UPDATE ON 2009 BUDGET ADJUSTMENT PLAN

File 091107

December 16, 2009

Budget & Management Division

Background

- Administration developed Plan to help adapt to emerging fiscal challenges
- Common Council adopted file 090043 in June, 2009
- Resolution directs DOA report on 12/16/09

Plan Objectives

1. Achieve a \$13 million 2009 expenditure lapse for 2011 TSF regeneration
2. Achieve 200 funded general City vacancies by the end of 2009
 - Reduce 2010 layoff potential
 - Helps achieve expenditure lapse
3. Provide for adequate operating funds for Q 4 2009 snow & ice operations
4. Reduce future budget impact of \$2.7 m of contingent borrowing for 2008 snow & ice control expenses

Plan Strategies

1. Position control
2. Harvest projected energy savings (i.e., no reallocations)
3. Implement 2009 furlough program
4. Modify the 2009 snow and ice removal charge
 - \$2.7 million increase adopted in July via File 090333
5. Police overtime management not a formal part of Plan but has contributed to objectives

Preliminary Assessment of Results

1. Final estimate not possible until end of Q1 2010
2. Vacancy objective was largely achieved
 - Less than 10 layoffs projected for 2010
 - Position management facilitated feasibility of “no layoff provision” with DC 48 for 2010-2011
3. \$13 million lapse to TSF appears feasible
 - Final Q 4 2009 snow & ice operations need to be determined
 - Will help address rating agency concerns
4. 2010 adopted D/S levy reflects \$2.7 million reduction from change to 2009 snow & ice removal charge

Future Action

1. DOA can report on final assessment in April 2010
2. Q 1 2010 presents opportunity to discuss goals for 2010 operating results
3. No borrowing for 2009 operations is foreseen

Dear Committee Members:

Re: Common Council File Number 090966

Budget Amendment 15 (b), approved on November 6, 2009, changed the compensation for the positions of Commissioner of Election from the rates under Pay Range 36 to a reimbursement allowance as designated for members of certain Boards and Commissions under Part II, Section 8 of the Salary Ordinance. To implement this change the Salary Ordinance will need to be amended as follows:

Effective Pay Period 1, 2010 (December 27, 2009)

In the Salary Ordinance, under Pay Range 36, delete the title "Commissioner of Election".

In Part II, Section 8, add the "Board of Election Commissioners" to the list of city boards whose members are eligible for a reimbursement allowance.

- Ability to plan, organize, and prioritize activities associated with the Project
- Ability to create and implement a strategic plan for a public health project of the scope associated with the job

It should be noted that neither the minimum qualifications nor the most notable KSACs stated above have been validated for purposes of staffing.

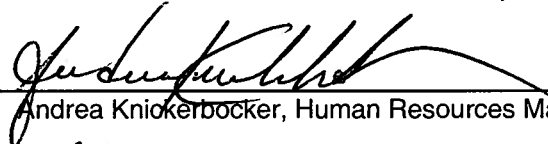

Analysis / Comparison to Other Positions

The nature of work, scope of responsibility, and knowledge/skill required for this job are very similar to a number of other Project Coordinator positions in the Milwaukee Health department, including Health Project Coordinator – Emergency Preparedness, Health Project Coordinator – Immunizations, and Health Project Coordinator – Plain Talk, all of which are allocated to Salary Grade 04.

Recommendation

Due to the fact that this position is very similar to other Project Coordinators in the Health Department allocated to SG 04, we recommend that this position be classified as a Health Project Coordinator – Childhood Wellness in SG 04.

- 5% Perform other job duties as assigned
Requirements for this position include experience with data entry and filing, Microsoft Windows XP and the Microsoft Office Suite.

The Employee's Retirement System has a new position in the 2010 budget that will be working primarily with the Department's imaging and workflow system. A review of the submitted job description indicates that the position will be performing duties that are substantially the same as those of another current position of Records Technician II in the Department. We therefore recommend that this new position in the Employee's Retirement System be classified as Records Technician II in Pay Range 410.

UNIFIED CALL CENTER

Current:	New Position	
Request:	Call Center Director	SG 14
Recommendation:	Call Center Director	SG 12

This new position will be responsible for creating a new unified Call Center for the City of Milwaukee for nonemergency calls employing "citizen relationship technology" and presumably a 311 telephone system. The overarching goals of the Call Center are to:

- improve direct customer service to residents
- increase the effectiveness and efficiency of City services through the use of readily available data on requests for service and responses to service; and
- increase accountability by providing the Mayor, Common Council, and department managers with information and measures of city services.

As envisioned, the Call Center will bring together customer service operations currently residing in the Department of Neighborhood Services, Milwaukee Water Works, and Department of Public Works, and other areas, and then determine the best processes, telephony, and information technology to implement. Establishing the Call Center will require a good deal of leadership as well as technical expertise in telephone systems and call center technology. Although requirements have not yet been validated for staffing purposes, the minimum requirements for the job, as stated on the job description, include a bachelor's degree in a field related to information technology or industrial engineering, and 5 years of experience designing and implementing business processes using a software solution.

In determining a proper level of compensation for this position, salary information was obtained from several cities with 311 call center operations. Two cities deemed the most comparable in terms of the size of their call center operations are that of Minneapolis and Baltimore. The Call Center for the City of Minneapolis, with a staff of 34, pays its Director \$92,604 annually. Baltimore's Call Center, with a staff of 40, pays its Director \$91,800 annually.

In addition, current Salary Grades for higher level management positions from within the City's employ were examined. From an internal perspective, the Call Center Director appears to be equivalent to a department head for a smaller department like the Election Commission in Salary Grade 12, or a high level manager such as the Permit and Development Center Manager in the Department of City Development in Salary Grade 12.

Salary Grade 12

Minimum	Midpoint	Maximum
\$73,627	\$88,352	\$103,077

If the midpoint of the range is considered the "going rate" for the job, the midpoint of SG 12, at \$88,352 is close (within 5%) of the compensation for Call Center Directors for Minneapolis and Baltimore. Considering the current labor market, which is extremely favorable to employers, the City's fiscal constraints, external salary comparisons, and internal Salary Grade comparisons, it appears appropriate to recommend classification of this new position as Call Center Director in Salary Grade 12.

DEPARTMENT OF NEIGHBORHOOD SERVICES

Current:	Public Information Coordinator	SG 05
Request:	Certification and Communications Coordinator	SG 05
Recommendation:	Certification and Communications Coordinator	SG 05

The duties and responsibilities associated with this position have changed the nature of work associated with this job. As a result of the addition of administrative work, such as ensuring that the Department's 50+ Inspectors meet state and City certification requirements and duties related to security, "public relations" as typified by writing press releases, arranging for advertisements, and so forth, is no longer the primary focus of the job. Although the position is still responsible for producing written materials used by a wide variety of individuals, including home owners, landlords, businessmen and women, and the staff of the Department, the additional administrative duties that have been added to the job warrant reclassification to a different job title. For this reason, we recommend that the position of Public Information Coordinator, in Salary Grade 05 be reclassified to Certification and Communications Coordinator in Salary Grade 05.

FIRE & POLICE COMMISSION – OFFICE OF HOMELAND SECURITY

Current:	New Position	
Request:	Office of Homeland Security Grant Monitor	SG 06
Recommendation:	Grant Monitor-Homeland Security	SG 06

This new grant-funded position will report to the Director of Homeland Security and be responsible for fiscal management and monitoring of the Urban Area Security Initiative (UASI) and other emergency management grants to insure compliance with federal, state, and local regulations and completion of projects within designated funding periods. The duties and responsibilities include:

- 10% Perform fiscal and accounting reconciliation activities of various grant awards
- 10% Provide technical assistance to all grant sub-recipients
- 10% Perform purchasing (FMIS) duties as related to the Office of Homeland Security (OHS) grant programs
- 10% Serve as a liaison to federal, state, and municipal agencies to ensure compliance with grant requirements
- 20% Conduct analysis of data to prepare financial status reports and appropriate materials required for financial and program audits
- 10% Assist in coordination of the inter-departmental agencies to achieve grant program goals and objectives
- 10% Assist with the writing of grant proposals

- 10% Update, develop, implement and maintain standard operating procedures and performance measures that provide for sound internal control environments
 - 10% Perform other project management related tasks as assigned by the Homeland Security Director
- Requirements for this position include a Bachelor's Degree in Business, Public Administration or related field or three to five years of related experience or training.

In 2009 the Office of Homeland Security is located in the Department of Administration, but with the 2010 budget becomes a part of the Fire and Police Commission. This new position will report directly to the Homeland Security Director and be funded through the UASI grant.

Staff compared the duties and responsibilities of this position with other positions in Salary Grade 06 including as Grant Monitor, Compliance Analyst, and Environmental Policy Analyst. All of these positions are involved with monitoring grants for widespread programs, ensuring that activities and purchases conform to program requirements, and analyzing data. Similar to the Grant Monitor classification this new position will also provide technical assistance to those receiving grant funds and write financial and/or evaluative reports.

The closest fit is the Grant Monitor classification. We recommend the title "Grant Monitor – Homeland Security" to accurately describe the function of the position and to distinguish the position from other Grant Monitor positions that work with community development.

DEPARTMENT OF CITY DEVELOPMENT

Current:	New Position	
Request:	Communication and Outreach Manager	SG 09
Recommendation:	Communication and Outreach Manager	SG 09

This new position will be located in the Marketing Section of the Department of City Development. This position will also prepare grant applications to further economic development. The position will supervise a graphics designer and videographer. (The photographer/videographer is a contractor.)

Although requirements have not yet been validated for purposes of staffing, the minimum requirements for the job, as stated on the job description provided by the Department include a bachelor's degree in public administration or closely related field and six years of progressively responsible administrative experience in a public agency. Public Relations Manager	09	Milwaukee Police Department
Health Communication Officer	08	Milwaukee Health Department
Marketing and Public Relations Officer	09	Milwaukee Public Library
Publications and Information Manager	09	Common Council-City Clerk

Considering these internal comparisons, we recommend classification of this position as a Communication and Outreach Manager in Salary Grade 09.

COMMON COUNCIL-CITY CLERK

Current:	New Position	
Request:	Capital Program Specialist	SG 08
Recommendation:	Fiscal Planning Specialist	SG 08

In 2009, the Common Council and Mayor reestablished a Capital Improvements Committee. The purpose of this Committee, which is advisory in nature, is to develop and maintain a unified long-term capital improvements program for the City's infrastructure and facilities. The committee will evaluate recommendations from City departments and prepare an annual six-year capital improvements program based on City priorities and objectives.

The Committee will also prepare a report describing the condition of the city's infrastructure and facilities and the adequacy of effort made to preserve such infrastructure and facilities and eliminate any deferred capital maintenance. Based on these reports, in May of each year the Committee will submit to the Budget and Management Division a capital improvements budget for construction and maintenance of infrastructure and facilities for the ensuing fiscal year, and prepare semi-annual progress reports, with emphasis on the status of large-scale capital projects, for submission to the Common Council.

The duties and responsibilities of the position under consideration will flow from the mission, goals, and objectives established by the aforementioned Committee. Residing in the Office of the Common Council, City Clerk, and reporting to the Deputy City Clerk, this position will serve as the sole staff to the Committee. The major responsibilities of the job will be to:

- Prepare an annual report for submission to the Capital Improvements Committee that describes the condition of the city's infrastructure and facilities and the adequacy of the effort level made by the city to preserve such infrastructure and facilities and eliminate any deferred capital maintenance.
- Assist the Capital Improvements Committee in developing a recommended capital budget, including financing, for the construction and maintenance of infrastructure and facilities, based on capital budget requests submitted by city departments and within guidelines established by the Common Council, and describe its relationship to the 6-year capital improvements program to the Capital Improvements Committee.
- Secure supporting data and justification for proposed capital improvements projects, arrive at accurate cost estimates and secure from city departments a list of services and facilities and a projection of operating costs related to each construction project.
- Monitor completion of the capital improvements program as contained in the annual budget. Prepare semi-annual progress reports, with emphasis on the status of large-scale capital projects

as determined pursuant to Resolution File Number 061597, and other projects as determined by the committee, in relation to their predetermined construction schedule and estimated costs, for submission to the Capital Improvements Committee.

- Assist the Capital Improvements Committee in developing a prioritized 6-year capital improvements program for all departments under control of the Common Council, including total estimated construction and maintenance costs, the effect of the total costs upon estimated annual tax levies and debt service for each year of the program, and recommendations concerning financing of the program.

Although minimum requirements for this job have not yet been validated for staffing purposes, the job description submitted by the Common Council, City Clerk indicate that a bachelor's degree in public administration, civil engineering, or finance and three years of experience in capital budgeting, finance or related area would be required.

Notable knowledge, skills, abilities, and attributes needed to successfully perform the job include:

- Knowledge of the principals and practices of municipal finance, budgeting, and accounting.
- Knowledge of municipal government structure, statutes, and departmental responsibilities.
- Ability to employ cost-benefit analysis to analyze proposed budgets creatively in light of competing priorities, budget limitations, and alternative funding methods.
- Ability to present effective oral and written communications in a concise and clear manner.
- Ability to become proficient in use of the Financial Management Information System.
- Ability to work cooperatively with Committee members, elected officials, department heads and staff to develop capital budget requests, reports, and related documents.
- Ability to use advanced features of Microsoft Word, Excel, PowerPoint and database software.

The City has an established several series of job classifications for budgeting and planning with the following titles and Salary Grades:

Budget & Management Analyst	SG 03
Budget & Management Analyst-Senior	SG 05
Budget & Management Analyst-Lead	SG 06
Budget & Management Special Asst	SG 08
Fiscal Planning Specialist	SG 08
Fiscal Planning Specialist-Senior	SG 10

As the sole staff to the Capital Improvements Committee, the level of responsibility associated with this job, which includes the consequences of errors and failure to perform the job well, is significant. Further, the extent and purpose of contacts with others, which is a compensable job evaluation factor, will also be significant in this job. For that reason, it appears appropriate for the position under consideration to be allocated to SG 08.

For administrative simplicity, however, we recommend that the title of this position be that of Fiscal Planning Specialist, consistent with one of the aforementioned job series currently in use. This job classification recommendation will not prohibit the employee filling the job from using a working title, such as Capital Program Specialist as long as it meets the approval of the Committee and City Clerk.

We therefore recommend that this new position in the Common Council-City Clerk's Office be classified at Fiscal Planning Specialist in Salary Grade 08.

Changes in this position include the following:

- No longer supervises two office support positions that were eliminated.

Comparison to Other Positions

To study this position we made comparisons to numerous administrative job classifications, both management and nonmanagement, including the following:

Program Assistant III in Pay Range 550 (\$46,607 - \$53,328)

The specification for the Program Assistant job series indicates that these positions perform a variety of office support and administrative work in support of a program or distinct area of operations within a City Department. The term "program" is intended to be broad in application, encompassing the work of a bureau, division, section, or specific program in a department.

There are three levels of Program Assistant. The highest level, Program Assistant III, is for positions that perform a variety of duties and responsibilities to support a significantly complex program or area of operations within a City Department. In addition to requiring the equivalent knowledge and skill obtained with a bachelor's degree, these positions require in-depth knowledge of technical and/or administrative processes. Other Program Assistant III positions are located in the Department of Public Works, Department of Administration and the Fire and Police Commission. One position of Program Assistant III is located in the Fire and Police Commission. The basic function of this position is to serve as the confidential secretary to the Fire and Police Commission Executive Director and the Board of Fire and Police Commissioners; prepare for review and approval the annual department operating budget; oversee department accounts and records; direct and ensure the monitoring of

Police and Fire Departments payrolls and personnel activities; and oversee the general operations of the office.

Administrative Services Coordinator in Pay Range 555 (\$48,133 - \$54,958)

This position is located in the Department of City Development and serves as the coordinator for various departmental administrative functions and provides executive level support to the Commissioner – City Development and key staff in the Commissioner's Office. This includes coordinating various functions such as maintenance and custodial operations, record retention process, tracking system and responses to proposed state legislation; coordinating meetings between top level executives, the Mayor and the Commissioner and provide background material if needed; coordinating personal appearances for the Commissioner on behalf of the Mayor as directed by the Mayor; reviewing and prioritizing all correspondence addressed to the Commissioner and routing it to staff for response or information; and performing general research regarding departmental issues and projects upon request.

Administrative Services Specialist in Salary Grade 01 (\$36,507 - \$51,106)

Currently there are two filled positions with this classification. One is in the Police Department and the other one is in the Employee's Retirement System (ERS). The basic function of the latter one is to be responsible for the complete administration of financial and membership functions of the health and dental insurance for several different retiree groups including General City, Fire, Police, Pabst Theatre, Wisconsin Center, Duty and Ordinary Disability, and spouse survivors and dependents; on-going correspondence with members, ERS Board, staff, and other affected personnel; maintaining appropriate records and database; preparing required reports; and understanding and applying associated rules, regulations, and legal opinions governing the process.

Administrative Specialist in Salary Grade 02 (\$38,902 - \$54,455)

There are several positions of Administrative Specialist in the City Service including the position under study. Generally, these positions perform a wide variety of administrative, technical and supervisory duties. For example, one position in the Department of Administration – Budget and Management Division is responsible for administrative support to the Division which includes oversight of technical systems related to the preparation of budget systems and forms, official city budget documents, materials for the annual city budget review, and ongoing budget administration such as vacant positions, fund transfers, and emergency temporary position authorizations; preparing the annual City Positions Ordinance and organization charts for publication; coordinating the Division's accounts and payroll processing; providing support for the analytic staff with PowerPoint presentations and spreadsheets; and serving as a lead worker for an Administrative Services Specialist.

Administrative Specialist-Senior in Salary Grade 04 (\$44,194 - \$61,871)

There are also several positions of Administrative Specialist – Senior in the City. One of the positions is located in the Communications and Marketing Section of the Library. The basic function of this position is to promote the library's services and resources by editing and writing library publications, developing and maintaining electronic media; and assisting with developing and coordinating public relations, marketing programs, and special events. Another position is located in the City Attorney's Office and serves as the Executive Administrative Assistant to the City Attorney and Deputy City Attorney; oversees the automated office systems in the Department, troubleshoots with respect to hardware and software problems, and is the Department liaison with the Information and Technology Management Division of the Department of Administration; oversees the daily workload and operations of the office support staff and is a lead worker to ten positions; and assists the Special Assistant to the City Attorney with personnel related functions. A third position is located in the Circulation Division of the Library. The basic function of this position is, under the general direction of the Librarian V, to oversee the daily operation of the Circulation Bureau. This includes supervision

and decision making, evaluating and handling all disciplinary activities, serving as departmental liaison for scheduling and billing with the contracted security guard program, and overseeing the free flier distribution program.

Administrative Services Supervisor in Salary Grade 05 (\$47,109 - \$65,957)

There are two positions with this classification, one is located in the Assessor's Office and the other is in the Department of City Development. The first position supervises a staff of ten employees; provides administrative assistance to the Commissioner and Chief Assessor; does initial review of exemptions, requests additional information if needed and explains standards for exemptions in person and over the phone; ensures that the Department obtains all necessary equipment, materials and supplies; and prepares the Department's budget. The other position supervises a staff of four and oversees a variety of administrative functions critical to the operations of the Department of City Development including managing the Department's space in the 809 Building, payroll functions, and coordination of all departmental business with the Milwaukee Common Council.

Analysis and Recommendation

In 1996 this position was studied as part of the City-wide Office Support Study. This resulted in a title change from Administrative Specialist to Office Supervisor II in Salary Grade 02. Based on the specification, typical duties of an Office Supervisor II are as follows:

- Directly supervises a small staff of office support personnel.
- Analyzing work processes and making improvements where practicable
- Performing a variety of administrative duties needed to run an office such as ordering supplies and materials; evaluating equipment, hardware, and software needs and ordering upgrades; creating and maintaining files and filing systems; administering record retention systems; assessing telephone needs and coordinating installations; and maintaining financial, budgetary, personnel, and other types of records.
- Preparing budgetary documents and supporting documentation for annual and ongoing budget requests; monitoring budget expenditures; and preparing requisitions and payment certifications for office supplies, equipment, and services.
- Researching and analyzing issues related to the work of the section; and presenting conclusions and recommendations regarding issues orally and in writing.
- Preparing technical, financial, statistical, and other types of written reports.

In 2003 the position was studied, and as the position no longer supervised any other positions on a regular basis, was returned to the title of Administrative Specialist in Salary Grade 02. Because the level of administrative work remained at a high level, the salary grade did not change.

When a position is studied the standard for reclassification is not only whether there have been changes in the duties and responsibilities but whether the changes increase the level of responsibility enough to reclassify the position to a higher level. Duties and responsibilities are compared to those of other positions in the City Service.

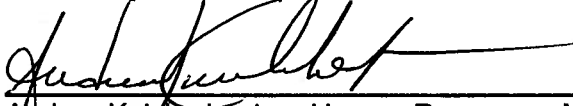

A review of the current duties and responsibilities of the position under study indicates that many closely match the specification for Office Supervisor II. Since the position under study is already in one of the higher classifications for administrative support work several of the changes listed above, such as doing research, training staff on FMIS, HRMS, Time Entry, and payroll; and filling in for others in areas such as payroll, accounts payable, and budget requests, are consistent with the current classification and/or other positions in similar levels such as Pay Range 550 and 555.

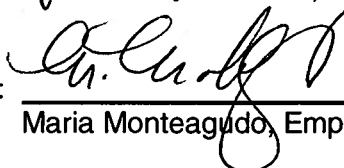

Some of the other changes such as managing the review of state legislation to see what might be of interest or concern to the City of Milwaukee; and complying with the more complex reporting requirements for the City's lobbying activity, are some of the stronger responsibilities of the positions. Working to customize and implement a new software program can be especially challenging during the initial phases but once it is completed, that type of work is greatly reduced. In addition, other positions in the City at the same or lower levels have also been involved with similar activity to help make their areas of operation more efficient. These changes do not change the level of responsibility of the position enough to support a reclassification to a higher level within the Management Pay Plan.

However, because the position no longer has supervisory responsibilities, reclassification to the comparable nonmanagement position of Administrative Services Coordinator in Pay Range 555 would be appropriate. The position in this classification in the Department of City Development also provides high level administration support to a key position in the City as well as other administrative functions within the Department.

Based on the above review and analysis we recommend that this position be reclassified from Administrative Specialist in Salary Grade 02 to Administrative Services Coordinator in Pay Range 555.

JOB EVALUATION REPORT

City Service Commission Meeting: December 15, 2009
 Department: Neighborhood Services

This report recommends appropriate classifications and compensation levels for nine positions created in conjunction with the implementation of the 2010 City of Milwaukee budget in the Department of Neighborhood Services. In reviewing these positions, staff analyzed new job descriptions and held discussions with management representatives from affected departments. The following chart summarizes the recommended changes.

Current	Request	Recommendation
New Position	Office Assistant III PR 425 (\$33,865 – \$37,464)	Office Assistant III PR 425 (\$33-865 - \$37,464)
8 New Positions	Code Enforcement Inspector II – 8 positions PR 541 (\$43,909 - \$52,069)	Code Enforcement Inspector II – 8 positions PR 541 (\$43,909 - \$52,069)

ACTIONS REQUIRED

No action required.

BACKGROUND

In the 2010 budget, the Department of Neighborhood Services received additional position authority for eight Code Enforcement Inspector II's, and one Office Assistant III, to staff a Vacant Building Registration Program and a Residential Rental Inspection Pilot Program. Staff reviewed standard job descriptions and held discussions with Business Operations Manager Lynne Steffen.

Vacant Building Registration Program

This new program will provide more proactive and comprehensive inspection and monitoring of vacant properties. As a result of the downturn in the housing market, the number of vacant properties is increasing, creating a greater risk to neighborhood conditions if these properties are not adequately maintained. If vacant properties are abandoned or not maintained, they create blight in neighborhoods, require additional city resources to be expended, and threaten public health, safety, and welfare. The program's goal is to provide a deterrent to property owners not adequately maintaining vacant buildings. This should stabilize and improve neighborhood conditions while allowing for improved code enforcement, policing, and development strategies involving vacant properties. The program as proposed will require specific buildings that are vacant for a specified time period to be registered with DNS. Registration is valid for six months and must be renewed as long as the building remains vacant. A \$250 base renewal fee will be charged, with the fee increasing if uncorrected code violations exist. It is estimated that there are 300 vacant commercial buildings and 1,000 residential buildings that would initially qualify.

Four of the new Code Enforcement Inspector II positions and the Office Assistant III will be assigned to this program. The Code Enforcement Inspector II's will be responsible for conducting interior and exterior inspections of the properties to ensure that no critical code violations exist. If violations exist, they will issue orders to correct the violations.

The Office Assistant III will perform all necessary clerical functions related to the program. Duties and responsibilities will include answering calls and inquires, organizing the workload and setting up procedures, implement systems to meet the demands of the program's reviewing procedures, maintaining separate files of all applications, notice letters, certificates, and other related material, preparing reports, memos, letters, lists, and other related materials, following up on referrals to other divisions, and scheduling inspections and reinspections for inspectors.

Residential Rental Inspection Pilot Program

Certain areas of the city have a high concentration of rental properties, which increases the risk of fire and other safety hazards, as well as dangerous or unsatisfactory housing conditions. The program's goal is provide more proactive and comprehensive inspection and monitoring of rental properties in order to deter landlords from illegally and improperly maintaining rental units. This should ensure safe housing, reduce illegal occupancies and fire deaths, and minimize the adverse impact of rental housing. The program is being implemented on a pilot basis. The program as proposed will require each rental unit to obtain a residential rental certificate.

Four of the new Code Enforcement Inspector II positions will be assigned to this program. The Code Enforcement Inspector II's will be responsible for conducting interior and exterior inspection to ensure compliance with the building maintenance code and zoning ordinances. If violations exist, they will issue orders to correct the violations.

ANALYSIS AND RECOMMENDATION

The job descriptions provided for these eight new Inspector positions are consistent with the standard job description for Code Enforcement Inspector II. These positions conduct various types of inspections to insure that residential and commercial structures meet City and State codes.

The job description for Office Assistant III is consistent with other Office Assistant III positions in the department including a position in the Administrative Services Section of DNS which is responsible for pursuing compliance with the City's requirement to record property ownership and a position in the Neighborhood Improvement Program which performs all necessary clerical functions related to that program.

For the reasons indicated above, we recommend classifying these new positions as Code Enforcement Inspector II in Pay Range 541 and Office Assistant III in Pay Range 425.

JOB EVALUATION REPORTCity Service Commission Meeting Date: December 15, 2009Department: Department of Public Works – Operations Division

Current	Request	Recommendation
Nursery Laborer PR 238 (\$37,833 - \$41,791)	Study for Title Change	Nursery Specialist PR 238 (\$37,833 - \$41,791)

Action Required

In the Salary Ordinance, under Pay Range 238, delete the title “Nursery Laborer” and add the title “Nursery Specialist.”

In the Positions Ordinance, under Department of Public Works – Operations Division, Forestry Section, delete four positions of “Nursery Laborer” and add four positions of “Nursery Specialist.”

Background

As part of the 2004-2006 District Council 48, AFSCME, AFL-CIO Labor Agreement the City agreed to “look at (a) title change for (the) classification of Nursery Laborer”. The Department currently has four positions of Nursery Laborer. Discussions were held with James Fields, President, Local 33; Leo Nowak, Union Delegate, Local 33; David Sivy, Forestry Services Manager; and Dan Thomas, Public Works Personnel Administrator.

Duties, Responsibilities & Requirements

The basic function of this position is to, under the direction of the Greenhouse and Nursery Manager and the Nursery Crew Leader perform duties at the Municipal Nursery related to the production of trees, shrubs, and flowers for use on city-owned properties. This work includes weekend and holiday shifts. The specific duties and responsibilities are as follows:

- 35% Flower Production – propagation of bedding plants; fertilizing; pest control; watering; monitoring and controlling temperatures in greenhouses; and preparing bedding plants for shipping to boulevard districts.
- 30% Tree Production – pruning; staking; fertilizing; watering nursery trees; harvesting balled, burlapped and bare root trees; planting nursery liners; and chemical and mechanical weed control.
- 30% General Duties – clearing fields of stumps and rocks; mowing grass; cutting down brush; applying pesticides; maintaining nursery roads, waterways and windbreaks; operating power equipment such as mowers, sprayers, chainsaws, tree spades, and brush cutters; driving City vehicles; cleaning greenhouses, work areas, vehicles, garages, and tools; and minor repairs of tools and equipment.
- 5% Other Duties as Assigned

Requirements include twenty credits from a degree program in Horticulture or a closely related field; or nine months of experience in related horticultural activities; or an equivalent combination of education and experience.

Analysis and Recommendation

Through the negotiation process the City and District Council 48, AFSCME, AFL-CIO agreed to study the classification of "Nursery Laborer" for a possible title change. Discussions were held with Union and Department representatives. It was felt that the term "Laborer" does not reflect the level of the job since the job requires some education, experience or an equivalent combination. The term "Specialist" appears more appropriate and is used in several City positions that require some education or experience such as Urban Forestry Specialist and Water Distribution Tapping Specialist.

We therefore recommend the title for these four positions of Nursery Laborer be changed to Nursery Specialist.

To The Honorable
The Committee on Finance and Personnel
Common Council
City of Milwaukee

Dear Committee Members:

Re: Common Council File Number 090986

- Analysis -

This report recommends changes to the Salary Ordinance to freeze annual salary increments for Management Pay Plan employees for the years 2010-2011, and to eliminate language regarding Exceptional Achievement Awards. This report also provides salary ordinance language that freezes pay for the Mayor, Aldermen and Council President in 2010, as was approved under File #090592 on November 6, 2009, and recommends a provision that Management Pay Plan employees use Direct Deposit of Checks.

This report recommends approval of the following changes for Management Pay Plan employees.

1. Base Salary:

- a. Effective Pay Period 1, 2010 through Pay Period 26, 2011 Management Pay Plan employees shall not be eligible for an annual salary increment.
- b. Effective Pay Period 1, 2010 there will be no Exceptional Achievement Awards

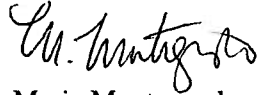

2. Direct Deposit of Checks:

By Pay Period 5 (February 21, 2010) all Management Pay Plan employees who

are capable of maintaining a financial relationship with a banking institution shall participate in direct deposit of pay checks.

We recommend approval of these changes.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Monteagudo", written in a cursive style.

Health Plan Co-Pays	---	---	(3,688)
Total Contract Costs:	\$ 78,398	\$ 136,171	\$ 206,730

The total incremental costs as developed by my staff for the January 1, 2010 through December 31, 2011 agreement by category are:

	<u>Year 1</u>	<u>Year 2</u>
Salaries – Base pay	\$ ---	\$ ---
Salary Rollups – Workers' Comp, Unemploy. Comp, Terminal Leave, Overtime, and Group Life	---	---
Pension & FICA	---	---
Early Retirement	73,000	---
Wellness Program	16,380	---
Employee Pension Contributions	(18,275)	(36,550)
Total Contract Costs:	\$ 71,105	\$ (36,550)

While we have reviewed all of the items, the Labor Negotiator's pension costs were developed by an actuary. We are not in a position to recompute these figures, as we do not have the appropriate database. We have found the balance of the figures in the note to be reasonable. The figures developed by the Labor Negotiator for 2007-2009 agreement are adequate for use in the file.

The 2010-2011 agreement does not call for cost of living increases or no pay step advancements. These provisions do not increase or decrease salaries over 2009 rates. Further, Article 22, Pension Benefits, call for "Employees hired on or after 01/01/2010 shall be required to pay member contributions equal to 5.5%". Currently, this cost is entirely borne by the City. While it is unknown how many nurses will be hired, it is unreasonable to assume that the City will not hire any employees in 2010 and 2011. Since 01/01/2007, the City hired 18 nurses. Using a three year average for hires, the savings for the pension contributions are significant enough to report.

Due to the timing of this contract's settlement, the Wellness Program expenditures could not reasonably be borne in 2009, instead my office found it prudent to place these expenditures in 2010.

