified to support municipal implementation of Act 23; and

Whereas, The registration and residency requirements of Act 23 will be implemented in elections held in 2012; and

Whereas, Changes in voter registration and voting procedures as a result of Act 23 implementation may adversely impact the elderly, the infirm and individuals disadvantaged due to poverty and lack of education, and the changes include the following provisions:

1. Requiring proof of residency within a ward for 28 days rather than 10 days prior to voter registration.
2. Requiring proof of identification when voting at the polls or when submitting and voting an absentee ballot.
3. Requiring that the name of the individual on the proof of identification conforms exactly to the name on voter registration records.
4. Requiring photo identification in the form of an operator's license issued by the Wisconsin Department of Transportation (DOT), an identification card issued by the DOT, an identification card issued by a U.S. uniformed service, or a U.S. passport only if the photo identification has not expired prior to the previous election.
5. Eliminating acceptance of an out-of-state driver's license as proof of identification.
6. Requiring that an elector sign the poll list, supplemental list, or other separate list when voting.
7. Requiring that registration forms include information identifying the previous residence address of the elector and the elector's current and valid driver's license number, if any.
8. Requiring that proof of residence of a university, college, or technical college student include a photo identification card and fee receipt dated within 9 months of the election.

; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the Election Commission and the Public Information Division-Office of City Clerk are directed to work together to assure that City residents are made aware of changes in state requirements for voter registration and voter identification; and, be it

Further Resolved, That the Election Commission advise City residents to report problems or irregularity or difficulties in voting, especially problems that may result in uncounted ballots; and, be it

Further Resolved, That, beginning in 2012 and for 4 years thereafter, the Election Commission shall provide the Common Council with a report as soon as is practicable after each election detailing the numbers, or estimate of numbers, of individuals submitting ballots that were not counted, including the reason or reasons that ballots were not counted.

2011 SENATE BILL 125

June 10, 2011 – Introduced by Senators GROTHMAN, GALLOWAY, LASEE and LAZICH, cosponsored by Representatives JACQUE, BROOKS, BERNIER, KAUFERT, KNUDSON, LEMAHIEU, LITJENS, SPANBAUER, STRACHOTA, VOS and WEININGER. Referred to Committee on Judiciary, Utilities, Commerce, and Government Operations.

1 **AN ACT to repeal** 893.83 (title) and 893.83 (2); and **to renumber and amend**
2 893.83 (1) of the statutes; **relating to:** liability of cities, villages, towns, and
3 counties for damages caused by an insufficiency or want of repair of a highway.

Analysis by the Legislative Reference Bureau

Under current law, cities, villages, towns, and counties are immune from claims arising out of the performance of a discretionary duty, or duty that requires a governmental entity to use judgment or discretion in carrying out the duty. Cities, villages, towns, and counties are liable for damages of up to \$50,000 arising out of the performance of a nondiscretionary duty.

Also under current law, cities, villages, towns, and counties are liable for damages of up to \$50,000 to a person or property resulting from an insufficiency or want of repair of a highway, which includes shoulders, sidewalks, and bridges. Cities, villages, towns, and counties are also liable for damages resulting from the accumulation of snow or ice that has existed on a highway for at least three weeks.

The Wisconsin Supreme Court in *Morris v. Juneau County*, 219 Wis. 2d 544 (1998), held that the statutory provision imposing liability on cities, villages, towns, and counties for highway defects is an exception to the more general provision granting immunity to cities, villages, towns, and counties from liability arising out of the performance of discretionary duties.

Finally, under current law, if the negligence or deliberate wrongdoing of a person contributes to the creation of a highway defect that results in damages to a person or property, the negligent or wrongdoing person is primarily liable and the

SENATE BILL 125

city, village, town, or county is secondarily liable only if the negligent person or the person who committed the wrongdoing does not satisfy the judgment, and the city, village, town, or county is otherwise liable for the damages.

