----Original Message----From: Bednar, Dennis Sent: Thursday, September 30, 2010 10:15 AM Subject: FW: 3831 N Willis Place Time is now set 1:45pm in room 301B City Hall 200 E Wells on Oct. 4th Importance: High

Good morning all.

Alderman Bohl has requested that anyone who can attend this meeting to please do so. It concerns the property at 3831 N. Willis Place. As most of you know, the property has been in disarray since the owner bought the property over 10 years ago. The city has been called out numerous times because of building code violations, overgrown foliage, pest control, etc. The owner (Danny Laabs) has not paid his property taxes since 2006, and because of this, the city has essentially taken ownership of the property, but the owner has filed an appeal. That's why Alderman Bohl would like our involvement. If you cannot attend the meeting, he said you can send him an email at jbohl@milwaukee.gov to voice you concerns. I cannot be there, but will give him a statement. I encourage you to do so as well. The owner, even if he does win an appeal and pay all of his outstanding taxes and penalties, will start the cycle over again and we will have to put up with this for another five years or more. I know that I, as well as others, have offered assistance to Mr. Laabs and have been turned down. He continually fights the city when told to keep up maintenance on his property. When he does trim, he leaves everything where it falls. You can't walk past his house because of overgrown bushes. You can see pedestrians when exiting the alley. I have seen mice, raccoons, possums, and wild cats come out from his property. He has put his neighbor's property in jeopardy by removing enormous trees on his own, with literally half of a tree come crashing down on his own house. He was illegally parking vehicles and other equipment on his front lawn. I have witnessed what I believe to be improperly stored propane tanks in his garage. The list goes on. I do not want to displace anyone from their home, but it is quite obvious he does not have the comprehension or ability to maintain a home on his own, and he does not have the ability to pay the city do so either. Please send Alderman Bohl an email telling him your feeling on this property before Monday-October 4th.

Thank you.

re: 3831 N. Willis Place.

I have lived next door to the 3831 Willis property for 47 years. From 1963 until 1999 the people that owed 3831 Willis took good care of the home;

they had a beautiful yard, well kept house and were friendly and courteous neighbors. When the previous owner died the home was purchased by Danny Laabs, the present owner, and everything went downhill. The yard has become an overgrown jungle of brush and weeds. Only with a call to the alderman does the grass get cut, the city has to be called for EVERYTHING. Hedges hung so far over the sidewalk that you couldn't use the sidewalk until the city forced Danny to trim the the hedges back; junk cluttered the yard until the city forced a clean up; cars sat idle in the street not moving until the city was called; the junker cars were then illegally parked between the garages. Again the city stepped in. A malfunctioning downspout created huge, dangerous rut in lawn; once again the city had to force the repair. Presently Danny's gutters are hanging off the house and water runs off the roof and pounds the ground between our homes.

I must keep DeCon in my garage at all times as I try to keep the mice out. I buy weed killer at least once a month to spray his weeds that continuously

creep into my yard. All I need to do is tell people I live next to the jungle.....they know where I live.

Friends and relatives come to visit and can't believe what that place looks like and that the city would allow such a mess.

His garage is stuffed to the point that he cannot walk through it....what can the inside of his house be like? There is never anything in his garbage cans...where is his garbage? He was digging around a large tree and chopping at the roots. I phoned the alderman for fear that tree might come down over the wires. The city again had to be notified.

My home value has plummeted, who would want to buy next door to the monstrosity of

bushes, weeds, and disarray? I have faithfully paid my property taxes on time and kept my yard in an orderly fashion. Please do not allow the mess next door to continue. Karen Valente 9311 West Elmore Ave. Milwaukee, WI 53222

Re: Resolution Relating to the Claim of Peter and Gladys Katzfey C.I. File No. 10-L-38

Dear Council Members:

We return the enclosed document which has been filed with the City Clerk and ask that it be introduced and referred to the Committee on Judiciary & Legislation with the following recommendation.

Claimants, Peter and Gladys Katzfey, 4470 South Austin Street, Milwaukee, WI 53207, allege that on May 13, 2010 the roots of a City tree damaged the City's stub connection to its main sewer and caused sewage to back-up into their basement. They claim damages in the amount of \$7,890.18.

