#### Title

Resolution to authorize settlement of benefit and interest claims made by Philip Sliwinski in *Sliwinski* v. City of Milwaukee.

#### **Analysis**

This resolution authorizes settlement of benefit and interest claims made by Philip Sliwinski in *Sliwinski v. City of* Milwaukee, Case No. 07-CV-004479 in the amount of \$54,431.86 which represents payments for health and dental benefits and interest on unpaid back pay and the benefit payments from the time that Sliwinski was deemed by the Wisconsin Court of Appeals to have been improperly discharged until the time that Sliwinski was returned to the payroll pursuant to an order of the Circuit Court for Milwaukee County.

#### **Body**

Whereas, Philip Sliwinski filed an action seeking pay and benefits for that period of time from the date of his discharge from the Milwaukee Police Department until the date of a court-ordered rehearing of his discharge before the Fire and Police Commission; and

Whereas, The Circuit Court for Milwaukee County issued orders effectively requiring that Philip Sliwinski be returned to the Milwaukee Police Department payroll for the period of time between his first and second hearings before the Fire and Police Commission of the City of Milwaukee and that he be reimbursed for health and dental coverage he was required to purchase for the time in question and that he be paid interest on the amounts due to him until such time as he received the court-ordered pay and benefit reimbursements; and

Whereas, The Milwaukee Police Department has returned Philip Sliwinski to the payroll for the period of time in question and on July 9, 2009 paid him the back pay due to him; and

Whereas, The City of Milwaukee pursuant to the orders of the courts continues to owe Philip Sliwinski the reimbursement for the health and dental benefits he purchased as well as interest on the amounts due until paid; and

Whereas, The City Attorney recommends and the Common Council of the City of Milwaukee deems it is expeditious and just to settle this lawsuit; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the proper City officers be and hereby are authorized and directed to issue a City check in the amount of \$54,431.86, payable to Philip T. Sliwinski and the Trust Account of Cermele & Associates, S.C. which represents costs of the benefits purchased as well as the interest owed, upon receipt of a release of claims, approved as to form and execution by the City Attorney, and that these funds shall be charged to the Damages and Claims Fund, Account No. 0001 1490 S118 006300.

Honorable Common Council Of the City of Milwaukee City Hall—Room 205

Proposed Settlement of Milwaukee Police Association, et al. v. Re:

City of Milwaukee

Case No. 07-CV-004479;

Dear Council Members:

Enclosed please find a proposed resolution. We ask that it be introduced and referred to the Committee on Judiciary and Legislation with the following recommendation.

Philip Sliwinski has been employed as a detective in the Milwaukee Police Department. In November 2002, he was discharged from the Milwaukee Police Department. He appealed his discharge and in March 2004, the Milwaukee Fire and Police Commission heard his appeal. It upheld his discharge. He then sought review in the courts. In January 2006, the Wisconsin Court of Appeals concluded that the Commission had improperly excluded certain evidence from the hearing and ordered a new hearing.

Since that time, and while awaiting a rehearing, Sliwinski filed the above-noted lawsuit seeking an order that the City return him to the payroll and restore his benefits until the time that the rehearing takes place. On September 11, 2007, the Milwaukee County Circuit Court initially denied the request for such an order. Upon appeal, however, the Wisconsin Court of Appeals on June 17, 2008 reversed and ordered pay and benefits for Sliwinski. Upon remand, the circuit court on September 18, 2008 first ordered Slwinski to be provided his pay and benefits going forward and he was actually returned to the payroll on September 12, 2008. On June 15, 2009, the circuit court entered a further order requiring the city to pay Sliwinski his pay and benefits for the period of time from March 18, 2004 to September 12, 2008. In the meantime, fire and police commission conducted the rehearing and on April 22, 2009, reversed the decision to discharge Sliwinski altogether.

In compliance with the circuit court order of June 15, the police department has issued a payroll check to Sliwinski for his pay from March 2004 until September 2008. Pursuant to this order, however, the city must still pay Sliwinski the amounts he paid for health and dental insurance during that time period as well as interest at the statutorily-prescribed rates. The total of these amounts is \$54,431.86.

Because settlement of this matter is deemed expeditious to the City of Milwaukee, we recommend payment of this proposed settlement amount and have enclosed an appropriate resolution for your convenience.

Very truly yours,

GRANT F. LANGLEY City Attorney

#### Dear Council Members:

Returned herewith is a document filed by Attorney Michael J. Steinle for attorney's fees for representing Police Officer Shawn Humitz. The claim is in the amount of \$50,950.00, including \$14,725.00 in private investigator expenses. The claim for legal fees is for 120.75 hours of service billed at the rate of \$300.00 per hour. We ask that this matter be introduced and referred to the Committee on Judiciary & Legislation.

We have reviewed this claim and advise that in our opinion, the time spent was reasonable. Legal representation was occasioned by a criminal prosecution. Officer Humitz was found not guilty at the conclusion of the trial.

This claim represents the first opportunity for the Common Council to consider such a request under the amended Wis. Stats. §895.35(2). The pertinent language in that statute is the following: "the city...shall reimburse a protective services officer for reasonable attorney fees incurred by the officer in connection with a criminal proceeding arising from the officer's conduct in the performance of official duties..." except for certain circumstances that do not apply here. (Emphasis supplied). The amended statute thus removes discretion from the City over whether to pay such claims arising from certain criminal proceedings, but does not specify what are to be deemed "reasonable" attorneys fees.

We have been able to obtain the agreement between Attorney Steinle and Officer Humitz regarding this matter. The agreement indicates that Humitz was required to pay no more than \$20,000 in fees to Steinle (an initial retainer fee of \$5,000 and a final fee of no more than \$15,000). That, of course, is considerably less than the \$36,225.00 attorneys' fee bill that Steinle presented to the city, even though the agreement refers to an hourly fee of

To the Honorable Common Council of the City of Milwaukee September 10, 2009 Page 2

at least \$350.00. The agreement, however, makes clear that costs and services (including, presumably, investigator fees) are separate and, therefore, additional items.

As to the proper definition of "reasonable" attorney fees, such a requirement has been interpreted by the Wisconsin Supreme Court in the past in a comparable context. *Village of Shorewood v. Steinberg*, 174 Wis. 2d 191, 204-5, 496 N.W.2d 57 (1993). In doing so, it referred to one of its rules, SCR 20:1.5, relating to fees that attorneys may charge. The factors prescribed by that rule include: 1) time and labor required, 2) novelty and difficulty of the questions involved; 3) skill required to perform services; 4) apparent likelihood that lawyer will be precluded from other work; 5) the fee customarily charged; 6) amount involved and results obtained; 7) limitations imposed by client or circumstances; 8) nature and length of the relationship; 9) experience and ability of the lawyer; and, 10) whether the fee is fixed or contingent. Given what we know of this situation, none of these factors are of much help but one. The fee was fixed at no more than \$20,000.

Under all the circumstances, therefore, we would recommend that the City pay \$20,000 for attorneys' fees in this matter. As for the investigator's bill, the statute by its language does not apparently require payment and such a payment thus remains subject to your discretion. In the past, however, when such bills for attorneys' fees have been the subject of city discretion, the city has paid for investigators bills, although it has not paid for meal expenses, which total \$30.00 in the investigator's bill here.

Very truly yours,

GRANT FILL ANGLEY

Re:

State of Wisconsin v. Shawn Humitz

Case No.: 07-CM-1593

Dear Mr. Leonardt.

This claim is being submitted under §895.35(2), STATS., which provides that:

Notwithstanding sub (1), the County...shall reimburse a protective services officers for reasonable attorney fees incurred by the officer in connection with a criminal proceeding arising from the officer's conduct in the performance of official duties, unless, in relation to that conduct any of the following applies:

- a. The officer is convicted of a crime;
- b. The officer's employment is terminated for cause;
- c. The officer resigned for reasons other than retirement before the attorney's fees are incurred:
- d. the officer is demoted or reduced in rank
- e. The officer is suspended without pay for 10 or more working days.

Officer Humitz is considered a "protective services officer" under the statute. He has incurred the fees compiled in this claim as a direct result of his being prosecuted for a actions taken within his official capacity, and in the performance of his duties, in connection with the use of force as a police officer. Moreover, none of the "exceptions" apply.

The incident resulted in the District Attorney initiating two criminal charges of battery against Officer Humitz for an incident on December 10, 2006. The State criminal

Mr. Ronald Leonardt June 18, 2008 Page 2

proceeding qualifies as a "proceeding" which mandates payment under §895.35(2), STATS.

Criminal charges were filed against Mr. Humitz on March 13, 2007 and he was found not guilty by a jury trial on December 17, 2007.

Officer Humitz was not convicted of a crime, terminated for cause, resigned prior to incurring the fees associated with this claim, or demoted or suspended without pay for more than ten days.

Please submit this claim to the appropriate committee of the City and for review in its entirety.

If you need any further documentation for this claim, please let me know.

Sincerely,

MICHAEL J. STEINLE

### Title

Resolution to cancel real estate taxes levied against a certain parcel identified by Tax Key No. 498-1721-000-6, 2650-2700 S. Chase Avenue, (Klement Company), on the 2008 manufacturing tax roll, plus interest applicable to date of repayment, if appropriate.

### **Analysis**

This resolution requires the cancellation of taxes because of a decrease in assessment as made by the Wisconsin Tax Appeals Commission of the Wisconsin Department of Revenue, the issuance of checks to the City Treasurer or taxpayer as applicable, and the proper reductions of State Tax Credits by journal entries.

### **Body**

Whereas, An assessment in the amount of \$5,269,200 (Land: \$506,800 - Improvements: \$4,762,400) was made against the real estate property know as Tax Key Number 498-1721-000-6, for the year 2008; and

Whereas, The Wisconsin Tax Appeals Commission of the Wisconsin Department of Revenue has decreased this assessment to \$4,284,500 (Land: \$506,800 - Improvements: \$3,777,700), for a reduction of \$984,700; now, therefore, be it

Resolved, by the Common Council of the City of Milwaukee, that the proper city officers are authorized and directed to issue a city check in the amount of \$23,664.62 payable to the City Treasurer or taxpayer as applicable, to be refunded to the taxpayer where appropriate, plus interest at the rate applicable pursuant to Section 70.511(2)(b) of Wisconsin Statutes, for an appeal that was filed August 21, 2008, from date of payment to date of repayment, said amount to be charged to the 2009 Remission of Taxes Fund, 0001 Org 9990 Program 0001 Sub-class S163 Account 006300 and said check to be delivered to the Customer Services Unit of the Treasurer's Office for disbursement; and, be it

Further Resolved that the proper city officers are authorized and directed to reflect the reduction in State Tax Credits as follows:

Section 79.10 (2) \$1,548.92 (City: \$1,201.29 County: \$347.63)

by means of journal entries, charging the 2009 Remission of Taxes Fund, 0001 Org 9990 Program 0001 Sub-class S163 Account 006300, and crediting the State Tax Credit Fund; and, be it

Further Resolved, That delinquent interest and penalties on this account is hereby canceled.