This bill eliminates the specific immunity exception under which cities, villages, towns, and counties may be held liable for an insufficiency or want of repairs of a highway. This bill does not affect the immunity exception under which cities, villages, towns, and counties may be held liable for damages of up to \$50,000 for the accumulation of snow or ice that has existed on a highway for at least three weeks. The bill also eliminates secondary liability for cities, villages, towns, and counties.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 893.83 (title) of the statutes is repealed.

2 **SECTION 2.** 893.83 (1) of the statutes is renumbered 893.83 and amended to
3 read:

4 **893.83 Damages caused by highway defects accumulation of snow or**
5 **ice; liability of municipality city, village, town, and county.** If damages
6 happen to any person or his or her property by reason of the insufficiency or want of
7 repairs of any highway that any town, city, or village is bound to keep in repair, the
8 person sustaining the damages has a right to recover the damages from the town,
9 city, or village. If the damages happen by reason of the insufficiency or want of
10 repairs of a highway that any county by law or by agreement with any town, city, or
11 village is bound to keep in repair, or that occupies any land owned and controlled by
12 the county, the county is liable for the damages and the claim for damages shall be
13 against the county. If the damages happen by reason of the insufficiency or want of
14 repairs of a bridge erected or maintained at the expense of 2 or more towns, cities,
15 villages, or counties, the action shall be brought against all of the towns, cities,
16 villages, or counties that are liable for the repairs of the bridge. Upon recovery of

SENATE BILL 125

1 judgment, the damages and costs shall be paid by the towns, cities, villages, or
2 counties in the proportion in which they are liable for the repairs. The court may
3 direct the judgment to be collected from each town, city, village, or county for its
4 proportion only. The amount recoverable by any person for any damages so
5 sustained shall not exceed \$50,000. The procedures under s. 893.80 shall apply to
6 the commencement of actions brought under this subsection. No action may be
7 maintained against a city, village, town, or county to recover damages for injuries
8 sustained by reason of an accumulation of snow or ice upon any bridge or highway,
9 unless the accumulation existed for 3 weeks. Any action to recover damages for
10 injuries sustained by reason of an accumulation of snow or ice that has existed for
11 3 weeks or more upon any bridge or highway is subject to s. 893.80.

12 **SECTION 3.** 893.83 (2) of the statutes is repealed.

13 **SECTION 4. Initial applicability.**

14 (1) This act first applies to actions arising on the effective date of this
15 subsection.

7 *create* 32.015 and 32.03 (6) (c) 5. to 7. of the statutes; **relating to:** various
8 changes to the eminent domain laws.

Analysis by the Legislative Reference Bureau

This bill makes a number of changes to the laws governing condemnation in general, and to the laws governing the condemnation of blighted property in particular, including the following:

1. Under current law, an entity vested with the power of eminent domain may acquire property by condemnation for any public purpose. This bill provides that property may be condemned only for the following public uses:

(a) The possession, occupation, and ownership of the property by a public agency for the enjoyment of the public agency or the general public.

(b) The establishment or operation of a public utility.

SENATE BILL 83

(c) The elimination of blighted property.

2. Current law provides that, in general, property that is not blighted may not be condemned if the condemnor intends to convey the property to a private entity. This bill narrows the meaning of “blighted property,” thus expanding the scope of the prohibition. The bill also requires a condemnor who intends to convey property to a private entity to make additional written findings before commencing the condemnation. The condemnor must find that the property has been cited for one or more violations of state or local building codes, that the violations have not been remedied despite at least two notices to do so, and that the cost of remedying the violations is equal to more than one-half the assessed value of the property, excluding the value of the land.

3. Currently, a municipality may use a special procedure to condemn blighted residential property. The special procedure allows such condemnations to occur more quickly. This bill eliminates the special procedure and also requires that all condemnations by a housing authority, redevelopment authority, or community development authority be conducted using the regular procedure.

4. The bill specifies that whenever a property owner wishes to contest the right of a condemnor to condemn his or her property in court, the owner’s failure to raise specific objections before receiving the condemnor’s jurisdictional offer does not preclude the owner’s claim. The bill provides that in an action to contest the right of a condemnor to condemn the owner’s property, if the condemnor’s intent is to eliminate blight, the condemnor must prove by a preponderance of the evidence that the owner’s property is blighted property.