Very truly yours,

AGREEMENT
Between
CITY OF MILWAUKEE
and
SEIU HEALTHCARE DISTRICT 1199 WISCONSIN/STAFF NURSES' COUNCIL

PREAMBLE

This Agreement is made at Milwaukee, Wisconsin, pursuant to the provisions of Section 111.70, Wisconsin Statutes, by the CITY OF MILWAUKEE, as a municipal employer, hereinafter referred to as the "City," and the SEIU HEALTHCARE DISTRICT 1199 WISCONSIN/STAFF NURSES' COUNCIL, as representative of the certified bargaining unit who are employed by the City of Milwaukee and hereinafter referred to as "Union."

The parties to this agreement are desirous of reaching an amicable understanding with respect to the employer-employee relationship which exists between them and to enter into a complete agreement covering rates of pay, hours of work and conditions of employment.

The parties do hereby acknowledge that this agreement is the result of the unlimited right and opportunity afforded to each of the parties to make any and all demands and proposals with respect to the subject of rates of pay, hours of work and conditions of employment and incidental matters respecting thereto.

It is intended that the following agreement shall be a full and complete agreement consistent with the provisions of Section 111.70, Wisconsin Statutes.

ARTICLE 1

DURATION

1. This Agreement shall be in effect beginning at 12:01 a. m. on January 1, 2007, and ending at 12:01 a. m. on January 1, 2010, unless both parties agree to extend it beyond that date.
2. Not earlier than June 15, 2009, nor later than July 1, 2009, the Union shall give the City written notice in accordance with NOTICES Article of this Agreement, indicating areas in a succeeding labor agreement in which changes are requested; conferences and negotiations shall be carried on by the parties beginning 30 calendar days following the date such notice is provided.
3. In the event the City/Union Agreement is not executed as of July 1, 2009, in lieu of section 2 above, the Union shall, within 30 days of the execution date of this Agreement, give the City written notice in accordance with the Notices Article of this Agreement indicating areas in a succeeding labor agreement in which changes are requested; conferences and negotiations shall be carried on by the parties beginning thirty (30) calendar days following the date such notice is provided.
4. Except as otherwise stated herein, all terms of this Agreement are effective January 1, 2007.

ARTICLE 2

RECOGNITION

The City recognizes the Union as the exclusive collective bargaining agent for certain employees of the City, as certified by the Wisconsin Employment Relations Commission (WERC), with regard to wages, hours and conditions of employment.

ARTICLE 3

MANAGEMENT RIGHTS

1. The Union recognizes the prerogative of City to operate and manage its affairs in all respects in accordance with its responsibilities, and the powers or authority which City has not officially abridged, delegated, or modified by this Agreement are retained by City. The Union recognizes the exclusive right of the City to establish reasonable work rules.
2. The City has the right to schedule overtime work as required in a manner most advantageous to the City and consistent with the requirements of municipal employment and the public interest.
3. It is understood by the parties that every incidental duty connected with operations enumerated in job descriptions is not always specifically described. Nevertheless, it is intended that all such duties shall be performed by the employee.
4. The City reserves the right to discipline or discharge for cause. The City reserves the right to layoff for lack of work or funds, or the occurrence of conditions beyond the control of the City or where such continuation of work would be wasteful and unproductive. City shall have the right to determine reasonable schedules of work and to establish the methods and processes by which such work is performed.
5. Contracting and subcontracting. The Union recognizes that the City has statutory and charter rights and obligations in contracting for matters relating to municipal operations. The right of contracting or subcontracting is vested in the City. The right to contract or

subcontract shall not be used for the purpose or intention of undermining the Union nor to discriminate against any of its members. The City agrees to a timely notification and discussion in advance of the implementation of any proposed contracting or subcontracting. The City further agrees that it will not lay off any employees, who have completed their probationary periods and have regular civil service status at the time of the execution of this Agreement because of the exercise of its contracting or subcontracting rights except in the event of an emergency, strike or work stoppage, or essential public need where it is uneconomical for City employees to perform said work, provided, however, that the economies will not be based upon the wage rates of the employees of the contractor or subcontractor, and provided it shall not be considered a layoff if the employee is transferred or given other duties at the same pay. The fact that employees are in, or may become in, a laid-off status shall not prevent the City from exercising its right to contract or subcontract work as long as the contracting or subcontracting does not cause the layoff or layoffs or cause the elimination of the job or jobs which the employee or employees performed.

6. The City will give the Union reasonable and timely notice prior to its final decision in cases wherein City departments are merged or separated and will afford the Union an opportunity to present its position with respect thereto.

ARTICLE 4

GRIEVANCE PROCEDURE

1. Only matters involving the interpretation, application or enforcement of the terms of this Agreement shall constitute a grievance under the provisions set forth below.
2. Step One. An employee who has a grievance shall first present the grievance orally to the employee's immediate supervisor, either alone or accompanied by a Union representative.
3. Step Two. If the grievance is not settled at the first step, it shall be reduced to writing and presented to the Division Manager or his/her designee within ten (10) working days of completion of Step One. Within ten (10) working days of his/her receipt of the written grievance initiation, the Division Head or his/her designee shall furnish the employee and the Union with a written answer to the grievance.
4. Step Three. If the Union grievance is not settled at the second step, the Union may appeal in writing within ten (10) working days of the receipt of the second step answer to the department head or his/her designee, who shall confer with the aggrieved and the Union and notify the aggrieved and the Union in writing within ten (10) working days from the date of such meeting .
5. When a grievance conference is held at the third (Department Head) step of the grievance procedure, a named employee who has filed a grievance and the Union official or representative whose presence for the purpose of giving testimony is required shall be given notice of at least 24 hours before a meeting is held unless the grievant and the Union waive the requirement of such notice.

6.If a Union grievance is not settled at the third step, or if any grievance filed by the City cannot be satisfactorily resolved by conference with appropriate representatives of the Union, either party may proceed to the next step as hereinafter provided.7. Step Four . If the answer of the Department Head upon a matter which can be submitted to final and binding arbitration is unsatisfactory to the Union and the Union

advances the grievance to arbitration, it shall be reviewed at a meeting between the Labor Negotiator or designee and the Union designee held periodically for that purpose. The designated participants in such meeting shall be empowered to settle such grievance and no step in the arbitration process shall occur until such meeting has occurred or the parties by written agreement have waived such meeting.

8.All written grievance appeals shall set forth the provision of the Agreement under which the grievance was filed.

ARTICLE 5

ARBITRATION PROCEDURE

1. No item or issue may be the subject of arbitration unless such arbitration is requested in writing within 30 calendar days of the completion of Step Three of the grievance procedure.
2. Arbitration may be initiated by the Union serving upon the City a notice, in writing of its intent to proceed to arbitration. Said notice shall identify the provision upon which it relies, the grievance or grievances, the department and the employees involved.
3. Unless the parties, within five working days following the receipt of such written notice agree upon an arbitrator, either party may, in writing, request the Wisconsin Employment Relations Commission to submit a list of five arbitrators to both parties. The parties shall within five working days of the receipt of said list meet for the purpose of selecting the arbitrator by alternately striking names from said list until one name remains.
4. The following subjects shall not be submitted to arbitration:
 - a. Provisions of the Agreement which relate to or in any manner affect the obligations of the City as expressed or intended by the provisions of Chapter 65, Wisconsin Statutes.
 - b. The statutory or charter obligations which are by law delegated to the Common Council.
 - c. The elimination or discontinuance of any job, except as provided in the contracting and subcontracting provision of this Agreement.
 - d. Any pension matter.

- e. Disputes or differences regarding classifications of positions, promotions of employees, and eliminations of positions.

The specific exceptions noted above are not intended to limit the right of the Union to proceed to final and binding arbitration in disputes affecting the entitlement of employees to existing and established wages, hours and conditions of employment as specifically set forth in this Agreement.

- 5. No issue whatsoever shall be subject to arbitration unless such issue results from an action or occurrence which takes place following the execution of this Agreement. In the event that this Agreement is terminated or breached for any reason, rights to arbitration shall thereupon cease. This provision, however, shall not affect any arbitration proceedings which were properly commenced prior to the expiration or termination of this Agreement.
- 6. The Union shall have the right to submit all matters of discipline and discharge to arbitration in the same manner as for other arbitrable issues. If the employees elect to have their discipline or discharge case heard by the City Service Commission under the provisions of Section 63.43 or alternate procedures covered by Section 63.44 of the Wisconsin Statutes, such employees will be said to have waived their right to arbitration.
- 7. The arbitrator selected shall hold a hearing expeditiously at a time and place convenient to the parties. The arbitrator shall take such evidence as in his/her judgment is appropriate for the disposition of the dispute. Statements of position may be made by the parties and witnesses may be called. The arbitrator shall have initial authority to determine whether or not the dispute is arbitrable, under the express terms of this Agreement. Once it is determined that a dispute is arbitrable, the arbitrator shall proceed in accordance with this

Article to determine the merits of the dispute submitted to arbitration.

8. No award of any arbitrator may be retroactive for a period greater than 90 working days prior to the formal request for arbitration as herein provided, nor shall it cover or include any period prior to the date of execution of this Agreement.
9. The arbitrator shall neither add to, detract from, nor modify the language of this Agreement in arriving at a determination of any issue presented that is proper for arbitration within the limitations expressed herein. The arbitrator shall have no authority to grant wage increases or wage decreases.
10. The arbitrator shall expressly confine himself/herself to the precise issue submitted for arbitration; and shall not submit declarations of opinion which are not essential in reaching the determination of the questions submitted unless requested to do so by the parties. It is contemplated by the provisions of this Agreement that any arbitration award shall be issued by the arbitrator within 60 working days after the notice of appointment unless the parties to this Agreement shall extend the period in writing by mutual consent.
11. All expenses involved in the arbitration proceedings shall be borne equally by the parties. However, expenses relating to the calling of witnesses or the obtaining of depositions or any other similar expense associated with such proceedings shall be borne by the party at whose request such witnesses or depositions are required.

Reasonable travel time from site of employment to site of meeting will be allowed.

5. Check Off of Union Dues

Employees may authorize the City to deduct Union dues from their paychecks by executing an authorization card and submitting it to a City-designated administrator. The City will deduct from the biweekly earnings of all employees represented by the Union, who have not authorized dues deduction by dues deduction cards, a fair-share amount that is equal to that part of the monthly dues certified by the Union as the dues deduction uniformly required of all members of the Union and pay said amount to the

Union within ten (10) days after the pay day from which such deduction was made.

Any changes in dues deduction or fair share shall be sent to the City two pay periods prior to the effective date of the change.

The Union shall, at its sole cost and expense, fully indemnify, defend and hold harmless the City, its officers, agents and employees against any and all claims, suits, actions or liability of judgments for damages (including, but not limited to, expenses for reasonable legal fees and disbursements of the City, if any) arising from any challenge to the language contained herein. The Union shall have no responsibility to reimburse the City for any court costs or legal fees the City incurs on its own behalf in the event that the City retains its own attorneys based upon its determination that its interests require representation independent of that provided to the City by the Union pursuant to the terms of this paragraph.

6. Union Conventions/Conference Attendance

Effective the next pay period following the execution date of the Agreement, up to six (6) bargaining unit officials shall be granted up to three (3) unpaid days, per calendar year, to attend union conventions, education classes, or conferences. No more than two (2) bargaining unit officials may be off at any given time for attendance to such events. A bargaining unit official may elect to take earned and unused vacation time or compensatory time off in lieu of unpaid time off. The Union shall notify, in writing, the Health Personnel Officer of the dates of the union conventions, education classes, or conferences and the names of the bargaining unit officials designated to attend at least thirty (30) calendar days in advance of such event.

ARTICLE 7

PROHIBITION OF STRIKES AND LOCKOUTS

1. Strikes

The Union shall neither cause nor counsel its members, or any of them, to strike, nor shall it in any manner cause them either directly or indirectly to commit any concerted acts of work stoppage, slowdown, or refusal to perform any customarily assigned duties for the municipal employer, namely, City. However, whether or not the Union is liable for such acts or actions, any employee who commits any of the acts prohibited in this section may be subject to the following penalties:

- a. Discharge as provided for by law.
- b. Other disciplinary action as may be applicable to such employee.
- c. Loss of all compensation, vacation benefits and holiday pay as determined by the City.

Upon notification confirmed in writing by the City Labor Negotiator to the President of the Union that certain of its members are engaged in a wildcat strike, the Union shall immediately in writing order such members to return to work immediately, provide the City Labor Negotiator with a copy of such an order, and a responsible official of the Union shall publicly order them to return to work. Such characterization of the strike by the City shall not establish the nature of the strike. Such notification by the Union shall not constitute an admission by it that a wildcat strike is in progress or has taken place or that any particular member is or has engaged in a wildcat strike. The notification shall be made solely on the representations of the City. In the event that a wildcat strike occurs,

the Union agrees to take all reasonable, effective, and affirmative action to secure the member's return to work as promptly as possible. Failure of the Union to issue such orders and/or take such action shall be considered in determining whether or not the Union caused or authorized, directly or indirectly, the strike.

2. No Lockout

The City will not lock out employees. However, if any employee is unable to work because equipment or facilities are not available due to a strike, work stoppage, or slowdown by any other employees, such inability to work shall not be deemed a lockout under the provisions of this section.

ARTICLE 8

HOURS OF WORK

1. The basic workday for an employee covered by this Agreement shall consist of eight hours out of the calendar day. As far as it is practicable, this workday shall conform with the established hours of business. This conformity shall not interfere with the special times schedules governing departments operating more than eight hours in each calendar day. This provision shall not allow involuntary split shifts of the employee's straight time hours. Nor shall this provision for an eight-hour day for City employees be construed as prohibiting the creation of part-time employment or the establishment of rotative, staggered or shortened work periods.
2. The service week of an employee covered by this Agreement shall be limited to five days' employment or duty per week, except in cases where such reduction would conflict with some legal requirements. So far as is practicable, the days on which employees and officials shall not be required to work shall be Sundays and Saturdays. Where the regular schedule of departmental operations requires work on these days, this work shall not be considered overtime work, and the employee shall be entitled to time off during such periods as the department head may designate.
3. Exceptions in straight-time scheduling rules, in applying the two paragraphs above, may be permitted where and as long as there is written agreement between the Department, the City Labor Negotiator and the Union.
4. Nothing in this Agreement shall be construed as a guarantee or limitation of the number of hours to be worked per day, per week, or for any other period of time, except as may be

specifically provided herein.

ARTICLE 9

BASE SALARY

The biweekly base salary paid to an employee in classifications covered by this Agreement shall be as set forth in Appendix A attached. The rates in Appendix A effective Pay Period 1, 2007, shall reflect a 2% across the board increase over Pay Period 26, 2006 wage rates; the rates effective Pay Period 1, 2008, shall reflect a 1% across the board increase over Pay Period 26, 2007 wage rates; the rates effective Pay Period 14, 2008, shall reflect a 1% across the board increase over Pay Period 13, 2008 wage rates; the rates effective Pay Period 1, 2009 shall reflect a 1% across the board increase over Pay Period 26, 2008 wage rates; and the rates effective Pay Period 14, 2009 shall reflect a 1% across the board increase over Pay Period 13, 2009 wage rates. After the across the board increase has been applied in Pay Period 1, 2008, \$6.92 shall be added to the biweekly pay rate of all the pay steps in the Public Health Nurse and Nurse Practitioner pay ranges as per the February 12, 2008 City/Union Memorandum of Understanding.

2. Recruitment of a Public Health Nurse shall be at the first, second, third or fourth pay step subject to applicable experience under criteria established by the City. Recruitment of a Public Health Nurse may be up to the second step based upon market conditions as determined by the City.
3. Special Attainment Pay (SAP).
 - a. A Public Health Nurse or Associate Public Health Nurse shall receive thirty (\$30) dollars biweekly Special Attainment Pay provided he/she meets one or

more of the following three criteria listed below:

Criterion One: A nurse has a Master's Degree of Nursing approved by the Commission on Collegiate Nursing Education (CCNE) and has submitted the diploma verifying such degree to the Department Head designee.

Criterion Two: A nurse has an American Nurses' Association (ANA) certification in Community Health Nurse, Adult Nurse Practitioner, Family Nurse Practitioner, Pediatric Nurse Practitioner or Gerontological Nurse Practitioner; a National Certification Corporation (NCC) certification as a Women's Health Care Nurse Practitioner; an American Nurses Credentialing Center (ANCC) certification as a Psych/Mental Health Nurse or an AIDS Certified Registered Nurse (ACRN) certification by the HIV/AIDS Nursing Certification Board (HANCNB), and has submitted the certificate to the Department Head Designee.

Criterion Three: A nurse has a Department of Public Instruction Certification and has submitted the certificate to the Department Head designee. For Nurses appointed prior to June 21, 1981 who do not have a BSN degree as of January 1, 1989, an ANA certification approved by the Department Head designee will be deemed to qualify under this criterion.

- b. A nurse who does not maintain his/her certification under one of the criteria

listed above, shall not be eligible to continue to receive Special Attainment Pay unless he/she maintains eligibility by meeting another specified criterion above. A nurse who satisfies more than one criterion above shall not receive more than one Special Attainment pay of \$30 biweekly.

- c. The effective date of Special Attainment Pay for nurses who were not in the Special Attainment Step as of Pay Period 26, 1995 shall be as follows:
 - (1) If the date of the eligible certification or the date of the eligible Master's degree diploma of the Public Health Nurse is after the date the Public Health Nurse has attained the eligible pay step as defined in subsection 4.a., above, and if he/she has submitted such certification or diploma within 120 calendar days of the effective date of such certification or diploma, the Special Attainment Pay shall be effective the first Pay Period following the date of such certification or diploma. If such certificate is submitted more than 120 calendar days after the effective date of such certification or diploma, the Special Attainment Pay shall be effective the first Pay Period following the date such certificate was submitted.
 - (2) If the date of the Public Health Nurse's eligible certification or eligible Master's degree diploma is prior to the date the Public Health Nurse has attained the eligible pay step, as defined in subsection 4.a., above, Special Attainment Pay shall be effective the first Pay Period the eligible employee has attained the eligible pay step, as defined in subsection 4.a.,

above, provided he/she has submitted the certification. If the eligible employee had not submitted the certification by the date the employee has attained the eligible pay step, as defined in subsection 4.a., above, Special Attainment Pay shall be effective the first Pay Period following the date such certificate was submitted.

4. Except as otherwise provided above, employees shall move from the minimum step in the range to the maximum step in annual increments.
5. The Union consents to allow the biweekly pay checks of its members to vary by up to twenty-five cents (\$0.25) above or below the biweekly base salary rates listed in the contract and the Salary Ordinance. It is understood that allowing this variance from the contract rates will result in payroll processing efficiencies in the event the City can limit or eliminate the need for so-called "Penny Difference Reports".
6. The City reserves the right to make changes in the salary ordinances to reflect classification increases recommended by the City Service Commission.
7. Retroactive wage payments. The parties to this collective bargaining agreement elect not to be bound by the required frequency of wage payment provisions of §109.03, Stats., in respect to retroactive wages payable under the terms of this agreement. Retroactive wage payments under the terms of this agreement shall be paid no later than 60 days from the execution date of this City/Union labor agreement. For purposes of this provision, the execution of this Agreement shall be defined as the date the resolution approving this agreement has been approved by the Mayor.
8. Within 60 days following the execution date of the 2007-2009 Agreement, all employees

who are capable of maintaining a financial relationship with a banking institution shall participate in direct deposit of pay checks.

- a. Employees shall normally be compensated at the rate of one and one-half hours (1-1/2) in compensatory time off or in cash for each hour of necessary overtime worked.
 - (1) On any continuous time worked in excess of 12 hours, 25 cents shall be added to the base pay and the employee compensated at the rate of one and one-half (1-1/2) hours in compensatory time off or in cash.
 - (2) For non-scheduled overtime hours which the employee is required to work on Sundays and on Holidays designated in this Agreement, the employee shall be compensated at the rate of one and three-quarters (1-3/4) times his regular rate in compensatory time off or in cash. Hours of work affected by this paragraph shall be hours of work which fall within the calendar day of the Sunday or Holiday.
- b. The definition of overtime and the administration of the provisions of this paragraph shall be in accordance with Section 350-2 through Section 350-4(2) and Section 350-18 of the Milwaukee Code of Ordinances.

2. Show-Up Pay

- a. All employees who report for work at a regularly assigned time and who are officially excused and sent home due to lack of work or inclement weather before completing two hours of work, shall be credited with two hours' pay at

their straight time rate, except that the time credited for employees who work less than full-time shall be prorated.

- b. All such employees who report to work for an emergency overtime assignment at the direction of competent authority and who are officially excused before completing three hours of work shall be credited with three hours' pay at time and one-half; such credit shall be given in cash or compensatory time off in accordance with provisions of the Overtime ordinance.
- c. Provisions of this paragraph shall be administered in accordance with the Call-in Pay section of the general ordinance.

3. ON-CALL PAY

- a. An employee who is on an authorized on-call assignment outside his or her regularly scheduled work day, weekend day or holiday shall be compensated at the rate of one (1) hour in either compensatory time off or in cash, at the employee's discretion, for each eight hour time period or fraction thereof outside an employee's regularly scheduled workday, weekend day or holiday that he or she is so assigned provided that he or she is available to perform necessary follow-up resulting from assignments or calls. In addition, for any time actually spent on authorized assignments or calls, the employee will be compensated at time and one-half in either compensatory time off or in cash at the employee's discretion. For purposes of this paragraph, the employee's initial election as to compensation, either in time off or in cash, shall be subject to the Department's ultimate determination as to which form of compensation shall be provided in

light of the funding and staffing levels of the Department.

- b. A cell phone shall be made available to each employee who is on an on-call assignment.
- c. On-call assignments shall not exceed five (5) consecutive calendar days.

ARTICLE 12

VACATION

1. An employee shall earn vacation time in the following manner from his/her last anniversary date:
 - a. One day per month, with a maximum of 10 days per calendar year period for employees with less than 8 years' creditable service;
 - b. One and one-half days per month with a maximum of 15 days per calendar year for employees with at least 8 but less than 14 years of creditable service;
 - c. Two (2) days per month with a maximum of 20 days per calendar year for employees with at least 14 but less than 23 years of creditable service;
 - d. Two and one-half (2.5) days per month with a maximum of 25 days per calendar year for employees with at least 23 years of creditable service.
2. Annual vacation time taken, except for separation from service as provided in 12.8, shall be limited to the maximums noted above.
3. An employee who receives "injury pay" or who takes military leave shall be allowed to accumulate vacation time at the rate prescribed for under 12.1 above.
4. Vacations shall be taken on a fiscal year basis rather than calendar year basis. For purposes of this Article, fiscal year shall be defined as Pay Periods 1-26 or 27 whichever is appropriate.
5. The City will schedule vacations in accordance with employee requests, consistent with departmental requirements. Conflicts in vacation selected each year by March 31 within each work unit shall be resolved by seniority provided, however, that employees who

are involuntarily transferred shall maintain their previously selected vacation. For infrequent occurrences, vacation may be scheduled in two through four-hour blocks of time. It will make every reasonable effort to avoid changes in an employee's work schedule which would require an employee to work during a previously scheduled vacation of five (5) days or more duration. For purposes of this section, the definition of seniority shall be the same definition as stated in the REDUCTIONS IN FORCE Article.

6. Except as noted below, a vacation not taken in the fiscal year following the employee's anniversary date of the fiscal year when it is earned is forfeited. An employee who works year-round may carry-over up to five days vacation entitlement into the following year. This vacation carry over shall be subject to scheduling procedures as determined by the department head. Vacation entitlement which is carried over shall be utilized within the first three (3) months of the year, unless a further extension is otherwise authorized by the department, at a time consistent with the requirements of department operations, taking into consideration the rights of employees who have scheduled vacation for the current year.
7. Eligibility for a vacation shall begin after the completion of twelve (12) months of actual service following appointment, but accumulations shall be retroactive to the time of appointment. An employee whose service is expected to continue so as to complete a year's actual service may, after six (6) months of service, be allowed vacation within the year of appointment if the convenience of the service would be promoted. If the employee leaves the service of the City before the completion of the initial 12-month

period, that vacation shall be deemed unearned, and payments made during the vacation period shall be deducted upon termination of employment. Employees who are not expected by the department head to work 12 consecutive months shall be eligible for vacation only after completing twelve (12) months of service.

8. Vacation time taken before the full amount has been earned shall be considered time owed the City until it is earned. Any employee who leaves the service of the City due to resignation, retirement, termination, discharge, layoff, or death will have the compensation for vacation time owed the City deducted from the final payroll. Any employee who leaves the service of the City due to resignation, retirement, layoff, or death, or who takes military leave, will be paid for earned vacation time that has accumulated. A discharged employee is not entitled to pay for accumulated vacation time.
9. The anniversary date for vacation eligibility will not change after an employee achieves regular Civil Service employment status. The freezing of the anniversary date for vacation eligibility purposes will neither diminish nor increase vacation days earned.

ARTICLE 13

PERSONAL DAYS

1. Employees on the payroll, those on leave of absence, or those who were working toward year-around employment as of January 1, 1969, and thereafter shall be entitled to two (2) work days off annually. Such off days shall be earned at the rate of 2/10 days for each month worked but the total time earned shall not exceed two days.
2. In lieu of a salary increase for calendar years 1983, 1984 and 1985, all employees shall earn additional personal days at the rate of 5/12 days for each month worked up to a maximum of five (5) additional personal days off annually.
3. Such off days may be scheduled and used in the same manner as vacation days with the approval of the department head.

 - f. The day after Thanksgiving
 - g. Christmas Day (December 25)
 - h. The last normal workday before Christmas Day
 - i. The last normal workday before New Year's Day
 - j. Good Friday
 - k. The third Monday of January to commemorate Dr. Martin Luther King's birthday.
2. Whenever Independence Day (July 4) shall fall on a Saturday, the preceding Friday shall be observed as a holiday.
3. Whenever New Year's Day, Independence Day, or Christmas Day shall fall on a Sunday, the following Monday shall be observed as a holiday.
4. Whenever New Year's Day or Christmas shall fall on Saturday, the following Monday shall be observed as a holiday.
5. The provisions of this paragraph shall not cover employees who receive extra pay in lieu of holidays.
6. The provisions of this paragraph shall not in any way abridge the City's right to

schedule employees to work on recognized holidays.

7. Employees required to work on recognized holidays eligible for overtime and holiday pay will be compensated at a rate of one and one-half hours in compensatory time off or in cash for each such hour worked.
8. If the State of Wisconsin adopts a statute under which some or all of the above enumerated holidays are established or observed as so-called "Monday" holidays, the City will move to observation of such law but the operation of said law shall not operate to increase or diminish the number holidays with pay granted annually.

ARTICLE 15

SICK LEAVE

1. Eligibility

- a. Eligibility for sick leave shall begin after the completion of six months of actual service following regular appointment, but accumulations shall be retroactive to the time of regular appointment.
- b. Whenever an employee eligible for sick leave allowance leaves the service of one employing unit of the city government and accepts, by certification of transfer, service in a position in another employing unit of city government, obligations for any accumulated sick leave allowance shall be assumed by the new employing unit. Separation from service by resignation or for cause shall cancel all unused accumulated sick leave allowances. Whenever a permanent employee is laid off due to lack of work or lack of funds, any unused accumulated sick leave shall continue in effect if he is rehired by any city department within one year. Sick leave shall automatically terminate on the date of retirement of the employee.

2. Permanent full-time employees shall earn sick leave with pay at the rate of one and one-quarter (1-1/4) working days for each month of active service or 4.6 working hours for each two (2) weeks of active service. Employees who work an average of twenty (20) hours per week on a year-around basis in positions which are budgeted at half-time or more, shall earn sick leave at the rate of .625 working days for each month of service or 2.3 working hours for each two (2) weeks of service.

3. Sick leave allowance which accumulates up to 120 working days shall be credited to employees "normal sick leave accounts" from which sick leave shall be granted with full pay. The maximum sick leave accrual for all employees is capped at 120 days.
4. The City shall maintain and verify the official sick leave records. With advance notice the City may require employees to provide acceptable medical substantiation from a physician or health care professional referred by or working under the delegated authority of a physician or dentist for each absence, regardless of duration, if it is informed that the employee is misusing sick leave. Under such circumstances the City shall not be responsible for the payment of any fee charged by the physician, except as otherwise provided in this Agreement.
5. When sick leave extends beyond three (3) consecutive work days acceptable medical substantiation from the employee's physician or health care professional working under the delegated authority of a physician or dentist certifying the nature and seriousness of the sickness or disability shall be furnished to the department head and to the City Service Commission.
6. The failure of the employee to comply with the above requirements shall permit the City to deny that employee the sick leave benefits provided herein for that instance of absence until such employee is in compliance with such requirement.
7. If an employee who has been paid sick leave effects a recovery from a third party for injuries which caused the necessity for such leave, the City shall have the right to recoup from the employee upon recovery of such funds a sum which represents the proportionate share which the sick leave benefit payment is of the total recovery

compared with the total claim demanded by the employee from the third party. The sick leave account shall be restored accordingly.

8. Should the federal or state or any local unit of government enact or interpret legislation to confer non-taxable status upon payments made to an employee under the terms of this article, the City shall pay to the employee 80% of the employee's gross salary without tax deductions, provided, however, that the employee shall receive all pension and other benefits as if he/she had received full salary.
9. TWO HOUR PROVISION. Employees are eligible, consistent with departmental requirements that may be established from time to time, to take time off for medical and dental appointments up to three (3) times annually without charging Sick Leave. Time granted may not exceed two (2) hours per instance. An employee must work six months before being eligible for this benefit. Employees who average less than thirty-seven (37) hours per week are eligible for a total of three (3) hours for this purpose, not to exceed one (1) hour per instance or three (3) instances per year.
10. Sick Leave Control Incentive Program
 - a. The Sick Leave Control Incentive Program shall be in effect beginning Trimester 1, 2007 and ending Trimester 3, 2009. Nothing herein shall be construed as requiring the City to continue the program for time periods through Pay Period 26, 2009.
 - b. The trimester periods for each calendar year are defined as follows:
Trimester 1 - Pay Period 1-9
Trimester 2 - Pay Period 10-18

Trimester 3 - Pay Period 19-26 or Pay Period 19-27, whichever is appropriate.

- c. An employee shall be eligible for a trimester sick leave incentive benefit only if:
- (1) During the full term of the trimester, the employee did not use any paid sick leave, did not receive injury pay (except in cases when the employee suffered a verifiable lost-time work-related injury and returned to work for the employee's next regularly scheduled work shift following the occurrence of the injury.), was not on an unpaid leave of absence, was not AWOL, was not tardy, was not suspended from duty for disciplinary reasons and did not take any unpaid time off the payroll; and
 - (2) During the full term of the trimester, the employee was in active service; and
 - (3) At the beginning of the trimester, the employee had an amount of earned and unused sick leave credit in his or her sick leave account of 15 days or in the case of an employee who was employed for an average of 20 hours per week on a year round basis, the employee had an amount of earned and unused sick leave credit in his or her sick leave account of 60 hours; and
 - (4) The employee was represented by the Union for at least 560 hours in the trimester period or in case of an employee who was employed for an average of 20 hours per week, the employee was represented by the Union for at least 280 hours in a trimester.
 - (5) During Trimesters 1 and 3 only, employees who work exclusively in

School Nursing Only assignments shall not be disqualified by reason of taking an authorized unpaid leave of absence during periods of MPS closure.

- d. Except as provided in subsection 10.e., below, in a trimester period set forth in subsection a. and b., above, that an employee is eligible for a sick leave control incentive program (SLIP) benefit, the Department Head shall determine which one of the two types of SLIP benefits listed below the eligible employee shall receive (at the Department Head's discretion, the employee may make this determination in accordance with procedures established for that purpose by the Department head):

- (1) A special sick leave incentive payment

An employee receiving a special sick leave incentive payment, shall be entitled to receive a lump-sum cash payment equivalent to eight hours of the employee's base salary computed on the basis of the employee's hourly base salary rate in effect on the last day of the trimester for which the payment was earned. Such payment shall not be deemed part of the employee's base salary and shall not have any sum deducted for pension benefits nor shall it be included in determination of pension benefits or any other benefits and/or compensation provided by the City. Sick leave control incentive payments provided hereunder shall be made as soon as is administratively practicable following the close of the Trimester Period in which they were earned.