Body

Whereas, The property located at 1836 W. Resolved, By the Common Council of the City of Milwaukee, that in order to return the property at 1836 W. Fond du Lac Ave., a cashier's check must be submitted in the amount indicated by the City Treasurer within forty-five (45) calendar days of the adoption of this resolution; and, be it

Further Resolved, That the City Attorney is then authorized to enter into a stipulation with the former owner to reopen and vacate the City's judgment in Milwaukee County Circuit Court Case No. 09CV005281 known as the 2009-01 In Rem Parcel 520, securing the court's order and recording said order with the Milwaukee County Register of Deeds; and, be it

Further Resolved, That if the above delinquenttaxes, interest, and penalties are not paid within forty-five (45) calendar days of the adoption of this resolution, this process becomes null and void.

Dear Alderman Hamilton:

The owner of the above-referenced property has applied for a Vacation of In Rem Judgment. There are no pending charges. However, DNS has determined that this property is a candidate for condemnation action. Because the property is now City-owned, DNS cannot take further action unless requested by DCD Real Estate. If the property is returned to the former owner, DNS will then continue with the condemnation process. The owner should contact the district inspector, Michael Hammerman, at 286-8002 for further information.

Sincerely,

Lynne Steffen

The property is located in the Northwest Side Plan area. If the redemption request is not approved, the Department would recommend demolition due to extensive fire damage.

This residential structure is vacant and no rent has been collected. Administrative costs incurred by our Department total \$1,160.00.

If you have any questions, feel free to contact Ms. Karen Taylor at Extension 5738.

Dear Ms. Elmer:

Re: File Number 090580

1680 South Pearl Street

The Department of City Development reports that the tax foreclosed property located at 1680 South Pearl Street, Tax Key No. 460-1536-000-3, is not suitable for use by a public agency or community based organization. Also, said property is not located in an existing or planned project area. If the redemption request is not approved, the Department would market the vacant house for homeownership.

This residential structure is vacant. Administrative costs incurred by our Department total \$450.00.

If you have any questions, feel free to contact Ms. Karen Taylor at Extension 5738.

Sincerely,

Elaine M. Miller Manager, Real Estate Services

THE CHAIR

Title

Substitute resolution authorizing the return of real estate located at 2931-2933 N. 2nd St., in the 6th Aldermanic District to its former owner. (Dennis Miskowski)

**Analysis** 

Permits return of property owned by the City under conditions imposed by s. 304-50, Milw. Code of Ordinances

Body

Whereas, The property located at 2931-2933 N. 2nd St., previously owned by Dennis Miskowski, has delinquenttaxes for 2006-2008 and was foreclosed upon pursuant to Sec. 75.521, Wis. Stats., and a fee simple absolute was obtained in favor of the City of Milwaukee dated July 20, 2009; and

Whereas, Dennis Miskowski would like to reclaim said property by paying all City and County real estate taxes, plus accrued interest and penalties to date of payment, and all costs as sustained by the City in the foreclosing and management of said property since July 20, 2009; and

Whereas, Dennis Miskowski has agreed to pay all related city charges up until the point that the property is returned, as well as all charges and conditions which are detailed in the letters submitted by the Department of Neighborhood Services, Department of City Development, the Health Department and the Treasurer's Office, as though set forth in this resolution; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that in order to return the property at 2931-2933 N. 2nd St., a cashier's check must be submitted in the amount indicated by the City Treasurer within forty-five (45) calendar days of the adoption of this resolution; and, be it

Further Resolved, That the City Attorney is then authorized to enter into a stipulation with the former owner to reopen and vacate the City's judgment in Milwaukee County Circuit Court Case No. 09CV005281 known as the 2009-01 In Rem Parcel 385, securing the court's order and recording said order with the Milwaukee County Register of Deeds; and, be it

Further Resolved, That if the above delinquenttaxes, interest, and penalties are not paid within forty-five (45) calendar days of the adoption of this resolution, this process becomes null and void.

Body

Whereas, The property located at 5205D S. 13th St., previouslyowned by Todd Brunner, has delinquenttaxes for 2006-2008 and bond MF 000701 and was foreclosed upon pursuant to Sec. 75.521, Wis. Stats., and a fee simple absolute was obtained in favor of the City of Milwaukee dated July 20, 2009; and

Whereas, Todd Brunner would like to reclaim said property by paying all City and County real estate taxes, plus accrued interest and penalties to date of payment, and all costs as sustained by the City in the foreclosing and management of said property since July 20, 2009; and

Resolved, By the Common Council of the City of Milwaukee, that in order to return the property at 5205D S. 13th St., a cashier's check must be submitted in the amount indicated by the City Treasurer within forty-five (45) calendar days of the adoption of this resolution; and, be it

Further Resolved, That the City Attorney is then authorized to enter into a stipulation with the former owner to reopen and vacate the City's judgment in Milwaukee County Circuit Court Case No. 09CV005281 known as the 2009-01 In Rem Parcel 711, securing the court's order and recording said order with the Milwaukee County Register of Deeds; and, be it

Further Resolved, That if the above delinquenttaxes, interest, and penalties are not paid within forty-five (45) calendar days of the adoption of this resolution, this process becomes null and void.

I do not have anything for any of these addresses nor any of the other ones that you have sent in the past. In the future I will send you an e-mail back letting you know if the lead program has any outstanding items for each address. That way you will have something to add to your file. Thanks and keep up the enthusiasm for these. Such a refreshing perspective (he he he..)

& Adolescent Medicine C.I. File No. 09-L-38

Dear Council Members:

We return the enclosed document which has been filed with the City Clerk and ask that it be introduced and referred to the Committee on Judiciary & Legislation with the following recommendation.

Claimant, Southeastern Pediatric & Adolescent Medicine, 8532 West Capitol Drive, Milwaukee, WI 53222 alleges that on January 23, 2009 a City equipment failure caused a WE Energies breaker to activate which allowed electricity to back up and damage the claimant's property. They claim damages in the amount of \$5,484.85.

Our investigation reveals that the Infrastructure Services Division records indicate that on January 23, 1009 a City breaker in the substation located at 8723 West Capitol Drive shorted out and caused a WE Energies breaker to activate. Prior to this, there were no complaints and the City had no notice of any problems with the breaker. After a City crew repaired the City breaker, all services affected were restored by WE Energies. Their electrical grid is set up to protect their clients from electricity back feeding into any power lines. The WE Energies breaker should have protected their clients. There is no

#### **Dear Mr Leonhardt**

On January 23, 2009, there was a power outage at 10:30pm. Due to this power outage, on the morning of January 26, 2009 we found that our computers were not operating. I called WE Energies regarding our losses and was told that a breaker operated due to City of Milwaukee equipment failure. Our computers were recovered after several hours by our computer specialist. However at the time of the outage, it had also caused our Time Clock program and time clock to burn out. This system serves our office at 8532 W Capitol where the outage took place, and our three other locations. We were unable to have our employees punch in and punch out. This in turn meant that we had to have our employees (36) keep track of their time on paper. It took till March  $4^{th}$  s to purchase a new system and installation .

We are filing a claim for our loss of the Time Clock. I have a copy of letter from WE Electric stating this was the fault of the City of Milwaukee. I am also submitting a bill from Integrated Time for the purchase of new equipment and program and a bill from Munger Technical Services to install cabling and whatever was necessary to use the program that was purchased.

Please contact me at 414-967-4885 regarding any additional information questions you may have

RE:

Hall Chevrolet Co., Inc.

C.I. File No.: 09-S-186

Dear Sir or Madam:

We have received your claim in the amount of \$4,279.87, relating to the sale of a vehicle, allegedly without notice to you as a lien holder, by the City of Milwaukee Tow Lot.

Our investigation reveals that the vehicle was towed on July 18, 2008 for safekeeping after it was involved in an accident. The tow lot followed applicable regulations for the notice of the tow and disposition, sending proper notices to the VIN owner and lien holder. As such, a certified notice was also sent to your address and it was received and signed for by Kelly Gayle. There were no attempts made by anyone to retrieve the vehicle. The vehicle was later sold. The City followed proper procedure under Wisconsin Statute § 341.65 (2)(g), which is the relevant section. As such, the City would not be liable. Therefore, we are denying your claim.

If you wish to appeal this decision, you may do so by sending a letter within 21 days of the receipt of this letter to the Milwaukee City Clerk, 200 East Wells Street, Room 205, Milwaukee, Wisconsin 53202, requesting a hearing.

Very truly yours,

Atty. Langley,

We are appealing your letter of June 30, 2009 regarding C.I. File No. 09-S-186 based on Wisconsin Statute 779, specifically subsection 779.415(2). I would expect the City of Milwaukee is to be held to the same standard of law that we as ordinary citizens are held. While I understand your reference to statute 341.65(2)(g), which may be the relevant section for disposal, however, that doesn't relieve you of the required disbursement of funds gained from such action to the legal parties entitled to those funds based on state statute 779.415. The senior lienholder being Hall Chevrolet is to be paid after all fees are paid from the proceeds.

I ask you to review that section of statute, determine what your fees for towing and storage were, inform us of those fees, and remit the balance to us immediately. If  $\Box$ necessary, I am requesting a hearing as well. I ask for your response within 21 days from the date of this letter.

The events leading up to this problem are as follows:

Hall Chevrolet was the perfected security lienholder of a vehicle owned by Tramosia Phillips as clearly demonstrated on the registration information for the said vehicle. The vehicle in question is a 2005-Chevrolet-Malibu, Vehicle-ID#-1G1ZT54835F156462. Ms. Phillips allowed her vehicle to be towed to your city lot as the result of some mishap on July 18, 2008. After attempts to notify how she could retrieve her car, she did not respond. The vehicle in question was disposed of by the city on September 4, 2008. Monies for the vehicle were received by the city in the amount of \$4,279.87. We, as secured lienholder, were not notified of the sale nor were forwarded any of the proceed after your tow and storage fees.

Please call me if you have any questions:

Hall Chevrolet was the perfected security lienholder of a vehicle owned by Tramosia Phillips as clearly demonstrated on the registration information for the said vehicle. The vehicle in question is a 2005 Chevrolet Malibu, Vehicle ID# 1G1ZT54835F156462. Ms. Phillips allowed her vehicle to be towed to your city lot as the result of some mishap on July 18, 2008. C.I. File No. 09-V-120

Dear Mr. Zanger:

This office is in receipt of your claim in the amount of \$6,581.69, relating to damage sustained to your vehicle on May 4, 2009 when it was struck by a City of Milwaukee truck at North 60<sup>th</sup> Street and West Chambers Street.

Pursuant to the June 25, 2009 conversation you had with our office, your car was determined to be a total loss. The City of Milwaukee is prepared to offer you \$2,200.00, the actual cash value of the car. As such, the City of Milwaukee proposes to settle this claim for \$2,200.00.