5. Currently, in most condemnation proceedings, the condemnor determines the necessity of the taking. In certain instances involving public utilities, the Public Service Commission (PSC) must issue a certificate of public convenience and necessity, which constitutes the determination of the necessity of the taking. This bill provides that in all cases except those in which a certificate of public convenience and necessity suffices, a judge must determine the necessity of the taking, which must be established by a preponderance of the evidence. The bill also provides that the determination by the PSC of the necessity of taking an undeveloped water power site is conclusive only if it is not arbitrary or unreasonable.

6. Current law allows a first class city (currently, only the city of Milwaukee) to use an alternative procedure to condemn property. Current law requires that the laws governing the alternative procedure be liberally construed “to provide the city with the largest possible power.” This bill requires that the laws governing the alternative procedure be strictly construed.

7. The bill narrows the definition of “blighted area” and “blighted property” for condemnations conducted by redevelopment authorities and eliminates the provision requiring that the grant of eminent domain authority to redevelopment authorities and the procedures governing such condemnations be liberally construed.

SENATE BILL 83

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 32.015 of the statutes is created to read:

2 **32.015 Public use requirements.** In addition to the restrictions specified in
3 ss. 32.02 and 32.03, property may be acquired by condemnation only for the following
4 public uses:

5 (1) The possession, occupation, and ownership of the property by a public
6 agency for the enjoyment of the public agency or the general public.

7 (2) The establishment or operation of a public utility, as specified in s. 32.02.

8 (3) The elimination of blighted property.

9 **SECTION 2.** 32.03 (6) (a) (intro.) of the statutes is amended to read:

10 32.03 **(6)** (a) (intro.) In this subsection, “blighted property” means any property
11 that is not zoned or used for agricultural purposes; that, by reason of abandonment,
12 dilapidation, deterioration, ~~age or obsolescence, inadequate provisions for~~
13 ~~ventilation, light, air, or sanitation, high density of population and overcrowding,~~
14 ~~faulty lot layout in relation to size, adequacy, accessibility, or usefulness, unsanitary~~
15 ~~or unsafe conditions, deterioration of site or other improvements, or the existence of~~
16 ~~conditions that endanger life or property by fire or other causes, or any combination~~
17 ~~of such factors, is detrimental to the public health, safety, or welfare. Property that~~
18 ~~consists of only one dwelling unit is not blighted property unless, in addition,; and~~
19 to which at least one of the following applies:

20 **SECTION 3.** 32.03 (6) (c) 5. to 7. of the statutes are created to read:

SENATE BILL 83**SECTION 3**

1 32.03 (6) (c) 5. A finding that the owner's property has been cited for one or more
2 violations of applicable state or local building codes involving the roof and roof
3 framing elements; support walls, beams, and headers; the foundation, footings, and
4 subgrade conditions; light and ventilation; plumbing; fire protection; public utilities;
5 flooring; or walls, insulation, and exterior envelope.

6 6. The code violations under subd. 5. have not been remedied despite the
7 issuance by the local governmental unit that issued the citations of at least 2 notices
8 to do so.

9 7. The cost of remedying the code violations under subd. 5. would exceed an
10 amount equal to 50 percent of the most recent assessed value of the property,
11 excluding the value of the land.

12 **SECTION 4.** 32.06 (intro.) of the statutes is amended to read:

13 **32.06 Condemnation procedure in other than transportation matters.**
14 (intro.) The procedure in condemnation in all matters except acquisitions under s.
15 32.05 or ~~32.22~~, acquisitions under subch. II, acquisitions under subch. II of ch. 157,
16 and acquisitions under ch. 197, shall be as follows:

17 **SECTION 5.** 32.06 (5) of the statutes is amended to read:

18 **32.06 (5) COURT ACTION TO CONTEST RIGHT OF CONDEMNATION.** When an owner
19 desires to contest the right of the condemnor to condemn the property described in
20 the jurisdictional offer for any reason other than that the amount of compensation
21 offered is inadequate, such the owner may within 40 days from the date of personal
22 service of the jurisdictional offer or within 40 days from the date of postmark of the
23 certified mail letter transmitting such offer, or within 40 days after date of
24 publication of the jurisdictional offer as to persons for whom such publication was
25 necessary and was made, commence an action in the circuit court of the county