(2) A special incentive leave

An employee receiving a special incentive leave, shall earn one eight-hour day off with pay. Such day off with pay earned in Trimester 1 or 2 must be used by the employee in the remainder of the fiscal year. A day off with pay earned in Trimester 3 may be used any time in the following fiscal year. An employee may use such day off with pay on a date he/she has requested provided the employee gives his or her supervisor reasonable advance notice of the date requested and the date is determined available by the supervisor in accordance with the needs of the Department. The processing of employee requests for time off earned under the sick leave incentive control program shall be on a first-come, first-served basis. Decisions by the employee's supervisor with respect to the availability of the date the employee has requested shall be final. For purposes of this Article, fiscal year shall be defined as Pay Periods 1 through 26 or 27, whichever is appropriate.

- e. For an employee who is employed an average of 20 hours per week and who is eligible for a sick leave control incentive program (SLIP) benefit, the Department Head shall determine which one of the two types of SLIP benefits listed below the eligible employee shall receive (at the Department Head's discretion, the employee may make this determination in accordance with procedures established for that purpose by the Department Head):

(1) A special sick leave incentive payment

An employee receiving a special sick leave incentive payment, shall be entitled to receive a lump-sum cash payment equivalent to four hours of the employee's base salary computed on the basis of the employee's hourly base salary rate in effect on the last day of the trimester for which the payment was earned. ARTICLE 16

DUTY INCURRED DISABILITY PAY

1. An employee having regular City Service status who sustains an injury while performing within the scope of his employment, as provided by Wisconsin Worker's Compensation Act, shall receive injury pay in lieu of that portion of worker's compensation which he or she would have received for temporary total and/or temporary partial disability because of said injury for a maximum of 250 days during the course of the employee's lifetime work career.
2. The City shall pay the disabled employee injury pay in an amount equal to 70% of his/her gross pay or the last full check prior to the date of injury and adjusted for any applicable wage increases during the term of the injury. For employees with variable hours, the rate shall be the average for the previous month. The employee shall receive pension and other benefits as if he/she received full salary.
3. In all third-party claims or actions, the City shall not be limited in its recovery to the amount of temporary disability benefits which would otherwise have been payable under the Worker's Compensation Act, but shall instead be entitled to recover the amount of injury pay received by the employee. Upon reimbursement to the City of injury pay benefits in a third-party claim or action, the City shall restore to the injury pay account of the employee the number of days for which the City was reimbursed.
4. This provision is entered into with the understanding that the injury pay amounts are not taxable to the employee for purposes of Federal or State Income Tax. For any taxable year in which such injury pay is taxable to the employee, the employee shall receive full

salary as injury pay.

2. Such "owed time" constitutes a debt of the employee to the City, and to the extent that the debt is not discharged by the employee's not working overtime assignments which he/she is offered without an acceptable excuse, the sum shall be deducted from the employee's pay for the period in which the overtime was offered to the employee. Any remainder of unpaid "owed time" shall be deducted from pay due to an employee at the time of termination or when the employee transfers to a new employing unit, as for instance, another bureau.
3. When an employee makes up "owed time," the rate of pay shall be at the appropriate overtime rate.

ARTICLE 18

PREAMBLE

This Agreement is made at Milwaukee, Wisconsin, pursuant to the provisions of Section 111.70, Wisconsin Statutes, by the CITY OF MILWAUKEE, as a municipal employer, hereinafter referred to as the "City," and the SEIU HEALTHCARE DISTRICT 1199 WISCONSIN/STAFF NURSES' COUNCIL, as representative of the certified bargaining unit who are employed by the City of Milwaukee and hereinafter referred to as "Union."

The parties to this agreement are desirous of reaching an amicable understanding with respect to the employer-employee relationship which exists between them and to enter into a complete agreement covering rates of pay, hours of work and conditions of employment.

The parties do hereby acknowledge that this agreement is the result of the unlimited right and opportunity afforded to each of the parties to make any and all demands and proposals with respect to the subject of rates of pay, hours of work and conditions of employment and incidental matters respecting thereto.

It is intended that the following agreement shall be a full and complete agreement consistent with the provisions of Section 111.70, Wisconsin Statutes.

ARTICLE 1

DURATION

1. This Agreement shall be in effect beginning at 12:01 a. m. on January 1, 2010, and ending at 12:01 a. m. on January 1, 2012, unless both parties agree to extend it beyond that date.
2. Not earlier than June 15, 2011, nor later than July 1, 2011, the Union shall give the City written notice in accordance with NOTICES Article of this Agreement, indicating areas in a succeeding labor agreement in which changes are requested; conferences and negotiations shall be carried on by the parties beginning 30 calendar days following the date such notice is provided.
3. In the event the City/Union Agreement is not executed as of July 1, 2011, in lieu of section 2 above, the Union shall, within 30 days of the execution date of this Agreement, give the City written notice in accordance with the Notices Article of this Agreement indicating areas in a succeeding labor agreement in which changes are requested; conferences and negotiations shall be carried on by the parties beginning thirty (30) calendar days following the date such notice is provided.
4. Except as otherwise stated herein, all terms of this Agreement are effective January 1, 2010.

ARTICLE 2

RECOGNITION

The City recognizes the Union as the exclusive collective bargaining agent for certain employees of the City, as certified by the Wisconsin Employment Relations Commission (WERC), with regard to wages, hours and conditions of employment.

ARTICLE 3

MANAGEMENT RIGHTS

1. The Union recognizes the prerogative of City to operate and manage its affairs in all respects in accordance with its responsibilities, and the powers or authority which City has not officially abridged, delegated, or modified by this Agreement are retained by City. The Union recognizes the exclusive right of the City to establish reasonable work rules.
2. The City has the right to schedule overtime work as required in a manner most advantageous to the City and consistent with the requirements of municipal employment and the public interest.
3. It is understood by the parties that every incidental duty connected with operations enumerated in job descriptions is not always specifically described. Nevertheless, it is intended that all such duties shall be performed by the employee.
4. The City reserves the right to discipline or discharge for cause. The City reserves the right to lay off for lack of work or funds, or the occurrence of conditions beyond the control of the City or where such continuation of work would be wasteful and unproductive. City shall have the right to determine reasonable schedules of work and to establish the methods and processes by which such work is performed.
5. Contracting and subcontracting. The Union recognizes that the City has statutory and charter rights and obligations in contracting for matters relating to municipal operations. The right of contracting or subcontracting is vested in the City. The right to contract or subcontract shall not be used for the purpose or intention of undermining the Union nor to discriminate against any of its members. The City agrees to a timely notification and discussion in advance of the implementation of any proposed contracting or subcontracting. The City further agrees that it will not lay off any employees, who have completed their probationary periods and have regular civil service status at the time of the execution of this Agreement because of the exercise of its contracting or subcontracting rights except in the event of an emergency, strike or work stoppage, or essential public need where it is uneconomical for City employees to perform said work, provided, however, that the economies will not be based upon the wage rates of the employees of the contractor or subcontractor, and provided it shall not be considered a layoff if the

employee is transferred or given other duties at the same pay. The fact that employees are in, or may become in, a laid-off status shall not prevent the City from exercising its right to contract or subcontract work as long as the contracting or subcontracting does not cause the layoff or layoffs or cause the elimination of the job or jobs which the employee or employees performed.

6. The City will give the Union reasonable and timely notice prior to its final decision in cases wherein City departments are merged or separated and will afford the Union an opportunity to present its position with respect thereto.

ARTICLE 4

GRIEVANCE PROCEDURE

1. Only matters involving the interpretation, application or enforcement of the terms of this Agreement shall constitute a grievance under the provisions set forth below.
2. Step One. An employee who has a grievance shall first present the grievance orally to the employee's immediate supervisor, either alone or accompanied by a Union representative.
3. Step Two. If the grievance is not settled at the first step, it shall be reduced to writing and presented to the Division Manager or his/her designee within ten (10) working days of completion of Step One. Within ten (10) working days of his/her receipt of the written grievance initiation, the Division Head or his/her designee shall furnish the employee and the Union with a written answer to the grievance.
4. Step Three. If the Union grievance is not settled at the second step, the Union may appeal in writing within ten (10) working days of the receipt of the second step answer to the department head or his/her designee, who shall confer with the aggrieved and the Union and notify the aggrieved and the Union in writing within ten (10) working days from the date of such meeting .
5. When a grievance conference is held at the third (Department Head) step of the grievance procedure, a named employee who has filed a grievance and the Union official or representative whose presence for the purpose of giving testimony is required shall be given notice of at least 24 hours before a meeting is held unless the grievant and the Union waive the requirement of such notice.
6. If a Union grievance is not settled at the third step, or if any grievance filed by the City cannot be satisfactorily resolved by conference with appropriate representatives of the Union, either party may proceed to the next step as hereinafter provided.
7. Step Four . If the answer of the Department Head upon a matter which can be submitted to final and binding arbitration is unsatisfactory to the Union and the Union advances the grievance to arbitration, it shall be reviewed at a meeting between the Labor Negotiator or designee and the Union designee held periodically for that purpose. The designated participants in such meeting shall be empowered to settle such grievance and no step in the arbitration process shall occur until such meeting has occurred or the parties by written

agreement have waived such meeting.

8. All written grievance appeals shall set forth the provision of the Agreement under which the grievance was filed.

ARTICLE 5

ARBITRATION PROCEDURE

1. No item or issue may be the subject of arbitration unless such arbitration is requested in writing within 30 calendar days of the completion of Step Three of the grievance procedure.
2. Arbitration may be initiated by the Union serving upon the City a notice, in writing of its intent to proceed to arbitration. Said notice shall identify the provision upon which it relies, the grievance or grievances, the department and the employees involved.
3. Unless the parties, within five working days following the receipt of such written notice agree upon an arbitrator, either party may, in writing, request the Wisconsin Employment Relations Commission to submit a list of five arbitrators to both parties. The parties shall within five working days of the receipt of said list meet for the purpose of selecting the arbitrator by alternately striking names from said list until one name remains.
4. The following subjects shall not be submitted to arbitration:
 - a. Provisions of the Agreement which relate to or in any manner affect the obligations of the City as expressed or intended by the provisions of Chapter 65, Wisconsin Statutes.
 - b. The statutory or charter obligations which are by law delegated to the Common Council.
 - c. The elimination or discontinuance of any job, except as provided in the contracting and subcontracting provision of this Agreement.
 - d. Any pension matter.
 - e. Disputes or differences regarding classifications of positions, promotions of employees, and eliminations of positions.

The specific exceptions noted above are not intended to limit the right of the Union to proceed to final and binding arbitration in disputes affecting the entitlement of employees to existing and established wages, hours and conditions of employment as specifically set forth in this Agreement.

5. No issue whatsoever shall be subject to arbitration unless such issue results from an action or occurrence which takes place following the execution of this Agreement. In the event

that this Agreement is terminated or breached for any reason, rights to arbitration shall thereupon cease. This provision, however, shall not affect any arbitration proceedings which were properly commenced prior to the expiration or termination of this Agreement.

6. The Union shall have the right to submit all matters of discipline and discharge to arbitration in the same manner as for other arbitrable issues. If the employees elect to have their discipline or discharge case heard by the City Service Commission under the provisions of Section 63.43 or alternate procedures covered by Section 63.44 of the Wisconsin Statutes, such employees will be said to have waived their right to arbitration.
7. The arbitrator selected shall hold a hearing expeditiously at a time and place convenient to the parties. The arbitrator shall take such evidence as in his/her judgment is appropriate for the disposition of the dispute. Statements of position may be made by the parties and witnesses may be called. The arbitrator shall have initial authority to determine whether or not the dispute is arbitrable, under the express terms of this Agreement. Once it is determined that a dispute is arbitrable, the arbitrator shall proceed in accordance with this Article to determine the merits of the dispute submitted to arbitration.
8. No award of any arbitrator may be retroactive for a period greater than 90 working days prior to the formal request for arbitration as herein provided, nor shall it cover or include any period prior to the date of execution of this Agreement.
9. The arbitrator shall neither add to, detract from, nor modify the language of this Agreement in arriving at a determination of any issue presented that is proper for arbitration within the limitations expressed herein. The arbitrator shall have no authority to grant wage increases or wage decreases.
10. The arbitrator shall expressly confine himself/herself to the precise issue submitted for arbitration; and shall not submit declarations of opinion which are not essential in reaching the determination of the questions submitted unless requested to do so by the parties. It is contemplated by the provisions of this Agreement that any arbitration award shall be issued by the arbitrator within 60 working days after the notice of appointment unless the parties to this Agreement shall extend the period in writing by mutual consent.
11. All expenses involved in the arbitration proceedings shall be borne equally by the parties. However, expenses relating to the calling of witnesses or the obtaining of depositions or

any other similar expense associated with such proceedings shall be borne by the party at whose request such witnesses or depositions are required.

2. **Union Business and Union Meetings**

No Union member or officer shall conduct any Union business on City time except as specified in this Agreement. No Union meeting shall be held on City time. Union orientation may be conducted on city time when mutually agreed to by the Department and Union.

3. **Bulletin Boards**

The City will furnish for the Union one bulletin board at each of the agreed locations.

The board shall be used only for the following notices:

- (a) Recreational and social affairs of the Union.
- (b) Union meetings.
- (c) Union elections
- (d) Reports of Union committees
- (e) Rulings or policies of the International Union

Notices and announcements shall not contain anything political or controversial, or anything reflecting upon the City, any of its employees, or any labor organization among its employees, and no material, notices or announcements which violate the provisions of this section shall be posted.

Any Union-authorized violations of this section shall entitle the City to cancel immediately the provisions of this section and remove the bulletin boards.

4. **Pay for Union Negotiators**

The Union shall advise the City of the names of its negotiators. The names of the duly chosen representatives of the Union shall be submitted to the City Labor Negotiator sufficiently in advance of regularly scheduled meetings so as to permit notification of the appropriate City departments. One or more representatives from the Union shall be paid regular base salary up to a combined maximum of 150 work-hours for time spent in

contract negotiations during regular working hours, except no payment will be made for negotiating time outside the representatives' normal workday and in no event will payment be made for time in excess of eight hours. Reasonable travel time from site of employment to site of meeting will be allowed.

5. Check Off of Union Dues

Employees may authorize the City to deduct Union dues from their paychecks by executing an authorization card and submitting it to a City-designated administrator.

The City will pay amounts deducted from the employee's earnings to the Union within ten (10) days after the pay day of which the deduction was made, together with a list of employees from whose pay the deduction was made.

The City will deduct from the biweekly earnings of all employees represented by the Union, who have not authorized dues deduction by dues deduction cards, a fair-share amount that is equal to that part of the monthly dues certified by the Union as the dues deduction uniformly required of all members of the Union and pay said amount to the Union within ten (10) days after the pay day from which such deduction was made.

Any changes in dues deduction or fair share shall be sent to the City two pay periods prior to the effective date of the change.

The Union shall, at its sole cost and expense, fully indemnify, defend and hold harmless the City, its officers, agents and employees against any and all claims, suits, actions or liability of judgments for damages (including, but not limited to, expenses for reasonable legal fees and disbursements of the City, if any) arising from any challenge to the language contained herein. The Union shall have no responsibility to reimburse the City for any court costs or legal fees the City incurs on its own behalf in the event that the City retains its own attorneys based upon its determination that its interests require representation independent of that provided to the City by the Union pursuant to the terms of this paragraph.

6. Union Conventions/Conference Attendance

Effective the next pay period following the execution date of the Agreement, up to six (6) bargaining unit officials shall be granted up to three (3) unpaid days, per calendar year, to attend union conventions, education classes, or conferences. No more than two (2) bargaining unit officials may be off at any given time for attendance to such events. A

bargaining unit official may elect to take earned and unused vacation time or compensatory time off in lieu of unpaid time off. The Union shall notify, in writing, the Health Personnel Officer of the dates of the union conventions, education classes, or conferences and the names of the bargaining unit officials designated to attend at least thirty (30) calendar days in advance of such event.

ARTICLE 7

PROHIBITION OF STRIKES AND LOCKOUTS

1. Strikes

The Union shall neither cause nor counsel its members, or any of them, to strike, nor shall it in any manner cause them either directly or indirectly to commit any concerted acts of work stoppage, slowdown, or refusal to perform any customarily assigned duties for the municipal employer, namely, City. However, whether or not the Union is liable for such acts or actions, any employee who commits any of the acts prohibited in this section may be subject to the following penalties:

- a. Discharge as provided for by law.
- b. Other disciplinary action as may be applicable to such employee.
- c. Loss of all compensation, vacation benefits and holiday pay as determined by the City.

Upon notification confirmed in writing by the City Labor Negotiator to the President of the Union that certain of its members are engaged in a wildcat strike, the Union shall immediately in writing order such members to return to work immediately, provide the City Labor Negotiator with a copy of such an order, and a responsible official of the Union shall publicly order them to return to work. Such characterization of the strike by the City shall not establish the nature of the strike. Such notification by the Union shall not constitute an admission by it that a wildcat strike is in progress or has taken place or that any particular member is or has engaged in a wildcat strike. The notification shall be made solely on the representations of the City. In the event that a wildcat strike occurs, the Union agrees to take all reasonable, effective, and affirmative action to secure the member's return to work as promptly as possible. Failure of the Union to issue such orders and/or take such action shall be considered in determining whether or not the Union caused or authorized, directly or indirectly, the strike.

2. No Lockout

The City will not lock out employees. However, if any employee is unable to work because equipment or facilities are not available due to a strike, work stoppage, or

slowdown by any other employees, such inability to work shall not be deemed a lockout under the provisions of this section.

ARTICLE 8

HOURS OF WORK

1. The basic workday for an employee covered by this Agreement shall consist of eight hours out of the calendar day. As far as it is practicable, this workday shall conform with the established hours of business. This conformity shall not interfere with the special times schedules governing departments operating more than eight hours in each calendar day. This provision shall not allow involuntary split shifts of the employee's straight time hours. Nor shall this provision for an eight-hour day for City employees be construed as prohibiting the creation of part-time employment or the establishment of rotative, staggered or shortened work periods.
2. The service week of an employee covered by this Agreement shall be limited to five days' employment or duty per week, except in cases where such reduction would conflict with some legal requirements. So far as is practicable, the days on which employees and officials shall not be required to work shall be Sundays and Saturdays. Where the regular schedule of departmental operations requires work on these days, this work shall not be considered overtime work, and the employee shall be entitled to time off during such periods as the department head may designate.
3. Exceptions in straight-time scheduling rules, in applying the two paragraphs above, may be permitted where and as long as there is written agreement between the Department, the City Labor Negotiator and the Union.
4. Nothing in this Agreement shall be construed as a guarantee or limitation of the number of hours to be worked per day, per week, or for any other period of time, except as may be specifically provided herein.

ARTICLE 9

BASE SALARY

1. Effective Pay Period 1, 2010 thru Pay Period 26, 2011, the biweekly base salary paid to employees shall be those rates that became effective Pay Period 14, 2009. This provision shall expire at the end of Pay Period 26, 2011.
2. Recruitment of a Public Health Nurse shall be at the first, second, third or fourth pay step subject to applicable experience under criteria established by the City. Recruitment of a Public Health Nurse may be up to the second step based upon market conditions as determined by the City.
3. Special Attainment Pay (SAP).
 - a. A Public Health Nurse or Associate Public Health Nurse shall receive thirty (\$30) dollars biweekly Special Attainment Pay provided he/she meets one or more of the following three criteria listed below:

Criterion One: A nurse has a Master's Degree of Nursing approved by the Commission on Collegiate Nursing Education (CCNE) and has submitted the diploma verifying such degree to the Department Head designee.

Criterion Two: A nurse has an American Nurses' Association (ANA) certification in Community Health Nurse, Adult Nurse Practitioner, Family Nurse Practitioner, Pediatric Nurse Practitioner or Gerontological Nurse Practitioner; a National Certification Corporation (NCC) certification as a Women's Health Care Nurse Practitioner; an American Nurses Credentialing Center (ANCC) certification as a Psych/Mental Health Nurse or an AIDS Certified Registered Nurse (ACRN) certification by the HIV/AIDS Nursing Certification Board (HANCNB), and has submitted the certificate to the Department Head Designee.

Criterion Three: A nurse has a Department of Public Instruction Certification and has submitted the certificate to the Department

Head designee. For Nurses appointed prior to June 21, 1981 who do not have a BSN degree as of January 1, 1989, an ANA certification approved by the Department Head designee will be deemed to qualify under this criterion.

- b. A nurse who does not maintain his/her certification under one of the criteria listed above, shall not be eligible to continue to receive Special Attainment Pay unless he/she maintains eligibility by meeting another specified criterion above. A nurse who satisfies more than one criterion above shall not receive more than one Special Attainment pay of \$30 biweekly.
- c. The effective date of Special Attainment Pay for nurses who were not in the Special Attainment Step as of Pay Period 26, 1995 shall be as follows:
 - (1) If the date of the eligible certification or the date of the eligible Master's degree diploma of the Public Health Nurse is after the date the Public Health Nurse has attained the eligible pay step as defined in subsection 4.a., above, and if he/she has submitted such certification or diploma within 120 calendar days of the effective date of such certification or diploma, the Special Attainment Pay shall be effective the first Pay Period following the date of such certification or diploma. If such certificate is submitted more than 120 calendar days after the effective date of such certification or diploma, the Special Attainment Pay shall be effective the first Pay Period following the date such certificate was submitted.
 - (2) If the date of the Public Health Nurse's eligible certification or eligible Master's degree diploma is prior to the date the Public Health Nurse has attained the eligible pay step, as defined in subsection 4.a., above, Special Attainment Pay shall be effective the first Pay Period the eligible employee has attained the eligible pay step, as defined in subsection 4.a., above, provided he/she has submitted the certification. If the eligible employee had not submitted the certification by the date the employee has attained the eligible pay step, as defined in subsection 4.a., above, Special

Attainment Pay shall be effective the first Pay Period following the date such certificate was submitted.

4. Except as otherwise provided above, employees shall move from the minimum step in the range to the maximum step in annual increments. Effective Pay Period 1, 2010, there shall be no pay step advancement for the term of the Agreement. This provision shall expire at the end of Pay Period 26, 2011.
5. The Union consents to allow the biweekly pay checks of its members to vary by up to twenty-five cents (\$0.25) above or below the biweekly base salary rates listed in the contract and the Salary Ordinance. It is understood that allowing this variance from the contract rates will result in payroll processing efficiencies in the event the City can limit or eliminate the need for so-called "Penny Difference Reports".
6. The City reserves the right to make changes in the salary ordinances to reflect classification increases recommended by the City Service Commission.
7. Retroactive wage payments. The parties to this collective bargaining agreement elect not to be bound by the required frequency of wage payment provisions of §109.03, Stats., in respect to retroactive wages payable under the terms of this agreement. Retroactive wage payments under the terms of this agreement shall be paid no later than 60 days from the execution date of this City/Union labor agreement. For purposes of this provision, the execution of this Agreement shall be defined as the date the resolution approving this agreement has been approved by the Mayor.
8. Within 60 days following the execution date of the 2007-2009 Agreement, all employees who are capable of maintaining a financial relationship with a banking institution shall participate in direct deposit of pay checks.
9. During the term of the Agreement, there shall be no more than four furlough days during calendar year 2010 and no more than four furlough days during calendar year 2011. The policies as set forth in the Department of Employee Relations Mandatory Furlough and Administrative Guidelines policy dated June 19, 2009 regarding benefits during furlough days shall apply in calendar years 2010 and 2011. The agreement between the City and the Union regarding furlough days shall not be used by either party in any future grievances, prohibited practice complaints, or any other legal

actions. This provision shall expire December 31, 2010.

 - (2) For non-scheduled overtime hours which the employee is required to work on Sundays and on Holidays designated in this Agreement, the employee shall be compensated at the rate of one and three-quarters (1-3/4) times his regular rate in compensatory time off or in cash. Hours of work affected by this paragraph shall be hours of work which fall within the calendar day of the Sunday or Holiday.
- b. The definition of overtime and the administration of the provisions of this paragraph shall be in accordance with Section 350-2 through Section 350-4(2) and Section 350-18 of the Milwaukee Code of Ordinances.

2. Show-Up Pay

- a. All employees who report for work at a regularly assigned time and who are officially excused and sent home due to lack of work or inclement weather before completing two hours of work, shall be credited with two hours' pay at their straight time rate, except that the time credited for employees who work less than full-time shall be prorated.
- b. All such employees who report to work for an emergency overtime assignment at the direction of competent authority and who are officially excused before completing three hours of work shall be credited with three hours' pay at time and one-half; such credit shall be given in cash or compensatory time off in accordance with provisions of the Overtime ordinance.
- c. Provisions of this paragraph shall be administered in accordance with the Call-in

Pay section of the general ordinance.

3. ON-CALL PAY

- a. An employee who is on an authorized on-call assignment outside his or her regularly scheduled work day, weekend day or holiday shall be compensated at the rate of one (1) hour in either compensatory time off or in cash, at the employee's discretion, for each eight hour time period or fraction thereof outside an employee's regularly scheduled workday, weekend day or holiday that he or she is so assigned provided that he or she is available to perform necessary follow-up resulting from assignments or calls. In addition, for any time actually spent on authorized assignments or calls, the employee will be compensated at time and one-half in either compensatory time off or in cash at the employee's discretion. ARTICLE 12

 - a. One day per month, with a maximum of 10 days per calendar year period for employees with less than 8 years' creditable service;
 - b. One and one-half days per month with a maximum of 15 days per calendar year for employees with at least 8 but less than 14 years of creditable service;
 - c. Two (2) days per month with a maximum of 20 days per calendar year for employees with at least 14 but less than 23 years of creditable service;
 - d. Two and one-half (2.5) days per month with a maximum of 25 days per calendar year for employees with at least 23 years of creditable service.
2. Annual vacation time taken, except for separation from service as provided in 12.8, shall be limited to the maximums noted above.
3. An employee who receives "injury pay" or who takes military leave shall be allowed to accumulate vacation time at the rate prescribed for under 12.1 above.
4. Vacations shall be taken on a fiscal year basis rather than calendar year basis. For purposes of this Article, fiscal year shall be defined as Pay Periods 1-26 or 27 whichever is appropriate.
5. The City will schedule vacations in accordance with employee requests, consistent with departmental requirements. Conflicts in vacation selected each year by March 31 within each work unit shall be resolved by seniority provided, however, that employees who are involuntarily transferred shall maintain their previously selected vacation. For infrequent occurrences, vacation may be scheduled in two through four-hour blocks of time. It will make every reasonable effort to avoid changes in an employee's work schedule which would require an employee to work during a previously scheduled vacation of five (5) days or more duration. For purposes of this section, the definition of seniority shall be the same definition as stated in the REDUCTIONS IN FORCE Article.
6. Except as noted below, a vacation not taken in the fiscal year following the employee's

anniversary date of the fiscal year when it is earned is forfeited. An employee who works year-round may carry-over up to five days vacation entitlement into the following year. This vacation carry over shall be subject to scheduling procedures as determined by the department head. Vacation entitlement which is carried over shall be utilized within the first three (3) months of the year, unless a further extension is otherwise authorized by the department, at a time consistent with the requirements of department operations, taking into consideration the rights of employees who have scheduled vacation for the current year.

7. Eligibility for a vacation shall begin after the completion of twelve (12) months of actual service following appointment, but accumulations shall be retroactive to the time of appointment. An employee whose service is expected to continue so as to complete a year's actual service may, after six (6) months of service, be allowed vacation within the year of appointment if the convenience of the service would be promoted. If the employee leaves the service of the City before the completion of the initial 12-month period, that vacation shall be deemed unearned, and payments made during the vacation period shall be deducted upon termination of employment. Employees who are not expected by the department head to work 12 consecutive months shall be eligible for vacation only after completing twelve (12) months of service.
8. Vacation time taken before the full amount has been earned shall be considered time owed the City until it is earned. Any employee who leaves the service of the City due to resignation, retirement, termination, discharge, layoff, or death will have the compensation for vacation time owed the City deducted from the final payroll. Any employee who leaves the service of the City due to resignation, retirement, layoff, or death, or who takes military leave, will be paid for earned vacation time that has accumulated. A discharged employee is not entitled to pay for accumulated vacation time.
9. The anniversary date for vacation eligibility will not change after an employee achieves regular Civil Service employment status. The freezing of the anniversary date for vacation eligibility purposes will neither diminish nor increase vacation days earned.

ARTICLE 13

PERSONAL DAYS

1. Employees on the payroll, those on leave of absence, or those who were working toward year-around employment as of January 1, 1969, and thereafter shall be entitled to two (2) work days off annually. Such off days shall be earned at the rate of 2/10 days for each month worked but the total time earned shall not exceed two days.
2. In lieu of a salary increase for calendar years 1983, 1984 and 1985, all employees shall earn additional personal days at the rate of 5/12 days for each month worked up to a maximum of five (5) additional personal days off annually.
3. Such off days may be scheduled and used in the same manner as vacation days with the approval of the department head.

 - f. The day after Thanksgiving
 - g. Christmas Day (December 25)
 - h. The last normal workday before Christmas Day
 - i. The last normal workday before New Year's Day
 - j. Good Friday
 - k. The third Monday of January to commemorate Dr. Martin Luther King's birthday.
2. Whenever Independence Day (July 4) shall fall on a Saturday, the preceding Friday shall be observed as a holiday.
3. Whenever New Year's Day, Independence Day, or Christmas Day shall fall on a Sunday, the following Monday shall be observed as a holiday.
4. Whenever New Year's Day or Christmas shall fall on Saturday, the following Monday shall be observed as a holiday.
5. The provisions of this paragraph shall not cover employees who receive extra pay in lieu of holidays.
6. The provisions of this paragraph shall not in any way abridge the City's right to schedule employees to work on recognized holidays.
7. Employees required to work on recognized holidays eligible for overtime and holiday pay will be compensated at a rate of one and one-half hours in compensatory time off or in cash for each such hour worked.
8. ARTICLE 15

SICK LEAVE

1. Eligibility
 - a. Eligibility for sick leave shall begin after the completion of six months of actual service following regular appointment, but accumulations shall be retroactive to the time of regular appointment.
 - b. Whenever an employee eligible for sick leave allowance leaves the service of one employing unit of the city government and accepts, by certification of transfer, service in a position in another employing unit of city government, obligations for any accumulated sick leave allowance shall be assumed by the new employing unit. Separation from service by resignation or for cause shall cancel all unused accumulated sick leave allowances. Whenever a permanent employee is laid off due to lack of work or lack of funds, any unused accumulated sick leave shall continue in effect if he is rehired by any city department within one year. Sick leave shall automatically terminate on the date of retirement of the employee.
2. Permanent full-time employees shall earn sick leave with pay at the rate of one and one-quarter (1-1/4) working days for each month of active service or 4.6 working hours for each two (2) weeks of active service. Employees who work an average of twenty (20) hours per week on a year-around basis in positions which are budgeted at half-time or more, shall earn sick leave at the rate of .625 working days for each month of service or 2.3 working hours for each two (2) weeks of service.
3. Sick leave allowance which accumulates up to 120 working days shall be credited to employees "normal sick leave accounts" from which sick leave shall be granted with full pay. The maximum sick leave accrual for all employees is capped at 120 days.
4. The City shall maintain and verify the official sick leave records. With advance notice the City may require employees to provide acceptable medical substantiation from a physician or health care professional referred by or working under the delegated authority of a physician or dentist for each absence, regardless of duration, if it is informed that the employee is misusing sick leave. Under such circumstances the City

- shall not be responsible for the payment of any fee charged by the physician, except as otherwise provided in this Agreement.
5. When sick leave extends beyond three (3) consecutive work days acceptable medical substantiation from the employee's physician or health care professional working under the delegated authority of a physician or dentist certifying the nature and seriousness of the sickness or disability shall be furnished to the department head and to the City Service Commission.
 6. The failure of the employee to comply with the above requirements shall permit the City to deny that employee the sick leave benefits provided herein for that instance of absence until such employee is in compliance with such requirement.
 7. If an employee who has been paid sick leave effects a recovery from a third party for injuries which caused the necessity for such leave, the City shall have the right to recoup from the employee upon recovery of such funds a sum which represents the proportionate share which the sick leave benefit payment is of the total recovery compared with the total claim demanded by the employee from the third party. The sick leave account shall be restored accordingly.
 8. Should the federal or state or any local unit of government enact or interpret legislation to confer non-taxable status upon payments made to an employee under the terms of this article, the City shall pay to the employee 80% of the employee's gross salary without tax deductions, provided, however, that the employee shall receive all pension and other benefits as if he/she had received full salary.
 9. TWO HOUR PROVISION. Employees are eligible, consistent with departmental requirements that may be established from time to time, to take time off for medical and dental appointments up to three (3) times annually without charging Sick Leave. Time granted may not exceed two (2) hours per instance. An employee must work six months before being eligible for this benefit. Employees who average less than thirty-seven (37) hours per week are eligible for a total of three (3) hours for this purpose, not to exceed one (1) hour per instance or three (3) instances per year.
 10. Sick Leave Control Incentive Program
 - a. The Sick Leave Control Incentive Program shall be in effect beginning Trimester

1, 2010 and ending Trimester 3, 2011. Nothing herein shall be construed as requiring the City to continue the program for time periods through Pay Period 26, 2011.

b. The trimester periods for each calendar year are defined as follows:

Trimester 1 - Pay Period 1-9

Trimester 2 - Pay Period 10-18

Trimester 3 - Pay Period 19-26 or Pay Period 19-27, whichever is appropriate.

c. An employee shall be eligible for a trimester sick leave incentive benefit only if:

- (1) During the full term of the trimester, the employee did not use any paid sick leave, did not receive injury pay (except in cases when the employee suffered a verifiable lost-time work-related injury and returned to work for the employee's next regularly scheduled work shift following the occurrence of the injury.), was not on an unpaid leave of absence, was not AWOL, was not tardy, was not suspended from duty for disciplinary reasons and did not take any unpaid time off the payroll; and
- (2) During the full term of the trimester, the employee was in active service; and

- (4) The employee was represented by the Union for at least 560 hours in the trimester period or in case of an employee who was employed for an average of 20 hours per week, the employee was represented by the Union for at least 280 hours in a trimester.
- (5) During Trimesters 1 and 3 only, employees who work exclusively in School Nursing Only assignments shall not be disqualified by reason of taking an authorized unpaid leave of absence during periods of MPS

closure.