If you wish to appeal this decision, you may do so by sending a letter within 21 days of receipt of this letter to the Milwaukee City Clerk, 200 East Wells Street, Room 205, Milwaukee, Wisconsin 53202, requesting a hearing.

Milwaukee City Clerk ATT: Appeal of Claim Decision 200 East Wells Street, Room 205 Milwaukee, WI 53202-3567

VIA CERTIFIED MAIL RETURN RECEIPT REQUESTED

RE:

John A. Zanger,

C.I. File No. 09-V-120,

Appeal of July 7, 2009 Decision

Dear City Clerk:

The purpose of this letter is to appeal the decision on my claim, which was made in the cletter of July 7, 2009; a copy of which is attached and request a hearing.

Why would I accept \$2,200 for a car I paid \$5,995 for 17 days prior to the accident and puten additional money for tires and rims. The factual basis for my appeal is as follows:

- #1. The best determination of the actual cash value of the car is \$5,995. This is establish by the enclosed "Motor Vehicle Purchase Contract" dated April 17, 2009. While I understand there are referenced resources that state what the value of a car is, these are based on average or approximate values. The best determination of a car's value would have been an appraisal the day before the accident. When this is not available you have to look at other indicators, such as an arm's length purchase 17 days prior to the accident.
- #2. As you can also see from the "Motor Vehicle Purchase Contract", the 1994 vehicle had only 52,233 miles on the odometer or an average of 3,482.2 miles per year.
- #3. The accident also damaged one of the new tires I put on the car.
- #4. The pictures enclosed with the original claim show the car was in excellent shape.
- #5. Further, if the investigating adjuster would have come out to see the car as I offered, rather than relying on a generic valuation of the car, it would have been apparent the generic value of \$2,200 was incorrect.
- #6. Finally, I am appealing the decision because my original request was for \$6,775.99 based on the documents submitted with my original letter of May 13, 2009; not the \$6,581.69 stated in the city's letter of July 7, 2009.

Again, why would I accept \$2,200 for a car I paid \$5,995 for 17 days prior to the accident. Based on these facts, I am appealing the decision on my claim, which was made in the city's letter of July 7,2009; and requesting a hearing. Should you need anything further, please feel free free free me.

Sincerely

JOHN ZANGER

Your Insured:

Joseph & Susan Boucher

Dear Sir/Madam:

We have received your claim in the amount of \$4,608.76, relating to damage sustained to your interest and the interest of your insured arising from a May 18, 2009 loss in which your insured's vehicle sustained damage when it was struck by a City of Milwaukee truck which allegedly went through a red light at North Old World Third Street and West State Street.

Our investigation reveals that the Wisconsin Motor Vehicle Accident Report and the Fleet Accident Report completed as a result of this accident note that the driver of the City truck stated that he had the green light. The liability for this accident is upon your insured. As such, the City cannot accept liability for your insured's damages. Therefore, we are denying your claim.

五本:38

If you wish to appeal this decision, you may do so by sending a letter within 21 days of receipt of this letter to the Milwaukee City Clerk, 200 East Wells Street, Room 205, Milwaukee, Wisconsin 53202, requesting a hearing.

Very truly yours,

Dear Sir/Madam:

This correspondence is a follow up to your letter dated July 22, 2009. In your letter you denied liability stating that your driver claimed that they had a green light. Our insured also claims to have had a green light. This comes down to a word vs word light dispute. In my opinion the determining factor regarding liability is where the vehicles were located in the intersection at the time of the collision: If you please review a copy of the police report diagram which I have included you will see that our insured had traveled over ½ way through the intersection. Your driver had just pulled into the intersection. Our insured was established and had control of the intersection.

I request that you please reconsider your denial of liability.

Please contact me at the phone number below with any questions or concerns.

Sincerely,

Tony Brundage Legal Representative Allied Insurance 1100 Locust St Dept 2019 Des Moines, IA 50391 Fax - 866-313-0535 Ph - 800-879-6707 ext 2520 brundat@nationwide.com

Dear City Of Milwaukee City Clerk Attn:Claims:

We have been informed that you are the representative for the City Of Milwaukee . Our assessment of the accident between our respective insureds which occurred on the above date indicates that your insured was responsible.

To the Honorable Common Council Of the City of Milwaukee Room 205 – City Hall

Re: Resolution relating to the claim of Robert Williams

C.I. File No. 09-L-34

Dear Council Members:

We return the enclosed document which has been filed with the City Clerk and ask that it be introduced and referred to the Committee on Judiciary & Legislation with the following recommendation.

Claimant, Robert Williams, by his insurance company, Farmers Insurance, by Timothy Lock, Auto Subrogation Representative, P.O. Box 268992, Oklahoma City, OK 73126-8992, allege that on February 12, 2009 Mr. Williams' vehicle was damaged when he struck a pothole at West Burleigh Street and West Lisbon Avenue, Milwaukee, WI. They claim damages in the amount of \$17,975.72.

Our investigation reveals that the Infrastructure Service Division (ISD) reviewed their records and the records of the DPW Call Center relative to this incident. This ISD found they have had patching operations in this area, however, the winter weather has hampered the repair work and the ability of the patch materials to remain in the repair. The ISD followed its normal procedures and it was acting within the City's discretion. As such, we recommend denial of this claim.

Very truly yours,

GRANT F. LANGLEY City Attorney

www. Valuation Setherology This CCC Valuescope Market Report was proposed for marments Instrance Exchange by CCC Information Borvices Inc. CCI has been preparing market reports for the insurance inclusive 1981. CCI physically inspects vehicles for all at vehicle designations in the local markets, and subspirits to local markets. neveropers and automotive madications in those markets. Con maintains velticle databases contelling these inspected dealership vehicles along with the dealer and private party advancesed vehicle inferences.

Shon Pathery Individual Eschange Coquents - CCC Valuescope Harbot Espect Excelence, they provide CCD lin VIN (Yelicia identification Number) of the tock uphicle. Decading this VIN identifies the exact repicts for which the local narrest value will be done. Not the VINGLARD Vanick identification rection.

Farmers insurance Exchange also provides CCC the vehicle owner's hip code. This identifies the local market that will be used to determine the market value. See the Local Market Desimition section.

Finally. Farmers Insurance Exchange provides CCC with the configuration of the loss vehicle including equipment, odometer, condition, maintenance, etc. This information is the starting point for determining the local market value.

Using this information, CCC searches its databases to find comparable ventales in the local market. Each vehicle is compared to the loss vehicle, and adjustments are made for differences to model, equipment, and oddmeter. Those vehicles that are desmed most comparable to the loss vehicle are used to determine the local market value. See the Local Market Delinition section.

After the Adjusted Value for each comparable vehicle is celculated (see the local Market Comparable Vehicles section), CCC celculates the Local Market Value. This calculation is a weighted average. Using a weighted everage ellows those vehicles most similar to the loss vehicle to contribute a greater percentage to the local Market Value than less similar vehicles. Factors that determine similarity are:

Measuress to the loss webicle's primary gazage location Rquivalency of model, equipment, and primater Precision of the data (inspected versus advertised)

Using a weighted average results in more accurate local market value as the rehicles most similar and closest to the loss vehicle contribute more to the market value than less similar, more distant vehicles.

RE: Eric M. Johnson

C.I. File No: 08-S-565

Dear Mr. Johnson:

We have received your claim in the amount of \$1,246.79, relating to damage allegedly sustained to your vehicle on June 4, 2008 when it collided with a sunken communication manhole while you were traveling southbound on Lisbon Avenue within 10-12 feet north of North Avenue.

Our investigation reveals that the Infrastructure Services Division records indicate that prior to June 4, 2008, the City had no notice of this hazard in the roadway and because of this lack of notice the City would not be liable. Therefore, we are denying your claim.

If you wish to appeal this decision, you may do so by sending a letter within 21 days of the receipt of this letter to the Milwaukee City Clerk, 200 East Wells Street, Room 205, Milwaukee, Wisconsin 53202, requesting a hearing.

Very truly yours

ATTN: CLAIMS

200 E. Wells St., Room 205 Milwaukee, WI 53202-3567

To Whom It May Concern:

The details of my claim are as follows:

- On June 4, 2008 at approximately 6pm, I was traveling southbound on Lisbon Avenue in the City of Milwaukee
- 2. I was traveling at the posted speed of 30MPH
- 3. Within 10 to 12 feet north of the intersection of Lisbon Avenue and North Avenue, I struck the pavement that surrounds a City of Milwaukee Communication Manhole (see attached pictures) causing severe damage to the front-end of my vehicle (1998 Cadillac Seville SLS) and the right-front wheel
- 4. It appears that the manhole may have been set too low creating a 2 inch lip
- 5. According to my discussions with Tom Pesch the President of <u>Milwaukee</u> <u>General Construction Co, Inc.</u> a long time concrete paving company that does business for the City of Milwaukee, a 2 inch difference between the height of a pavement and the height of a manhole is considered <u>unacceptable according to</u> Department of Public Works' specification
- 6. I assert that the improper setting of the manhole caused the 2 inch lip that damaged my vehicle
- 7. It appears the City had notice of this problem because this intersection is scheduled for reconstruction in 2008
- 8. My claim is for \$\frac{\$ 1,246.79}{}\$ (see itemize list and supporting vendor receipts)

Thank you for your consideration of this very important matter.

Sincerely, Claimant

Eric M. Johnson Milwaukee Resident

Cc Alderman Willie Ward, 7th District

RE:

C.I. File No: 09-S-104

Dear Ms. Grieve:

We have received your claim in the amount of \$638.88, relating to damages allegedly sustained to your vehicle on January 3, 2009 when it collided with a pothole along northbound South 70<sup>th</sup> Street near I-94.

Our investigation reveals the Infrastructure Services Division (ISD) reviewed their records and the records of the DPW Call Center regarding this incident. They found the ISD had patched along South 70<sup>th</sup> Street on a consistent basis. The winter weather has hampered the repair work and the ability of the patch materials to remain in the repairs. The ISD followed its normal procedures and it was acting within the City's discretion. Therefore, we are denying your claim.

If you wish to appeal this decision, you may do so by sending a letter within 21 days of receipt of this letter to the Milwaukee City Clerk, 200 East Wells Street, Room 205, Milwaukee, Wisconsin 53202, requesting a hearing.

Very truly yours,

January 12, 2009

Dear Sir or Madam;

This is regarding an incident that happened on January 3<sup>rd</sup>, 2009. I was driving my vehicle northbound on 70<sup>th</sup> Street, when my front right tire hit a huge pothole, just before the stoplights at the ramp to I-94. There was oncoming traffic coming southbound and other cars in the lane next to me, so I had nowhere to go to avoid the pothole. The pothole was so large that it immediately punctured my tire and damaged the wheel rim itself. The repair was very costly and required a new tire and wheel rim.