SENATE BILL 83

1 ~~wherein~~ in which the property is located, naming the condemnor as defendant. Such
2 action shall be the only manner in which any issue other than the amount of just
3 compensation or other than proceedings to perfect title under ss. 32.11 and 32.12 may
4 be raised pertaining to the condemnation of the property described in the
5 jurisdictional offer. Failure to raise specific objections to the condemnation before
6 the service of the jurisdictional offer does not preclude any claims in an action under
7 this subsection. If the condemnor's intent in condemning the owner's property is to
8 eliminate blight, the condemnor shall prove by a preponderance of the evidence that
9 the owner's property is blighted property. The trial of the issues raised by the
10 pleadings in such action shall be given precedence over all other actions in said court
11 then not on trial. If such action is not commenced within the time limited the owner
12 or other person having any interest in the property shall be forever barred from
13 raising any such objection in any other manner. The commencement of an action by
14 an owner under this subsection shall not prevent a condemnor from filing the
15 petition provided for in sub. (7) and proceeding thereon. Nothing in this subsection
16 shall be construed to limit in any respect the right to determine the necessity of
17 taking as conferred by s. 32.07 nor to prevent the condemnor from proceeding with
18 condemnation during the pendency of the action to contest the right to condemn.
19 This section shall not apply to any owner who had a right to bring a proceeding
20 pursuant to s. 66.431 (7), 1959 stats., prior to its repeal by chapter 526, laws of 1961,
21 effective on October 8, 1961, and, in lieu of this section, s. 66.431 (7), 1959 stats., as
22 it existed prior to such effective date of repeal shall be the owner's exclusive remedy.

23 **SECTION 6.** 32.07 (2) of the statutes is repealed.

24 **SECTION 7.** 32.07 (3) of the statutes is amended to read:

SENATE BILL 83**SECTION 7**

2 be established by a preponderance of the evidence.

3 **SECTION 8.** 32.07 (4) of the statutes is renumbered 32.07 (2m) amended to read:

4 32.07 (2m) The determination of the public service commission of the necessity

6 conclusive unless the determination is arbitrary or unreasonable.

7 **SECTION 9.** 32.22 of the statutes is repealed.

8 **SECTION 10.** 32.51 (1) (intro.) of the statutes is renumbered 32.51 (1) and
9 amended to read:

11 city may condemn or otherwise acquire property under this subchapter for: the
12 purposes specified in s. 32.015.

16 the common law, shall be ~~liberally~~ strictly construed to ~~provide the city with the~~
17 ~~largest possible power and leeway of action.~~

18 **SECTION 13.** 66.1201 (10) (a) of the statutes is amended to read:

19 66.1201 (10) (a) The authority may acquire by eminent domain any real
20 property, including fixtures and improvements, which it deems necessary to carry
21 out the purposes of ss. 66.1201 to 66.1211 after the adoption by it of a resolution
22 declaring that the acquisition of the property described in the resolution is in the
23 public interest and necessary for public use. The authority ~~may~~ shall exercise the

6 **SECTION 16.** 66.1313 (1) of the statutes is amended to read:

7 66.1313 **(1)** Condemnation proceedings for a redevelopment corporation shall
8 be initiated by a petition to the city to institute proceedings to acquire for the

11 resolutions granting the petition shall require that the redevelopment corporation
12 pay the city all sums expended or required to be expended by the city in the
13 acquisition of the real property, or for any real property to be conveyed to the
14 corporation by the city in connection with the plan, and the time of payment and
15 manner of securing payment, and may require that the city receive, before
16 proceeding with the acquisition of the real property, such assurances as to payment
17 or reimbursement by the redevelopment corporation, or otherwise, as the city deems
18 advisable. Upon the passage of a resolution by the local governing body granting the
19 petition, the redevelopment corporation shall make 3 copies of surveys or maps of the
20 real property described in the petition, one of which shall be filed in the office of the
21 redevelopment corporation, one in the office of the city attorney of the city, and one
22 in the office in which instruments affecting real property in the county are recorded.
23 The filing of copies of surveys or maps constitutes acceptance by the redevelopment
24 corporation of the terms and conditions contained in the resolution. The city may

5 of the sums and the giving of the security required by the resolution granting the
6 petition.