- d. Except as provided in subsection 10.e., below, in a trimester period set forth in subsection a. and b., above, that an employee is eligible for a sick leave control incentive program (SLIP) benefit, the Department Head shall determine which one of the two types of SLIP benefits listed below the eligible employee shall receive (at the Department Head's discretion, the employee may make this determination in accordance with procedures established for that purpose by the Department head):

(1) A special sick leave incentive payment

An employee receiving a special sick leave incentive payment, shall be entitled to receive a lump-sum cash payment equivalent to eight hours of the employee's base salary computed on the basis of the employee's hourly base salary rate in effect on the last day of the trimester for which the payment was earned. Such payment shall not be deemed part of the employee's base salary and shall not have any sum deducted for pension benefits nor shall it be included in determination of pension benefits or any other benefits and/or compensation provided by the City. Sick leave control incentive payments provided hereunder shall be made as soon as is administratively practicable following the close of the Trimester Period in which they were earned.

(2) A special incentive leave

An employee receiving a special incentive leave, shall earn one eight-hour day off with pay. Such day off with pay earned in Trimester 1 or 2 must be used by the employee in the remainder of the fiscal year. A day off with pay earned in Trimester 3 may be used any time in the following fiscal year. An employee may use such day off with pay on a date he/she has requested provided the employee gives his or her supervisor reasonable advance notice of the date requested and the date is determined available by the supervisor in accordance with the needs of the Department. The processing of employee requests for time off earned

under the sick leave incentive control program shall be on a first-come, first-served basis. Decisions by the employee's supervisor with respect to the availability of the date the employee has requested shall be final. For purposes of this Article, fiscal year shall be defined as Pay Periods 1 through 26 or 27, whichever is appropriate.

- e. For an employee who is employed an average of 20 hours per week and who is eligible for a sick leave control incentive program (SLIP) benefit, the Department Head shall determine which one of the two types of SLIP benefits listed below the eligible employee shall receive (at the Department Head's discretion, the employee may make this determination in accordance with procedures established for that purpose by the Department Head):

(1) A special sick leave incentive payment

An employee receiving a special sick leave incentive payment, shall be entitled to receive a lump-sum cash payment equivalent to four hours of the employee's base salary computed on the basis of the employee's hourly base salary rate in effect on the last day of the trimester for which the payment was earned. Such payment shall not be deemed part of the employee's base salary and shall not have any sum deducted for pension benefits nor shall it be included in determination of pension benefits or any other benefits and/or compensation provided by the City. Sick leave control incentive payments provided hereunder shall be made as soon as is administratively practicable following the close of the Trimester Period in which they were earned.

2. **Transfer Requests For Non-Posted Assignments.** At any time, a non-probationary

employee may forward a written request to the Health Department Personnel Office for transfer to a non-posted Public Health Nurse (PHN) assignment or location. When the City determines to fill a vacancy on a non-temporary basis, the Department Head or designee will determine and consider all relevant factors relating to the filling of the vacant assignment and employee transfer requests on file. If two or more employees equally fulfill the factors as determined by the Department Head or designee, seniority will be the deciding factor.

ARTICLE 36

LONG TERM DISABILITY PROGRAM

1. The City will continue a Long-Term Disability ("LTD") Benefit Program.
2. Basic coverage featuring benefits to age 65 after an elimination period of 180 calendar days will be provided at no cost to employees who work at least 20 hours per week on a year-round basis and have completed six months of active service following a regular or exempt appointment. Shorter elimination periods will be available through payroll deductions. An employee who is or becomes in a laid off situation shall not be eligible for LTD benefits. LTD benefits will begin only after all other temporary disability benefits, such as accumulated sick leave, have been exhausted.
3. During a qualifying period of disability, the LTD benefit program will provide no less than 60% of monthly base earnings (excluding bonuses and overtime) as income replacement, up to a maximum of \$5,000.00 per month, reduced by all available temporary disability benefits such as sick leave benefits; amounts available from any other city, state or federal programs which may be paid on account of the same disability; and any income earned by the employee during the period of disability.
4. Benefits payable under the LTD benefit program shall be established by an LTD benefit administrator selected by the City. The LTD benefit administrator shall provide a procedure for an employee to dispute claims and claim decisions. No dispute arising under the LTD benefit program shall be subject to the grievance and arbitration procedures set forth in this Agreement, except an allegation that the City has failed to pay required payments to the LTD benefit administrator.
5. The City shall retain the right to manage, at its sole discretion, the administration and funding of the LTD benefit program, including, but not limited to selecting, changing, or terminating third party LTD benefit administrators, operating as the LTD benefit administrator, establishing and managing reserve funds in relation to the LTD benefit program, self-funding the LTD benefit program, and entering into or terminating insurance agreements in relation to the LTD benefit program.

ARTICLE 37

PROFESSIONAL PRACTICES COMMITTEE

The Professional Practices Committee (PPC) and Director of Nursing or designee and relevant Health Department Manager as determined by the Department shall meet bimonthly. The committee will set a preliminary agenda for its next meeting at the end of the meeting. Either party may add to the agenda within 5 working days prior to each meeting. The committee will meet at a mutually agreeable time and location during working hours.

ARTICLE 38

SUBORDINATE TO CHARTER

The Honorable Common Council
Committee on Finance & Personnel
City of Milwaukee

Dear Committee Members:

Re: Common Council File No. 070019

I have reviewed the fiscal note in the above file, which reports the impact of the wage agreement prepared by the Labor Negotiator for Local 195-International Brotherhood of Electrical Workers for 2007-2009 and 2010-2011. The total incremental costs as developed by my staff for the January 1, 2007 through December 31, 2009 agreement by category are:

	<u>Year 1</u>	<u>Year 2</u>	<u>Year 3</u>
Salaries – Base pay	\$ 19,150	\$ 33,863	\$ 53,813
Salary Rollups – Workers' Comp, Unemploy. Comp, Terminal Leave, Overtime, and Group Life	3,290	5,817	9,244
Pension & FICA	2,518	4,453	7,076
Health Ins. Contribution	---	---	(1,920)
Pension Changes and Sunset for Military	967	982	1,002
Health Plan Co-Pays	---	---	(1,807)
Total Contract Costs:	\$ 25,925	\$ 45,115	\$ 67,408

The total incremental costs as developed by my staff for the January 1, 2010 through December 31, 2011 agreement by category are:

	<u>Year 1</u>	<u>Year 2</u>
Salaries – Base pay	\$ ---	\$ ---
Salary Rollups – Workers' Comp, Unemploy. Comp, Terminal Leave, Overtime, and Group Life	---	---
Pension & FICA	---	---
Early Retirement	68,000	---
Wellness Program	8,190	---
Employee Pension Contributions	(2,236)	(4,472)
Total Contract Costs:	\$ 73,954	\$ (4,472)

While we have reviewed all of the items, the Labor Negotiator's pension costs were developed by an actuary. We are not in a position to recompute these figures, as we do not have the appropriate database. We have found the balance of the figures in the note to be reasonable. The figures developed by the Labor Negotiator for 2007-2009 agreement are adequate for use in the file.

The 2010-2011 agreement does not call for cost of living increases or no pay step advancements. These provisions do not increase or decrease salaries over 2009 rates. Further, Article 36, Pension Benefits, call for "Employees hired on or after 01/01/2010 shall be required to pay member contributions equal to 5.5%". Currently, this cost is entirely borne by the City. While it is unknown how many electrical workers will be hired, it is unreasonable to assume that the City will not hire any employees in 2010 and 2011. Since 01/01/2007, the City hired 3 workers. Using a three year average for hires, the savings for the pension contributions are significant enough to report.

Due to the timing of this contract's settlement, the Wellness Program expenditures could not reasonably be borne in 2009, instead my office found it prudent to place these expenditures in 2010.

Very truly yours,

AGREEMENT BETWEEN THE
CITY OF MILWAUKEE AND
LOCAL #195,
INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, AFL-CIO
Effective January 1, 2007

PREAMBLE

THIS AGREEMENT, is made and entered into at Milwaukee, Wisconsin, pursuant to the provisions of Section 111.70, Wisconsin Statutes, by and between the CITY OF MILWAUKEE, a municipal corporation, as municipal employer, hereinafter referred to as "City" and LOCAL #195, INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, AFL-CIO, as the representative of certain employees who are employed by the City of Milwaukee, shall be treated as one party and hereinafter referred to as "Union".

The parties to this Agreement are desirous of reaching an amicable understanding with respect to the employer-employee relationship which exists between them and to enter into a complete Agreement covering rates of pay, hours of work and conditions of employment.

The parties do hereby acknowledge that this agreement is the result of the unlimited right and opportunity afforded to each of the parties to make any and all demands and proposals with respect to the subject of rates of pay, hours of work, and conditions of employment and incidental matters respecting thereto.

This Agreement is an implementation of the provisions of Section 111.70, Wisconsin Statutes, consistent with that legislative authority which is delegated to the Common Council of the City of Milwaukee, the statutes, and insofar as applicable, the rules and regulations relating to or promulgated by the City Service Commission, and uniformity of compensation provided for under the Municipal Budget Law, namely, Chapter 65 of the Wisconsin Statutes.

It is intended by the provisions of this Agreement that there be no abrogation of the duties, obligations, or responsibilities of any agency or department of City Government which is now expressly provided for respectively by: state statutes; charter ordinances; and ordinances of the City of Milwaukee except as expressly limited herein.

It is intended by the parties hereto that the employer-employee relationship which

exists now and has heretofore existed by and between the City and the members of the Union, who are employed by the City, shall continue to be the same in the event this Agreement is terminated or by virtue of its terms becomes terminated.

- 1.2. Within 30 calendar days following the execution date of this Agreement, the Union shall give the City written notice in accordance with the NOTICES Article of this Agreement, indicating areas in a succeeding labor Agreement in which changes are requested; conferences and negotiations shall be carried on by the parties beginning 30 calendar days following the date such notice is provided.

ARTICLE 2

NEGOTIATIONS

- 2.1. Either party to this Agreement may select for itself a negotiator or negotiators for purposes of carrying on conferences and negotiations under the provisions of Section 111.70, Wisconsin Statutes, as each party may determine. No consent from either party shall be required in order to name a negotiator or negotiators.

ARTICLE 3

SUBORDINATE TO CHARTER

- 3.1. In the event that the provisions of this Agreement or its application conflict with the legislative authority delegated to the City Common Council, or the City Service Commission (which authority being set forth more fully by: The Milwaukee City Charter; the statutory duties, responsibilities and obligations of the City Service Commission as they are provided for in Sections 63.18 through 63.53 of the Wisconsin Statutes; The Municipal Budget Law, which is set forth in Chapter 65 of the Wisconsin Statutes; or other applicable laws or statutes) then this Agreement shall be subordinate to such authority.

ARTICLE 4

ORDINANCE AND RESOLUTION REFERENCE

- 4.1. This Agreement contains benefits and the terms and conditions under which they are provided employees. The City may establish ordinances, resolutions and procedures to implement and administer these benefits. These ordinances, resolutions and procedures, as well as any other City ordinances or resolutions providing benefits to employees, shall not be deemed a part of this Agreement, nor shall they add to, modify, diminish or otherwise vary any of the benefits or obligations provided in this Agreement, unless the parties shall mutually consent in writing thereto. Other City ordinances and/or resolutions, or parts thereof, in effect on the execution date of this Agreement that do not conflict with the specific provisions of this Agreement shall remain in force and effect.

ARTICLE 5

NOTICES

- 5.1. All notices required to be sent by the Union to the City shall be in writing and sent by certified mail to the City Labor Negotiator.
- 5.2. All notices to be sent by the City to the Union shall be in writing and sent by certified mail to the President of the Union.
- 5.3. Subject to their mutual consent, the City and the Union may waive the certified mail requirement provided above where they deem it appropriate.

ARTICLE 6

MANAGEMENT RIGHTS

- 6.1. The Union recognizes the right of the City to operate and manage its affairs in all respects in accordance with its responsibilities. Any power or authority which the City has not officially abridged, delegated or modified by this Agreement is retained by the City.
- 6.2. The Union recognizes the exclusive right of the City to establish reasonable work rules. The City will notify the Union in advance of changes in written work rules except in emergencies. Any dispute with respect to these work rules shall not in any way be subject to final and binding arbitration, but any dispute with respect to the reasonableness of a work rule involving matters primarily related to wages, hours, and conditions of employment may be subject to final and binding arbitration and in such cases the arbitrator's decision shall be strictly limited to a determination of reasonableness. This provision is intended to expand but not to limit the right to arbitration set forth elsewhere in this Contract.
- 6.3. The City shall have the right to determine reasonable schedules of work and to establish the methods and processes by which such work is performed.
- 6.4. The City has the right to schedule and assign regular and overtime work as required.
- 6.5. The City reserves the right to discipline or discharge for cause.
- 6.6. The Union recognizes that every incidental duty connected with an operation enumerated in a job description is not always specifically described, nevertheless, it is intended that all such duties shall be performed by the employee.
- 6.7. The City reserves the right to layoff for lack of work or funds, or the occurrence of conditions beyond the control of the City, or where the continuation of work would be wasteful and unproductive.
- 6.8. The City has statutory and charter rights and obligations in contracting for matters relating to municipal operations. The right of contracting or subcontracting is vested in the City. The right to contract or subcontract shall not be used for the purpose or intention of undermining the Union or to discriminate against any of its members.

The City agrees to a timely notification and discussion in advance of the implementation of any proposed contracting or subcontracting.

The City agrees it will not lay off any employees who have completed their probationary period and who have regular civil service status at the time of the execution of this agreement because of the exercise of this contracting or subcontracting right except in the event of an emergency, strike or work stoppage, or essential public need where it is uneconomical for City employees to perform this work. The economies above will not be based upon the wage rates of the employees of the contractor or subcontractor, and provided it shall not be considered a layoff if the employee is transferred or given other duties at the same pay.

- 6.9. The fact that an employee is in, or may become in a laid-off status shall not prevent the City from exercising its right to contract or subcontract work as long as the contracting or subcontracting does not cause the layoff of an employee or cause the elimination of the job the employee performed.
- 6.10. When City departments are merged or separated, the City will give the Union reasonable and timely notice and an opportunity to present its position when bargaining unit personnel are involved and affected by the City's proposed action.

ARTICLE 7

RECOGNITION

- 7.1. The City recognizes the Union as the exclusive collective bargaining agent for the appropriate certified bargaining unit and as the certified representative for those employees in this bargaining unit occupying the classifications as defined in the appropriate "Certifications of Representatives" promulgated by the Wisconsin Employment Relations Commission. The Union recognizes its responsibility to cooperate with the City to assure maximum service at minimum cost to the public consistent with its obligations to the employees it represents.

ARTICLE 8

UNION NEGOTIATING COMMITTEE

- 8.1. The Union shall advise the City of the names of its negotiators. One or more representatives from the Union shall be paid their regular base salary up to a combined maximum of 120 work-hours for time spent in attendance at official negotiating meetings between the City and the Union as directed by the President of the Union. No payment will be made for time outside the representatives' normal work day and in no event will payment be made for time in excess of eight hours per day. Reasonable travel time from site of employment to site of meeting will be allowed.
- 8.2. The names of the duly chosen representatives of the bargaining unit shall be submitted to the City Labor Negotiator sufficiently in advance of regularly scheduled negotiating meetings to permit notification of the appropriate City departments.
- 8.3. The City Labor Negotiator shall interpret and administer the provisions of this section.

ARTICLE 9

NON-DISCRIMINATION

- 9.1. The parties agree that there shall be no discrimination against any bargaining unit member because of race, color, creed, sex, age, nationality, political affiliation, religious affiliation, sexual preference or handicap.

ARTICLE 10

LIMITATIONS UPON UNION ACTIVITY

- 10.1. No Union member or officer shall conduct any Union business on City time except as specified in this Agreement.
- 10.2. No Union meeting shall be held on City time.

ARTICLE 11

DUES & FAIR SHARE DEDUCTIONS

- 11.1. An employee may authorize the City to deduct Union dues from their paycheck by executing an authorization card and submitting it to a City designated administrator. The check-off shall become effective two (2) pay periods after filing.
- 11.2. The Union shall be granted deductions for up to 26 or 27 pay periods, whichever is appropriate, upon submission of a necessary affidavit and certificate to the City Labor Negotiator.
- 11.3. The City will deduct from the biweekly earnings of all employees represented by the Union who have not authorized dues deductions by dues deduction cards, a fair share amount that is equal to that part of the monthly dues certified by the Union as the dues deduction uniformly required of all members of the Union and pay this amount to the Treasurer of the Union within ten (10) days after the payday from which the deduction was made. The City reserves the right to stop, withhold or modify fair-share deductions for employees or positions in question until resolved by mutual agreement or by the Wisconsin Employment Relations Commission.
- 11.4. The Union shall file a report with the Division of Labor Relations certifying the amount of the employee dues deduction that is uniformly required of all employees represented by the Union. Changes in uniform employee dues or fair share amounts to be deducted shall be certified by the Union and filed with the Division of Labor Relations at least four (4) weeks before the start of the pay period the changed deduction is to be effective.
- 11.5. The dues or fair-share deduction will be made to the Union which represents the employee the majority of their time in the pay period. If the time is equal, the dues or fair-share deduction will be made to the Union representing the employee the majority of time in the last week of the pay period.
- 11.6. The City will honor only dues deduction cards which authorize dues to the certified bargaining unit which represents the employee or dues deductions authorized by employees in positions, divisions or bureaus not now certified to be represented by a

certified bargaining unit. No dues or fair-share deductions will be made from the earnings of managerial, supervisory or confidential employees.

11.7. The City will provide the Union with a list of employees from whom dues or fair-share deductions were made with each biweekly remittance to the Union.

11.8. The Union shall, at its sole cost and expense, fully indemnify, defend and hold harmless the City, its officers, agents and employees against any and all claims, suits, actions or liability of judgments for damages (including, but not limited to, expenses for reasonable legal fees and disbursements of the City, if any) arising from any objections to or contesting of the validity of any dues or agency shop deductions or the interpretation, application or enforcement of this provision.

ARTICLE 12

PROHIBITION OF STRIKES AND LOCKOUTS

- 12.1. The Union shall neither cause nor counsel its members, to strike, nor shall it in any manner cause them either directly or indirectly to commit any concerted acts of work stoppage, slowdown, or refusal to perform any customarily assigned duties for the City. However, whether or not the Union is liable for such acts or actions, any employee who commits any of the acts prohibited in this section may be subject to the following penalties:
- a. Discharge as provided for by law.
 - b. Other disciplinary action as may be applicable to the employee.
 - c. Loss of all compensation, vacation benefits, and holiday pay as determined by the City.
- 12.2. Upon notification confirmed in writing by the City to the Union that certain of its members are engaged in a wildcat strike, the Union shall immediately order its members to return to work in writing, provide the City with a copy of such an order, and a responsible official of the Union shall publicly order them to return to work. Such characterization of the strike by the City shall not establish the nature of the strike. Such notification by the Union shall not constitute an admission by it that a wildcat strike is in progress or has taken place or that any particular member is or has engaged in a wildcat strike. The notification shall be made solely on the representations of the City. In the event that a wildcat strike occurs, the Union agrees to take all reasonable, effective and affirmative action to secure the members' return to work as promptly as possible. Failure of the Union to issue orders and/or take action shall be considered in determining whether or not the Union caused, directly or indirectly, the strike.
- 12.3. The City will not lock out employees. If any employee is unable to work because equipment or facilities are not available due to a strike, work stoppage, or slowdown by any other employees, the inability to work shall not be deemed a lockout under the provisions of this section.

- 12.4. In the event a dispute arises between the parties with respect to whether or not the Union has caused or authorized, either directly or indirectly, a strike, acts of work stoppage, slowdown, refusal to perform any customarily assigned duties, or in the event of a dispute arising as to whether or not the City has locked out employees, the disputes shall be determined in final and binding arbitration as set forth in this Agreement.

ARTICLE 13

DISCIPLINE

- 13.1. When it becomes necessary to institute disciplinary action, terminate, or discharge an employee who is a member of the bargaining unit, the City will give notice to the Union before taking action, except when in the judgment of the supervisor emergency action is necessary. In such cases, the Union will be notified as soon as practicable after the action has taken place. This provision has no application to a situation in which a warning letter is issued to an employee. The purpose of a warning letter is to notify the employee to correct deficiencies in conduct or job performance before discipline becomes necessary. Further, this provision is not to be construed as requiring a meeting with the Union except as provided in the grievance procedure of the contract.
- 13.2. Notice for non-emergency disciplinary situations shall not be subject to the provisions of Article 5 of this Agreement, requiring "certified mail," but shall be given, if during business hours, by the most expeditious means, to the President of the Union. Thereafter the notice is to be confirmed in writing within twenty-four (24) hours and if not during normal business hours, notice shall be given or confirmed on the next business day.
- 13.3. Any discipline imposed on an employee who is not subject to the jurisdiction of the City Service Commission shall be for just cause only, as defined in Rule XIII, Section 5, of the City Service Commission and other such appropriate rules.

ARTICLE 14

GRIEVANCE PROCEDURE

- 14.1. Only matters involving the interpretation, application or enforcement of the terms of this Agreement shall constitute a grievance under the provisions set forth below.
- 14.2. Step One. An employee who has a grievance shall first present the grievance orally to the employee's immediate supervisor, either alone or accompanied by a Union representative, within ten (10) working days of the occurrence of the incident leading to the grievance.
- 14.3. Step Two. If the grievance is not settled at the first step, it shall be reduced to writing and presented to the Division Head or his/her designee within ten (10) working days of the completion of Step One. Within ten (10) working days of his/her receipt of the written grievance initiation, the Division Head or his/her designee shall furnish the employee and the Union with a written answer to the grievance, except that, in cases where the Division Head or his/her designee determines that a meeting with the Union regarding the grievance is desirable, the time limit for a written response shall be ten (10) working days from the date of such meeting.
- 14.4. Step Three. If the grievance is not settled at the second step, the Union may appeal in writing within ten (10) working days of the receipt of the second step answer to the Department Head or his/her designee, who shall confer with the aggrieved and the Union and notify the aggrieved and the Union of a decision in writing within ten (10) working days from the date of such meeting.
- 14.5. When a grievance meeting is held at the third step of the grievance procedure, a named employee who has filed a grievance, and the Union official or representative whose presence for the purpose of giving testimony is required, shall be given notice of at least twenty-four (24) hours before a meeting is held unless the grievant and the Union waive the requirement of this notice.
- 14.6. If a Union grievance is not settled at the third step, or if any grievance filled by the City cannot be satisfactorily resolved by conference with appropriate representatives

of the Union, either party may proceed to the next step as provided.

- 14.7. Step Four. If the answer of the Department Head or his/her designee upon a matter which can be submitted to final and binding arbitration is unsatisfactory to the Union, and the Union advances the grievance to arbitration in writing within 30 days of the Step 3 answer, it shall be reviewed at a meeting between the Labor Negotiator and the Director of the Union or their designees held periodically for that purpose within 30 working days from the Union's request to proceed to arbitration. The designated participants in the meeting shall be empowered to settle the grievance and no step in the arbitration process shall occur until the meeting has occurred or the parties by written agreement have waived such meeting.
- 14.8. All written grievance appeals shall set forth the provision of the Agreement under which the grievance was filed.

ARTICLE 15

ARBITRATION PROCEDURE

- 15.1. No item or issue may be the subject of arbitration unless arbitration is requested in writing within 90 working days following the action or occurrence which gives rise to the issue to be arbitrated.
- 15.2. Arbitration may be initiated by the Union serving upon the City a notice, in writing, of its intent to proceed to arbitration. The notice shall identify the contract provision upon which it relies, the grievance or grievances, the department, and the employees involved.
- 15.3. Unless the parties, within five working days following the receipt of the written notice agree upon an arbitrator, either party may, in writing, request the Wisconsin Employment Relations Commission to submit a list of five arbitrators to both parties. The parties shall within five working days of the receipt of the list meet for the purpose of selecting the arbitrator by alternately striking names from the list until one name remains.
- 15.4. Whenever one of the parties deems the issue to be of such significance as to warrant a panel of three arbitrators, each party shall, within five working days of the request to proceed to arbitration, appoint one arbitrator and the two arbitrators so appointed shall agree on a neutral person to serve as the third arbitrator and chairperson, who shall be selected in the manner and in the time specified for the selection of a single arbitrator.
- 15.5. For purposes of brevity, the term "arbitrator", shall refer either to a single arbitrator or a panel of arbitrators, as the case may be.
- 15.6. The following subjects shall not be submitted to arbitration:
 - a. Provisions of the Agreement which relate to or in any manner affect the obligations of the City as expressed or intended by the provisions of Chapter 65, Wisconsin Statutes.
 - b. The statutory or charter obligations which are by law delegated to the Common Council

- c. The elimination or discontinuance of any job, except as provided in the contracting and subcontracting provision of this Agreement.
- d. Any pension matter.
- e. Disputes or differences regarding the classification of positions, promotion of employees, and elimination of positions.

The specific exceptions noted above are not intended to limit the right of the Union to proceed to final and binding arbitration in disputes affecting the entitlement of employees to existing and established wages, hours and conditions of employment as specifically set forth in this Agreement.

- 15.7. No issue shall be subject to arbitration unless the issue results from an action or occurrence which takes place following the execution of this Agreement. In the event that this Agreement is terminated or breached for any reason, rights to arbitration shall cease. This provision, however, shall not affect any arbitration proceeding which was properly commenced prior to the expiration or termination of this Agreement.
- 15.8. In addition to all matters presently subject to arbitration, the Union shall have the right to submit all matters of discipline and discharge to arbitration in the same manner as now is being done for other arbitrable issues. If an employee elects to have their discipline or discharge case heard by the City Service Commission under the provisions of Section 63.43 or alternate procedures covered by Section 63.44 of the Wisconsin Statutes, the employee will be said to have waived their right to arbitration.
- 15.9. The arbitrator selected shall hold a hearing at a time and place convenient to the parties within ten (10) working days of the notification of selection, unless otherwise mutually agreed upon by the parties. The arbitrator shall hear evidence that in their judgment is appropriate for the disposition of the dispute. Statements of position may be made by the parties and witnesses may be called. The arbitrator shall have initial authority to determine whether or not the dispute is arbitrable, under the express terms of this Agreement. Once it is determined that a dispute is arbitrable, the arbitrator shall proceed in accordance with this Article to determine the merits of

the dispute submitted to arbitration.

- 15.10. No award of any arbitrator may be retroactive for a period greater than 90 working days prior to the formal request for arbitration as herein provided, nor shall it cover or include any period prior to the date of execution of this Agreement.
- 15.11. The arbitrator shall neither add to, detract from, nor modify the language of this Agreement in arriving at a determination of any issue presented that is proper for arbitration within the limitations expressed herein. The arbitrator shall have no authority to grant wage increases or wage decreases.
- 15.12. The arbitrator shall expressly be confined to the precise issue submitted for arbitration and shall not submit declarations of opinion which are not essential in reaching the determination of the question submitted unless requested to do so by the parties. It is contemplated by the provisions of this Agreement that any arbitration award shall be issued by the arbitrator within sixty (60) working days after the notice of appointment unless the parties to this Agreement shall extend the period in writing by mutual consent.
- 15.13. All expenses involved in the arbitration proceeding shall be borne equally by the parties. Expenses relating to the calling of witnesses or the obtaining of depositions or any other similar expense associated with the proceeding shall be borne by the party at whose request the witnesses or depositions are required.

ARTICLE 16

SENIORITY FOR LAYOFF PURPOSES

- 16.1. Seniority for layoff purposes is defined as the relative status of an employee in a particular job title represented by the Union based upon the employee's regular appointment date to such job title or the date he/she transferred to such job on a City Service Commission approved transfer, to which will be added, in case of a reduction of an affected employee to a lower classification represented by the Union, the seniority the affected employee had in that other job title represented by the Union.
- 16.2. Effective October 9, 2009 thru December 31, 2009, there shall be no layoffs of bargaining unit employees with the exception of seasonal layoffs and layoffs due to loss of grant funding. This provision shall expire Pay Period 26, 2009.
- 16.3. For the purpose of layoff, up to three (3) officers of the Union (the president and two additional officers designated by the Union) shall have seniority preference over all other employees in their particular job and job title within the department.
- 16.4. Upon a reduction in supervisory and/or managerial positions, a supervisory or managerial employee affected may be returned to a job title they previously held in a bargaining unit. An employee promoted to a management or supervisory position after May 15, 1973, from a position within the certified bargaining unit, shall continue to accumulate seniority for not more than a maximum period of two calendar years. Thereafter, they shall retain, but not continue to accumulate, seniority while in a management or supervisory position. For an employee promoted prior to May 15, 1973, the employee would receive their seniority as a member of the bargaining unit plus their seniority as a management or supervisory employee of the City for not less than two years if earned, or a period equal to one-half of their seniority as a managerial or supervisory employee in excess of two years up to a maximum of eight years.
- 16.5. Should the City find it necessary to effect a reduction in its work force, it shall give the Union notice and in no case less than four (4) weeks prior to the effective date of

the layoff of the initially affected employees. The City and the Union shall meet within three (3) working days of the notice to discuss layoffs. The City, at this meeting, shall provide the Union with a current seniority list of the department. At this meeting, the Union will identify those employees who are subject to the terms of 16.3, above.