The city was undoubtedly on notice that this particular pothole existed, and I imagine that there were others who had trouble with it as well. Since it was a weekend, I called the non-emergency line to the West Allis Police Department to report the incident. An officer directed me to contact City Hall on the next business day, and the Clerk's Office suggested that I write this letter to request reimbursement. The next week, the pothole was filled in. I am glad that no one else will have costly repairs to their car because of lax street maintenance.

I was then told in an official letter from the City Attorney of West Allis that the area was in the City of Milwaukee's jurisdiction.

I am attaching pictures of the aforementioned tire and wheel rim as well as the bill from the repair shop detailing the amount of repair incurred by the damage from the pothole. Citizens should be able to travel the streets safely without having to worry if hundreds of dollars of damage will be inflicted upon them by unsafe road conditions.

I request that the City of Milwaukee reimburse me for the damages incurred by the pothole. The total damages are \$638.88.

Sincerely,

Jennifer Grieve 1333 S. 63<sup>rd</sup> Street West Allis, WI 53214

C.I. File No: 09-S-84; 09-S-84-1

Dear Ms. Guerrero:

We have received your claim in the amount of \$121.44, relating to damage allegedly sustained to your vehicle on January 21, 2009 when it collided with a pothole while you were traveling northbound on 1<sup>st</sup> Street, in the left lane, between Mitchell Street and Walker Street (Our File: 09-S-84). We have also received your claim in the amount of \$121.44, relating to damage allegedly sustained to your vehicle on February 13, 2009 when it collided with a pothole while you were traveling northbound on 1<sup>st</sup> Street, in the left lane, between Florida Street and Oregon Street (Our File: 09-S-84-1)

Our investigation reveals that the Infrastructure Services Division and the DPW Call Center records indicate that prior to January 21 and February 13, 2009 the City had no notice of these hazards in the roadway and because of this lack of notice the City would not be liable. Therefore, we are denying your claims.

#### To Whom It May Concern:

My name is Amy Lynn Guerrero and I live at 5941 West Coldspring Road Apartment 1 Greenfield Wisconsin, 53220. I recently submitted 2 claims to the City of Milwaukee, for damages to my vehicle caused by potholes. I was denied my claims and would like to appeal this and request a hearing. I would like to be reimbursed \$242.88 for the replacement of my tires, and also for two days of work missed due to having to take off so that I may replace my tires. I believe I gave sufficient evidence that these potholes where fairly large and described where each was located and called to report also that these potholes caused damage to my car. If you have any further questions I may be reached at 414-241-3556 and 262-704-9014 work. Enclosed the papers that were sent to me.

I also had a claim placed with the county on July 10th 2009 for the road and the damage it caused to my car, and I was told to go through Payne and Dolan which I did, and they told me that they did not start construction till July 13, but there was construction from 91 -124<sup>th</sup> where the incident occurred, I would also like to appeal this and be re-reimbursed for those damages. Claim 185-99909390. Enclosed are those papers that were sent to me.

Please contact me and to let me know what I need for further appeal and hearing,

Amy Lynn Guerrero

Damage to your Vehicle

Dear Ms. Guerrero:

We received your DTPW - Highway Maintenance Incident Report and invoice regarding the damage which occurred to your vehicle due to, according to you, a pot hole located on Silver Spring Rd & 116th St. We have spoken to our project manager, Jeff, and he confirmed that Payne & Dolan, Inc. did not commence any work on Silver Spring at the intersection of 116th St. until the week of July 13th.

Due to the above facts, we maintain that the pot hole was not a condition created by any operations performed by Payne & Dolan as we were not even performing work in this area yet. A pot hole is caused from deteriorating road conditions that eventuates over a period of time, specifically caused by weather and traffic volume. The breakdown of the roadway from weather conditions and age is the responsibility of the road owner.

Therefore, we are respectfully denying your claim and recommend that you submit your claim to your own insurance company for them to handle accordingly.

Sincerely,

Audra Irish

### To Whom It May Concern:

My name is Amy Lynn Guerrero and I live at 5941 West Coldspring Road Apartment 1 Greenfield Wisconsin, 53220. I recently submitted 2 claims to the City of Milwaukee, for damages to my vehicle caused by potholes. I was denied my claims and would like to appeal this and request a hearing. I would like to be reimbursed \$242.88 for the replacement of my tires, and also for two days of work missed due to having to take off so that I may replace my tires. I believe I gave sufficient evidence that these potholes where fairly large and described where each was located and called to report also that these potholes caused damage to my car. If you have any further questions I may be reached at 414-241-3556 and 262-704-9014 work. Enclosed the papers that were sent to me.

I also had a claim placed with the county on July 10<sup>th</sup> 2009 for the road and the damage it caused to my car, and I was told to go through Payne and Dolan which I did, and they told me that they did not start construction till July 13, but there was construction from 91 -124<sup>th</sup> where the incident occurred, I would also like to appeal this and be re-reimbursed for those damages. Claim 185-99909390. Enclosed are those papers that were sent to me.

Please contact me and to let me know what I need for further appeal and hearing,

To whom it may concern,

On January 21<sup>st</sup>, 2009 at 7:00am, I was driving on my way to work heading north bound on 1<sup>st</sup> street in the left lane, when my front passenger side tire hit a pothole between Mitchell Street and Walker. This caused my tire to go flat which also resulted in me missing a day of work.

On February 13<sup>th</sup>, 2009 at 7:00pm I was driving North bound on 1<sup>st</sup> street between Florida and Oregon in the left lane, right underneath the tracks, when my front passenger tire that I just replaced hit a pothole. Once again this caused my tire to go flat. I was not able to get another tire till Monday, which is shown on the receipts I included with this letter.

The total for both of the tires to be replaced was \$242.88 which I would like to be reimbursed by the city. Thank you for your time.

Sincerely

Amy Lyna Guerrero

C.I. File No. 09-L-65

Dear Council Members:

We return the enclosed document which has been filed with the City Clerk and ask that it be introduced and referred to the Committee on Judiciary & Legislation with the following recommendation.

Claimant, Jeslia Barajas, 1425 South Comstock Avenue, Milwaukee WI 53204 alleges through her attorney, Law Office of Daniel W. Stevens, Centre of Brookfield, 14380 West Capitol Drive, Brookfield, WI 53005 that on June 18, 2009 she sustained damages when a City sewer backed up into her basement. They claim damages in the amount of \$50,000.00. The assessor's Office information notes that he was not the owner of record at the time of the loss.

Our investigation reveals that the Infrastructure Services Division (ISD) records indicate that they did not receive a complaint of backwater at the time. Their records also indicate that because of the large amount and strong intensity of the rain during the June 18, 2009

Re: Resolution relating to the claim of Deslie Lawrence

C.I. File No. 09-L-66

Dear Council Members:

We return the enclosed document which as been filed with the City Clerk and ask that it be introduce and referred to the Committee on Judiciary & Legislation with the following recommendation.

Claimant, Deslie Lawrence, 3908 North 63rd Street, Milwaukee, WI 53216 alleges through his attorney, Law Office of Daniel W. Stevens, Centre of Brookfield, 14380 West Capitol Drive, Brookfield, WI 53005 that on June 18, 2009 he sustained damages when a sewer maintained by the City at or near Dineen Park backed up into his property. They claim damages in the amount of \$22,000.00.

Our investigation reveals that the Infrastructure Services Division (ISD) records indicate that because of the large amount and strong intensity of the rain during the June 18, 2009 flood, the City experienced flows that exceeded the capacity of the sewer systems. The ISD checked the City main sewer as a result of Mr. Lawrence's claim and found it to be

Bernice Lewis 3139 North 14th Street Milwaukee, WI 53206

RE:

Bernice Lewis

C.I. File No: 09-S-238

Dear Ms. Lewis:

We have received your claim in the amount of \$3,125.00, relating to damage allegedly sustained to your vehicle on June 19, 2009 when it became submerged in water along West Center Street, between North 30<sup>th</sup> Street and North 31<sup>st</sup> Street.

Our investigation reveals that the Infrastructure Services Division (ISD) records reflect that because of the large amount and intensity of the rain during this time, the City storm sewer system was surcharged. The ISD checked all of the basins in the area and found they are in proper working order. Since the City was not negligent in this matter, it cannot accept liability and we are denying your claim.

If you wish to appeal this decision, you may do so by sending a letter within 21 days of receipt of this letter to the Milwaukee City Clerk, 200 East Wells Street, Room 205, Milwaukee, Wisconsin 53202, requesting a hearing.

Very truly yours,

C.I. File No: 09-S-251

Dear Ms. Washington:

We have received your claim in the amount of \$2,812.30, relating to damage allegedly sustained to your vehicle on June 19, 2009 at approximately 1:00 a.m. when it became submerged in water while you were traveling eastbound on Capitol Drive at 35<sup>th</sup> Street.

Our investigation reveals that the Infrastructure Services Division (ISD) records indicate that because of the large amount and strong intensity of the rain during this time, the City experienced flows that exceeded the capacity of the sewer system. On June 19,2009 at 12,5 a fine the ISD received a call of clogged catch basins on West Capitol Drive from North 32 to North 35th Streets. They dispatched a Sewer Jet and it opened six basins in the area and found them to be in proper working order. The City was not negligent in this matter. As such, the City would not be liable. Therefore, we are denying your claim.

To Whom It May Concern:

TY ATTORNEY

I received a letter from the City of Milwaukee denying a claim for a 1997 Chevy Lumina that was trapped in the rain storm and submerged with water, that ended up totaling the car. On June 19, 2009 at 1 a.m. as I stated in the last letter my car was totaled due to the City not notifying the (ISD) Infrastructure Services Division that there was built-up debris that clogged up their grates.

The letter I received denying my claim states that the City contacted the (ISD) at 1;45 a.m. because of clogged catch basins on West Capitol Drive from 35th to North 32nd. It clearly states that a sewer jet opened six basins that had debris on their grates at the time my car was submerged in water. It then goes on to say that after the claim was filed the ISD checked all the basins in the area and found them to be properly working after the claim was filed, it didn't say that the basins was properly working on June 19, 2009 at 1a.m. because if the basin was properly working then the ISD shouldn't had to come out at 1;45a.m. 45min. after my car was submerged in water and totaled. In this appeal I'm asking who's at fault? Is it Kambi Washington's fault for trusting the city of Milwaukee to prevent such a thing from happening, or is it the (ISD) fault for coming out 45 minutes later and opening the basin? Who's fault is it? The City is at fault and if the call was made to the ISD early that day knowing the amount of rain Milwaukee was due to get a lot of people would still have personal transportation. Due to this incident I couldn't trade my car in for Cash for Clunkers because my car was totaled due to the basins not being unclogged. I can't file a claim with Fema because the City was at fault and can't put in a claim with Fema because it was their fault, so who's fault is it???