7 **SECTION 17.** 66.1327 (1) of the statutes is amended to read:

8 66.1327 (1) Sections 66.1301 to 66.1309 and ss. 66.1315 to 66.1329 shall be
9 construed liberally to effectuate the purposes of urban redevelopment, and the
10 enumeration of specific powers in those sections does not operate to restrict the
11 meaning of any general grant of power contained in ss. ~~66.1301 to 66.1329~~ those
12 sections or to exclude other powers comprehended in the general grant.

13 **SECTION 18.** 66.1331 (2) of the statutes is amended to read:

14 66.1331 (2) FINDINGS AND DECLARATION OF NECESSITY. It is found and declared
15 that there have existed and continue to exist in cities within the state, ~~substandard,~~
16 ~~insanitary, deteriorated, slum and~~ blighted areas which constitute a serious and
17 growing menace, injurious and inimical to the public health, safety, morals and
18 welfare of the residents of the state. The existence of these areas contributes
19 substantially and increasingly to the spread of disease and crime (necessitating
20 excessive and disproportionate expenditures of public funds for the preservation of
21 the public health and safety, for crime prevention, correction, prosecution,
22 punishment, and the treatment of juvenile delinquency and for the maintenance of
23 adequate police, fire and accident protection, and other public services and facilities),
24 constitutes an economic and social liability, substantially impairs or arrests the
25 sound growth of cities, and retards the provision of housing accommodations. This

SENATE BILL 83

1 menace is beyond remedy and control solely by regulatory process in the exercise of
2 the police power and cannot be dealt with effectively by the ordinary operations of
3 private enterprise without the aids provided in this section. The acquisition of
4 property for the purpose of eliminating ~~substandard, insanitary, deteriorated, slum~~
5 ~~or blighted conditions or preventing recurrence of these conditions in the area, the~~
6 ~~removal of structures and improvement of sites~~ areas, the disposition of the property
7 for redevelopment incidental to ~~these activities~~ this activity, and any assistance
8 which may be given by cities or any other public bodies, are public uses and purposes
9 for which public money may be expended and the power of eminent domain
10 exercised. The necessity in the public interest for the provisions of this section is
11 declared as a matter of legislative determination.

12 **SECTION 19.** 66.1331 (3) (a) of the statutes is repealed and recreated to read:

13 66.1331 (3) (a) "Blighted area" means an area, including a slum area but

WISCONSIN LEGISLATIVE COUNCIL AMENDMENT MEMO

2011 Senate Bill 83

**Senate
Amendment 1**

Memo published: May 31, 2011

Contact: Anne Sappenfield, Senior Staff Attorney (267-9485)

Senate Bill 83 makes various changes to current law relating to condemnation.

Among other provisions under the bill, in addition to restrictions under current law as to what entities may condemn and under what circumstances they may condemn, the bill provides that property may be acquired by condemnation only for the following public uses:

- The possession, occupation, and ownership of the property by a public agency for the enjoyment of the public agency or the general public.
- The establishment of a public utility.
- The elimination of blighted property.

The bill also modifies the current provision of the condemnation law regarding determining the necessity of a taking. Under current law, the condemnor determines the necessity of the taking in most condemnation proceedings. The necessity of a taking may also be determined by a certificate of public convenience and necessity issued by the Public Service Commission (PSC). In all other cases, a judge must determine the necessity. Current law also provides that a determination of the PSC of the necessity of taking any undeveloped water site is conclusive.

The bill repeals the provision under which the condemnor typically determines the necessity of the taking. Under the bill, if a judge determines the necessity of a taking, it must be established by a preponderance of the evidence. Finally, the bill provides that a determination by the PSC of the necessity of taking an undeveloped water site is conclusive unless the determination is arbitrary or unreasonable.