- 16.6. When layoffs are occasioned by an emergency or when the duration is not expected to exceed twenty (20) working days, the foregoing provisions regarding notice and the rules hereinafter set forth shall not apply. In such cases, the City shall notify the Union immediately of the situation and shall meet with the Union within three (3) working days to fully apprise it of its reasons for the layoff and its expected duration.
- 16.7. When layoffs are occasioned by seasonal fluctuations, the provisions of 16.5 and 16.6 as regards to notice by the City and the requirements of meeting with the Union shall not apply.
- 16.8. When seasonal layoffs or recalls occur in classifications where subsequent layoffs or recalls are likely or in work activities in which the last work will be performed in subsequent weeks, the City shall have the right to lay off or recall employees out of their order of seniority for a period of up to twenty (20) work days.
- 16.9. When it becomes necessary to reduce the work force in a particular job, the employee with the least seniority in the job title shall be laid off and bump the least senior employee holding a job title which the affected employee previously held if:
 - a. The affected employee has more seniority.
 - b. The affected employee is capable of performing the job of the employee with lesser seniority.
 - c. The affected employee transfers or bumps to a position in the same or lower pay range than the affected employee currently holds.
- 16.10. Breaks in Seniority
 - a. Union bargaining unit seniority shall be broken when an employee:
 - (1) Retires;
 - (2) Resigns from City Service;

- (3) Is discharged and the discharge is not reversed;
- (4) Is terminated during his/her initial probationary period;
- (5) Is not recalled from a layoff for a period of three (3) years if the layoff results in a discontinuation of the employee's service with the City;
- (6) Is not recalled from a layoff for a period of seven (7) years if, during the layoff, the employee's service with the City is continuous;
- (7) Is recalled from a layoff and does not report for work within three (3) calendar weeks;
- (8) Does not return at the expiration of a leave of absence.
- (9) Is transferred/promoted to a non-management or non-supervisory classification outside the Union bargaining unit and successfully completes the probationary period for that position.

b. Classification seniority shall be broken when an employee:

- (1) Is terminated during a probationary period;
- (2) Is voluntarily or involuntarily demoted; or
- (3) Is not recalled from a layoff for a period of three (3) years if during the layoff the employee's service with the City is continuous.

In case of (2), above, if the employee is reinstated or promoted to the position from which he/she was demoted, the date of such reinstatement or promotion shall become the employee's classification seniority date unless otherwise determined by the City Service Commission. Seniority in a lower classification shall not be affected by demotion from a higher classification.

- 16.11. An affected employee who bumps to a position in a lower pay range held by an employee with less seniority shall be paid at the normal maximum of the pay range in which the job falls. In no event shall an employee, by application of this provision, be paid in excess of the rate of pay they were earning prior to their reduction.
- 16.12. When an employee who has been reduced in rank from a position they previously held, is recalled to a job classification in a pay level above their current position but lower than the pay levels of the original position, they will be paid at a rate nearest

the rate paid in the original position. In no event shall an employee by application of this clause, be paid in excess of the rate of pay they were earning prior to their reduction. This paragraph will not apply to the laborer and other related positions now covered by the "time in grade" rules for positions affected by seasonal fluctuations.

- 16.13. Recall to the job a laid-off employee held shall be by application of seniority in reverse order of layoff. An employee who has not qualified for a lower rated job shall not be recalled until the position they held at the time of their layoff again becomes available.
- 16.14. Employees in an affected job and job title having the same starting date shall have their seniority status determined by their examination rank on the eligible list and where ranks do not prevail, seniority shall be determined by lot at the Department of Employee Relations with a Union representative present.
- 16.15. An employee hired on an exempt basis by the City directly into a manpower program or training project, such as the Comprehensive Employment Training Act, which depends for its continued existence on the availability to the City of federal or state funds is not to be regarded as subject to the protection of the provisions of this Article.
- 16.16. An employee hired or promoted by the City on a regular appointment basis under City Service Commission rules and regulations into a program or project which depends for its continued existence on the availability to the City of federal or state funds shall be regarded as subject to the protection of the provisions of this Article. An employee who is transferred into one of these programs or projects who has attained City Service status at the time of entry into the program or project shall continue to accrue seniority during the course of their service in the program or project and shall be regarded as subject to the protection of the provisions of this Article. Any new program or project which depends for its continued existence on the availability to the City of federal or state funds shall be subject to the protection of the provisions of this article upon mutual consent of the City and the Union.
- 16.17. Except for employees in positions covered by subsection 16.4., above, employees

covered by this Agreement from and after January 1, 1991, shall not be bumped by an employee outside of the Union bargaining unit and shall not have bumping and recall rights to positions outside the Union bargaining unit.

- 17.4. An employee who is promoted to the Bridge Operator Lead Worker job classification shall receive a new salary anniversary date.
- 17.5. The City reserves the right to make corrections of errors to the salary ordinance, if any are found.

If an employee is issued a Sick Leave Control Letter, the employee will again be subject to home visits and phone calls until such time as the employee completes 26 consecutive pay periods with no sick leave use following the issuance of the Sick Leave Control Letter. During Pay Period 1 of each fiscal year, the Division will identify employees who have not used sick leave during the previous fiscal year and will release them from the home visit/phone call requirement. Employees who, in a pay period other than the last pay period of a fiscal year, complete 26 consecutive pay periods with no sick leave use are responsible for notifying the Division of such completion if they wish to be released from the home visit/phone call requirement. For purposes of this section, "fiscal year" shall be defined as Pay Periods 1-26 or 1-27, whichever is appropriate.

27.7. It is the intention of the City to incorporate into this labor agreement the sick leave benefits which are provided to an employee and the terms and conditions under which they are administered. If there is a conflict between the terms of this Article and City Ordinance, City Service Commission Rule or Regulation pertaining to sick leave pay in effect at the time this contract is ratified, the City resolves to settle that conflict in a manner that would not cause a diminution of this benefit.

27.8. Sick Leave Control Incentive Program

- a. The Sick Leave Control Incentive Program shall be in effect beginning Pay Period 1, 2007, and ending Pay Period 26, 2009. Nothing herein shall be construed as requiring the City to continue the program for time periods after Pay Period 26, 2009.
- b. The trimester periods for each calendar year are defined as follows:
 - Trimester 1 - Pay Period 1-9
 - Trimester 2 - Pay Period 10-18
 - Trimester 3 - Pay Period 19-26 or 19-27, whichever is applicable
- c. An employee shall be eligible for a trimester sick leave incentive benefit only if:
 - (1) During the full term of the trimester, the employee did not use any paid sick leave, did not receive injury pay, was not on an unpaid leave of absence, was not AWOL, was not tardy, was not suspended from duty for disciplinary reasons and did not take any unpaid time off the payroll; and
 - (2) During the full term of the trimester, the employee was in active service; and
 - (3) At the beginning of the trimester, the employee had an amount of earned and unused sick leave credit in his/her sick leave account of 120 hours; and
- d. An employee on seasonal layoff who meets all the criteria set forth in section 27.8.c., except for the fact that he/she was on seasonal layoff status for two (2) pay periods or less during the trimester, shall be eligible for a trimester

sick leave control incentive benefit as provided in section 27.8.e. on a prorated basis.

- e. In a Trimester period set forth in subsection a. and b., above, that an employee is eligible for a sick leave control incentive program (SLIP) benefit, the Department/Division-head shall determine which one of the two types of SLIP benefits listed below the eligible employee shall receive (at the Division/Department Head's discretion, the employee may make this determination in accordance with procedures established for that purpose by the Division/Department head):

- (1) A special sick leave incentive payment

An employee receiving a special sick leave incentive payment, shall be entitled to receive a lump-sum cash payment equivalent to eight hours of his/her base salary computed on the basis of his/her hourly base salary rate in effect on the last day of the trimester for which the payment was earned. Such payment shall not be deemed part of the employee's base salary and shall not have any sum deducted for pension benefits nor shall it be included in determination of pension benefits or any other benefits and/or compensation provided by the City. Sick leave control incentive payments provided hereunder shall be made as soon as administratively practicable following the close of the Trimester Period in which they were earned.

- (2) A special incentive leave

An employee receiving a special incentive leave, shall earn one eight-hour day off with pay. Such day off with pay earned in Trimester 1 or 2 must be used by the employee in the remainder of the fiscal year. A day off earned in Trimester 3 may be used any time in the following fiscal year. An employee may use such day off with pay on a date he/she has requested provided the employee gives his/her supervisor at least forty-eight hours notice in advance of the date requested, management approves the requested date and no overtime results for any employee

because of the requested day. The processing of employee requests for time off earned under the sick leave incentive control program shall be on a first-come, first-served basis. Decisions by the employee's supervisor with respect to the availability of the date the employee has requested shall be final.

ARTICLE 28

VOLUNTARY POLITICAL CHECK-OFF

28.1. The City shall, during each pay period during the term of this Agreement, deduct from the biweekly earnings of employees in the bargaining unit, the employees' voluntary political contribution, and submit said deduction to the Union on a biweekly basis. The political check form shall be as provided by the Union and in compliance with Federal Election Commission requirements.

ARTICLE 29

DUTY INCURRED DISABILITY PAY

- 29.1. An employee with regular Civil Service status, who sustains an injury while performing within the scope of their employment, as provided by Chapter 102 of the Wisconsin Statutes (Worker's Compensation Act), may receive up to 80% of his/her base salary, as "injury pay," in lieu of Worker's Compensation for the period of time he/she may be temporarily, totally or partially, disabled because of this injury, not to exceed a total of one calendar year. For an employee receiving eighty (80) hours of "injury pay" in a pay period, the "injury pay" of the employee for such pay period shall not exceed the amount of net pay he/she would have received if he/she had not been on "injury pay" during such pay period. For purposes of this Article, net pay is defined as the employee's base salary minus the following, as determined by the City: (1) FICA withholding, (2) Medicare withholding and (3) the federal and state income tax withholding as prescribed by law for the pay period immediately prior to the pay period for which he/she is determined to be eligible for "injury pay". For an employee receiving less than eighty (80) hours of "injury pay" in a pay period, the "injury pay" of the employee for such hours shall be 80% of his/her base salary.
- 29.2. An employee may not receive "injury pay" for more than one year (250 working days) during their employment regardless of the number of compensable injuries sustained. For an employee receiving eighty (80) hours of "injury pay" in a pay period, the employee may not receive less than the minimum amount required by the Worker's Compensation Act.
- 29.3. In providing injury pay in an amount as indicated in 29.1. and 29.2., above, the employee agrees to allow the City to make the applicable payroll adjustment to his/her biweekly pay check and to make no subsequent claim for this amount whatsoever. This deduction shall be administered so as not to reduce the employee's pension benefits. For purposes of interpretation of the provisions of this paragraph, the term, base salary, shall mean the employee's base salary pay rate in effect during

the pay period he/she is receiving injury pay.

- 29.4. After "injury pay" benefits have been exhausted, an employee shall have the option of accepting sick leave benefits or accepting Worker's Compensation temporary disability benefits. This option, which shall be in writing, may be terminated without prejudice to temporary total, or temporary partial, disability benefits under the Worker's Compensation Act, but such termination shall not be retroactive and any sick leave already used at the time of the termination of the option shall not be restored to the employee.
- 29.5. Questions involving eligibility for "injury pay" shall be determined under the applicable law and the substantive and procedural rules of the Department of Workforce Development (formerly the Department of Industry, Labor and Human Relations) relative to Worker's Compensation and in the event of a dispute between the City and the employee relative to such eligibility, the Department of Workforce Development and the courts, upon the statutorily prescribed review thereof, shall be the sole and final arbiters of such dispute.
- 29.6. Notwithstanding 29.1 through 29.5, above, an employee who has not successfully completed his/her initial probationary period with the City shall not be entitled to "injury pay" (Duty Incurred Disability Pay).
- 29.7. If the Internal Revenue Service (IRS) determines that the injury pay benefits provided hereunder are taxable as wages, then beginning with the effective date of this determination, the City will no longer require the applicable employee deduction from injury pay benefits provided for in section 29.3., above.

ARTICLE 30

LONG TERM DISABILITY PROGRAM

- 30.1. The City will offer a Long-Term Disability ("LTD") Benefit Program.
- 30.2. Basic coverage featuring benefits to age 65 after an elimination period of 180 calendar days will be provided at no cost to employees who work at least 20 hours per week on a year-round basis and have completed six months of active service following a regular or exempt appointment. Shorter elimination periods will be available through payroll deductions. An employee who is or becomes in a laid off situation shall not be eligible for LTD benefits. LTD benefits will begin only after all other temporary disability benefits, such as accumulated sick leave, have been exhausted.
- 30.3. During a qualifying period of disability, the LTD benefit program will provide no less than 60% of monthly base earnings (excluding bonuses and overtime) as income replacement, up to a maximum of \$5,000.00 per month, reduced by all available temporary disability benefits such as sick leave benefits; amounts available from any other city, state or federal programs which may be paid on account of the same disability; and any income earned by the employee during the period of disability.
- 30.4. Benefits payable under the LTD benefit program shall be established by an LTD benefit administrator selected by the City. The LTD benefit administrator shall provide a procedure for an employee to dispute claims and claim decisions. No dispute arising under the LTD benefit program shall be subject to the grievance and arbitration procedures set forth in this Agreement, except an allegation that the City has failed to pay required payments to the LTD benefit administrator.
- 30.5. The City shall retain the right to manage, at its sole discretion, the administration and funding of the LTD benefit program, including, but not limited to selecting, changing, or terminating third party LTD benefit administrators, operating as the LTD benefit administrator, establishing and managing reserve funds in relation to the LTD benefit program, self-funding the LTD benefit program, and entering into or terminating insurance agreements in relation to the LTD benefit program.

- c. 6.5 hours per pay period for employees who have completed at least 9 but less than 14 years of creditable service.
- d. 8.0 hours per pay period for employees who have completed at least 14 years of creditable service.

31.2. An employee on the payroll for at least eighty (80) hours in a pay period shall be allowed to accumulate vacation time at the rate prescribed for under 31.1. An employee on the payroll less than eighty (80) hours in a pay period will earn vacation on a pro rata basis. Hours on the payroll in excess of eighty (80) hours in a pay period shall not count toward vacation accrual.

31.3. Eligibility for, and accumulation of vacation shall begin upon appointment to a position eligible for vacation. A department head may allow an employee whose service is expected to continue so as to complete a year's actual service, to use vacation within the first 12 months of employment if the convenience of the service would be promoted. If the employee leaves the service of the City before the completion of the initial 12-month period, that vacation shall be deemed unearned, and payments made during the vacation period shall be deducted from his/her paycheck upon termination of employment. Employees who are not expected by the department head to work 12 consecutive months shall be eligible for vacation only after completing twelve (12) months of service.

31.4. The maximum amount of vacation an employee can maintain in his/her vacation

account shall be as follows:

- d. 248 hours for employees who have completed at least 14 years of service.
- e.

31.5. Vacation time taken before the full amount has been earned shall be considered time owed the City until it is earned. With department head approval, an employee who has completed one year of vacation eligible service may borrow up to eighty (80) hours of vacation before it is earned. In no case may an employee's vacation account balance be less than negative eighty (80) hours. Any employee who leaves the service of the City due to resignation, retirement, termination, discharge, layoff, or death will have the compensation for vacation time owed the City deducted from his/her paycheck. Any employee who leaves the service of the City due to resignation, retirement, layoff, or death, or who takes military leave, will be paid for earned vacation time that has accumulated. A discharged employee is not entitled to pay for accumulated vacation time.

31.6. The City shall make every reasonable effort to avoid changes in an employee's schedule of hours of work which would require an employee to work during a previously scheduled vacation period of five (5) days or more in duration.

31.7. Vacations may be divided into two or more periods if thought advisable by the respective department heads. The department head shall determine when vacation periods shall be granted, the practical considerations involved in the efficient operation of the department, and give due consideration to the convenience of the employee.

31.8. a. In addition to Article 31.8.b below, one of the vacation days earned per fiscal year may be scheduled as a single day off. Anytime during a fiscal year, employees may request the scheduling of such day at least forty-eight hours in

advance and the request is subject to the approval of management.

- b. Employees assigned to the Maintenance Crew shall be allowed to schedule one (1) week (five days) of their earned vacation as single days off. The amount of vacation earned by an employee in 1995 for use in 1996 that was placed in a Transitional Vacation Account (TVA) may be scheduled and used as vacation hours with the approval of the Department Head. Employees may not borrow vacation hours unless and until TVA hours have been exhausted.

- 31.10. Upon written request, the Division Head may credit vacation accounts to compensate employees who take an approved leave of absence of 5 days or less.

- 31.11. When an employee is recalled from a winter layoff, a positive eight hour vacation adjustment will be added to such employee's vacation account. Not more than one eight hour adjustment will be allowed per calendar year.

- (1) Every medical procedure that can be performed on an outpatient basis shall not be covered by these benefits when the procedure is performed on a hospital inpatient basis. Procedures that can be performed on an outpatient basis that are done on an inpatient basis in conjunction with other procedures requiring inpatient status, or any procedures performed on an inpatient basis that constitute a medically verifiable exception (as determined by the Utilization Review Contractor) to the requirement that it be performed on an outpatient basis, shall be covered.
- (2) Existing benefits provided under the "Hospital Surgical-Medical Contract Base Coverage" part of the Basic Plan for inpatient hospital treatment of alcoholism, drug abuse and nervous and mental disorders shall be available to each participant for a maximum of thirty (30) days during any one calendar year; provided, however, that for inpatient hospital treatment of nervous and mental disorders only, an extension to such maximum of no more than 30 additional days during the calendar year may be allowable where such extension is medically justifiable. All other provisions in respect to such benefits shall remain unchanged. Existing benefits provided under the "Major Medical Coverage" part of the Basic Plan for inpatient hospital treatment of alcoholism, drug abuse and nervous and mental disorders shall remain unchanged.
- (3) The existing per participant maximum aggregate allowance limitation during each calendar year on benefits providing outpatient services for

AGREEMENT BETWEEN THE
CITY OF MILWAUKEE AND
LOCAL #195,
INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, AFL-CIO
Effective January 1, 2010

PREAMBLE

THIS AGREEMENT, is made and entered into at Milwaukee, Wisconsin, pursuant to the provisions of Section 111.70, Wisconsin Statutes, by and between the CITY OF MILWAUKEE, a municipal corporation, as municipal employer, hereinafter referred to as "City" and LOCAL #195, INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, AFL-CIO, as the representative of certain employees who are employed by the City of Milwaukee, shall be treated as one party and hereinafter referred to as "Union".

The parties to this Agreement are desirous of reaching an amicable understanding with respect to the employer-employee relationship which exists between them and to enter into a complete Agreement covering rates of pay, hours of work and conditions of employment.

The parties do hereby acknowledge that this agreement is the result of the unlimited right and opportunity afforded to each of the parties to make any and all demands and proposals with respect to the subject of rates of pay, hours of work, and conditions of employment and incidental matters respecting thereto.

This Agreement is an implementation of the provisions of Section 111.70, Wisconsin Statutes, consistent with that legislative authority which is delegated to the Common Council of the City of Milwaukee, the statutes, and insofar as applicable, the rules and regulations relating to or promulgated by the City Service Commission, and uniformity of compensation provided for under the Municipal Budget Law, namely, Chapter 65 of the Wisconsin Statutes.

It is intended by the provisions of this Agreement that there be no abrogation of the duties, obligations, or responsibilities of any agency or department of City Government which is now expressly provided for respectively by: state statutes; charter ordinances; and ordinances of the City of Milwaukee except as expressly limited herein.

It is intended by the parties hereto that the employer-employee relationship which

exists now and has heretofore existed by and between the City and the members of the Union, who are employed by the City, shall continue to be the same in the event this Agreement is terminated or by virtue of its terms becomes terminated.

ARTICLE 1

DURATION OF AGREEMENT AND TIMETABLE

- 1.1. This Agreement shall be in effect beginning at 12:01 A.M. on January 1, 2010, and ending at 12:01 A.M. on January 1, 2012, unless both parties agree to extend it beyond that date.
- 1.2. Within 30 calendar days following the execution date of this Agreement, the Union shall give the City written notice in accordance with the NOTICES Article of this Agreement, indicating areas in a succeeding labor Agreement in which changes are requested; conferences and negotiations shall be carried on by the parties beginning 30 calendar days following the date such notice is provided.

ARTICLE 2

NEGOTIATIONS

- 2.1. Either party to this Agreement may select for itself a negotiator or negotiators for purposes of carrying on conferences and negotiations under the provisions of Section 111.70, Wisconsin Statutes, as each party may determine. No consent from either party shall be required in order to name a negotiator or negotiators.

ARTICLE 3

SUBORDINATE TO CHARTER

- 3.1. In the event that the provisions of this Agreement or its application conflict with the legislative authority delegated to the City Common Council, or the City Service Commission (which authority being set forth more fully by: The Milwaukee City Charter; the statutory duties, responsibilities and obligations of the City Service Commission as they are provided for in Sections 63.18 through 63.53 of the Wisconsin Statutes; The Municipal Budget Law, which is set forth in Chapter 65 of the Wisconsin Statutes; or other applicable laws or statutes) then this Agreement shall be subordinate to such authority.

ARTICLE 4

ORDINANCE AND RESOLUTION REFERENCE

- 4.1. This Agreement contains benefits and the terms and conditions under which they are provided employees. The City may establish ordinances, resolutions and procedures to implement and administer these benefits. These ordinances, resolutions and procedures, as well as any other City ordinances or resolutions providing benefits to employees, shall not be deemed a part of this Agreement, nor shall they add to, modify, diminish or otherwise vary any of the benefits or obligations provided in this Agreement, unless the parties shall mutually consent in writing thereto. Other City ordinances and/or resolutions, or parts thereof, in effect on the execution date of this Agreement that do not conflict with the specific provisions of this Agreement shall remain in force and effect.

ARTICLE 5

NOTICES

- 5.1. All notices required to be sent by the Union to the City shall be in writing and sent by certified mail to the City Labor Negotiator.
- 5.2. All notices to be sent by the City to the Union shall be in writing and sent by certified mail to the President of the Union.
- 5.3. Subject to their mutual consent, the City and the Union may waive the certified mail requirement provided above where they deem it appropriate.

ARTICLE 6

MANAGEMENT RIGHTS

- 6.1. The Union recognizes the right of the City to operate and manage its affairs in all respects in accordance with its responsibilities. Any power or authority which the City has not officially abridged, delegated or modified by this Agreement is retained by the City.
- 6.2. The Union recognizes the exclusive right of the City to establish reasonable work rules. The City will notify the Union in advance of changes in written work rules except in emergencies. Any dispute with respect to these work rules shall not in any way be subject to final and binding arbitration, but any dispute with respect to the reasonableness of a work rule involving matters primarily related to wages, hours, and conditions of employment may be subject to final and binding arbitration and in such cases the arbitrator's decision shall be strictly limited to a determination of reasonableness. This provision is intended to expand but not to limit the right to arbitration set forth elsewhere in this Contract.
- 6.3. The City shall have the right to determine reasonable schedules of work and to establish the methods and processes by which such work is performed.
- 6.4. The City has the right to schedule and assign regular and overtime work as required.
- 6.5. The City reserves the right to discipline or discharge for cause.
- 6.6. The Union recognizes that every incidental duty connected with an operation enumerated in a job description is not always specifically described, nevertheless, it is intended that all such duties shall be performed by the employee.
- 6.7. The City reserves the right to layoff for lack of work or funds, or the occurrence of conditions beyond the control of the City, or where the continuation of work would be wasteful and unproductive.
- 6.8. The City has statutory and charter rights and obligations in contracting for matters relating to municipal operations. The right of contracting or subcontracting is vested in the City. The right to contract or subcontract shall not be used for the purpose or intention of undermining the Union or to discriminate against any of its members.

The City agrees to a timely notification and discussion in advance of the implementation of any proposed contracting or subcontracting.

The City agrees it will not lay off any employees who have completed their probationary period and who have regular civil service status at the time of the execution of this agreement because of the exercise of this contracting or subcontracting right except in the event of an emergency, strike or work stoppage, or essential public need where it is uneconomical for City employees to perform this work. The economies above will not be based upon the wage rates of the employees of the contractor or subcontractor, and provided it shall not be considered a layoff if the employee is transferred or given other duties at the same pay.

- 6.9. The fact that an employee is in, or may become in a laid-off status shall not prevent the City from exercising its right to contract or subcontract work as long as the contracting or subcontracting does not cause the layoff of an employee or cause the elimination of the job the employee performed.
- 6.10. When City departments are merged or separated, the City will give the Union reasonable and timely notice and an opportunity to present its position when bargaining unit personnel are involved and affected by the City's proposed action.

ARTICLE 7

RECOGNITION

- 7.1. The City recognizes the Union as the exclusive collective bargaining agent for the appropriate certified bargaining unit and as the certified representative for those employees in this bargaining unit occupying the classifications as defined in the appropriate "Certifications of Representatives" promulgated by the Wisconsin Employment Relations Commission. The Union recognizes its responsibility to cooperate with the City to assure maximum service at minimum cost to the public consistent with its obligations to the employees it represents.

ARTICLE 8

UNION NEGOTIATING COMMITTEE

- 8.1. The Union shall advise the City of the names of its negotiators. One or more representatives from the Union shall be paid their regular base salary up to a combined maximum of 120 work-hours for time spent in attendance at official negotiating meetings between the City and the Union as directed by the President of the Union. No payment will be made for time outside the representatives' normal work day and in no event will payment be made for time in excess of eight hours per day. Reasonable travel time from site of employment to site of meeting will be allowed.
- 8.2. The names of the duly chosen representatives of the bargaining unit shall be submitted to the City Labor Negotiator sufficiently in advance of regularly scheduled negotiating meetings to permit notification of the appropriate City departments.
- 8.3. The City Labor Negotiator shall interpret and administer the provisions of this section.

ARTICLE 9

NON-DISCRIMINATION

- 9.1. The parties agree that there shall be no discrimination against any bargaining unit member because of race, color, creed, sex, age, nationality, political affiliation, religious affiliation, sexual preference or handicap.

ARTICLE 10

LIMITATIONS UPON UNION ACTIVITY

- 10.1. No Union member or officer shall conduct any Union business on City time except as specified in this Agreement.
- 10.2. No Union meeting shall be held on City time.

ARTICLE 11

DUES & FAIR SHARE DEDUCTIONS

- 11.1. An employee may authorize the City to deduct Union dues from their paycheck by executing an authorization card and submitting it to a City designated administrator. The check-off shall become effective two (2) pay periods after filing.
- 11.2. The Union shall be granted deductions for up to 26 or 27 pay periods, whichever is appropriate, upon submission of a necessary affidavit and certificate to the City Labor Negotiator.
- 11.3. The City will deduct from the biweekly earnings of all employees represented by the Union who have not authorized dues deductions by dues deduction cards, a fair share amount that is equal to that part of the monthly dues certified by the Union as the dues deduction uniformly required of all members of the Union and pay this amount to the Treasurer of the Union within ten (10) days after the payday from which the deduction was made. The City reserves the right to stop, withhold or modify fair-share deductions for employees or positions in question until resolved by mutual agreement or by the Wisconsin Employment Relations Commission.
- 11.4. The Union shall file a report with the Division of Labor Relations certifying the amount of the employee dues deduction that is uniformly required of all employees represented by the Union. Changes in uniform employee dues or fair share amounts to be deducted shall be certified by the Union and filed with the Division of Labor Relations at least four (4) weeks before the start of the pay period the changed deduction is to be effective.
- 11.5. The dues or fair-share deduction will be made to the Union which represents the employee the majority of their time in the pay period. If the time is equal, the dues or fair-share deduction will be made to the Union representing the employee the majority of time in the last week of the pay period.
- 11.6. The City will honor only dues deduction cards which authorize dues to the certified bargaining unit which represents the employee or dues deductions authorized by employees in positions, divisions or bureaus not now certified to be represented by a

certified bargaining unit. No dues or fair-share deductions will be made from the earnings of managerial, supervisory or confidential employees.

11.7. The City will provide the Union with a list of employees from whom dues or fair-share deductions were made with each biweekly remittance to the Union.

11.8. The Union shall, at its sole cost and expense, fully indemnify, defend and hold harmless the City, its officers, agents and employees against any and all claims, suits, actions or liability of judgments for damages (including, but not limited to, expenses for reasonable legal fees and disbursements of the City, if any) arising from any objections to or contesting of the validity of any dues or agency shop deductions or the interpretation, application or enforcement of this provision.

ARTICLE 12

PROHIBITION OF STRIKES AND LOCKOUTS

- 12.1. The Union shall neither cause nor counsel its members, to strike, nor shall it in any manner cause them either directly or indirectly to commit any concerted acts of work stoppage, slowdown, or refusal to perform any customarily assigned duties for the City. However, whether or not the Union is liable for such acts or actions, any employee who commits any of the acts prohibited in this section may be subject to the following penalties:
- a. Discharge as provided for by law.
 - b. Other disciplinary action as may be applicable to the employee.
 - c. Loss of all compensation, vacation benefits, and holiday pay as determined by the City.
- 12.2. Upon notification confirmed in writing by the City to the Union that certain of its members are engaged in a wildcat strike, the Union shall immediately order its members to return to work in writing, provide the City with a copy of such an order, and a responsible official of the Union shall publicly order them to return to work. Such characterization of the strike by the City shall not establish the nature of the strike. Such notification by the Union shall not constitute an admission by it that a wildcat strike is in progress or has taken place or that any particular member is or has engaged in a wildcat strike. The notification shall be made solely on the representations of the City. In the event that a wildcat strike occurs, the Union agrees to take all reasonable, effective and affirmative action to secure the members' return to work as promptly as possible. Failure of the Union to issue orders and/or take action shall be considered in determining whether or not the Union caused, directly or indirectly, the strike.
- 12.3. The City will not lock out employees. If any employee is unable to work because equipment or facilities are not available due to a strike, work stoppage, or slowdown by any other employees, the inability to work shall not be deemed a lockout under the provisions of this section.

- 12.4. In the event a dispute arises between the parties with respect to whether or not the Union has caused or authorized, either directly or indirectly, a strike, acts of work stoppage, slowdown, refusal to perform any customarily assigned duties, or in the event of a dispute arising as to whether or not the City has locked out employees, the disputes shall be determined in final and binding arbitration as set forth in this Agreement.

ARTICLE 13

DISCIPLINE

- 13.1. When it becomes necessary to institute disciplinary action, terminate, or discharge an employee who is a member of the bargaining unit, the City will give notice to the Union before taking action, except when in the judgment of the supervisor emergency action is necessary. In such cases, the Union will be notified as soon as practicable after the action has taken place. This provision has no application to a situation in which a warning letter is issued to an employee. The purpose of a warning letter is to notify the employee to correct deficiencies in conduct or job performance before discipline becomes necessary. Further, this provision is not to be construed as requiring a meeting with the Union except as provided in the grievance procedure of the contract.
- 13.2. Notice for non-emergency disciplinary situations shall not be subject to the provisions of Article 5 of this Agreement, requiring "certified mail," but shall be given, if during business hours, by the most expeditious means, to the President of the Union. Thereafter the notice is to be confirmed in writing within twenty-four (24) hours and if not during normal business hours, notice shall be given or confirmed on the next business day.
- 13.3. Any discipline imposed on an employee who is not subject to the jurisdiction of the City Service Commission shall be for just cause only, as defined in Rule XIII, Section 5, of the City Service Commission and other such appropriate rules.

ARTICLE 14

GRIEVANCE PROCEDURE

- 14.1. Only matters involving the interpretation, application or enforcement of the terms of this Agreement shall constitute a grievance under the provisions set forth below.
- 14.2. Step One. An employee who has a grievance shall first present the grievance orally to the employee's immediate supervisor, either alone or accompanied by a Union representative, within ten (10) working days of the occurrence of the incident leading to the grievance.
- 14.3. Step Two. If the grievance is not settled at the first step, it shall be reduced to writing and presented to the Division Head or his/her designee within ten (10) working days of the completion of Step One. Within ten (10) working days of his/her receipt of the written grievance initiation, the Division Head or his/her designee shall furnish the employee and the Union with a written answer to the grievance, except that, in cases where the Division Head or his/her designee determines that a meeting with the Union regarding the grievance is desirable, the time limit for a written response shall be ten (10) working days from the date of such meeting.
- 14.4. Step Three. If the grievance is not settled at the second step, the Union may appeal in writing within ten (10) working days of the receipt of the second step answer to the Department Head or his/her designee, who shall confer with the aggrieved and the Union and notify the aggrieved and the Union of a decision in writing within ten (10) working days from the date of such meeting.
- 14.5. When a grievance meeting is held at the third step of the grievance procedure, a named employee who has filed a grievance, and the Union official or representative whose presence for the purpose of giving testimony is required, shall be given notice of at least twenty-four (24) hours before a meeting is held unless the grievant and the Union waive the requirement of this notice.
- 14.6. If a Union grievance is not settled at the third step, or if any grievance filled by the City cannot be satisfactorily resolved by conference with appropriate representatives

of the Union, either party may proceed to the next step as provided.