#### To Whom It May Concern:

On Thursday June 19, 2009 at approximately 1am I was traveling east on 35<sup>th</sup> and Capital Drive, when my 1997 Chevy Lumina was trapped in the flood. Due to the City not unplugging the sewers drains my car was totaled and unable to be moved. On June 19, 2009 around 5:30am I went back to the flood site to retrieve my vehicle and it wouldn't start to a jump nor being dried out. The car was towed and I was sent a letter, upon receiving the letter I went to retrieve the car at the tow lot. The car inside was heavily loaded with mildew and it still wouldn't start.

The car was purchased with cash for \$2812.30 and was still in good condition being that it was a 97. I'm asking that the City reimburse either all monies or half due to the flood causing my car to be towed and totaled. I am now taking public transportation due to this matter.

C.I. File No: 09-S-229

Dear Ms. Collins:

We have received your claim in the amount of \$4,500.00, relating to damage allegedly sustained from September 2008 through April 2009 when backwater from the City's sewer backed up into your property at 301 East Schiller Street.

Our investigation reveals that the Infrastructure Services Division (ISD) records indicate that they responded to calls regarding backwaters at 301 East Schiller Street on March 9, and April 8, 2009. They checked the City main sewer and found it to be in proper working order. This sewer runs under the sidewalk and is in the City right of way. Your house lateral is hooked up to this sewer. There is no City sewer running over your house lateral causing it to collapse. This was also confirmed by your plumber. The operation and maintenance of this lateral is the responsibility of the property owner under City of Milwaukee Charter Ordinance 12.15. There is no evidence that the City was negligent in this matter. As such, the City cannot accept liability. Therefore, we are denying your claim.

I Linda M Collins disagree with your decision to deny my claim, in reference to damage from sewer backup.

Your records indicate that ISD responded to calls that I made to them on March 9 and April 8, 2009. Yes they did come out to see what the problem was and they did check out the city main sewer but they never once checked out the city lateral that is on the west side of my house. The city main sewer is north of my house in the middle of the street and the city lateral is on the west side of my house in the curb lane. Yes the lateral does run under the sidewalk on the west side of my house but it runs east across the front of my house and in order for it to run under the front sidewalk it would have to go north and then east. Which I think is highly unlikely because then it would not work properly.

If someone had actually spoke to the plumbers that did the work and not the office maybe then they would have the complete story. The people in the office at Gene Wagner Plumbing have no idea as to what the plumbers that did the work ran into.

If you care to send someone out to my house to dig up the front again you are welcome to it. Then they can actually see what the problem is.

I feel that I am not being unreasonable and asking for half of what it cost me to have my lateral replaced. I realize that I am responsible for my house lateral but had the plumbers not run into the problems they did it would not have cost so much to do the work. Considering the first estimate I received was only \$3500.

Back in September of 2008 I started having problems with my house trap. I rented a roto-rooter and ran it through the trap the full length of the cable which was 100 ft. The trap was fine for 2 months and then it backed up again. Rented a roto rooter again and repeated the same process. This went on till March when I finally had enough and I called out the sewer dept. They checked out the main lateral in the middle of the front of my house and said everything was fine that I would have to call out a partie. did and he came out and after 15 minutes he burned up the motor in his rooter. He said that he felt I would need my house trap repaired and that if it was within the basement it? would cost me \$3500. Whatever he did the water drained but not for long. Within days af the plumber being there the water backed up again and this time it did not recede.

I called another plumber (Gene Wagner) for a second estimate and he gave me the same estimate as the first one. I decided that I was fed up with stinky, smelly water standing in my basement.

I called Gene Wagner and scheduled for them to come out and start working. They tore up my basement floor and replaced the trap but they said that it was outside of the basement walls. They started to tear up the front of my house and they soon discovered that there was a city sewer lateral that ran right in front of my house against my foundation and on top of my house lateral which happened to be collapsed.

I called a supervisor from the city sewer dept. and he did not believe what I was telling him. He said that he would come out but that he was going to pull the maps first. He came out with the maps and he said yes there was a city lateral that ran against my foundation in front of my house and that it was installed in 1920. Well my house is over 100 years old so my house was there when the city installed their lateral.

By the time that the plumber finished the work my \$3500.00 bill grew to over \$9000.00.

I don't feel that the city should pay all of this but I do feel that they should reimburse me at least half of the bill which is \$4500.00 seeing as it was their lateral that caused all the problems because the plumber actually had to dig under the lateral to get at my house lateral.

Enclosed are copies of the original estimate and the actual invoice that I paid.

Re: Resolution relating to the claim of Emma Nash

C.I. File No. 09-L-52

#### Dear Council Members:

We return the enclosed document which has been filed with the City Clerk and ask that it be introduced and referred to the Committee on Judiciary & Legislation with the following recommendation.

Claimant, Emma Nash, 2218 North 17<sup>th</sup> Street, Milwaukee, WI 53205 alleges that she sustained damages when a City sewer backed-up into her basement. She claims damages in the amount of \$6,203.40.

Our investigation reveals that the Infrastructure Services Division (ISD) records indicate that they responded to a call of a backwater at 2218 North 17<sup>th</sup> Street on March 5, 11, 13, 27 and 31, 2009. On each occasion, the ISD found that the City main sewer was flowing properly. On March 19, 2009 they televised the sewer with a closed circuit camera and found that the building lateral was collapsed. The ISD sent a letter to the claimant on March 25, 2009 informing her of this and advising her to hire a plumber to repair the lateral. The letter also noted that the operation and maintenance of the lateral is the responsibility of the property owner under City of Milwaukee Charter Ordinance 12.15.

Re: Resolution relating to the claim of Bobbie J. Lathan

C.I. File No. 08-L-74

Dear Council Members:

We return the enclosed document which has been filed with the City Clerk and ask that it be introduced and referred to the Committee on Judiciary & Legislation with the following recommendation.

Claimant, Bobbie J. Lathan, 5064 North 26<sup>th</sup> Street, Milwaukee, WI 53209 alleges that on June 7, 2008 she sustained damages when a City sewer backed up into her basement. She claims damages in the amount of \$20,000.00.

Our investigation reveals that the Infrastructure Services Division records indicate that because of the large amount and strong intensity of the rain during the weekend of June 7, 2008, the City experienced flows that exceeded the capacity of the sewer systems. The City was not negligent in this matter. As such, the City would not be liable. Therefore, we recommend that this claim be denied.

Very truly yours,

GRANT F. LANGLEY City Attorney

Office of the City Clerk Attn.: Claims Department City of Milwaukee 200 E. Wells Street – Room 205 Milwaukee, WI 53202-3567

#### Dear Sir or Madam:

This letter is in response to our recent communication regarding the property damage I sustained as a result of a sewer backup in the basement of my residence, located at 5064 N 26<sup>th</sup> Street, Milwaukee, WI 53209. The backup was caused by a severe rainstorm and flooding on June 7, 2008.

Per your request, I have prepared an itemized list that, to the best of my knowledge, details the extent of my loss in property and personal effects as a result of the sewer malfunction. I have attached a dollar value to as many of the items as possible. However, many of the items that were damaged were antiques, photos, professional conference materials, and one-of-a-kind items, which are priceless and steeped in sentimental value.

The enclosed photos, taken as soon as the standing water and debris went down show the extent of damage and disruption caused by the severity of the disaster. I trust than will assist you in assessing the damage I sustained at my residence and in reaching resolution to this matter.

If you require additional information or documentation, please contact me. I thank you for your consideration and assistance in this matter.

Sincerely,

Robbie I Nathan

### 2009 ASSEMBLY BILL 269

May 19, 2009 – Introduced by Representatives Danou, Milroy, Brooks, Kerkman, Bies, Sinicki, Kaufert, Jorgensen, Townsend, Zigmunt, Smith, Berceau, Soletski, Hraychuck, Pasch, Zepnick, Dexter, Clark and Spanbauer, cosponsored by Senators Sullivan, Kreitlow, Plale, Carpenter, Kapanke and Schultz. Referred to Committee on Criminal Justice.

AN ACT *to amend* 946.41 (title); and *to create* 946.41 (2r) of the statutes; relating to: causing injury to a law enforcement officer while resisting or obstructing an officer or while attempting to flee and providing a penalty.

#### Analysis by the Legislative Reference Bureau

Under current law, a person who intentionally resists or obstructs a law enforcement officer is guilty of a Class A misdemeanor, and a person who intentionally causes bodily harm to a law enforcement officer is guilty of a Class H felony. Under this bill, a person who causes bodily harm to a law enforcement officer while the person is resisting, obstructing, fleeing from, or attempting to flee from, a law enforcement officer is guilty of a Class H felony.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report concerning the proposed penalty and the costs or savings that are likely to result if the bill is enacted.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

**SECTION 1.** 946.41 (title) of the statutes is amended to read:

1	946.41 (title) Resisting or, obstructing, or fleeing from officer.
2	<b>SECTION 2.</b> 946.41 (2r) of the statutes is created to read:
3	946.41 (2r) Whoever causes bodily harm to an officer is guilty of a Class H
4	felony if the officer is acting in an official capacity and with lawful authority, the actor
5	knows or has reason to know that the victim is an officer, and the actor causes the
6	bodily harm while violating sub. (1) or while he or she flees from, or attempts to flee
7	from, an officer who is acting in an official capacity and with lawful authority.
8	SECTION 3. Initial applicability.
9	(1) The treatment of section 946.41 (2r) of the statutes first applies to acts

### 2009 ASSEMBLY BILL 340

July 8, 2009 – Introduced by Representatives Schneider, Kessler and A. Williams. Referred to Committee on Criminal Justice.

AN ACT *to create* 758.20 of the statutes; **relating to:** restricting access to and limiting information contained in the Consolidated Court Automation Programs and providing a penalty.

#### Analysis by the Legislative Reference Bureau

Under current law, the director of state courts established a consolidated electronic system. This system, known as the Consolidated Court Automation Programs (CCAP), contains information about civil and criminal cases filed in the circuit courts in this state, including information about the parties and their attorneys; documents filed; and deadlines, decisions, and outcomes of cases. CCAP also contains information on family court proceedings; probate proceedings; John Doe proceedings; reviews of certain administrative proceedings; tax warrants; mechanics', construction, condominium, or other types of liens; civil lawsuits; eviction proceedings; and domestic violence and other restraining orders and injunctions.

The information on CCAP is available for free on an Internet Web site. The Web site has no limitations on who has access to the information, although information in certain types of cases is not available to the public. CCAP allows a user to search for all civil and criminal cases in which a person or entity, who is the subject of the search, has been a party.

Currently, the initial CCAP Web page for each criminal and traffic or other civil forfeiture case contains the following statements: 1) for each criminal and traffic or other civil forfeiture case, a statement that employers may not discriminate against

1

2

3

4

5

6

persons because of arrest and conviction records, except in certain circumstances; 2) for each criminal and traffic or other civil forfeiture case that did not result in a conviction or forfeiture, a statement that the charges were not proven and have no legal effect, and that the defendant is presumed innocent; and 3) for each traffic or other civil forfeiture case in which a forfeiture but no criminal conviction was imposed, a statement that the charge or charges in the case are not criminal offenses.