Our investigation reveals that the Infrastructure Services Division records indicate that on May 13, 2010, Sewer Maintenance responded to a call about a backwater at 4470 South Austin Street. They found the City main sewer to be in proper working order. The sewer had previously been cleaned on November 8, 2006. The claimants' lateral was found to have roots coming in at the pipe joints and a root ball. The maintenance of laterals is the responsibility of the property owner under City Charter Ordinance 12.15. The sewer investigator advised the owner to contact a plumber.

On May 14, 2010, Sewer Maintenance was contacted by the owner after he had Gene Wagner Plumbing televise the lateral and find a hole in the City's main sewer. Sewer Maintenance immediately televised and cleaned the 8-inch sanitary sewer. They observed a hole in the City's 6-inch stub protruding from the sewer, but no restriction in water flow. The roots in the lateral had blocked their view of this hole in their previous inspection and had also caused this hole. The hole was scheduled to be repaired on May 18, 2010.

To the Honorable Common Council Of the City of Milwaukee September 16, 2010 Page 2

Sewer Maintenance arrived that day and found that the plumber had excavated and worked on the connection. The plumber indicated that when they pushed their camera into the lateral that day, before Sewer Maintenance arrived to see what was still clogging the line, they pushed a huge clump of roots, inside the lateral, into the main sewer. Their camera was stuck and they had to excavate to retrieve it. The Sewer Maintenance crew leader stated that the lateral and connection were further damaged by the plumber when the camera was pulled back into the lateral to retrieve it from the sewer. The Sewer Maintenance crew then repaired the hole in the City's 6-inch stub and reconnected it after removing the roots. The excavation was then backfilled and temporarily asphalted by the crew. There was no other damage to the City's main sewer. It was flowing and in good condition.

The Forestry Division indicates that, after receipt of this claim, they reviewed their records for the last 5 years and found no notice of any problems regarding the tree and sewer lateral at 4470 South Austin Street. They also note that tree roots enter sewers only when the sewer has been previously damaged by other factors such as soil compaction or aging which results in failure of the grout or cracking of the tiles.

There is no evidence that the City was negligent in this matter. As such, the City would not be liable. Therefore, we recommend that this claim be denied.

Very truly yours,

GRANT F. LANGLEY City Attorney

Dear Mr. Langley: RE: Sewer Back-up on May 13, 2010 at 4470 S. Austin Street, My Residence

On the morning of May 13, we discovered a total of three inches of water from the sewer back-up in the basement. We called Mr. Rooter Plumbing to come out and clear the drain that morning. Their service technician jetted out the drain to the street and used a camera to see the broken main.

On Monday, May 17, excavation was done to expose the sewer connection and where it was broken. It was then determined that it was a City of Milwaukee job and Mr. Rooter Plumbing was pulled off the job.

We are asking that the City of Milwaukee reimburse us for the total cost of this sewer repair. Enclosed with this letter is a copy of the invoice for the amount of \$7,262.43.

If there is any other information needed, please do not hesitate to call at (414) 744-9274.

Re: Resolution Relating to the Claim of Curtis Massey C.I. File No. 10-S-207

Dear Council Members:

We return the enclosed document which has been filed with the City Clerk and ask that it be introduced and referred to the Committee on Judiciary & Legislation with the following recommendation.

Claimant, Curtis Massey, 2210 Salem Boulevard, Zion, IL 60099, alleges that on/about July 8, 2010 a City tree caused damage to his property located at 1639-1641 North 33rd Street, Milwaukee, WI. He seeks damages in the amount of \$7,200.00.

Our investigation reveals that the Forestry Section (FS) was notified of a down and broken branch from a City tree at this location and date. The FS responded to numerous requests such as this due to the weather conditions. The FS removed the branch off the home, front yard and public sidewalk. The branch was alive and showed some minor decay which was not visible from the outside. The records also showed the trees in the area were pruned in March, 2008 pursuant to the cyclical pruning of all City trees. It was also noted, the FS had received no other complaints or service requests regarding this tree for the preceding five years. The FS followed its standard procedures and the loss occurred during stormy/windy conditions, as such, we recommend denial of this claim.