Senate Amendment 1 provides that property may be acquired by condemnation as a public use by entities, other than governmental entities, that are granted the authority to acquire property by condemnation for specified purposes under current law.

The amendment also deletes the provisions of the bill that modify current law relating to determining the necessity of a taking.

2 4.001 (1); **to repeal and recreate** 4.002, subchapter II of chapter 4 [precedes
3 4.009] and subchapter III of chapter 4 [precedes 4.01]; and **to create** 4.006 and
4 13.92 (1) (b) 3. e. of the statutes; **relating to:** legislative redistricting.

Analysis by the Legislative Reference Bureau

This bill redistricts, according to the number of inhabitants, the legislative districts of this state based on the results of the 2010 federal decennial census of population. The bill maintains the number of assembly districts at 99 and the number of senate districts at 33. All assembly districts created by the bill are composed of whole counties or municipalities or U.S. census tracts or blocks (subunits of tracts) reflecting population and boundaries as of April 1, 2010. In accordance with article IV, section 5, of the state constitution, no assembly district created under the bill is divided in the creation of a senate district.

Current law requires legislative districts to be substantially equal in population. The table below illustrates, for the assembly and senate districts proposed under the bill, the numeric amount and the percentage by which the districts with the smallest and largest populations deviate from the ideal population for the same type of district. The population figures contained in the table are derived from the results of the federal decennial census.

	<u>District</u>	<u>Population</u>	<u>Deviation</u>	<u>Pct. Dev.</u>
Smallest:	Assembly District 1	57,220	-224	-0.39

SENATE BILL 148

Largest:	Assembly District 45	57,658	214	0.37
Smallest:	Senate District 18	171,722	-610	-0.35
Largest:	Senate District 30	172,798	466	0.27

The bill also requires the legislative reference bureau, in enrolling any redistricting plan that has passed both houses of the legislature, to attach an updated appendix that includes all of the following: the population statistics for the legislative districts created under the bill; a statewide map of the legislative districts created under the bill; a map of the legislative districts created under the bill that are in Milwaukee County; and, with certain exceptions, a detail map illustrating the division of any city, village, or town among two or more legislative districts.

For further information, see the appendix printed at the end of this bill. The appendix was prepared by the legislative reference bureau and contains the following information: population statistics for the 33 senate districts and the 99 assembly districts, a statewide map of senate districts, a statewide map of assembly districts (displayed over two pages), a map of Milwaukee County showing the assembly district boundaries in that county, and a map of Dane County showing the assembly district boundaries in that county. The population data contained in the appendix is derived from the federal decennial census.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 4.001 (1) of the statutes is renumbered 4.001 and amended to read:

2011 SENATE BILL 149

July 11, 2011 - Introduced by COMMITTEE ON SENATE ORGANIZATION. Referred to Committee on Judiciary, Utilities, Commerce, and Government Operations.

1 AN ACT *to amend* 3.002 (1m) and 3.004 (2); and *to repeal and recreate* 3.11 to
2 3.18 of the statutes; **relating to:** congressional redistricting.

Analysis by the Legislative Reference Bureau

This bill redistricts, according to the number of inhabitants, the congressional districts of this state based on the results of the 2010 federal decennial census of population. In accordance with that census, the bill maintains the number of congressional districts at eight. All districts created under the bill are composed of whole counties or municipalities or U.S. census tracts or blocks (subunits of tracks) reflecting population and boundaries as of April 1, 2010.

Current law requires congressional districts to be as uniform in population as is practicable. The table below illustrates, for the congressional districts proposed, the numeric amount and the percentage by which the districts with the smallest and largest populations deviate from the ideal population for a congressional district. The population figures contained in the table are derived from the results of the federal decennial census.