Under this bill, the director of state courts may only provide case information on CCAP after a court does one of the following: 1) makes a finding that a person is guilty of a criminal charge; 2) makes a finding that a person is liable in a civil matter; 3) orders a person to be evicted; or 4) issues a restraining order or an injunction against a person.

The bill allows free access to CCAP to Wisconsin judges or other court officials, law enforcement personnel, attorneys, and accredited journalists. The bill allows access to CCAP information to any other person who pays a \$10 annual fee and registers his or her name and address with the director of state courts. The bill requires the director of state courts to keep a registry and log of each user who pays the annual fee that records the searches each user performs. Under the bill, if a user searches for a person's name on CCAP and subsequently denies the person employment, housing, or another public accommodation, the user must inform the person that he or she searched for the person's record on CCAP. A user who fails to do so may be fined \$1,000.

Under the bill, upon the written request of a person whose case information is currently available on CCAP, the director of state courts must remove any information relating to a case that did not result in a finding of criminal guilt or civil liability, an order of eviction, or the issuance of a restraining order against the person.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

# The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

**Section 1.** 758.20 of the statutes is created to read:

  - **(4)** The director of state courts shall make available an option to provide online the information required under sub. (3) (b) and to pay online the fee required under sub. (3) (c).
  - (5) A person may request, in writing, that the director of state courts remove from the Wisconsin Circuit Court Access Internet Web site all information relating to a case or charge against the person. ### **2009 SENATE BILL 240**

July 21, 2009 – Introduced by Senators Taylor, Miller, Coggs and Risser, cosponsored by Representatives Grigsby, Schneider, Parisi, Young, Pasch, Roys, Hilgenberg, Black, Pocan, Turner, Fields, Kessler, Berceau, A. Williams, Toles and Sinicki. Referred to Committee on Labor, Elections and Urban Affairs.

AN ACT to repeal 302.117, 304.078 (1) and 973.09 (4m); to renumber and amend 6.03 (1) (b) and 304.078 (3); to amend 6.33 (1), 6.33 (2) (a), 301.03 (3a) (intro.), 301.03 (20m), 304.078 (2) and 973.176 (2); and to create 6.03 (1) (b) 1., 2., 3. and 4. of the statutes; relating to: restoring the right to vote to certain persons barred from voting as a result of a felony conviction and changing the information required on voter registration forms.

### Analysis by the Legislative Reference Bureau

Under current law, when a person is barred from voting as the result of a felony conviction (a "disqualifying offense"), the person's right to vote may be restored through a pardon. Otherwise, it is restored upon completion of the sentence, including extended supervision or parole, or completion of the term of probation imposed on the person who committed the offense.

Under this bill, a person loses his or her right to vote based on a disqualifying offense only while he or she is incarcerated for that offense. A person released to extended supervision or parole may resume voting. In addition, a person convicted of a disqualifying offense and on probation retains the right to vote while on probation unless he or she is confined as a condition of probation. But if a person who committed a disqualifying offense is returned to prison after the revocation of extended supervision or parole or is sent to prison or a jail or house of correction after the revocation of probation, the person loses the right to vote until he or she is released.

13

Currently, an applicant for voter registration must affirm 1) whether he or she has been convicted of a felony for which he or she has not been pardoned and, if so, whether the applicant is incarcerated or on parole, probation, or extended supervision; and 2) whether the applicant is disqualified on any other ground from voting.

This bill deletes the requirement that an applicant provide any information relating to a felony conviction but retains the requirement that an applicant affirm that he or she is not disqualified on any ground from voting.

This bill also requires the Department of Corrections (DOC), the Government Accountability Board, and the Director of State Courts to include in their ongoing training programs a discussion of the changes in law produced by this bill and to offer the training to judges, attorneys, election officials, employees of DOC, and the public.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

## 2009 ASSEMBLY BILL 353

July 28, 2009 – Introduced by Representatives Grigsby, Schneider, Parisi, Hilgenberg, Pocan, Young, Pasch, Roys, Black, Turner, Fields, Kessler, Berceau, A. Williams, Toles, Sinicki, Pope-Roberts and Zigmunt, cosponsored by Senators Taylor, Coggs, Miller and Risser, by request of Restore the Vote Wisconsin NOW Coalition. Referred to Committee on Corrections and the Courts.

AN ACT to repeal 302.117, 304.078 (1) and 973.09 (4m); to renumber and amend 6.03 (1) (b) and 304.078 (3); to amend 6.33 (1), 6.33 (2) (a), 301.03 (3a) (intro.), 301.03 (20m), 304.078 (2) and 973.176 (2); and to create 6.03 (1) (b) 1., 2., 3. and 4. of the statutes; relating to: restoring the right to vote to certain persons barred from voting as a result of a felony conviction and changing the information required on voter registration forms.

## Analysis by the Legislative Reference Bureau

Under current law, when a person is barred from voting as the result of a felony conviction (a "disqualifying offense"), the person's right to vote may be restored through a pardon. Otherwise, it is restored upon completion of the sentence, including extended supervision or parole, or completion of the term of probation imposed on the person who committed the offense.

Under this bill, a person loses his or her right to vote based on a disqualifying offense only while he or she is incarcerated for that offense. A person released to extended supervision or parole may resume voting. In addition, a person convicted of a disqualifying offense and on probation retains the right to vote while on probation unless he or she is confined as a condition of probation. But if a person who committed a disqualifying offense is returned to prison after the revocation of extended supervision or parole or is sent to prison or a jail or house of correction after the revocation of probation, the person loses the right to vote until he or she is released.

13

Currently, an applicant for voter registration must affirm 1) whether he or she has been convicted of a felony for which he or she has not been pardoned and, if so, whether the applicant is incarcerated or on parole, probation, or extended supervision; and 2) whether the applicant is disqualified on any other ground from voting.

-2-

This bill deletes the requirement that an applicant provide any information relating to a felony conviction but retains the requirement that an applicant affirm that he or she is not disqualified on any ground from voting.

This bill also requires the Department of Corrections (DOC), the Government Accountability Board, and the Director of State Courts to include in their ongoing training programs a discussion of the changes in law produced by this bill and to offer the training to judges, attorneys, election officials, employees of DOC, and the public.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

This bill requires the commissioner of insurance to reduce a local governmental unit's premium for insuring property through the property fund, for premiums due beginning on October 1, 2009, and ending on September 30, 2010, for property insured in 2008 through the property fund by the amount the local governmental unit paid in premiums in 2008 on that property. The local governmental unit pays no premium, and receives no refund, if the premium paid in 2008 is higher than the premium due beginning on October 1, 2009, and ending on September 30, 2010.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

Subject. RE: AB-340 Relating to: restricting access to and limiting
information contained in the Consolidated Court Automation Programs and providing a penalty.

The Court has opposed this legislation in the past. The Judges are sensitive to the past. The Judges are sensitive to the information to be used in a manner that it not intended. For that reason, they did direct Court staff to display only cases on our public site that are less than five years old. They believed that this is an appropriate for criminal and other more serious cases. They also directed that we place a disclaimer related to the use of the data on our case search page.

The following are other issues that relate to the Court's opposition to this proposal.

Concern that such a restriction would later be applied to municipal court web sites - increasing the number of phone calls and other records requests from people who had used the site in the past. We direct employers and government agencies to use our site to reduce staff time dedicated to looking up cases and providing the information. The implementation of a registration requirement would be very coulty to us as well.

We direct defendants to our web site for information about pending action and to allow them to make on-line payments. The Judges believe that defendants should have easy access to information about their own cases. They have often lost their citation or court notices so do need to be able to search on their own name.

Concern that many people confuse us with circuit court and that the number of people who call here for circuit court information would increase. Even though we don't provide the data to them when they call, referring these parties to circuit court or CCAP is fairly time consuming

The Judges have an overall concern that the public does have a right to reasonable access to public records and that people should not have to come to a physical location in order to exercise that right.

Specific reasons for this position: The District Attorney's Office and Electrion Commission management staff speed an encormous amount of time following-up on convicted felous (on probation or parties) who may have registered to vote or voted.

Additionally, clerical staff speed boxes and hours inactivating the registration status of these individuals (in the Statewisk Voter Registration System) as well as sending follow-up lesters advising them of same. # HOUSING AUTHORITY OF THE CITY OF MILWAUKEE COMMENTS TO PROPOSED CCAP LEGISLATION

The Housing Authority of the City of Milwaukee has been utilizing the CCAP court system since its inception. Access to this valuable, FREE, database is invaluable to our organization, as well as to private-sector landlords in the community. As a government funded agency facing federal budget cuts, we cannot afford to lose this FREE resource.

Under federal housing regulations issued by the U. S. Department of Housing & Urban Development (HUD), housing authorities are required to screen all applicants for suitability. Public housing and Section 8 Housing Choice Voucher Programs ARE NOT entitlement programs. Applicants must meet specific screening criteria.

The CCAP system is used by HACM in a variety of ways:

Landlord/tenant civil judgments: oftentimes the CCAP system contains enough information so that valuable staff time, resources and funds do not have to be utilized accessing physical court records. Landlord tenant judgments that occur outside Milwaukee County often cannot be obtained due to time, distance or other factors. It can be very costly under open records to obtain these documents via an open records request. In addition, there is a time delay that effects application processing time. When the application processing time slows down, vacancy rates can climb which also results in a potential loss of revenue to the agency. CCAP records in general are often a tool we use to verify prior or undisclosed addresses a potential applicant lived at. This is essential for good screening. Oftentimes rental property has changed hands and we no longer can contact the former owner for a reference check. CCAP provides valuable information if a property has changed ownership.

Criminal history: CCAP provides comprehensive information about an individual's involvement with a county's court system statewide. The notes within the CCAP record let us know about sentencing requirements, if an individual has had probation violations, had his/her probation revoked or has been discharged from probation. Again, this can save valuable time and reduce the number of calls to already busy probation/parole agents. Our Public Safety staff also frequently uses the CCAP system when investigating complaints of unauthorized live-ins, accusations that a criminal may be living in public housing, etc. [You may want to ask Al Schoessow for his input. You also know how you may have used CCAP yourself.]

Harassment/restraining orders: CCAP also provides valuable information about harassment/restraining orders. Under the federal governments Violence Against Women Act (VAWA) we have a legal obligation to assist legitimate victims of domestic violence in a variety of ways within our assisted housing programs. With easy access to CCAP records, HACM is able to quickly and sensitively verify and substantiate a victim's claim that he/she is or has been the victim of domestic violence if the court system has been utilized.

Other investigations: HACM frequently receives requests from residents already living in public housing to add new adults to their households. Criminal checks are done on the potential new adult household members. CCAP has been invaluable for documenting previous cases of domestic violence between these individuals. When domestic violence occurs within our housing developments, the neighbors (including young children) are frequently disturbed and the police are called to the property. Such disturbances contribute to the community's perception that public housing is crime-ridden and unsafe. Good residents/families may become so tired of their neighbors disturbances that they move-out in frustration rather than stay while we attempt to build a successful eviction case against the family who is disturbing their neighbors.