- 14.7. Step Four. If the answer of the Department Head or his/her designee upon a matter which can be submitted to final and binding arbitration is unsatisfactory to the Union, and the Union advances the grievance to arbitration in writing within 30 days of the Step 3 answer, it shall be reviewed at a meeting between the Labor Negotiator and the Director of the Union or their designees held periodically for that purpose within 30 working days from the Union's request to proceed to arbitration. The designated participants in the meeting shall be empowered to settle the grievance and no step in the arbitration process shall occur until the meeting has occurred or the parties by written agreement have waived such meeting.
- 14.8. All written grievance appeals shall set forth the provision of the Agreement under which the grievance was filed.

ARTICLE 15

ARBITRATION PROCEDURE

- 15.1. No item or issue may be the subject of arbitration unless arbitration is requested in writing within 90 working days following the action or occurrence which gives rise to the issue to be arbitrated.
- 15.2. Arbitration may be initiated by the Union serving upon the City a notice, in writing, of its intent to proceed to arbitration. The notice shall identify the contract provision upon which it relies, the grievance or grievances, the department, and the employees involved.
- 15.3. Unless the parties, within five working days following the receipt of the written notice agree upon an arbitrator, either party may, in writing, request the Wisconsin Employment Relations Commission to submit a list of five arbitrators to both parties. The parties shall within five working days of the receipt of the list meet for the purpose of selecting the arbitrator by alternately striking names from the list until one name remains.
- 15.4. Whenever one of the parties deems the issue to be of such significance as to warrant a panel of three arbitrators, each party shall, within five working days of the request to proceed to arbitration, appoint one arbitrator and the two arbitrators so appointed shall agree on a neutral person to serve as the third arbitrator and chairperson, who shall be selected in the manner and in the time specified for the selection of a single arbitrator.
- 15.5. For purposes of brevity, the term "arbitrator", shall refer either to a single arbitrator or a panel of arbitrators, as the case may be.
- 15.6. The following subjects shall not be submitted to arbitration:
 - a. Provisions of the Agreement which relate to or in any manner affect the obligations of the City as expressed or intended by the provisions of Chapter 65, Wisconsin Statutes.
 - b. The statutory or charter obligations which are by law delegated to the Common Council

- c. The elimination or discontinuance of any job, except as provided in the contracting and subcontracting provision of this Agreement.
- d. Any pension matter.
- e. Disputes or differences regarding the classification of positions, promotion of employees, and elimination of positions.

The specific exceptions noted above are not intended to limit the right of the Union to proceed to final and binding arbitration in disputes affecting the entitlement of employees to existing and established wages, hours and conditions of employment as specifically set forth in this Agreement.

- 15.7. No issue shall be subject to arbitration unless the issue results from an action or occurrence which takes place following the execution of this Agreement. In the event that this Agreement is terminated or breached for any reason, rights to arbitration shall cease. This provision, however, shall not affect any arbitration proceeding which was properly commenced prior to the expiration or termination of this Agreement.
- 15.8. In addition to all matters presently subject to arbitration, the Union shall have the right to submit all matters of discipline and discharge to arbitration in the same manner as now is being done for other arbitrable issues. If an employee elects to have their discipline or discharge case heard by the City Service Commission under the provisions of Section 63.43 or alternate procedures covered by Section 63.44 of the Wisconsin Statutes, the employee will be said to have waived their right to arbitration.
- 15.9. The arbitrator selected shall hold a hearing at a time and place convenient to the parties within ten (10) working days of the notification of selection, unless otherwise mutually agreed upon by the parties. The arbitrator shall hear evidence that in their judgment is appropriate for the disposition of the dispute. Statements of position may be made by the parties and witnesses may be called. The arbitrator shall have initial authority to determine whether or not the dispute is arbitrable, under the express terms of this Agreement. Once it is determined that a dispute is arbitrable, the arbitrator shall proceed in accordance with this Article to determine the merits of

the dispute submitted to arbitration.

- 15.10. No award of any arbitrator may be retroactive for a period greater than 90 working days prior to the formal request for arbitration as herein provided, nor shall it cover or include any period prior to the date of execution of this Agreement.
- 15.11. The arbitrator shall neither add to, detract from, nor modify the language of this Agreement in arriving at a determination of any issue presented that is proper for arbitration within the limitations expressed herein. The arbitrator shall have no authority to grant wage increases or wage decreases.
- 15.12. The arbitrator shall expressly be confined to the precise issue submitted for arbitration and shall not submit declarations of opinion which are not essential in reaching the determination of the question submitted unless requested to do so by the parties. It is contemplated by the provisions of this Agreement that any arbitration award shall be issued by the arbitrator within sixty (60) working days after the notice of appointment unless the parties to this Agreement shall extend the period in writing by mutual consent.
- 15.13. All expenses involved in the arbitration proceeding shall be borne equally by the parties. Expenses relating to the calling of witnesses or the obtaining of depositions or any other similar expense associated with the proceeding shall be borne by the party at whose request the witnesses or depositions are required.

ARTICLE 16

SENIORITY FOR LAYOFF PURPOSES

- 16.1. Seniority for layoff purposes is defined as the relative status of an employee in a particular job title represented by the Union based upon the employee's regular appointment date to such job title or the date he/she transferred to such job on a City Service Commission approved transfer, to which will be added, in case of a reduction of an affected employee to a lower classification represented by the Union, the seniority the affected employee had in that other job title represented by the Union.
- 16.2. Effective Pay Period 1, 2010 thru Pay Period 26, 2010, there shall be no layoffs of bargaining unit employees with the exception of seasonal layoffs, layoffs due to loss of grant funding, or layoffs due to loss of reimbursement for specific programs or positions. This provision shall expire at the end of Pay Period 26, 2010.
- 16.3. For the purpose of layoff, up to three (3) officers of the Union (the president and two additional officers designated by the Union) shall have seniority preference over all other employees in their particular job and job title within the department.
- 16.4. Upon a reduction in supervisory and/or managerial positions, a supervisory or managerial employee affected may be returned to a job title they previously held in a bargaining unit. An employee promoted to a management or supervisory position after May 15, 1973, from a position within the certified bargaining unit, shall continue to accumulate seniority for not more than a maximum period of two calendar years. Thereafter, they shall retain, but not continue to accumulate, seniority while in a management or supervisory position. For an employee promoted prior to May 15, 1973, the employee would receive their seniority as a member of the bargaining unit plus their seniority as a management or supervisory employee of the City for not less than two years if earned, or a period equal to one-half of their seniority as a managerial or supervisory employee in excess of two years up to a maximum of eight years.
- 16.5. Should the City find it necessary to effect a reduction in its work force, it shall give

the Union notice and in no case less than four (4) weeks prior to the effective date of the layoff of the initially affected employees. The City and the Union shall meet within three (3) working days of the notice to discuss layoffs. The City, at this meeting, shall provide the Union with a current seniority list of the department. At this meeting, the Union will identify those employees who are subject to the terms of 16.3, above.

- 16.6. When layoffs are occasioned by an emergency or when the duration is not expected to exceed twenty (20) working days, the foregoing provisions regarding notice and the rules hereinafter set forth shall not apply. In such cases, the City shall notify the Union immediately of the situation and shall meet with the Union within three (3) working days to fully apprise it of its reasons for the layoff and its expected duration.
- 16.7. When layoffs are occasioned by seasonal fluctuations, the provisions of 16.5 and 16.6 as regards to notice by the City and the requirements of meeting with the Union shall not apply.
- 16.8. When seasonal layoffs or recalls occur in classifications where subsequent layoffs or recalls are likely or in work activities in which the last work will be performed in subsequent weeks, the City shall have the right to lay off or recall employees out of their order of seniority for a period of up to twenty (20) work days.
- 16.9. When it becomes necessary to reduce the work force in a particular job, the employee with the least seniority in the job title shall be laid off and bump the least senior employee holding a job title which the affected employee previously held if:
 - a. The affected employee has more seniority.
 - b. The affected employee is capable of performing the job of the employee with lesser seniority.
 - c. The affected employee transfers or bumps to a position in the same or lower pay range than the affected employee currently holds.
- 16.10. Breaks in Seniority
 - a. Union bargaining unit seniority shall be broken when an employee:
 - (1) Retires;

- (2) Resigns from City Service;
- (3) Is discharged and the discharge is not reversed;
- (4) Is terminated during his/her initial probationary period;
- (5) Is not recalled from a layoff for a period of three (3) years if the layoff results in a discontinuation of the employee's service with the City;
- (6) Is not recalled from a layoff for a period of seven (7) years if, during the layoff, the employee's service with the City is continuous;
- (7) Is recalled from a layoff and does not report for work within three (3) calendar weeks;
- (8) Does not return at the expiration of a leave of absence.
- (9) Is transferred/promoted to a non-management or non-supervisory classification outside the Union bargaining unit and successfully completes the probationary period for that position.

b. Classification seniority shall be broken when an employee:

- (1) Is terminated during a probationary period;
- (2) Is voluntarily or involuntarily demoted; or
- (3) Is not recalled from a layoff for a period of three (3) years if during the layoff the employee's service with the City is continuous.

In case of (2), above, if the employee is reinstated or promoted to the position from which he/she was demoted, the date of such reinstatement or promotion shall become the employee's classification seniority date unless otherwise determined by the City Service Commission. Seniority in a lower classification shall not be affected by demotion from a higher classification.

- 16.11. An affected employee who bumps to a position in a lower pay range held by an employee with less seniority shall be paid at the normal maximum of the pay range in which the job falls. In no event shall an employee, by application of this provision, be paid in excess of the rate of pay they were earning prior to their reduction.
- 16.12. When an employee who has been reduced in rank from a position they previously held, is recalled to a job classification in a pay level above their current position but

lower than the pay levels of the original position, they will be paid at a rate nearest the rate paid in the original position. In no event shall an employee by application of this clause, be paid in excess of the rate of pay they were earning prior to their reduction. This paragraph will not apply to the laborer and other related positions now covered by the "time in grade" rules for positions affected by seasonal fluctuations.

- 16.13. Recall to the job a laid-off employee held shall be by application of seniority in reverse order of layoff. An employee who has not qualified for a lower rated job shall not be recalled until the position they held at the time of their layoff again becomes available.
- 16.14. Employees in an affected job and job title having the same starting date shall have their seniority status determined by their examination rank on the eligible list and where ranks do not prevail, seniority shall be determined by lot at the Department of Employee Relations with a Union representative present.
- 16.15. An employee hired on an exempt basis by the City directly into a manpower program or training project, such as the Comprehensive Employment Training Act, which depends for its continued existence on the availability to the City of federal or state funds is not to be regarded as subject to the protection of the provisions of this Article.
- 16.16. An employee hired or promoted by the City on a regular appointment basis under City Service Commission rules and regulations into a program or project which depends for its continued existence on the availability to the City of federal or state funds shall be regarded as subject to the protection of the provisions of this Article. An employee who is transferred into one of these programs or projects who has attained City Service status at the time of entry into the program or project shall continue to accrue seniority during the course of their service in the program or project and shall be regarded as subject to the protection of the provisions of this Article. Any new program or project which depends for its continued existence on the availability to the City of federal or state funds shall be subject to the protection of the provisions of this article upon mutual consent of the City and the Union.

- 16.17. Except for employees in positions covered by subsection 16.4., above, employees covered by this Agreement from and after January 1, 1991, shall not be bumped by an employee outside of the Union bargaining unit and shall not have bumping and recall rights to positions outside the Union bargaining unit.

- 17.7. Retroactive wage payments. The parties elect not to be bound by the required frequency of wage payment provision of 109.03, Wisconsin State Statutes, in respect to retroactive wages payable under the terms of this Agreement. Retroactive wage payments under the terms of this Agreement shall be paid no later than 60 days from the execution date of the City/Union labor agreement. Where departmental operations require work on Saturdays and Sundays, this work shall not constitute overtime work as defined in Article 20 of this Agreement. - 20.2. - 27.4. Management will meet with employees to discuss sick leave records prior to the issuance of any sick leave warning notices.
- 27.5. The City shall maintain and verify the official sick leave records. The sick leave record of an employee who is under a medical doctor certificate requirement shall be reviewed at intervals not sooner than six months nor later than eight months of actual service, as long as the requirement is in effect. The employer shall notify the employee in writing of the results of this review.
- 27.6. An employee will not be subject to home visits or phone calls if the employee has not used sick leave for 26 consecutive pay periods, so long as the employee is not subsequently issued a Sick Leave Control Letter. If an employee is issued a Sick Leave Control Letter, the employee will again be subject to home visits and phone calls until such time as the employee completes 26 consecutive pay periods with no sick leave use following the issuance of the Sick Leave Control Letter. During Pay Period 1 of each fiscal year, the Division will identify employees who have not used sick leave during the previous fiscal year and will release them from the home visit/phone call requirement. Employees who, in a pay period other than the last pay period of a fiscal year, complete 26 consecutive pay periods with no sick leave use are responsible for notifying the Division of such completion if they wish to be released from the home visit/phone call requirement. For purposes of this section, "fiscal year" shall be defined as Pay Periods 1-26 or 1-27, whichever is appropriate.

27.7. It is the intention of the City to incorporate into this labor agreement the sick leave benefits which are provided to an employee and the terms and conditions under which they are administered. If there is a conflict between the terms of this Article and City Ordinance, City Service Commission Rule or Regulation pertaining to sick leave pay in effect at the time this contract is ratified, the City resolves to settle that conflict in a manner that would not cause a diminution of this benefit.

27.8. Sick Leave Control Incentive Program

- a. The Sick Leave Control Incentive Program shall be in effect beginning Pay Period 1, 2010, and ending Pay Period 26, 2011. Nothing herein shall be construed as requiring the City to continue the program for time periods after Pay Period 26, 2011.
- b. The trimester periods for each calendar year are defined as follows:
 - Trimester 1 - Pay Period 1-9
 - Trimester 2 - Pay Period 10-18
 - Trimester 3 - Pay Period 19-26 or 19-27, whichever is applicable
- c. An employee shall be eligible for a trimester sick leave incentive benefit only if:
 - (1) During the full term of the trimester, the employee did not use any paid sick leave, did not receive injury pay, was not on an unpaid leave of absence, was not AWOL, was not tardy, was not suspended from duty for disciplinary reasons and did not take any unpaid time off the payroll; and
 - (2) During the full term of the trimester, the employee was in active service; and
 - (3) At the beginning of the trimester, the employee had an amount of earned and unused sick leave credit in his/her sick leave account of 120 hours; and
- d. An employee on seasonal layoff who meets all the criteria set forth in section 27.8.c., except for the fact that he/she was on seasonal layoff status for two (2) pay periods or less during the trimester, shall be eligible for a trimester

sick leave control incentive benefit as provided in section 27.8.e. on a prorated basis.

- e. In a Trimester period set forth in subsection a. and b., above, that an employee is eligible for a sick leave control incentive program (SLIP) benefit, the Department/Division-head shall determine which one of the two types of SLIP benefits listed below the eligible employee shall receive (at the Division/Department Head's discretion, the employee may make this determination in accordance with procedures established for that purpose by the Division/Department head):

- (1) A special sick leave incentive payment

An employee receiving a special sick leave incentive payment, shall be entitled to receive a lump-sum cash payment equivalent to eight hours of his/her base salary computed on the basis of his/her hourly base salary rate in effect on the last day of the trimester for which the payment was earned. Such payment shall not be deemed part of the employee's base salary and shall not have any sum deducted for pension benefits nor shall it be included in determination of pension benefits or any other benefits and/or compensation provided by the City. Sick leave control incentive payments provided hereunder shall be made as soon as administratively practicable following the close of the Trimester Period in which they were earned.

- (2) A special incentive leave

An employee receiving a special incentive leave, shall earn one eight-hour day off with pay. Such day off with pay earned in Trimester 1 or 2 must be used by the employee in the remainder of the fiscal year. A day off earned in Trimester 3 may be used any time in the following fiscal year. An employee may use such day off with pay on a date he/she has requested provided the employee gives his/her supervisor at least forty-eight hours notice in advance of the date requested, management approves the requested date and no overtime results for any employee

because of the requested day. The processing of employee requests for time off earned under the sick leave incentive control program shall be on a first-come, first-served basis. Decisions by the employee's supervisor with respect to the availability of the date the employee has requested shall be final.

ARTICLE 28

VOLUNTARY POLITICAL CHECK-OFF

28.1. The City shall, during each pay period during the term of this Agreement, deduct from the biweekly earnings of employees in the bargaining unit, the employees' voluntary political contribution, and submit said deduction to the Union on a biweekly basis. The political check form shall be as provided by the Union and in compliance with Federal Election Commission requirements.

ARTICLE 29

DUTY INCURRED DISABILITY PAY

- 29.1. An employee with regular Civil Service status, who sustains an injury while performing within the scope of their employment, as provided by Chapter 102 of the Wisconsin Statutes (Worker's Compensation Act), may receive up to 80% of his/her base salary, as "injury pay," in lieu of Worker's Compensation for the period of time he/she may be temporarily, totally or partially, disabled because of this injury, not to exceed a total of one calendar year. For an employee receiving eighty (80) hours of "injury pay" in a pay period, the "injury pay" of the employee for such pay period shall not exceed the amount of net pay he/she would have received if he/she had not been on "injury pay" during such pay period. For purposes of this Article, net pay is defined as the employee's base salary minus the following, as determined by the City: (1) FICA withholding, (2) Medicare withholding and (3) the federal and state income tax withholding as prescribed by law for the pay period immediately prior to the pay period for which he/she is determined to be eligible for "injury pay". For an employee receiving less than eighty (80) hours of "injury pay" in a pay period, the "injury pay" of the employee for such hours shall be 80% of his/her base salary.
- 29.2. An employee may not receive "injury pay" for more than one year (250 working days) during their employment regardless of the number of compensable injuries sustained. For an employee receiving eighty (80) hours of "injury pay" in a pay period, the employee may not receive less than the minimum amount required by the Worker's Compensation Act.
- 29.3. In providing injury pay in an amount as indicated in 29.1. and 29.2., above, the employee agrees to allow the City to make the applicable payroll adjustment to his/her biweekly pay check and to make no subsequent claim for this amount whatsoever. This deduction shall be administered so as not to reduce the employee's pension benefits. For purposes of interpretation of the provisions of this paragraph, the term, base salary, shall mean the employee's base salary pay rate in effect during

the pay period he/she is receiving injury pay.

- 29.4. After "injury pay" benefits have been exhausted, an employee shall have the option of accepting sick leave benefits or accepting Worker's Compensation temporary disability benefits. This option, which shall be in writing, may be terminated without prejudice to temporary total, or temporary partial, disability benefits under the Worker's Compensation Act, but such termination shall not be retroactive and any sick leave already used at the time of the termination of the option shall not be restored to the employee.
- 29.5. Questions involving eligibility for "injury pay" shall be determined under the applicable law and the substantive and procedural rules of the Department of Workforce Development (formerly the Department of Industry, Labor and Human Relations) relative to Worker's Compensation and in the event of a dispute between the City and the employee relative to such eligibility, the Department of Workforce Development and the courts, upon the statutorily prescribed review thereof, shall be the sole and final arbiters of such dispute.
- 29.6. Notwithstanding 29.1 through 29.5, above, an employee who has not successfully completed his/her initial probationary period with the City shall not be entitled to "injury pay" (Duty Incurred Disability Pay).
- 29.7. If the Internal Revenue Service (IRS) determines that the injury pay benefits provided hereunder are taxable as wages, then beginning with the effective date of this determination, the City will no longer require the applicable employee deduction from injury pay benefits provided for in section 29.3., above.

ARTICLE 30

LONG TERM DISABILITY PROGRAM

- 30.1. The City will offer a Long-Term Disability ("LTD") Benefit Program.
- 30.2. Basic coverage featuring benefits to age 65 after an elimination period of 180 calendar days will be provided at no cost to employees who work at least 20 hours per week on a year-round basis and have completed six months of active service following a regular or exempt appointment. Shorter elimination periods will be available through payroll deductions. An employee who is or becomes in a laid off situation shall not be eligible for LTD benefits. LTD benefits will begin only after all other temporary disability benefits, such as accumulated sick leave, have been exhausted.
- 30.3. During a qualifying period of disability, the LTD benefit program will provide no less than 60% of monthly base earnings (excluding bonuses and overtime) as income replacement, up to a maximum of \$5,000.00 per month, reduced by all available temporary disability benefits such as sick leave benefits; amounts available from any other city, state or federal programs which may be paid on account of the same disability; and any income earned by the employee during the period of disability.
- 30.4. Benefits payable under the LTD benefit program shall be established by an LTD benefit administrator selected by the City. The LTD benefit administrator shall provide a procedure for an employee to dispute claims and claim decisions. No dispute arising under the LTD benefit program shall be subject to the grievance and arbitration procedures set forth in this Agreement, except an allegation that the City has failed to pay required payments to the LTD benefit administrator.
- 30.5. The City shall retain the right to manage, at its sole discretion, the administration and funding of the LTD benefit program, including, but not limited to selecting, changing, or terminating third party LTD benefit administrators, operating as the LTD benefit administrator, establishing and managing reserve funds in relation to the LTD benefit program, self-funding the LTD benefit program, and entering into or terminating insurance agreements in relation to the LTD benefit program.

- 31.2. An employee on the payroll for at least eighty (80) hours in a pay period shall be allowed to accumulate vacation time at the rate prescribed for under 31.1. An employee on the payroll less than eighty (80) hours in a pay period will earn vacation on a pro rata basis. Hours on the payroll in excess of eighty (80) hours in a pay period shall not count toward vacation accrual.
- 31.3. Eligibility for, and accumulation of vacation shall begin upon appointment to a position eligible for vacation. A department head may allow an employee whose service is expected to continue so as to complete a year's actual service, to use vacation within the first 12 months of employment if the convenience of the service would be promoted. If the employee leaves the service of the City before the completion of the initial 12-month period, that vacation shall be deemed unearned, and payments made during the vacation period shall be deducted from his/her paycheck upon termination of employment. Employees who are not expected by the department head to work 12 consecutive months shall be eligible for vacation only after completing twelve (12) months of service.
- 31.4. The maximum amount of vacation an employee can maintain in his/her vacation account shall be as follows:

 - d. 248 hours for employees who have completed at least 14 years of service.
 - e.
- 31.5. Vacation time taken before the full amount has been earned shall be considered time owed the City until it is earned. With department head approval, an employee who has completed one year of vacation eligible service may borrow up to eighty (80) hours of vacation before it is earned. In no case may an employee's vacation account balance be less than negative eighty (80) hours. Any employee who leaves the service of the City due to resignation, retirement, termination, discharge, layoff, or death will have the compensation for vacation time owed the City deducted from his/her paycheck. Any employee who leaves the service of the City due to resignation, retirement, layoff, or death, or who takes military leave, will be paid for earned vacation time that has accumulated. A discharged employee is not entitled to pay for accumulated vacation time.
- 31.6. The City shall make every reasonable effort to avoid changes in an employee's schedule of hours of work which would require an employee to work during a previously scheduled vacation period of five (5) days or more in duration.
- 31.7. Vacations may be divided into two or more periods if thought advisable by the respective department heads. The department head shall determine when vacation periods shall be granted, the practical considerations involved in the efficient operation of the department, and give due consideration to the convenience of the employee.
- 31.8.
- a. In addition to Article 31.8.b below, one of the vacation days earned per fiscal year may be scheduled as a single day off. Anytime during a fiscal year, employees may request the scheduling of such day at least forty-eight hours in advance and the request is subject to the approval of management.
 - b. Employees assigned to the Maintenance Crew shall be allowed to schedule one

(1) week (five days) of their earned vacation as single days off. Employees shall request the scheduling of these days at least forty-eight (48) hours in advance and the request is subject to the approval of management.

31.10. Upon written request, the Division Head may credit vacation accounts to compensate employees who take an approved leave of absence of 5 days or less.

31.11. When an employee is recalled from a winter layoff, a positive eight hour vacation adjustment will be added to such employee's vacation account. Not more than one eight hour adjustment will be allowed per calendar year.

a. Basic Plan

During the term of this Agreement, Basic Plan health insurance benefits shall be the same as the Basic Plan benefits that were provided in the 2007-2009 City/Union Agreement and as follows:

- (1) Every medical procedure that can be performed on an outpatient basis shall not be covered by these benefits when the procedure is performed on a hospital inpatient basis. Procedures that can be performed on an outpatient basis that are done on an inpatient basis in conjunction with other procedures requiring inpatient status, or any procedures performed on an inpatient basis that constitute a medically verifiable exception (as determined by the Utilization Review Contractor) to the requirement that it be performed on an outpatient basis, shall be covered.
- (2) Existing benefits provided under the "Hospital Surgical-Medical Contract Base Coverage" part of the Basic Plan for inpatient hospital treatment of alcoholism, drug abuse and nervous and mental disorders shall be available to each participant for a maximum of thirty (30) days during any one calendar year; provided, however, that for inpatient hospital treatment of nervous and mental disorders only, an extension to such maximum of no more than 30 additional days during the calendar year may be allowable where such extension is medically justifiable. All other provisions in respect to such benefits shall remain unchanged. Existing benefits provided under the "Major Medical Coverage" part of the Basic Plan for inpatient hospital treatment of alcoholism, drug abuse and nervous and mental disorders shall remain unchanged.
- (3) The existing per participant maximum aggregate allowance limitation during each calendar year on benefits providing outpatient services for

alcoholism, drug abuse and nervous and mental disorders rendered in the outpatient department of a hospital or in an outpatient treatment facility or a physician's office, that are provided under the "Hospital Surgical-Medical Contract Base Coverage" part of the Basic Plan shall be two thousand dollars (\$2,000); all other provisions in respect to such benefits shall remain unchanged. Existing benefits provided under the "Major Medical Coverage" part of the Basic Plan for benefits that provide outpatient services for alcoholism, drug abuse and nervous and mental disorders rendered in the outpatient department of a hospital or in an Outpatient Treatment Facility shall remain unchanged, including the current maximum benefits provided under the "Major Medical Coverage" part of the Basic Plan type of nervous or mental care rendered to a patient without confinement shall be 80% of two thousand dollars (\$2,000) of charges.

- (4) A Utilization Review/Case Management (UR/CM) Program shall cover all elective procedures. Elective procedures subject to the UR/CM program shall include all treatments for mental health disorders and substance abuse and home health services. The program would be an independent review that assures each patient that the proposed hospitalization is necessary, based upon the medical condition of the patient, delivered in the most appropriate medical setting (inpatient or outpatient) and fair and equitably priced. Whenever an elective procedure is recommended for an employee, or his/her dependents, by a physician, the employee shall be required to notify the designated UR/CM program representative of this fact by telephone at the time such procedure is recommended, in accordance with procedures established by the Employee Benefits Administrator for that purpose. Any elective procedure not submitted to the designated UR/CM program representative shall not be covered by these benefits. UR/CM shall determine whether or not a procedure is elective. Within 48 hours of

the hospital admission time for any urgent or emergency procedure performed on an employee, or his/her dependents, the employee or adult responsible for him/her, shall be required to notify the designated UR/CM program representative of this fact by telephone in accordance with procedures established by the Employee Benefits Administrator for that purpose; provided however, that if bona fide medical circumstances applicable to the employee preclude compliance with the 48-hour notification requirement, UR/CM shall authorize a reasonable extension of this time limit consistent with such medical circumstances or the availability of an adult responsible for the employee. Following its review of an elective procedure contemplated for an employee, or his/her dependents, UR/CM will inform the employee of its determination in respect to approval or denial of the procedure.

- (5) A medical "hot-line" as established by the City shall continue. This "hot-line" shall put employees and their families in immediate touch with health care professionals for information on the value, availability, use and price of the various health care services in the area.
- (6) Transplant Benefits
 - (a) Medically necessary human to human heart transplants shall be a covered benefit under the Basic Plan. The participant must obtain prior authorization from the Utilization Review Contractor and is subject to the terms and conditions of the Pre-Admission Review Program set forth in subsection 37.1.a.(4) of this Article, above.
 - (b) The aggregate lifetime maximum benefit limit per participant for all organ or tissue transplant services for all covered transplant procedures is \$250,000. This aggregate lifetime maximum benefit limit applies to all benefits arising out of an organ or tissue transplant.
- (7) The major medical deductible shall be \$100 per person, \$300 per family maximum on the Basic Plan.

(8) The Major Medical lifetime maximum shall be \$500,000.

b. Health Maintenance Organization (HMO) Plans

(1) Except as provided in subsection 37.1.b.(2), an employee shall have the right to select coverage under a Health Maintenance Organization (HMO) Plan approved by the City in lieu of coverage provided by the Basic Plan. Except as provided in subsection 37.1.b.(3), the benefits for employees enrolled in an HMO Plan offered by the City shall be the uniform benefits specified in the 1999-2000 City of Milwaukee's Request for Proposals from Health Maintenance Organizations.

(2) The City may offer to employees an Exclusive Provider Organization (EPO) Plan instead of or in addition to a Health Maintenance Organization (HMO) Plan. An EPO Plan offered by the City shall use a Southeastern Wisconsin network and shall only include in-network benefits. There shall be no coverage for services obtained outside of the EPO Plan network. The benefits for employees enrolled in an EPO Plan offered by the City shall be the uniform benefits specified in the 1999-2000 City of Milwaukee's Request for Proposals from Health Maintenance Organizations. In the event that the City offers an EPO Plan instead of or in addition to an HMO Plan, any references to "Health Maintenance Organization" or "HMO" in this Agreement shall be understood to also refer to an "Exclusive Provider Organization", "EPO", or to a combination of Health Maintenance Organizations and Exclusive Provider Organizations.

(3) Employees shall be responsible for the following co-payments:

- (a) An employee shall pay a \$10.00 office visit co-payment (OVCP) for all office or urgent care visits due to illness or injury, except as noted in subsections 37.1.b.(3)(b) and (c), hereunder.
- (b) The OVCP shall be waived for preventive exams, tests, and other age-appropriate procedures as determined by the plan for screening, pre-natal and baby wellness.
- (c) The OVCP shall be waived for on-going disease management office

visits as determined by the plan.

(d) An employee shall pay a \$50.00 emergency room co-payment for each emergency room visit, except this co-payment shall be waived if admitted directly to the hospital from the emergency room.

(e) The prescription drug card plan under the uniform benefits shall be replaced with a three-tier drug card plan. The designation of legend drugs and the assignment of drugs to the following tiers shall be determined by the plan:

- i. Tier 1 co-payment equal to \$5.00;
- ii. Tier 2 co-payment equal to \$17.00;
- iii. Tier 3 co-payment equal to \$25.00;
- iv. Legend Drugs co-payment equal to \$5.00;

c. Basic Dental Plan

Basic Dental Plan insurance benefits shall be the same as the benefits provided for in the DENTAL SERVICES GROUP CONTRACT FOR THE CITY OF MILWAUKEE, effective January 1, 1982 executed May 1, 1982. The dental insurance coverage for an eligible employee electing coverage under the Basic Dental Plan shall be in lieu of the coverage provided by Prepaid Dental Plans.

d. Prepaid Dental Plans (PDP)

Employees shall have the right to select coverage under a Prepaid Dental Plan (PDP) approved by the City in lieu of the coverage provided by the Basic Dental Plan. The benefits of the PDP selected shall be as established by the provider of that PDP.

e. Cost Containment Provisions Applicable to All Plans:

- (1) The City will not pay for any services or supplies that are unnecessary according to acceptable medical procedures.

The per capita subscriber costs associated with the health or dental insurance coverage provided by each of the plans listed in subsection 37.1., above, includes amounts allocable to the administrative costs of the carriers providing such coverage. If the City elects to self-administer the Basic Health Insurance Plan and/or the Basic Dental Plan, then effective with the calendar month during which this election becomes effective, and so long as it continues in effect, the maximum City contributions provided in subsections 37.3., 37.4., and 37.5., above, for employees covered by such a self-administered plan shall be reduced by an amount equal to 100% of the difference between the monthly administrative costs associated with such plan prior to the effective date it became self-administered and the monthly administrative costs associated with the plan when it is self-administered, capitated for each subscriber in the plans on the basis of single or family enrollment status. While in effect, this provision shall not increase an employee's payroll deductions required to meet the costs of his/her health/dental insurance benefits beyond the deductions that would be required under subsections 37.3., 37.4., and 37.5., above, if the provision was not in effect.