	<u>District</u>	<u>Population</u>	<u>Deviation</u>	<u>Pct. Dev.</u>
Smallest:	Cong. Districts 3, 4, 5, 6, 7, and 8	710,873	0	0.00
Largest:	Cong. Districts 1 and 2	710,874	1	0.00

If this bill passes both houses of the legislature, current law requires the legislative reference bureau, when it enrolls the bill for presentation to the governor for approval, to attach an updated appendix that includes all of the following: the

SENATE BILL 149

population statistics for the congressional districts created under the bill; a statewide map of the congressional districts created under the bill; a map of the congressional districts created under the bill that are in Milwaukee County; and, with certain exceptions, a detail map illustrating the division of any city, village, or town among two or more congressional districts.

For further information, see the appendix printed at the end of this bill. The appendix was prepared by the legislative reference bureau and contains the following information: population statistics for the eight congressional districts, a statewide map of congressional districts, and a map of each congressional district. The population data contained in the appendix is derived from the federal decennial census.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

Analysis by the Legislative Reference Bureau

Adjustment of municipal wards to accommodate redistricting plans

The bill requires municipal ward plans, and the aldermanic and supervisory districts upon which they are based, to reflect municipal boundaries on April 1 of the year of each federal decennial census. Currently, ward plans must reflect municipal boundaries on August 1 of the year following the year of the federal decennial census.

SENATE BILL 150

The change applies retroactively to ward plans and aldermanic and supervisory districts created in response to the 2010 federal decennial census.

The bill also amends the laws governing municipal ward division to ensure that if municipal wards do not accommodate a congressional or legislative redistricting act on its date of enactment, the affected municipalities must change their wards so that their ward divisions enable the election of members of congress and members of the legislature under the redistricting act. Currently, the laws only partially accommodate this process.

Local ward division and redistricting timeline

Currently, within 60 days after the decennial population count, by block, becomes available from the U.S. Bureau of the Census, but no later than July 1 of each year following the year of the census, each county board of supervisors must submit to each municipality having territory in the county a tentative supervisory district plan or a description of boundary requirements for such a plan. Within 60 days after the receipt of this information from the county board of each county in which a municipality is located, each municipality having a population of 1,000 or more must adopt or readjust wards in accordance with statutory population parameters. In enacting or adopting its plan, a municipality must make a good faith effort to reflect the county's requirements in enacting a supervisory district plan. Within 60 days after every municipality having territory within a county enacts or adopts a ward division plan, the county must enact a final supervisory district plan combining contiguous whole wards to form supervisory districts.

This bill shortens the maximum time specified for action at each of the above stages of the redistricting process to 45 days, effective beginning with ward divisions and redistricting in response to the 2020 federal decennial census.

Municipal ward plan revisions

Currently, under the state constitution, the legislature is directed to redistrict legislative districts according to the number of inhabitants at its next session following each federal census. At the same intervals, the legislature also reapportions congressional districts in this state pursuant to federal law. Under current state law, following each decennial federal census, most municipalities are also required to divide their territory into wards, and counties and cities are required to redistrict supervisory and aldermanic districts so that the districts contain, as nearly as practicable, an equal number of inhabitants according to the census results. With limited exceptions, wards are required to consist of one or more whole, contiguous census blocks (the smallest geographic units for which census results are available). Counties and municipalities are required to complete this action in three steps, which in no case may conclude later than 180 days after publication of the census results. (Usually, the process begins in April and ends in October of the year following the year of the census.) If counties or municipalities fail to adopt division plans, the courts may do so upon petition by interested parties. Revised county and municipal district plans are used to elect members of county boards of supervisors and common councils in the spring of the second year following the year of the census.

SENATE BILL 150

The legislative and congressional redistricting plans are used to elect members of the legislature and members of congress in the fall of the second year following the year of the census. The legislature may subdivide or adjust the boundaries of a municipal ward and use the revised ward boundaries to create a legislative or congressional district.

This bill amends various laws to facilitate the legislative and congressional redistricting process and directs counties and municipalities to revise their ward and districting plans to reflect any legislative act establishing a legislative or congressional district boundary that does not coincide with a ward or municipal boundary.

The bill also provides that when a municipality is consolidated with another municipality, the governing body of the consolidated municipality must revise its municipal ward plan to the extent required to effect the change. Currently, the statutes do not address this issue.