**Private-sector landlords**: Good, reputable private-sector landlords also benefit from access to the CCAP system. They also can use CCAP as a tool when screening their own tenants. HACM has difficulties finding enough landlords to participate in the Section 8 Housing Choice Voucher Program. When a landlord does agree to participate, the program notifies the landlord that they (the landlord) are responsible for screening their potential tenants. If the CCAP system is taken away from private-sector landlords, they may be unwilling to consider Section 8 voucher holders. This would dramatically impact low income persons looking for a decent apartment in the private market.

Other social services agencies/shelters etc. In HACM's many relationships and partnerships with various agencies in the greater Milwaukee community, the vast majority of these agencies also rely on CCAP. They also use it as a screening tool to determine if they should admit or allow individuals to stay/participate at their shelters. They have great concerns about housing, even temporarily, violent criminals, those who've engaged in drug-related activities or who've had other significant, repeated law enforcement contacts. Oftentimes it is the shelters who are housing families with children, victims of domestic violence, etc. who have already been through significant trauma. These agencies are trying to keep these families safe and secure.

Across the country, public housing programs have a reputation for housing criminals. **In Milwaukee, this is not the case.** We take our screening responsibilities very seriously.

Good tenants start with strong, effective screening. We believe firmly that we should never admit those individuals to our public or assisted housing communities who have a past record, whether eviction or criminal related, of damaging property, disturbing neighbors or engaging in violent or drug related activities, to name just a few.

We have consistently been rated a high-performing housing authority by HUD. The quality of our programs, services and buildings have been recognized on numerous occasions, including being the past recipient of a World Leadership Award in the housing industry. If access to the CCAP system is denied, our ability to adequately screen applicants for housing would be severely compromised. Elected officials from the state to the local level do contact our office on behalf of residents of our assisted housing programs or residents who are neighbors of the public housing communities when there are problems—whether real or perceived. These elected officials, on behalf of the constituents they serve, should expect that HACM will investigate these complaints and allegations. One of HACM's continuing goals is to CONTINUE to be a good neighbor and partner in Milwaukee neighborhoods. CCAP is essential to keeping our assisted housing communities safe, crime and disturbance free.

### Legislation to change the quorum requirement for the Milwaukee Public Library Board.

The Milwaukee Public Library Board has asked the Intergovernmental Relations Division to lobby for a change to their quorum requirements. Specifically, they approved asking IRD to lobby for the following language change:

Amend Wis. Stat. 43.54(1)(e). . . library boards organized under par. (am), 7 members, or a majority of the filled seats, constitute a quorum.

This change would allow the Board to more effectively and efficiently conduct library business, especially during extended periods of vacant appointments, such as we have experienced in the past year.

Title

Resolution directing the Intergovernmental Relations Division-Department of Administration to seek introduction and passage of state legislation amending the neighborhood improvement districts law with respect to mail notification of the city plan commission public hearings on the proposed creation or termination of a neighborhood improvement district.

**Analysis** 

Currently, Wisconsin Statutes require that a copy of the notice of a plan commission public hearing on a proposal to create or terminate a neighborhood improvement district be sent by certified mail to all owners of property within the proposed or existing district. This resolution directs the Intergovernmental Relations Division-Department of Administration to seek introduction and passage of state legislation replacing the requirement for certified-mail notification with a requirement for notification by regular mail.

Body

Whereas, Section 66.1110(3)(c), Wis. Stats., requires that a copy of the notice of a plan commission public hearing on a proposed neighborhood improvement district and initial operating plan, along with a copy of the plan and a boundary map of the proposed district, be sent by certified mail to all owners of property within the proposed neighborhood improvement district; and

Whereas, Certified mail service costs approximately six times as much as regular, first-class postage; and

Whereas, The additional expense associated with sending notices by certified mail, rather than regular mail, whether borne by the municipality creating the neighborhood improvement district or passed through to property owners in the district, makes creation of a neighborhood improvement district a costly undertaking and may hamper efforts to establish such a district, particularly when the proposed district encompasses hundreds or even thousands of properties; and

Whereas, The funds used to send notices by certified mail could be better used to support the actual neighborhood improvement activities set forth in the district's operating plan; and

Whereas, Section 66.1110(6)(b), Wis. Stats., establishes a similar certified-mail requirement for notices of a plan commission public hearing on the proposed termination of a neighborhood improvement district; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the Intergovernmental Relations Division-Department of Administration is directed to seek introduction and passage of state legislation replacing the requirement for certified-mail notification of a plan commission public hearing on a proposal to create or terminate a neighborhood improvement district with a requirement for regularmail notification.

#### Title

Substitute resolution directing the Election Commission to place an advisory referendum on the consolidation of certain City of Milwaukee and Milwaukee County government functions on the November 7, 2006, ballot.

#### **Analysis**

This resolution directs the Election Commission to provide, on the November 7, 2006, general election ballot, an advisory referendum on whether the City of Milwaukee and other interested or relevant parties should study the feasibility and potential cost savings of the City assuming responsibility for government functions currently performed by Milwaukee County through dissolution of the County and creation of a consolidated city/county form of government.

#### **Body**

Whereas, In recent years, the City of Milwaukee has faced a number of fiscal challenges, including rising employee health care costs, a State Legislature-imposed tax levy "freeze" and declining inflation-adjusted state shared revenue payments; and

Whereas, Despite these fiscal restraints, the City has been able to maintain a high level of service to City residents without increasing the property tax rate; and

Whereas, While Milwaukee County faces a number of the same fiscal challenges as the City, it is experiencing an ongoing and worsening budget crisis caused in large part by escalating fringe benefit costs, particularly pensions and health care for retired County employees; and

Whereas, In order to balance its budgets, the County has chosen to underfund its pension system and to make substantial cuts in the services it provides to County residents; and

Whereas, According to the Wisconsin Policy Research Institute, Milwaukee County is on the verge of fiscal insolvency, with its budget deficit projected to grow from less than \$10 million this year to \$81 million in 2007 and approximately \$250 million by 2011; and

Whereas, On June 29, 2006, Governor Jim Doyle announced the creation of a state task force of public- and private-sector leaders that will determine the severity of Milwaukee County's financial problems and recommend solutions by December, 2006; and

Whereas, There is widespread community concern about Milwaukee County's declining ability to provide public services in such key areas as parks, transit and law enforcement; and

Whereas, Many services provided by City and County agencies are similar, if not identical; and

Whereas, One way to achieve operational and cost efficiencies in government is to have only one unit of government (for example, the City of Milwaukee) provide the services previously provided by two units of government (the City and Milwaukee County); and

**File #**: 060331 **Version**: 1

Whereas, The consolidation of city and county services and functions, sometimes referred to as "metropolitan government" or "unified government", has been successfully implemented in a number of other major U.S. cities, including Indianapolis, Louisville and Nashville; and

Whereas, By dissolving Milwaukee County and having the City of Milwaukee perform most or all of its functions, duplication of services could be eliminated and the cost of providing services could be reduced; and

Whereas, Part of the State Legislature's intent in imposing the local government tax levy "freeze" was to encourage greater efficiencies in the provision of local government services, a prime example of which is the efficiency gained by having a single level of government provide most or all services previously provided by two different governmental units; and

Whereas, The cost savings that could result from dissolution of Milwaukee County and consolidation of services under the City of Milwaukee could go a long way in addressing metropolitan Milwaukee's image as a high-tax area - an image which hurts Milwaukee's ability to retain and attract businesses and residents; and

Whereas, City of Milwaukee residents deserve an opportunity to express their opinions on whether the City, other units of government and other interested organizations should study the feasibility and potential cost savings of the City assuming responsibility for performing functions currently performed by Milwaukee County, through dissolution of the County and creation of some form of metropolitan or consolidated government; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the Election Commission of the City of Milwaukee is directed to provide, on the November 7, 2006, general election ballot, an advisory referendum on whether the City of Milwaukee and other interested or relevant parties should study the feasibility and potential cost savings of the City assuming responsibility for most or all functions currently performed by Milwaukee County; and, be it

Further Resolved, That the following referendum question shall be submitted to a vote of the electors at this election:

"Shall the City of Milwaukee, with assistance from other units of government and other interested organizations, study the feasibility and potential cost savings of the City assuming responsibility for government functions currently performed by Milwaukee County and, if such a consolidation of functions is feasible and financially beneficial, work with the State of Wisconsin and other municipalities in Milwaukee County to dissolve the County and created a consolidated city/county form of government?"

# Alderman Wants Consolidated Government Study On Fall Ballot

Ald. Witkowski says City Residents Deserve the Opportunity to Vote on Whether a Study of the Consolidation of Two Governments Should Take Place

Ald. Terry L. Witkowski wants to know what Milwaukee residents think of the idea of the city assuming responsibility for most or all government functions currently performed by Milwaukee County through dissolution of the County and creation of a consolidated city/county form of government.

Ald. Witkowski is sponsoring a resolution directing the Election Commission to place an advisory referendum on the consolidation of certain City of Milwaukee and Milwaukee County functions on the November 7, 2006 ballot. Ald. Witkowski said, "Many services provided by city and county agencies are similar, if not identical, and I believe our residents should have the opportunity to say whether we should study such a consolidation."

"I think the timing is right and this is the first time in my lifetime that I think the public would support government consolidation," said Ald. Witkowski. "By using a referendum, representatives of all levels of government would know how the public feels about consolidation, and would be able to judge if they should support it and work for it before a penny is spent looking at it," Ald. Witkowski added.

"There is widespread community concern about Milwaukee County's declining ability to provide public services in such key areas as parks, transit and law enforcement," said Ald. Witkowski, "And one way to achieve operational and cost efficiencies in government is to have only one unit of government."

## Consolidated City/County Gov't/ADD ONE

Ald. Witkowski says a referendum asking about a consolidation would allow a study to determine if duplication of services could be eliminated and the cost of providing services could be reduced by dissolving Milwaukee County and having the City of Milwaukee perform most or all of its functions.

In recent years, the City of Milwaukee has faced a number of fiscal challenges, including rising employee health care costs, declining inflation adjusted state shared revenue payments and a state legislature imposed tax levy "freeze." The alderman added the goal of the freeze was to have local governments look for efficiencies in services.

"In spite of the fiscal restraints the city has been able to maintain a high level of service to city residents without increasing the property tax rate," said Ald. Witkowski, "While Milwaukee County, faced with many of the same fiscal challenges, is experiencing an ongoing and worsening budget crisis."

The consolidation of city and county services and functions has been successfully implemented in major U.S. cities, including Indianapolis, Louisville and Nashville, and Ald. Witkowski says the costs savings that could result from dissolution of Milwaukee County and consolidation of services under the City of Milwaukee could go a long way in addressing metropolitan Milwaukee's image as a high-tax area, an image which hurts the city's ability to retain and attract businesses and residents.