The Honorable Common Council
Committee on Finance & Personnel
City of Milwaukee

Dear Committee Members:

Re: Common Council File No. 070020

I have reviewed the fiscal note in the above file, which reports the impact of the wage agreement prepared by the Labor Negotiator for Local 75-Plumbers for 2007-2009 and 2010-2011. The total incremental costs as developed by my staff for the January 1, 2007 through December 31, 2009 agreement by category are:

	<u>Year 1</u>	<u>Year 2</u>	<u>Year 3</u>
Salaries – Base pay	\$ 17,865	\$ 31,568	\$ 50,161
Salary Rollups – Workers' Comp, Unemploy. Comp, Terminal Leave, Overtime, and Group Life	439	776	1,233
Pension & FICA	2,350	4,152	6,597
Health Ins. Contribution	---	---	(1,920)
Pension Changes and Sunset for Military	902	916	934
Health Plan Co-Pays	---	---	(1,776)
Total Contract Costs:	\$ 21,556	\$ 37,412	\$ 55,229

The total incremental costs as developed by my staff for the January 1, 2010 through December 31, 2011 agreement by category are:

	<u>Year 1</u>	<u>Year 2</u>
Salaries – Base pay	\$ ---	\$ ---
Salary Rollups – Workers' Comp, Unemploy. Comp, Terminal Leave, Overtime, and Group Life	---	---
Pension & FICA	---	---
Early Retirement	27,000	---
Wellness Program	5,985	---
Employee Pension Contributions	(3,476)	(6,952)
Total Contract Costs:	\$ 29,509	\$ (6,952)

While we have reviewed all of the items, the Labor Negotiator's pension costs were developed by an actuary. We are not in a position to recompute these figures, as we do not have the appropriate database. We have found the balance of the figures in the note to be reasonable. The figures developed by the Labor Negotiator for 2007-2009 agreement are adequate for use in the file.

The 2010-2011 agreement does not call for cost of living increases or no pay step advancements. These provisions do not increase or decrease salaries over 2009 rates. Further, Article 22, Pension Benefits, call for "Employees hired on or after 01/01/2010 shall be required to pay member contributions equal to 5.5%". Currently, this cost is entirely borne by the City. While it is unknown how many plumbers will be hired, it is unreasonable to assume that the City will not hire any employees in 2010 and 2011. Since 01/01/2007, the City hired 6 workers. Using a three year average for hires, the savings for the pension contributions are significant enough to report.

Due to the timing of this contract's settlement, the Wellness Program expenditures could not reasonably be borne in 2009, instead my office found it prudent to place these expenditures in 2010.

Very truly yours,

Neither the Union or City shall have the right or obligation to discuss same as a grievance.
5. That the City reserves the right to lay off employees.
6. Effective Pay Period 1, 2010 thru Pay Period 26, 2010, there shall be no layoffs of bargaining unit employees with the exception of seasonal layoffs, layoffs due to loss of grant funding, or layoffs due to loss of reimbursement for specific programs or positions. ARTICLE 5

ARBITRATION

Unless the parties can, within five working days following the receipt of such written notice, agree upon an arbitrator, either party may, in writing, request the Wisconsin Employment Relations Commission to submit a list of five arbitrators to both parties. The parties shall, within five working days of the receipt of said list, meet for the purpose of selecting the arbitrator by alternately striking names from said list until one name remains.

The following subjects shall not be submitted nor subject to arbitration:

3. Any pension matter.
4. Any matter which is covered by Wisconsin Statutes and relates to the operation and jurisdiction of the City Service Commission, including rules which the Commission is authorized to promulgate.

The specific exceptions noted above are not intended to limit the right of the Union to proceed to final and binding arbitration in disputes affecting the entitlement of employees to existing and established wages, hours and conditions of employment as

specifically set forth herein.

No issue shall be subject to arbitration unless such issue results from an action or occurrence which takes place following the execution of this Agreement, and no arbitration determination shall cover any period of time which is prior to the date of execution of this Agreement.

- B. The arbitrator so selected shall hold a hearing at a time and place convenient to the parties within ten working days of the notification of his selection, unless otherwise mutually agreed upon by the parties. The arbitrator shall take such evidence as in his judgment is appropriate for the disposition of the dispute. Statements of position may be made by the parties and witnesses may be called. AGREEMENT

Between

CITY OF MILWAUKEE

and

PLUMBERS' LOCAL 75, AFL-CIO

Effective January 1, 2007

PREAMBLE

This agreement is made at Milwaukee, Wisconsin, pursuant to the provisions of Section 111.70, Wisconsin Statutes, by the CITY OF MILWAUKEE, as municipal employer, hereinafter referred to as the "City," and LOCAL 75, JOURNEYMAN PLUMBERS' and GASFITTERS' UNION, AFL-CIO, as representative of bargaining unit employees who are employed by the City of Milwaukee, and hereinafter referred to as "Union."

The parties to this agreement are desirous of reaching an amicable understanding with respect to the employer-employee relationship, which exists between them and to enter into a complete agreement covering rates of pay, hours of work and conditions of employment.

The parties do hereby acknowledge that this agreement is the result of the unlimited right and opportunity afforded to each of the parties to make any and all demands and proposals with respect to the subject of rates of pay, hours of work and conditions of employment and incidental matters respecting thereto.

This Agreement is an implementation of the provisions of Section 111.70, Wisconsin Statutes, consistent with that legislative authority which is delegated to the Common Council of the City of Milwaukee relating to the Municipal Budget Law (as set forth in Chapter 65 of the Wisconsin Statutes) and any other statutes applicable to the City and insofar as applicable, the rules and regulations relating to or promulgated by the City Service Commission.

It is intended by the provisions of this Agreement that there be no abrogation of the duties, obligations, or responsibilities of any agency or department of City Government which is now expressly provided for respectively by: state statutes; charter ordinances; and ordinances of the City of Milwaukee except as expressly limited herein.

ARTICLE 1

DURATION

1. This agreement shall remain in full force and effect commencing on January 1, 2007, and terminating at 12:01 a.m. on January 1, 2010, unless both parties agree to extend at it beyond that date. Either party may reopen the contract by notice served upon the other not earlier than June 15, 2009 nor later than July 15, 2009, indicating areas in a succeeding contract in which the party requests changes. If the 2007-2009 City/Union contract is not executed until after July 1, 2009, changes for a succeeding contract shall be requested within 30 days after the execution date of this Agreement.

ARTICLE 2

RECOGNITION

1. The City recognizes the Union as the exclusive collective bargaining agent on the subjects of wages, hours and conditions of employment for employees who have passed the City's probationary period and who are in the following classifications:
Plumbing Inspector I
Plumbing Inspector II
Landscape and Irrigation Specialist
Mechanical Plan Examiner II
Mechanical Plan Examiner III
2. This Article is set forth merely to describe the bargaining representative and the bargaining unit covered by this collective bargaining agreement and is not to be interpreted for any other purpose.
3. In the event new positions not now covered by the recognition provisions of this Agreement are created by the City through action of the Common Council and these positions would be embraced within the bargaining unit, provided the parties agree that the new position(s) should be embraced within the bargaining unit, then the employees appointed to these positions shall be deemed part of the bargaining unit, and they shall be represented by the Association and also be covered by this Agreement.

ARTICLE 3

MANAGEMENT RIGHTS

1. The Union recognizes that it is the prerogative of the City to determine the mission of the City and each of its departments, to determine the means, manpower, procedures and methods by which such mission will be accomplished, to operate and manage its affairs in all respects; and the powers and authority which the City has not officially abridged, delegated or modified by this agreement are retained by the City.

Specifically, and without limitation thereto, by reason of enumeration, the Union recognizes:

1. The exclusive right of the City to establish reasonable work rules.
2. That the City has the right to schedule regular and overtime work as required in a manner it deems most advantageous to the City.
3. That the City reserves the right to discipline or discharge for cause.
4. No action of the City in admonishment of an employee or in encouraging the employee to improve his/her performance, attendance or punctuality shall in any case be deemed an appropriate subject for the grievance procedure, provided said admonishment shall not result in any formal discipline. Neither the Union or City shall have the right or obligation to discuss same as a grievance.
5. That the City reserves the right to lay off employees.
6. Effective November 3, 2009 thru December 31, 2009, there shall be no layoffs of bargaining unit employees with the exception of seasonal layoffs and layoffs due to loss of grant funding. This provision shall expire Pay Period 26, 2009.
7. That the City has statutory and charter rights and obligations in contracting for matters relating to municipal operations and the City may act to contract or subcontract any part or portion of its work without violation of its obligations hereunder to the Union or its members. The right of contracting or subcontracting is vested in the City. Except in cases which the City deems to be an emergency situation, the City will give reasonable and timely notification of

and discuss with the Union any proposed contracting or subcontracting.

The City will give the Union reasonable and timely notice in cases in which the Union's bargaining unit personnel are involved and affected wherein City departments are merged or separated and will afford the Union an opportunity to present its position with respect to the City's action.

8. Every incidental duty connected with operations enumerated in job descriptions is not always specifically described. Nevertheless, it is intended that all such duties shall be performed by the employee.

ARTICLE 4

GRIEVANCE PROCEDURE

- A. Only matters involving the interpretation, application or enforcement of the terms of this agreement shall constitute a grievance under the provisions set forth below.
- Step 1. If an employee has a grievance, he/she, either alone or accompanied by
(Oral) a Union representative, shall first present the grievance to his/her immediate supervisor orally within ten (10) days of the occurrence or within ten (10) days of the date upon which the employee knew or could have known of the occurrence which forms the basis of the alleged grievance.
- Step 2. If the grievance is not settled at the first step, it shall be reduced
(Written) to writing and presented by the grievant to his/her immediate supervisor within the above time limits. Within ten (10) working days of receipt of the written grievance, the supervisor shall furnish the employee and the local Union Business Manager with a written answer to the grievance.
- Step 3. If the grievance is not settled at the second step, the local Union Business
(Dept. Manager may appeal in writing within ten (10) working days to the
Head) department head, who shall notify the aggrieved and the Union of the City's decision in writing within ten (10) working days from receipt of the appeal.
- Step 4. If the Union advances to arbitration a third step decision appropriate under
(Labor the following criteria, it shall be reviewed at a meeting between the
Negoti- Labor Negotiator, or his designee, and the Business Manager of the Union,
ator) or his designee, held periodically for that purpose. The parties are empowered to settle such grievance, and no further step in the arbitration process shall occur until such meeting has occurred, or the parties, by written agreement, shall have waived such meeting.
- B. When a grievance hearing is held at the third (department head) step of the grievance procedure, a named employee who has filed a grievance and the Union official or representative, the presence of whom is required for the purpose of giving testimony,

shall be given notice of at least 24 hours before a meeting is held. The Union may waive this requirement.

- C. Each written grievance shall set forth on the form prescribed the specific provision of the agreement which the individual or the Union claims has been violated. The written grievance shall list the time, place and circumstances or facts that are being grieved and shall contain a specific requested remedy.
- D. No claim of violation of the Management Rights clause shall be regarded by the parties hereto as a grievance. Unless an allegation in the original grievance is made that a specific exception in the clause itself is made, no individual, the Union, or the City shall have the right or obligation to discuss same as a grievance.
- E. "Days," when the word is used in this article, refers to working days. Any grievance which the Union does not elect to advance in the grievance procedure within the prescribed period shall be deemed a dropped grievance and deemed settled on the basis of the last answer which the City has given in the last completed step of the grievance procedure unless the parties have, in writing, in unusual circumstances, agreed to an extension of time for a definite period or have waived the step completely.

ARTICLE 5

ARBITRATION

- A. No item or issue may be the subject of arbitration unless such arbitration is requested in writing within 60 working days following the action or occurrence which gives rise to the issue to be arbitrated.

Arbitration may be initiated by the Union serving upon the City's Labor Negotiator a notice in writing of its intent to proceed to arbitration. Said notice shall identify the contract provision listed in the original grievance upon which the Union relies, the grievance or grievances, the department and the employees involved.

Unless the parties can, within five working days following the receipt of such written notice, agree upon an arbitrator, either party may, in writing, request the Wisconsin Employment Relations Commission to submit a list of five arbitrators to both parties. The parties shall, within five working days of the receipt of said list, meet for the purpose of selecting the arbitrator by alternately striking names from said list until one name remains.

The following subjects shall not be submitted nor subject to arbitration:

1. Provisions of the agreement which affect the obligations of the City under provisions of Wisconsin Statutes or make the performance of such obligations more difficult.
2. The elimination or discontinuance of any job, except as provided in the contracting and subcontracting provision.
3. Any pension matter.
4. Any matter which is covered by Wisconsin Statutes and relates to the operation and jurisdiction of the City Service Commission, including rules which the Commission is authorized to promulgate.

The specific exceptions noted above are not intended to limit the right of the Union to proceed to final and binding arbitration in disputes affecting the entitlement of employees to existing and established wages, hours and conditions of employment as

specifically set forth herein.

No issue shall be subject to arbitration unless such issue results from an action or occurrence which takes place following the execution of this Agreement, and no arbitration determination shall cover any period of time which is prior to the date of execution of this Agreement.

- B. The arbitrator so selected shall hold a hearing at a time and place convenient to the parties within ten working days of the notification of his selection, unless otherwise mutually agreed upon by the parties. The arbitrator shall take such evidence as in his judgment is appropriate for the disposition of the dispute. Statements of position may be made by the parties and witnesses may be called. The arbitrator shall have initial authority to determine whether or not the dispute is arbitrable under the express terms of this Agreement. Once it is determined that a dispute is arbitrable, the arbitrator shall proceed in accordance with this article to determine the merits of the dispute submitted to arbitration.
- C. The arbitrator shall neither add to, detract from, nor modify the language of this Agreement in arriving at a determination of any issue presented that is proper for arbitration within the limitations expressed herein. The arbitrator shall have no authority to grant wage increases or wage decreases.
- D. Arbitrators shall expressly confine themselves to the precise issue submitted for arbitration and they shall not submit declarations of opinion which are not essential in reaching the determination of the question submitted unless requested to do so by both parties.
- E. All expenses involved in the arbitration proceedings shall be borne equally by the parties. However, expenses relating to the calling of witnesses or the obtaining of depositions or any other similar expense associated with such proceedings shall be borne by the party at whose request such witnesses or depositions are required.

ARTICLE 6

UNION RIGHTS AND OBLIGATIONS

The Union recognizes its responsibility to cooperate with the City to assure maximum service at minimum cost to the public consistent with its obligations to the employees it represents.

Pay for Union Negotiators

The Union shall advise the City of the names of its negotiators.

The names of the duly chosen representatives of the bargaining unit shall be submitted to the City Labor Negotiator sufficiently in advance of regularly scheduled meetings so as to permit notification of the appropriate City departments. One or more representatives from the Union shall be paid regular base salary up to a combined maximum of 17 man-hours for time spent annually in negotiations during regular working hours, except no payment will be made for negotiating time outside the representatives' normal workday and in no event will payment be made for time in excess of eight hours. Reasonable travel time from site of employment to site of meeting will be allowed.

The provisions of this agreement shall be limited to day conferences or negotiations held during the years 2007-2009 with respect to wages, hours and conditions of employment thereafter. The City Labor Negotiator shall interpret and administer the provisions of this section.

Check Off of Union Dues

For each non-probationary employee in the bargaining unit, the City will honor a statutorily acceptable dues check off request during the term of this agreement or any extension thereof.

The City will pay amounts deducted from the employee's earnings to the treasurer of the Union within ten (10) days after the pay day on which the deduction was made, together with a list of employees from whose pay the deduction was made.

Fair Share Deductions

For each non-probationary employee in the bargaining unit who has not submitted a

statutorily acceptable dues check off request, the City, during the term of this agreement or any extension thereof, will deduct from the pay of such employee an amount which the Union certifies to the City is the prorata cost to the Union of negotiating and administering the labor agreement. Such certified sum shall not exceed the amount of the dues the employee would be required to pay had the employee executed a check off request. Remittance to the Union of the sums so deducted shall be as prescribed in the preceding paragraph.

Changes in dues or fair share amounts to be deducted shall be certified by the Union at least four (4) weeks before the start of the pay period the changed deduction is to be effective.

The Union shall, at its sole cost and expense, fully indemnify, defend and hold harmless the City, its officers, agents and employees against any and all claims, suits, actions or liability of judgments for damages (including, but not limited to, expenses for reasonable legal fees and disbursements of the City, if any) arising from any objections to or contesting of the validity of any dues or fair-share deductions or the interpretation, application or enforcement of this provision. The Union shall have no responsibility to reimburse the City for any court costs or legal fees the City incurs on its own behalf in the event that the City retains its own attorneys based upon its determination that its interests require representation.

ARTICLE 7

PROHIBITION OF STRIKES AND LOCKOUTS

Neither the Union nor any member thereof shall cause nor counsel its members, or any of them individually, to strike nor shall it in any manner cause them either directly or indirectly to commit any concerted acts of work stoppage, slowdown or refusal to perform any assigned duties for the City. Any employee who commits any of the acts prohibited in this section may be subject to the following penalties:

1. Discharge.
2. Other disciplinary action.
3. Loss of all compensation, seniority rights, vacation benefits and holiday pay as determined by the City.

Upon notification confirmed in writing by the City Labor Negotiator to the Union that certain of its members are engaged in a wildcat strike, the Union shall immediately, in writing, order such members to return to work immediately, provide the City with a copy of such an order and a responsible official of the Union shall publicly order them to return to work.

If a wildcat strike occurs, the Union agrees to take all reasonable effective and affirmative action to secure the members' return to work as promptly as possible. Failure of the Union to issue such orders and/or take such action shall be considered in determining whether or not the Union caused or authorized, directly or indirectly, the strike.

No Lockout

The City will not lock out employees. However, if any employee is unable to work because equipment or facilities are not available due to a strike, work stoppage or slowdown by any other employees, such inability to work shall not be deemed a lockout under the provisions of this section.

ARTICLE 8

HOURS OF WORK

This Article defines the normal hours of work per day and per week in effect at the time of execution of this Agreement. Nothing contained herein prevents the City from restructuring the normal work day or work week when the City deems such restructuring will best serve its needs or promote the efficiency of its operations or from establishing and from time to time changing, the work schedules of employees.

Work Day

The "normal work day" shall be an eight-hour day excluding an unpaid lunch break; with starting times, lunch periods and quitting times established by general rule or individual employee assignments by departmental managers.

Work Period

The "work week" shall be ten (10) workdays during each fourteen (14) day period.

Nothing in this Agreement shall be construed as a guarantee of, or limitation on, the number of hours to be worked per day, per week or any other period of time.

HEALTH INSURANCE

1. Benefits

a. Basic Plan

During the term of this Agreement, Basic Plan health insurance benefits shall be the same as the Basic Plan benefits that were provided in the 2004-2006 City/Union Agreement, which included the following benefits:

- (1) Every medical procedure that can be performed on an outpatient basis shall not be covered by these benefits when the procedure is performed on a hospital inpatient basis. Procedures that can be performed on an outpatient basis that are done on an inpatient basis in conjunction with other procedures requiring inpatient status, or any procedures performed on an inpatient basis that constitute a medically verifiable exception (as determined by the Utilization Review Contractor) to the requirement that it be performed on an outpatient basis, shall be covered.
- (2) Existing benefits provided under the "Hospital Surgical-Medical Contract Base Coverage" part of the Basic Plan for inpatient hospital treatment of alcoholism, drug abuse and nervous and mental disorders, shall be available to each participant for a maximum of thirty (30) days during any one calendar year; provided, however, that for inpatient hospital treatment of nervous and mental disorders only, an extension to such maximum of no more than 30 additional days during the calendar year may be allowable where such extension is medically justifiable. All other provisions in respect to such benefits shall remain unchanged. Existing benefits provided under the "Major Medical Coverage" part of the Basic Plan for inpatient hospital treatment of alcoholism, drug abuse and nervous and mental disorders shall remain unchanged.
- (3) The existing per participant maximum aggregate allowance limitation during each calendar year on benefits providing outpatient services for alcoholism, drug

abuse and nervous and mental disorders rendered in the outpatient department of a hospital or in an Outpatient Treatment Facility, that are provided under the "Hospital Surgical-Medical Contract Base Coverage" part of the Basic Plan shall be two thousand dollars (\$2,000); all other provisions in respect to such benefits shall remain unchanged. Existing benefits provided under the "Major Medical Coverage" part of the Basic Plan for benefits that provide outpatient services for alcoholism, drug abuse and nervous and mental disorders rendered in the outpatient department of a hospital or in an Outpatient Treatment Facility shall remain unchanged.

- (4) An employee's Basic Plan benefits shall terminate on the last day of the calendar month in which the employee separates from active service.
- (5) A Utilization Review/Case Management (UR/CM) program shall cover all elective procedures. Elective procedures subject to the UR/CM program shall include all treatments for mental health disorders, substance abuse, and home health care services. The program is an independent review that assures each patient that the proposed hospitalization is necessary, based upon the medical condition of the patient, delivered in the most appropriate medical setting (inpatient or outpatient) and fair and equitably priced. Whenever an elective procedure is recommended for an employee, or his/her dependents, by a physician, the employee shall be required to notify the designated UR/CM program representative of this fact by telephone at the time such procedure is recommended, in accordance with procedures established by the Employee Benefits Administrator for that purpose. Any elective procedure not submitted to the designated UR/CM program representative shall not be covered by these benefits. UR/CM shall determine whether or not a procedure is elective. Within 48 hours of the hospital admission time for any urgent or emergency procedure performed on an employee, or his/her dependents, the employee or adult responsible for him/her, shall be required to notify the designated UR/CM

program representative of this fact by telephone in accordance with procedures established by the Employee Benefits Administrator for that purpose; provided however, that if bona fide medical circumstances applicable to the employee preclude compliance with the 48-hour notification requirement, UR/CM shall authorize a reasonable extension of this time limit consistent with such medical circumstances or the availability of an adult responsible for the employee.

Following its review of an elective procedure contemplated for an employee, or his/her dependents, UR/CM will inform the employee of its determination in respect to approval or denial of the procedure.

- (6) A medical "hot-line" shall be established by the City. This "hot-line" shall put employees and their families in immediate touch with health care professionals for information on the value, availability, use and price of the various health care services in the area.
- (7) The major medical deductible shall be \$100 per person, \$300 per family maximum on the Basic Plan.
- (8) Transplant Benefits
 - (a) Medically necessary human-to-human heart transplants shall be a covered benefit under the Basic Plan. The participant must obtain prior authorization from the Utilization Review Contractor and is subject to the terms and conditions of the Utilization Review/Case Management program set forth in subsection 23.1.a.(5) of this Article, above.
 - (b) The aggregate lifetime maximum benefit limit per participant for all organ or tissue transplant services for all covered transplant procedures is \$500,000. This aggregate lifetime maximum benefit limit applies to all benefits arising out of an organ or tissue transplant.

b. Health Maintenance Organization (HMO) Plans

- (1) Except as provided in subsections 23.1.b.(2), hereunder, an employee shall have the right to select coverage under a Health Maintenance

Organization (HMO) Plan approved by the City in lieu of coverage provided by the Basic Plan. Except as provided in subsection 23.1.b.(3), hereunder, the benefits for employees enrolled in an HMO plan offered by the City shall be the uniform benefits specified in the 1999-2000 City of Milwaukee's Request for Proposals from Health Maintenance Organizations.

- (2) Effective upon the execution date of this Agreement, the City may offer to employees an Exclusive Provider Organization (EPO) Plan instead of or in addition to a Health Maintenance Organization (HMO) Plan. There shall be no coverage for services obtained outside of the EPO Plan network. The benefits for employees enrolled in an EPO Plan offered by the City shall be the uniform benefits specified in the 1999-2000 City of Milwaukee's Request for Proposals from Health Maintenance Organizations. - (3) Effective the first full month following the execution date of the Agreement, the following co-payments shall be implemented:
 - (a) An employee shall pay a \$10.00 office visit co-payment (OVCP) for all office or urgent care visits due to illness or injury, except as noted in subsections 23.1.b.(3)(b) and (c), hereunder.
 - (b) The OVCP shall be waived for preventive exams, tests, and other age-appropriate procedures as determined by the plan for screening pre-natal and baby wellness.
 - (c) The OVCP shall be waived for on-going disease management office visits

as determined by the plan.

- (d) An employee shall pay a \$50.00 emergency room co-payment for each emergency room visit, except this co-payment shall be waived if admitted directly to the hospital from the emergency room.

The City may pay up front those tuition and textbook costs for programs offered by and as determined by the City's Training and Development Services Unit. If an employee does not meet all criteria in 3., above, payment will be deducted from the employee's paycheck.

No decision made by the Committee or failure to make a decision shall be subject to any aspect of the various grievance procedures, complaint procedures, court action, or any other type of dispute resolution mechanism.

CITY OF MILWAUKEE
DEPARTMENT OF EMPLOYEE RELATIONS
Mandatory Furlough Policy and Administrative Guidelines
December 7, 2009

BACKGROUND AND GENERAL INFORMATION

Local governments throughout the nation, including the City of Milwaukee, are experiencing severe budget shortfalls. The City of Milwaukee's Budget has experienced an ongoing imbalance between the increased annual costs of continuing baseline services and the lack of revenue growth to fund these services.

Mandatory furloughs for city employees and officials (including public officials appointed pursuant to section 62.51 of the state statutes, the Mayor, the members of the Common Council, and other elected officials) have been implemented to address the aforementioned fiscal challenges. This manual is intended to provide guidance to City managers, human resources practitioners and payroll staff in implementing mandatory furloughs. This manual will be revised and updated as necessary. Such changes may include the incorporation of new policy direction, City of Milwaukee Ordinances or state and federal law.

The following assumptions were made in preparing this Policy/Guidance document:

- Applicable provisions of the Milwaukee Code of Ordinances Chapter 350, City Charter, and Rules of the Employee Retirement System Board as amended must be followed.

Note: the impact of mandatory furloughs upon represented employees' wages, hours, and conditions of employment is subject to impact bargaining with such employees' unions. To the extent the effects of mandatory furloughs upon benefits or other employment conditions are described in these Guidelines, such descriptions are subject to and may be modified or even nullified through the impact bargaining process. Should that process result in any changes to the content of these Guidelines as they apply to any group or groups of represented employees, prompt notice will be provided to all City Departments.

- Mandatory furloughs apply to all furlough-eligible positions pursuant to guidelines developed by the Department of Employee Relations and the Department of Administration-Budget and Management Division.
- Employees will not be allowed to substitute paid leave for mandatory furlough time, except as otherwise provided for in MOUs between the City and its labor unions.
- The number and type of positions identified under each "furlough eligibility" category is subject to change based on business need and service delivery considerations in place during a mandatory furlough week.

DEFINITIONS

Cabinet Departments – departments under the direction of a public official appointed by the Mayor per provisions 62.51 of the Wisconsin State Statutes.

Non-Cabinet Departments – City Clerk’s Office, City Attorney, City Treasurer, Comptroller, Municipal Court, Employee’s Retirement System.

Protective Service Departments – the Milwaukee Police and Fire Departments.

Creditable Service – membership service for which credit is allowed under the City Charter for retirement purposes. The Pension Board determines how much service in any years is equivalent to one year of creditable service.

FLSA-Exempt Employee – an individual designated by DER as being employed as bona fide executive, administrative, professional or computer employees, as defined by the Fair Labor Standards Act (FLSA). FLSA-exempt employees are paid on a “salary basis”. This requires that the exempt employee receive his or her entire salary for any work week in which he or she performs any work.

FLSA-Non-Exempt Employee – an employee who is entitled to be paid for all actual hours that he/she is required or permitted to work, including overtime hours.

Furlough-Eligible – an employee or group of employees who occupy positions that have been identified as furlough-eligible and who are subject to mandatory furlough provisions applicable to his/her respective department and/or applicable MOU’s between the City and its labor unions.

Furlough-Eligible/Must Report – an employee or group of employees who occupy positions that have been identified as furlough-eligible and who would normally be furloughed on the designated City mandatory furlough days, but are required to work because of business necessity. Employees who are furlough-eligible/must report will be required to serve the applicable number of mandatory furlough days in increments of 8 hours to be scheduled in a manner to be determined by the department head throughout the fiscal year.

Furlough-Ineligible – a position with assigned duties that must be performed on the scheduled mandatory furlough days. Employees occupying such positions are subject to working on the scheduled mandatory furlough days. Employees working in a mandatory furlough-ineligible position are not required to make up mandatory furlough days. These positions are identified taking into account public safety concerns, areas impacted by a significant staffing shortage, and/or other service delivery considerations.

I. APPLICABILITY

All city officials and most employees will be subject to mandatory furloughs as specified under 350-100 and 350-116 of the Milwaukee Code of Ordinances. The Department of Employee Relations and the Budget and Management Division are responsible for developing furlough operational details and policy guidelines necessary to administer the implementation of mandatory furloughs.

The implementation of 2010 mandatory furloughs across City departments is delineated below:

- 1.1 **CABINET DEPARTMENTS:** will comply with the mandatory furloughs scheduled for April 5th, May 28th, July 2nd, and September 3rd for most employees. However, some employees staffing key functions will be required to work during the aforementioned days but will be scheduled for four mandatory furlough days as determined by the department head throughout the fiscal year.
- 1.2 **NON-CABINET DEPARTMENTS:** retain the flexibility of determining when employees will be furloughed. This includes implementing a different mandatory furlough schedule for the entire department or staggering delayed mandatory furlough days for furlough-eligible employees. The

mandatory furloughs must, however, be implemented in 8-hour increments before the end of the fiscal year.

- 1.3 **PROTECTIVE SERVICE DEPARTMENTS:** Furloughs within the Fire and Police Departments are to be scheduled in a manner designed to minimize the disruption to department operations. A furlough implementation plan must be submitted to the Fire and Police Commission.

MPD: Civilian employees will serve 4 days of mandatory furlough before the end of the fiscal year. All sworn personnel will be scheduled for 2 days of mandatory furlough before the end of the fiscal year. Furloughs at the Milwaukee Police Department are to be scheduled in a manner to be determined by the Chief.

MFD: Civilian personnel, sworn management personnel and members of the Chief Officers Association will serve 4 days of mandatory furlough before the end of the fiscal year. These days are to be scheduled in a manner to be determined by the Chief.

II. PAY AND SALARY CONSIDERATIONS

2.1 Overtime and Compensatory Time

The terms and conditions describing overtime and compensatory time contained in collective bargaining agreements or the Milwaukee Code of Ordinances will continue to apply. Mandatory furloughs will not count as hours worked toward the overtime threshold. For daily overtime, collective bargaining agreements will prevail.

2.2 Working Additional Hours to Offset Loss of Pay

Overtime is not permitted for the purpose of making up mandatory furlough time. Making up mandatory furlough days does not achieve the savings expected with the implementation of this initiative.

2.3 Salary Anniversary Date/Salary Advancement Date

Will not be changed or adjusted as a result of the mandatory furlough. In determining the completion of each year of service, mandatory furlough time shall be regarded as being regularly at work and shall not count against salary advancement. Absences from work due to mandatory furloughs will not defer salary advancement under Part II, Section 2 of the Salary Ordinance.

III. BENEFIT CONSIDERATIONS

3.1 Benefits Service Date

An employee's benefits service date shall not be changed due to mandatory furlough days.

3.2 Health and Dental Insurance

Health and dental insurance benefits will be unaffected by the mandatory furloughs.

3.3 Health and Dental Insurance Premiums

If an employee's check for a pay period which contains a mandatory furlough day is not sufficient to cover a particular deduction *in its entirety*, the deduction will not be taken from that check, but will be deducted from the following paycheck. If a LBE employee's net check for either mandatory furlough period is not large enough to cover the entire deduction and no deduction is taken that payroll period, the deduction will be taken from their next payroll check.

3.4 Holiday Pay

Employees on mandatory furlough shall be regarded as being regularly at work for purposes of Holiday Pay eligibility.

3.5 Life Insurance

Because the life insurance benefit amount is determined by base salary rates, and not actual wages paid, mandatory furloughs will not change the amount of the benefit. For determining group life insurance eligibility, mandatory furlough time shall be considered as time of active service on the payroll.

3.6 Long-Term Disability

Long-term disability benefits are based on the earnings in effect on an employee's last full day of work and are defined as the employee's average monthly rate of earnings during the preceding 12 calendar months or during the employee's period of employment of less than 12 calendar months. Mandatory furloughs will have no effect on the amount of a long-term disability benefit.