County supervisory district plans

Currently, within 60 days after publication of the federal decennial census, each county must adopt a tentative county supervisory district plan. Each municipality must adopt a ward division plan, if it is required to do so, within 60 days after the county or counties in which the municipality is located adopt a tentative county supervisory district plan, and each county then must adopt a final supervisory district plan within 60 days after every municipality in the county adopts a ward division plan, if it is required to do so. Currently, the tentative plan must include suggested boundaries or information concerning the number of supervisors to be elected and a description of boundary requirements.

This bill provides that a final county supervisory district plan must not be inconsistent with the tentative plan except to accommodate authorized municipal ward divisions or to reflect an official correction to the census. The bill also applies to amended supervisory district plans in counties other than Milwaukee and Menominee the same standards with respect to contiguity, compactness, numbering, and applicability that apply to amended plans in Milwaukee County. In addition, the bill applies to tentative district plans in Milwaukee County the same standards with respect to contiguity that apply to final district plans in that county.

Incorporation of census corrections

Currently, decennial ward division plans, as well as decennial county supervisory and city aldermanic district plans, are based on the federal decennial census. The statutes do not treat the issue of corrections that the U.S. Bureau of the Census issues. This bill provides that the ward plans and aldermanic district plans shall reflect the census results, including any corrections, for the populations of counties, municipalities, and census blocks on April 1 of the year of the census, if corrections are issued prior to adoption of a decennial ward plan, or if a municipality that is affected by a correction is not divided into wards, prior to adoption of a county supervisory district plan.

SENATE BILL 150***Amended aldermanic district plans***

The bill makes an amended aldermanic district plan that may be adopted in certain cities in response to an intradecade county supervisory district plan subject to the same passage and notice requirements, and district composition requirements, that apply currently to original decennial aldermanic district plans. Under current law, absent members are not included in determining passage requirements and there are no notice and district composition requirements for these amended plans.

Challenges to apportionment of congressional and legislative districts; hearing of appeals

This bill requires the supreme court to assign a three-judge panel to hear any matter that seeks to challenge the apportionment of a congressional or legislative district. Under the bill, the supreme court must choose a judge from each of three circuits and designate one circuit as having venue for purposes of hearings and filing documents.

Under the bill, no party may seek to substitute any of the assigned judges and any appeal of the panel's decisions are to be heard directly by the supreme court.

Minor and technical changes

The bill also makes other minor technical changes in the law to facilitate the ward division and county and municipal redistricting process.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 5.15 (1) (a) 1. and 2. of the statutes are amended to read:
2 5.15 (1) (a) 1. Every city, village, and town in this state shall by ordinance or
3 resolution of its common council or village or town board, respectively, be divided into
4 wards as provided in this section, except as authorized in sub. (2). The boundaries
5 of the wards established under this section, and the number assigned to each ward,
6 are intended to be as permanent as possible, and to this end each ward shall when
7 created contain a population at a convenient point within the applicable population
8 range under sub. (2) (b), with due consideration for the known trends of population
9 increase or decrease within that part of the municipality in which the ward is located.

SENATE BILL 150

1 2. Once established, the boundaries of each ward shall remain unchanged until
2 a further decennial federal census of population indicates that the population of a
3 ward is then above or below the applicable population range, or until the ward
4 boundaries are required to be changed to permit creation of supervisory or
5 aldermanic districts of substantially equal population or to enhance the
6 participation of members of a racial or language minority group in the political
7 process and their ability to elect representatives of their choice, or until otherwise
8 authorized or required under this section.

19 the convenience of the voters residing therein each ward shall, as far as practicable,
20 be kept compact and observe the community of interest of existing neighborhoods
21 and other settlements. All territory within a ward shall be contiguous, except for
22 island territory as defined in sub. (2) (f) 3. Enactment or adoption of a division
23 ordinance or resolution requires the affirmative vote of a majority of the members

2 within the county on April 1 of the year of the census. The populations of supervisory
3 districts under the final plan shall be determined on the basis of the federal decennial
4 census and any official corrections to the census to reflect the correct populations of