The proposed referendum question for the November 7, 2006 ballot states:

"Shall the City of Milwaukee, with assistance from other units of government and other interested organizations, study the feasibility and potential cost savings of the city assuming responsibility for government functions currently performed by Milwaukee County and, if such a consolidation of functions is feasible and financially beneficial, work with the State of Wisconsin and other municipalities in Milwaukee County to dissolve the county and create a consolidated city/county form of government?"

# Consolidation of County-City Services On Tap For Public Meeting

# Ald. Terry Witkowski to Present His Case for Advisory Referendum, Will Take Comments From Residents Monday Night

County government operations in several large metropolitan areas in the U.S. have been taken over by cities, and Ald. Terry Witkowski thinks Milwaukee is ready to weigh in on whether such a change should be studied here. Ald. Witkowski has drafted a Common Council resolution seeking an advisory referendum on the November ballot that would allow voters to indicate whether they think dissolving most or all of Milwaukee County government services is worth a closer look.

The alderman will discuss his proposal and take comments from residents during a town hall meeting at 6:30 p.m. Monday, August 14, 2006 at the Robert A.

Anderson Municipal Building, 4001 S. 6<sup>th</sup> St., third floor. Media coverage is invited.

Ald. Witkowski said he's heard from a "wide array" of residents and constituents who are genuinely concerned "about Milwaukee County's declining ability to provide public services in such key areas as parks, transit and law enforcement." He said a referendum would allow voters to decide whether there should be a study to determine if duplication of services exists, and if there is duplication whether it could be eliminated at a savings to taxpayers.

# **Public Can Comment On Study of County-City Consolidation of Services**

Northwest Side Hearing Will Allow Comments On Possible Consolidation Study, Advisory Referendum

City residents will have the chance again to provide their views on whether the city should move forward with steps that could lead to a study of the pros and cons of consolidating most or all of Milwaukee County government functions within city government.

The public is invited to offer input on whether such a change should be studied further during a hearing at 6:30 p.m. on Wednesday, September 13, 2006 at Albright United Methodist Church, 5555 W. Capitol Dr. (parking and entry via the rear of the church property). The hearing is being hosted by Ald. Joe Davis, Sr. Media coverage is invited.

Ald. Davis said he's not taken a position on the issue and is hosting the hearing so residents can comment on it and discuss it.

Ald. Terry L. Witkowski has drafted a Common Council resolution seeking an advisory referendum on the November ballot that would allow voters to indicate whether they think dissolving most or all of Milwaukee County government services is worth a closer look. # Consolidation Question Won't Go To Milwaukee Voters ---- Yet

Deadline to Include Referendum on November 7 Ballot Missed, But Ald. Terry Witkowski Says Too Early to Eulogize the Issue

It's clear now that City of Milwaukee voters won't get the opportunity in six weeks to weigh in on a possible study of consolidating city and county government operations, but the topic is now in the public realm and could come back for a ballot measure in 2008, Ald. Terry L. Witkowski said today.

"The referendum for November is not moving forward, but the consolidation issue is definitely not dead in my book," said Ald. Witkowski, who drafted a Common Council resolution seeking an advisory referendum on the November ballot that would have allowed city voters the chance to weigh in on the topic.

"Nine out of 10 residents I spoke to on this issue said they wholeheartedly support studying how consolidating county government functions might work, and I don't see that sentiment going away anytime soon," the alderman said.

To have been included on the fall general election ballot on November 7, the referendum resolution needed Common Council passage and approval by September 22. However, the measure failed to get scheduled before the Council's Judiciary and Legislation Committee, and no special Council meeting was called on the matter, thus effectively killing the issue for now. Ald. Witkowski said the next opportunity to get the issue before city voters would be during the spring general election in April 2008.

## **Consolidation Ballot Question Shelved/ADD ONE**

Ald. Witkowski's resolution sought an advisory referendum that would have allowed voters to indicate whether a study of consolidation of Milwaukee County government services under the City of Milwaukee – thus dissolving county government – should go forward.

Ald. Witkowski said he believes consolidation of county services "may not be incompatible" with a state study of Milwaukee County government operations and a recently released report from the Greater Milwaukee Committee that suggested the possibility of the state taking over some functions of Milwaukee County government.

During a recent public hearing on the topic – held on the city's northwest side – citizens asked for more information on consolidation and how it would work, Ald. Witkowski said. "They were clearly saying 'we need to know more, so please give (the public) more information and research results' before moving forward with the referendum," he said.

The wording of the proposed referendum question was:

"Shall the City of Milwaukee, with assistance from other units of government and other interested organizations, study the feasibility and potential cost savings of the city assuming responsibility for government functions currently performed by Milwaukee County and, if such a consolidation of functions is feasible and financially beneficial, work with the State of Wisconsin and other municipalities in Milwaukee County to dissolve the county and create a consolidated city/county form of government?"

The consolidation of city and county services and functions has been successfully implemented in major U.S. cities, including Indianapolis, Louisville and Nashville, and Ald. Witkowski has said the savings that could result from dissolution of Milwaukee County and consolidation of services under the City of Milwaukee could help address metropolitan Milwaukee's image as a high-tax area, an image he said which hurts the city's ability to retain and attract businesses and residents.

**RICHARD L. WITHERS** 

Resolution authorizing the remission of real estate taxes for tax years 2005 and 2006 in the amount of \$25,184.62 for properties conveyed from K&L Trust and Kohl et al. to Milwaukee County.

## **Background**

- 1. Ten parcels located within the City were conveyed by quitclaim deed to Milwaukee County in December of 2004 for purposes of creating parkland.
- 2. Milwaukee County is a municipal body corporate exempt from general property taxes pursuant to s. 70.11(2).
- 3. The County failed to record the transfers until July of 2007. Without proof of transfer, the City was required to treat the properties as taxable.

#### **Discussion**

- 1. Taxes assessed on the 10 properties identified in the resolution in File # 070678 for the tax years 2005 and 2006 total \$25,184.62.
- This resolution cancels the taxes and directs that a check for this amount be drawn from funds in the Remission of Taxes Fund, Special Purpose Account (SPA), and delivered to the Customer Services Unit of the Office of the City Treasurer.
- 3. The Remission of Taxes Fund SPA is budgeted for \$500,000 in budget year 2007, the same as 2006. Actual expenditures from this account were \$904,882 in 2005 and \$1,055,344 in 2006.

#### **Summary of Fiscal Impact**

1. The resolution in File # 070678 will move \$25,184.62 from the Remission of Taxes Fund SPA to revenues.

#### **Analysis**

Resolution approving and authorizing the settlement of judgment for delinquent taxes entered on behalf of the City of Milwaukee by the Kohn Law Firm against Golden Marina Causeway LLC.

#### **Body**

Whereas, The City of Milwaukee ("the City") through the Kohn Law Firm("Kohn") filed suit against Golden Marina Causeway LLC ("GMC") in January 2008 for real estate taxes for 2006 for the property located at 311 E. Greenfield; and

Whereas, The above referenced property was assessed at \$537,100 for the 2005 tax year; and

Whereas, GMC attempted to sell the above referenced property in 2005 for \$9.5 million; and

Whereas, The above referenced property was subsequently assessed at \$9,290,400 for the 2006 tax year; and

Whereas, East Greenfield Investors LLC ("EGI") bought the property in January 2007 for \$ 400,000 and the time to request a review of the 2006 assessment had passed; and

Whereas, EGI/GMC requested an assessment review of the 2007 taxes; and

Whereas, The 2007 assessment was lowered from \$9.5 million to \$3,580,700; and

Whereas, Enforcement of the judgment would be difficult due to EGI's nominal assets; and

Whereas, The City would not acquire the property because it is on the do not acquire list; and

Whereas, EGI/GMC is actively taken steps to investigate, remediate and redevelopment the above referenced property; and

Whereas, Kohn has negotiated a proposed settlement of the judgment for a total of \$101,936.51 and that figure represents the principal, interest and penalties that the taxes for 2006 would have been if the property were assessed at the 2007 value of \$3,580,700; and

Whereas, EGI/GMC has already paid the 2007 taxes in full; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the Judgment against GMC be settled for \$101,936.51 with the remaining tax principal of \$107,270.83 to be charged to the Remission of Taxes Fund, (Fund 0001-Org 2210-Program 1241-Class S163-Acount 636508), said check to be delivered to the Customer Services Division of the Office of the City Treasurer; and, be it

## Dear Council Members:

Enclosed for your consideration is a resolution approving and authorizing a settlement of the judgment granted to the City against Golden Marina Causeway LLC ("hereinafter GMC") in the amount of \$244,513.05, for the lesser amount of \$101,936.51. The City, through the Kohn Law Firm, obtained a judgment against GMC for real estate taxes arising out of the above-referenced property for the 2006 levy year.

In 2005, the City assessed the value of the property at \$537,100. However, in that same year, GMC was attempting to sell the property for \$9.5 million. Hence, in 2006, the City reassessed the value of the property to \$9,290,400. GMC never objected to the newly assessed value of the property.

In January 2007, East Greenfield Investors LLC ("hereinafter EGI") purchased the entire membership interest in GMC (which included ownership of the property) for \$400,000. In addition, EGI purchased the \$3.7 million mortgage on the property for approximately \$2.5 million. By that time, it was too late to seek a review of the 2006 assessment. However, EGI/GMC asked for a review of the assessment of the property for the 2007 tax year. As a result, the property was reassessed to \$3,580,700. A formal post-judgment Supplementary Examination of GMC has confirmed that its only asset is the property at issue and that it is not currently producing any income, making enforcement of the judgment virtually impossible.

The compromise that EGI/GMC is seeking is with regard to the 2006 delinquent taxes during which time EGI/GMC claims that the property was wrongly assessed at a much higher value. Negotiations through the Kohn Law Firm and involving the offices of the City Treasurer, the City Attorney and the Department of City Development have resulted in a settlement proposal under which EGI/GMC would pay \$101,936.51 to settle the judgment for the 2006 taxes, which represents the amount that would currently be due, including full interest and penalties through July of 2008, if the 2006 assessment had been made at the same reduced value eventually arrived at for the 2007 assessment. In July of 2008, EGI/GMC paid the proposed \$101,936.51 to the Kohn Law Firm, to be held in escrow pending the Common Council's action in this matter. The 2007 taxes have been paid full.

The property at issue is contaminated, with current clean-up estimates running as well into the millions. The Department of City Development has confirmed that the property is contaminated and has placed the property on the City's "Do Not Acquire List." However, EGI/GMC is actively working to investigate, remediate, and redevelop the property so that it can be a beneficial asset to the City. Therefore, in this case, it is in the best interests of the City to accept the \$101,936.51 as satisfaction of the judgment at issue and it is recommended that the remaining balance be cancelled.

Very truly yours,

GRANT F. LANGLEY City Attorney

MEGAN T. CRUMP Assistant City Attorney