Very truly yours,

GRANT F. LANGLEY City Attorney

RE: Our File No.: 10-V-75 Your Insured: Tyrone Dorty, II Your Claim No.: 00-651-492974-1230

Dear Mr. Carnell:

We have received your claim in the amount of \$7,509.03 relating to your interest and those of your insured arising from a January 1, 2010 incident in which your insured struck a City of Milwaukee end loader at North Broadway and East Wells Street.

Our investigation reveals that the Department of Public Works was engaged in a snow removal operation when this incident occurred. The accident report notes the City personnel on scene noted your insured was travelling at a high rate of speed and struck the end loader. Our office also spoke with the driver of the front-end loader, he noted the vehicle had all of its warning devices and lights activated. The City dump truck employed in this operation had its warning devices and lights on as well. Since the primary liability rests with your insured for this accident, the City cannot accept liability and we are denying your claim.

#### Thank you for your recent correspondence.

I want to clarify my intent in filing a claim with the City of Milwaukee. I concede that our policyholder, Tyrone Dorty IV, had the majority of negligence in this accident. I am seeking contribution from the City of Milwaukee for the injuries sustained to one of the passengers of Mr. Dorty's vehicle, Shelton Gillie.

Although snow removal is an essential service performed by the City of Milwaukee Public Works, there is also a responsibility by the employees to remove the snow in a safe manner. The end loader was operating diagonally across the north-bound portion of the street and behind the dump truck. Due to the proximity to the intersection, this maneuver created a blind spot for our policyholder's turning vehicle.

I am seeking contribution in the amount of 20% for the injuries sustained to Mr. Gillie. We have settled this injury claim and this settlement has released the City of Milwaukee. Please advise whether you agree to this contribution request.

Thank you for your attention to this matter. When sending correspondence, please include 'Attn: Subrogation Dept'.

Respectfully,

Thein Camel

Re: Resolution Relating to the Claim of Babette Bell Through Attorney John McNally C.I. File No. 10-L-80

Dear Council Members:

We return the enclosed document which has been filed with the City Clerk and ask that it be introduced and referred to the Committee on Judiciary & Legislation with the following recommendation.

Claimant, Babette Bell, 5700 North 74th Street, Milwaukee, WI 53218, by her attorney, John McNally, 633 West Wisconsin Avenue, Suite 2000, Milwaukee, WI 53203, allege Ms. Bell suffered injuries on May 8, 2010 along West State Street near the jail complex. Ms. Bell allegedly tripped and fell in an open space meant for a tree. They claim damages in the amount of \$20,000.00.

Our investigation reveals that this area includes tree box-out planting spaces along the 900 block of West State Street. The planters are under the maintenance of Milwaukee County. Since the City was not involved in this incident, we recommend denial of this claim.

Very truly yours,

GRANT F. LANGLEY City Attorney

#### Introduction

The City of Milwaukee Outstanding Debt Task Force was created in April 2005, by Common Council File Number 041446, to evaluate and make recommendations related to the collection of delinquent taxes, forfeitures, judgments and fees owed to the City. The Task Force submitted its final report and recommendations, contained in File 051098, to the Common Council in December 2005.

The report included a recommendation that the Comptroller's Office provide reports annually analyzing delinquent outstanding debt. This recommendation resulted in the adoption of ordinance 304-1-5, which requires the City Comptroller to submit a written annual report to the Common Council analyzing outstanding delinquent debt.

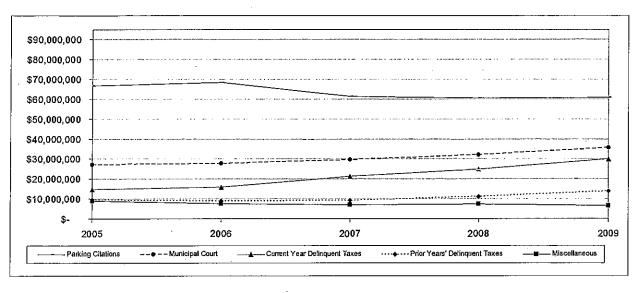

The Comptroller's 2010 Report on Outstanding Receivables as of December 31, 2009, is being issued as required by Ordinance 304-1-5. The report provides summary information on City outstanding receivables including Delinquent Taxes; Parking Fund Citations; Municipal Court Judgments; and Miscellaneous Accounts Receivable.

1

#### Outstanding Receivables as of December 31, 2009

Outstanding receivables for the City of Milwaukee as of December 31, 2009, total approximately \$146.4 million. The largest category of outstanding receivables is Parking Citations at 42%, followed by Delinquent Taxes totaling 30%. Of the Delinquent Taxes total, 20% is related to current year Delinquent Taxes (2008 taxes for 2009 purposes) and 10% to prior years' Delinquent Taxes (2007 taxes and prior). Municipal Court outstanding judgments make up 24% of total outstanding receivables. Miscellaneous Accounts Receivable is the smallest category totaling 4%.

The chart and table above show outstanding receivables by category from 2005 through 2009. Current year delinquent tax receivables have increased at the greatest rate over time, going from \$14.7 million in 2005 to \$29.9 million in 2009. Prior years' delinquent taxes have also increased over time, but at a slower rate, going from \$9.5 million in 2005 to \$13.9 million in 2009. Outstanding Municipal Court judgments including fees, fines and forfeitures increased from \$27 million in 2005 to \$35.5 million in 2009.

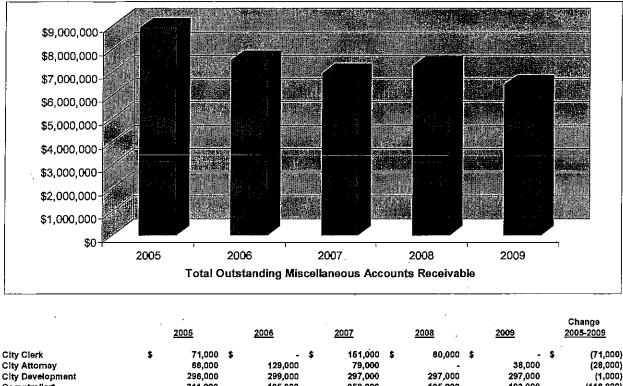

Miscellaneous accounts receivable, which include various billings by general city departments, have decreased from \$8.9 million in 2005 to \$6.4 million in 2009. Parking citation outstanding receivables decreased from \$66.6 million in 2005 to \$60.7 million in 2009.

The Parking Fund writes off delinquencies that are six years old or older, due to the statute of limitations rendering these uncollectible. Miscellaneous accounts receivable and tax delinquencies of \$5,000 may be cancelled or adjusted through Common Council action. An interdepartmental process is followed for delinquencies less than \$5,000. Municipal Court judgments are settled either through cash fines, jail time or community service. Judgments that are at least seven years old, and meet City Attorney criteria, may be written off pursuant to Common Council resolution authorizing such write-offs.

#### **Parking Fund Receivables Aging**

The chart above shows the aging of parking citation outstanding receivables from 2005 through 2009. More than half of the current outstanding balance for parking citation receivables is considered uncollectible due to lack of registered owner information, citations issued to out of state vehicles, and the age of outstanding citations.

*Totals differ from 2009 report due to exclusion of Worker's Compensation billings to MPS and Comptroller's billings to ERS.

The above chart and table show the change in outstanding miscellaneous accounts receivable by year for various city departments. In total, the year end balance for outstanding miscellaneous receivables decreased by approximately \$2.5 million, or 27.8%, from 2005 to 2009.

Outstanding miscellaneous receivable balances decreased for most city departments between 2005 and 2009. The largest decrease between 2005 and 2009 was in the Department of Public Works. The Health and Fire Departments also had significant decreases from 2005 to 2009. These decreases were due to substantial write offs of uncollectible invoices. The miscellaneous accounts receivable balance for the Port and the Department of Employee Relations increased overall from 2005 to 2009. These increases were mainly due to invoices issued late in 2009, with associated payments not received until the following year.