3.7 Retirement Benefits

Mandatory furlough time does not reduce a member's service credit or the member's final average salary.

3.8 Recall/Call-in Pay

Recall/Call-in Pay will be administered in accordance with applicable labor agreements.

3.9 Recall Allowance (Fire Department)

An employee who separates from active service during a calendar year on account of voluntary resignation or normal service retirement shall receive recall pay prorated on the basis of active service during such calendar year, computed to the nearest month. In calculating the recall allowance, mandatory furlough time shall be considered as time of active service.

3.10 Sick Leave Accrual

An employee's eligibility to accrue sick leave will not be affected by the implementation of the mandatory furloughs.

3.11 Sick Leave Incentive

An employee's eligibility for a sick leave incentive control day or pay will not be affected by the implementation of mandatory furloughs.

3.12 Sick Leave Pay

Employees may not substitute paid sick leave for mandatory furlough days. Mandatory furlough days are not paid regardless of whether the benefits-eligible employee was on sick leave the day before, the day after, or on both sides of the mandatory furlough day. However, sick leave that is being used for absences related to a Worker's Compensation injury where the employee is still in a healing period will be provided by the City as paid leave for mandatory furlough days, but the employee will be required to observe alternate mandatory furlough day(s) upon return to service.

3.13 Travel and Training

Employees directed to attend a training or other educational meeting or program on a mandatory furlough day will be permitted to attend and will be paid for the hours attended. The balance of the furlough hours due will be scheduled in a manner determined by the department head.

3.14 Tuition Benefit

All courses for which tuition benefit has been approved during a mandatory furlough day must be attended on the employee's own time.

3.15 Unemployment Insurance

Eligibility for unemployment insurance benefits is determined by the state's Unemployment Compensation Division. In general, under the State of Wisconsin Unemployment Compensation Act (Wisconsin State Statute §§108.05(3)), partial unemployment benefits are sometimes payable to employees during periods of time when their hours are reduced. The partial unemployment compensation benefit associated with an eight-hour furlough is zero for employees whose annualized base period wages fall somewhere between \$35,000 and \$40,000, and remains zero for all employees making more than that amount.

3.16 Uniform and Clothing Allowance

Time spent on mandatory furloughs will not count against an employee's eligibility for uniform and clothing allowance.

3.17 Vacation

In calculating vacation eligibility and accrual, mandatory furlough time shall be considered as time of active service. Vacation days may not be substituted for furlough days except as otherwise provided for in MOU's between the City and its labor unions.

3.18 Variable Shift Assignment Pay (Police Department)

In determining whether an employee is covered by this section for any given month the time of mandatory furlough shall be considered as time of active service.

3.19 Worker's Compensation/Injury Pay/Sick Leave in lieu of Injury Pay

Under Wisconsin's Worker's Compensation Law, the City must pay temporary disability benefits for the period of time during which an employee is within the healing period for a work-related injury and sustains an actual wage loss. By ordinance, the City pays injury pay "in lieu of" temporary disability benefits payable under Worker's Compensation. The City is required to pay temporary disability benefits or injury pay benefits for specified mandatory furlough days if the employee is entitled to temporary disability benefits under the Worker's Compensation Act. Also, in situations where the employee has exhausted injury pay benefits, the employee will be allowed to use paid sick leave for specified mandatory furlough days that occur during the employee's healing period. These employees will be required to observe alternate mandatory furlough day(s) when they return to service.

IV. HOURS OF WORK /ALTERNATIVE WORK SCHEDULE CONSIDERATIONS

4.1 Alternative Work Schedules (AWS)

Individuals working an alternative workweek whose schedule calls for reduced hours on a normally scheduled, mandatory furlough day, have the same mandatory furlough requirements as all other employees. Non-represented employees may revert back to a regular 5-day, 8 hrs/day work week for the week involving a mandatory furlough. Represented employees will comply with mandatory furlough requirements in accordance with provisions of labor contracts or applicable MOU's. Employees working an alternative work schedule who have a normal day off on a scheduled furlough day must observe an alternative mandatory furlough day.

4.2 Part-time Employment

City of Milwaukee Mandatory Furloughs – Policy and Administrative Guidelines

Part-time employees will observe the mandatory furlough time on a prorated basis according to their Full Time Equivalent (FTE) status.

Part-time employees scheduled to work 8 hours on a mandatory furlough day: The employee will be furloughed the number of hours equivalent to their FTE status. The balance of hours that would have been scheduled on that day can be made up at a later time to be scheduled at the department's discretion before the end of the fiscal year.

Part-time employees NOT scheduled to work on a mandatory furlough day: The employee will observe a furlough day on an alternate date. The number of hours furloughed will be the equivalent to their full time FTE hours. This mandatory furlough date will be scheduled at the department's discretion before the end of the fiscal year.

4.3 Flexible Schedule-Employees in the Management Pay Plan

Employees excluded from the provision of s. 350-5 of the Milwaukee Code of Ordinances (Exclusion from Overtime) in salary grades 004 and above may, upon department head approval, work on a flexible schedule, so that the daily work schedule may be adjusted from time to time as necessary and appropriate to fulfill assigned duties and responsibilities. Such adjustments may include starting and quitting times that are earlier or later than established in the normal work schedule of the department, and may include more or less than eight hours in any particular day and more or less than forty hours in any particular week unless subject to the conditions of a mandatory furlough. Employees in positions regularly excluded from overtime may be temporarily limited to working 8 hours per day during the week of a mandatory furlough unless specifically authorized by the Department Head.

V. ADMINISTRATION OF LEAVE BENEFITS

General Rule: Employees may not use paid leave during mandatory furlough periods, except as allowed under applicable MOUs between the City and labor unions.

5.1 FMLA

Mandatory furlough days do not require an employee to take leave under the FMLA because there is no work-duty from which leave is needed. Mandatory furlough days do not impact an employee's benefits or job assignment, therefore, employees on FMLA, with paid substitution, will observe the mandatory furlough days during their FMLA leave. However, employees may be able to extend their FMLA leave by the number of mandatory furlough days they are required to take during their FMLA leave.

Whether an employee's FMLA leave would be extended is dependent on the individual employee's specific circumstances. Therefore, it is recommended that should this situation occur; please contact the City Attorney's Office with questions.

Mandatory furlough days are considered to be regular days off and should not be counted when calculating leave eligibility. For example, when calculating whether the employee worked 1,250 hours in the previous 12 months under FMLA, mandatory furlough days are not counted as earned hours or days worked. In contrast, when calculating whether the employee has been employed by the City for at least 12 months, a week in which a mandatory furlough occurs would be counted as one week of service.

5.2 Funeral leave

City of Milwaukee Mandatory Furloughs – Policy and Administrative Guidelines

Employees eligible for funeral leave during a mandatory furlough day will follow the provisions as set forth in Chapter 350, Subsection 4, “Leaves of Absence” of the City of Milwaukee Code of Ordinances. Employees taking Funeral Leave that falls on a mandatory furlough day will be required to take the mandatory furlough day at a later date to be scheduled in a manner determined by the department head in increments of 8 hours.

5.3 Jury Duty/Court Subpoena

If an employee is called to Jury Duty on a mandatory furlough day, the employee will not be paid by the City of Milwaukee for that day. Since the mandatory furlough day is considered an unpaid day, the employee will be allowed to accept the jury duty pay provided by the court during any designated mandatory furlough day. In addition, employees who are under a subpoena to appear in court during a mandatory furlough day will be allowed to keep compensation received for appearing, but will not receive City pay for that day.

5.4 Military Leave of Absence

Leaves of Absence for Military Training and Civil Disturbances (Short Term Military Leave) – Employees who are on a short term military leave for training or civil disturbance during a mandatory furlough day or period will receive compensation in accordance with Chapter 350-36 and applicable labor contracts. The employee will be required to take a delayed, mandatory furlough day upon return from short term military leave to be approved in a manner determined by the department head.

Military Leave of Absence (Long Term Military Leave) – Employees who are on a long term military leave during a mandatory furlough day or period will not be required to take a delayed, mandatory furlough day upon return from military leave.

5.5 Military Funerals

Employees who are eligible to take a leave of absence to attend military funerals will be compensated in accordance with Chapter 350-36 and applicable labor contracts if they take a leave of absence on a mandatory furlough day to attend a military funeral. Such employees will be required to take a delayed, mandatory furlough day to be approved in a manner determined by the department head.

5.6 Military Induction Examinations

Employees who are required to take military induction examinations during a mandatory furlough day will be paid in accordance with Chapter 350-36 and applicable labor contracts. Such employees will be required to take a delayed, mandatory furlough day to be approved in a manner determined by the department head.

5.7 Leave accrual dates

A mandatory furlough does not impact leave accrual dates.

5.8 Return from authorized Layoff or Leave

The intent to not reduce the pay rate or range of any officer or employee or of any officer or employee returning to City service from a duly authorized layoff or leave of absence is subject to the terms of a mandatory furlough.

5.9 Unpaid Leave of Absence

If an employee is already in an unpaid leave status at the time they are designated for mandatory furlough, they will not have to take an alternative mandatory furlough date unless the furlough action is extended beyond their return date.

VI. RECORDKEEPING AND PAYROLL CONSIDERATIONS

6.1 FLSA Requirements

Accurate time records must be kept for FLSA non-exempt employees during any week in which such employees receive a mandatory furlough day. During any week in which an employee who would otherwise be exempt from the overtime provisions of the FLSA receives a mandatory furlough day, the employee is deemed under FLSA regulations to lose his or her exempt status and would, therefore, be entitled to overtime if he or she works more than 40 hours in the week. Under the FLSA, an accurate record must be kept for all hours worked in a work week by all FLSA non-exempt employees. Accordingly, such records must be kept for otherwise exempt employees during any work week in which they receive a mandatory furlough day. The records to be kept for such employees, and all other non-exempt employees as well, during weeks in which they receive a mandatory furlough day are described below.

Records-keeping for all employees during work weeks in which they receive a mandatory furlough day. Record-keeping requirements for employees during work weeks in which a mandatory furlough day is taken differ slightly from the requirements during non-furlough weeks. During a work week in which a mandatory furlough is taken, mandatory furlough hours must be recorded on the time-entry system under the pay code FRL. In addition, during any week in which an employee receives a mandatory furlough day, the employee must also record all time (paid and unpaid) for the week on a paper time reporting form, which will be made available to payroll clerks and on the MINT.

6.2 Record Retention Requirements

All time records for otherwise exempt employees during mandatory furlough weeks should be retained by payroll personnel for at least three years.

VII. GENERAL CONSIDERATIONS

7.1 Administrative hearings- employees scheduled to attend administrative hearings will be compensated for their time but will be subject to a delayed mandatory furlough to be scheduled in a manner determined by the department head.

7.2 Disciplinary Suspensions

Employees may not count unpaid suspensions imposed for disciplinary reasons as a mandatory furlough day.

7.3 Emergency Procedures

In those cases where an emergency call out occurs on a mandatory furlough day or during a mandatory furlough week, employees may be called back to work. Such employees are compensated in accordance with standard compensation procedures and applicable collective bargaining agreements.

7.4 Employees On Call or On Standby Who are Called Back to Work – Represented

Employees who are represented by a union, and who are on call or stand-by will be compensated in accordance with applicable labor agreements if they are called back to work on the day of a mandatory furlough.

7.5 Non-Scheduled Call Back

City of Milwaukee Mandatory Furloughs – Policy and Administrative Guidelines

Employees in a Furlough-eligible position may be called back to work on a designated mandatory furlough day even though they were not on call or on standby and did not necessarily expect to be called back to work.

Represented employees – If, due to an emergency, a represented employee in a furlough-eligible or furlough eligible/direct report position is called back to work on a designated mandatory furlough day, the terms and conditions of the applicable collective bargaining agreements will be followed with respect to pay. The employee will not be subject to delayed, mandatory furlough time.

Non-represented employees– If, due to an emergency, a non-represented employee in a furlough-eligible or furlough eligible/must report position is called back to work on a designated mandatory furlough day, the employee will be paid for actual hours worked and will not be subject to delayed, mandatory furlough time.

7.6 Probationary period

With the implementation of mandatory furloughs, probationary periods will not change.

7.7 Seniority Date

Mandatory furloughs do not constitute a break in service; therefore, there will be no adjustment to an employee's seniority date.

7.8 Volunteer work – furlough-eligible employees may not volunteer to do what the City otherwise pays them to do on a scheduled mandatory furlough day.

Re: Milwaukee Police Department and Milwaukee Fire Department 2010 Compensation and Furloughs

Dear President Hines:

On October 15, 2009, the Fire and Police Commission (FPC) considered the request of Budget and Management Director Mark Nicolini pursuant to his correspondence of October 14, 2009.

The FPC has reviewed the 2009 and proposed 2010 budgets of the Milwaukee Police Department and Milwaukee Fire Department. The FPC publicly noticed the review specifically with reference to consideration of department furloughs. Testimony was received from Mr. Nicolini and any other interested persons.

Upon conclusion of its review, the Board of Fire and Police Commissioners unanimously approved a resolution to recommend to the Milwaukee Common Council a decrease in the salary and compensation of members of the Police and Fire Departments in 2010, up to and including a decrease that is associated with four unpaid furlough days for each affected member, subject to and in accordance with sec. 62.50(10) Wis.Stats.

Sincerely,

Richard C. Cox

2010 City of Milwaukee Furloughs - Summary of Operational Details
Department of Employee Relations
December 8, 2009

Section 350-116 of the Milwaukee Code of Ordinances authorizes the implementation of mandatory furloughs for city officials and most city employees. This document summarizes the 2010 City of Milwaukee Operational Details to implement mandatory furloughs on:

- Monday, April 5th , 2010
- Friday, May 28th , 2010
- Friday, July 2nd , 2010
- Friday, September 3rd , 2010

In general, mandatory furloughs will apply to all city officials and most employees independent of funding source. The implementation plan for mandatory furloughs across City departments is summarized below:

CABINET DEPARTMENTS: are required to comply with the mandatory furlough schedule as presented above. Departments may, however, identify employees staffing key functions who will be required to work during the aforementioned days but will be scheduled for four mandatory furlough days as determined by the appointing authority before the end of the 2010 fiscal year.

NON-CABINET DEPARTMENTS: are required to comply with mandatory furloughs but retain the flexibility of determining when employees will be furloughed based on operational needs. This includes implementing a different mandatory furlough schedule for the entire department or staggering furlough days for furlough-eligible employees. The four mandatory furloughs days must be scheduled before the end of the 2010 fiscal year.

Note: The Municipal Court will furlough its employees on Tuesday June 1st instead of Friday May 28th and on Tuesday, September 7th instead of Friday September 3rd. All other furlough days for the Court will be consistent with the above schedule. The City Attorney's Office and the Comptroller's Office will furlough employees consistent with the above schedule but may identify "furlough-eligible-must-report" personnel based on operational needs.

PROTECTIVE SERVICE DEPARTMENTS: Furloughs within the Fire and Police Departments are to be scheduled in a manner designed to minimize the disruption to department operations and public safety. A furlough implementation plan must be submitted to the Fire and Police Commission.

MPD: Civilian personnel will serve 4 days of mandatory furlough before the end of the fiscal year. All sworn personnel will be scheduled for 2 days of mandatory furlough before the end of the fiscal year. Furloughs at the Milwaukee Police Department are to be scheduled in a manner to be determined by the Chief.

MFD: Civilian personnel, sworn management personnel and members of the Chief Officers Association will serve 4 days of mandatory furlough before the end of the fiscal year. These days are to be scheduled in a manner to be determined by the Chief. Local 215 members are furlough ineligible.

FURLOUGH-ELIGIBILITY CLASSIFICATIONS

The number and type of positions identified under each “furlough eligibility” category is subject to change based on business needs and service delivery considerations in place during a mandatory furlough week. In addition to positions identified as furlough-eligible/must-report, City departments will ensure “on-call” personnel is available to respond to emergencies during the scheduled mandatory furlough days.

Furlough-Eligible –(FE) employees who occupy positions which have been identified as furlough eligible, and who are subject to furlough provisions applicable to their respective department. All City of Milwaukee employees who are identified as furlough-eligible will be subject to mandatory furlough days in 2010 to be served as described above or scheduled, in a manner to be determined by the department head, in 8- hour increments before the end of the fiscal year.

Furlough-Eligible/Must Report-(FEMR) employees who occupy positions that have been identified as furlough-eligible and who would normally be furloughed on the designated City mandatory furlough days, but who are required to work because of business necessity. Employees who are FEMR will be required to serve four days of mandatory furlough time, in increments of 8 hours, to be scheduled in a manner to be determined by the department head, before the end of the fiscal year.

Dear Committee Members:

Re: Common Council File Number 090952

- Analysis -

This report recommends adoption of changes in Automobile Allowance for Management Pay Plan employees effective November 1, 2009.

This report recommends the adoption of changes in Automobile Allowance for Management Pay Plan employees effective November 1, 2009.

Automobile Allowance:

- a. Effective November 1, 2009, the City shall reimburse a Management Pay Plan employee in active service, who is required as a condition of employment to have a private automobile available for use on City business, a base amount of seventy-five dollars (\$75) per month or payment for each mile driven on official City business during that month at the IRS standard mileage rate per mile, whichever is greater. (On 01/01/09, the IRS standard mileage rate is \$0.55 cents per mile) Management Pay Plan employees who receive a higher rate of automobile allowance, per Section 350-183-7-b-8 of the Milwaukee Code of Ordinances, due to supervising an employee who receives a higher rate of automobile allowance, shall continue to receive the higher rate until they no longer supervise any employees who receive a higher rate. Effective the following month, when a Management Pay Plan employee no longer supervises any employee who receives a higher rate, the Management Pay Plan employee's rate shall revert to a base amount of seventy-five dollars (\$75) per month or payment for each mile driven on official City business during that month at the IRS standard mileage rate per mile, whichever is greater. (Note: some of the bargaining unit employees who previously received a higher rate of automobile allowance have been "grandfathered" at the higher rate as long as they hold their current position. Over time the number of employees at the higher rate will decline as

will the number of Management Pay Plan supervisors who have a higher rate because of their reporting relationships.)

- b. In order to receive reimbursement, an eligible employee shall submit a record of mileage incurred on City business during the month and attest to the accuracy of such mileage on a form approved by the Comptroller. All private automobile reimbursement payments to employees exceeding 1,000 miles monthly shall be concurred by the Finance and Personnel Committee before payment is made.
- a. Effective November 1, 2009 reimbursement forms shall be submitted on a monthly basis on or before the last workday of the following month. An employee who is required to have a private automobile available for use on City business shall have at least the minimum insurance coverage prescribed by state law and shall have declared the use of his/her automobile on city business to his insurance company to protect the City's interests. It shall be the responsibility of the department head to see that the employee is adequately covered by such insurance before he/she approves the use of a private vehicle on City business and reimbursement for such use.

We recommend approval of these changes in Automobile Allowance for Management Pay Plan employees.

Sincerely,

Maria Monteagudo
Employee Relations Director

Analysis

The Common Council has approved labor contracts with various city unions which require new employees represented by those unions and beginning city employment on or after January 1, 2010, to contribute 5.5% of their earnable compensation as a contribution to the city retirement system; this requirement has also been imposed on nonrepresented/nonmanagement employees and management employees beginning city employment on or after January 1, 2010. In conjunction with this requirement, this charter ordinance provides for the implementation of section 414(h)(2) of the Internal Revenue Code to make city employee-paid member retirement contributions a pre-tax payroll contribution under that section, and permits members who separate from service prior to vesting to withdraw their member-paid contributions with interest.

This charter ordinance also changes retirement benefits for employees represented by SEIU Healthcare District 1199 Wisconsin/Staff Nurses Council and Local 195, IBEW, AFL-CIO as follows:

1. The sunset clause relating to creditable service for military service is eliminated.
2. A bonus year is added to the pension payment formulary thus qualifying an employee to retire earlier or add pension-eligible service time, or both. Employees who retire in 2010 are eligible.
3. Employees retiring in 2010 and 2011 shall receive an earlier cost-of-living increase of 2% effective the first anniversary of their retirement.
4. Employees hired on or after January 1, 2010, shall contribute 5.5% of their earnable compensation as a contribution to the retirement system.

Body

The Mayor and Common Council of the City of Milwaukee do ordain as follows:

Part 1. The note appended to s. 36-04-1-c of the city charter, as affected by Common Council file number 090951, passed December 1, 2009, is amended to read:

36-04. Creditable Service.

1. SERVICE CREDITED. c.

NOTE: The foregoing amendment to s. 36-04-1-c shall apply only to policemen represented by the MPA and firemen represented by Local 215, IAFF, who participate in the combined fund and who

..Analysis

The Common Council has approved labor contracts with various city unions which require new employees represented by those unions and beginning city employment on or after January 1, 2010, to contribute 5.5% of their earnable compensation as a contribution to the city retirement system; this requirement has also been imposed on nonrepresented/nonmanagement employees and management employees beginning city employment on or after January 1, 2010. In conjunction with this requirement, this charter ordinance provides for the implementation of section 414(h)(2) of the Internal Revenue Code to make city employee-paid member retirement contributions a pre-tax payroll contribution under that section, and permits members who separate from service prior to vesting to withdraw their member-paid contributions with interest.

This charter ordinance also changes retirement benefits for employees represented by SEIU Healthcare District 1199 Wisconsin/Staff Nurses Council, Local 195, IBEW, AFL-CIO, and Local 75, Journeyman Plumbers and Gasfitters Union, AFL-CIO as follows:

1. The sunset clause relating to creditable service for military service is eliminated.
2. A bonus year is added to the pension payment formulary thus qualifying an employee to retire earlier or add pension-eligible service time, or both. Employees who retire in 2010 are eligible.
3. Employees retiring in 2010 and 2011 shall receive an earlier cost-of-living increase of 2% effective the first anniversary of their retirement.

4. Employees hired on or after January 1, 2010, shall contribute 5.5% of their earnable compensation as a contribution to the retirement system.

Re: CCFN 091068 – An amendment to Chapter 36 implementing pre-tax
payroll deduction for member-paid pension contributions

Dear Committee Members:

Enclosed is a substitute resolution establishing pre-tax payroll deduction for member-paid pension contributions, and permitting members who separate from service before vesting to withdraw their member-paid contributions.

The Common Council has approved labor contracts with various city unions that require new employees who commence city employment on or after January 1, 2010, to pay 5.5% of their earnable compensation as a contribution to the Employees' Retirement System, in lieu of the city making the contribution on their behalf. This requirement has also been imposed on nonrepresented/nonmanagement employees and management employees commencing city employment next year via amendments to Chapter 36 of the Charter. In conjunction with this requirement, this resolution provides for the implementation of section 414(h)(2) of the Internal Revenue Code to make the member-paid contributions a pre-tax payroll deduction under that section.

To further implement the labor agreements, the amendment permits members who separate before vesting to withdraw their contributions. The amendment also permits the

Title

A substitute resolution establishing pre-tax payroll deduction for employee paid pension contributions.

Analysis

The Common Council has approved labor contracts with various city unions which require new employees represented by those unions and beginning city employment on or after January 1, 2010, to contribute 5.5% of their earnable compensation as a contribution to the city retirement system; this requirement has also been imposed on nonrepresented/nonmanagement employees and management employees beginning city employment on or after January 1, 2010. In conjunction with this requirement, this resolution provides for the implementation of section 414(h)(2) of the Internal Revenue Code to make city employee-paid member retirement contributions a pre-tax payroll contribution under that section.

Body

Whereas, The Common Council has approved and will approve labor contracts that include or will include provisions requiring city employees to pay member contributions required to be paid by Chapter 36 of the Charter out of their salaries; and

Whereas, The Common Council has approved and will approve extending the provisions of those labor contracts to non-represented employees by amending Chapter 36 of the Charter; and

Whereas, The Common Council elects to make the employee-paid member contributions a pre-tax payroll deduction under Internal Revenue Code (IRC) sec. 414 (h) (2); now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the City of Milwaukee, commencing January 1, 2010, will implement the provisions of IRC sec. 414 (h) (2), by making employee contributions for Chapter 36 service credit on behalf of its employees who are bound by labor contract, or who are required under the provisions of Chapter 36, to pay the employee contribution in the form of a salary deduction; and, be it

Further Resolved, That, for the bound employees, the City of Milwaukee will implement a pre-tax payroll deduction to collect the employees' contributions and pay them directly to the Employees' Retirement System combined fund; and, be it

Further Resolved, That all bound employees are required to participate in this implementation as specified, and no employee shall be permitted to receive the employee contribution payment directly, instead of having it paid into the combined fund.

To the Honorable Committee
on Finance & Personnel of the
Common Council of the
City of Milwaukee
Room 205 – City Hall

Re: CCFN 091069 – A resolution establishing pre-tax
payroll deduction for employee paid pension contributions

Dear Committee Members:

Enclosed is a substitute resolution and appropriate fiscal note establishing pre-tax payroll deduction for employee paid pension contributions.

The Common Council has approved labor contracts with various city unions that require new employees who commence city employment on or after January 1, 2010, to pay 5.5% of their earnable compensation as a contribution to the Employees' Retirement System, in lieu of the city making the contribution on their behalf. This requirement has also been imposed on nonrepresented/nonmanagement employees and management employees commencing city employment next year via amendments to Chapter 36 of the Charter. In conjunction with this requirement, this resolution provides for the implementation of section 414(h)(2) of the Internal Revenue Code to make the member-paid contributions a pre-tax payroll deduction under that section.

An amendment to Chapter 36 has also been introduced to document this change. Passage of this resolution, however, will ensure that the pre-tax deduction can commence on January 1, 2010, because the resolution will be adopted before that date.

Very truly yours,

GRANT F. LANGLEY

LRB – RESEARCH AND ANALYSIS SECTION

**PUBLIC SAFETY COMMITTEE
FILE #090871**

NOVEMBER 19, 2009

File #090871 authorizes the Milwaukee Police Department to apply for, accept and fund a COPS Child Sexual Predator Program Grant in the amount of \$400,371 through the United States Department of Justice. Proceeds from this 2-year, 100% donor funded grant will facilitate participation in a multi-jurisdictional Milwaukee Area Child Sexual Predator Task Force, with monies specifically directed to the salary and fringe benefits of a Data Base Specialist position, police overtime, equipment and technology, and investigative travel/training costs.

BACKGROUND

A recent analysis of Wisconsin's 10 Eastern District counties conducted by the United States Marshall Service indicated that Milwaukee County is home to 43% of all registered sex offenders, 41% of all compliant sex offenders and 69% of all non-compliant sex offenders. The analysis concluded that the vast majority of non-compliant sex offenders reside in Milwaukee County. According to the MPD, there are 1,700 registered sex offenders in the Milwaukee Metro Area.

Conceived by the MPD, the Milwaukee Area Child Sexual Predator Task Force will be an integrated, proactive, multi-jurisdictional and multi-disciplinary law enforcement program to identify, arrest, and prosecute unregistered child sex offenders in the Milwaukee area. The Task Force will be comprised of the MPD, the U.S. Attorney's Office for the Eastern District of Wisconsin, the U.S. Marshall Service for the Eastern District of Wisconsin, the Wisconsin Division of Criminal Investigation, and the Wisconsin Department of Corrections.

The Task Force will work collectively to monitor and manage sex offenders via verification checks, locate unregistered sex offenders, target and arrest non-compliant sex offenders, provide sex offender training to law enforcement agencies and the community, and seek out and arrest child sexual predators via the Internet.

DISCUSSION

Proceeds from this grant, which covers the period September 1, 2009 through August 31, 2011, will facilitate operation of the Milwaukee Area Child Sexual Predator Task Force. The \$400,341 in grant proceeds will be directed as follows:

- ✓ \$166,341 for MPD Sensitive Crimes Division overtime expended on child sexual offender registration, tracking, home visits, notifications, and arrest.
- ✓ \$112,994 to fund the salary and fringe benefit costs of a Data Base Specialist/Analyst position for 2 years.
- ✓ \$65,545 for various equipment and technology necessary for field tracking, investigative, forensic imaging and record keeping purposes.
- ✓ \$33,829 for Wisconsin DCI law enforcement overtime.
- ✓ \$19,100 for investigative travel, regional training and a COPS Kickoff Conference.
- ✓ \$2,532 for anti-static mats necessary to safeguard from electronic components.

FISCAL IMPACT

Acceptance of this grant requires no city share and has no impact on the tax levy. The 2009 Positions Ordinance shall be amended to include one Data Base Specialist/Analyst along with a footnote to reflect expiration of position authority on August 31, 2011 unless COPS Child Sexual Predator grant funding is extended.

The Honorable Members of the Common Council

RE: 2010 ASSET FORFEITURE PLAN – FILE #920252

Dear Council Members:

Pursuant to Common Council File #920252, the Milwaukee Police Department submits an annual report on anticipated receipt of federally seized forfeiture funds for the next calendar year, together with a plan that includes priorities for the expenditure of such funds.

As of December 4, 2009, the Asset Forfeiture account balance was \$1,395,681.62. Cash receipts of the fund are subject to many variables, among them the uncertainty of whether the Department will receive funds, the exact share of any seized assets the Department will be awarded, and the effects of changes in the Federal guidelines for this program.

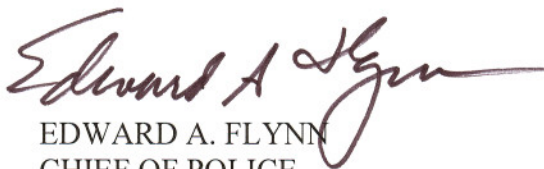

In order to enhance the safety of the community and enable the Police Department to increase its effectiveness and efficiency, this plan includes the following items. Historically, funding of these items has been based on the ever-changing needs of the Department throughout the fiscal year.

- 1. Administrative Fees \$10,000**
The U.S. Marshal's Office recovers its administrative expenses from the value of cash and assets seized. For cash awards, the Police Department receives an amount net of the federal government's legal costs and other expenses. However, the Police Department must make direct payments to offset expenses incurred in the seizure of vehicles or other non-monetary property. Payment of these fees allows continued participation in this program.
- 2. Bicycle Patrol \$10,000**
The bicycle program augments the beat program and park and walk programs. The bicycle program allows police officers to have closer contact with the public, engage in crime control and prevention activities and yet have the capability of quickly responding to emergency calls for service in the assigned patrol areas. These funds will provide replacement equipment for the bicycle patrol.
- 3. Canine Unit \$5,000**
This funds the food, medical care and boarding for three drug-interdiction canines. Without funding, the Department will be less effective in drug interdiction and subsequently less successful in its attempts to secure federally seized forfeiture funds.

- 4. Cellular Phones** **\$45,000**
These funds continue support for cellular telephones for field officers and investigative personnel assigned to field activities, permitting them to call citizens about service requests and investigations.
- 5. In-Car Video Cameras** **\$150,000**
In-car video cameras record pursuits, traffic stops and the rear passenger compartment of police vehicles. These funds will augment \$100,000 of grant funding to equip additional police vehicles with cameras
- 6. Tactical Equipment** **\$120,000**
The Department's officers, including the Tactical Enforcement Unit, conduct high risk, potentially dangerous operations including search warrants, response to barricaded subjects, hostage rescue and other similar tasks. These funds will purchase supplies and equipment to prepare for these events and maximize officer safety in highly volatile and dangerous situations.
- 7. Technology Services** **\$136,000**
The department anticipates the need for additional funding in order to resolve information technology equipment and technical needs and complete various projects.
- 8. Training** **\$100,000**
Training and education increases police officers' effectiveness in their current assignments and prepares them for new assignments and increased responsibility.

This plan may be revised, pursuant to the provisions of Common Council File #920252, in the event of a change in the Department's needs or priorities.

Sincerely,

EDWARD A. FLYNN

6. The expansion of FIMR activities to include the City of Racine may lay the groundwork for a more comprehensive regional system in Southeastern Wisconsin.

Discussion

1. The proposed grant award is \$12,340, entirely grantor share, for activities conducted over a 14-month period from November 1, 2009, to December 31, 2010.
2. The proposed budget for these funds is as follows:

Personnel	
Health Project Assistant (530)	\$ 7,747
Fringe (41%)	3,253
Consultant Services	1,340
TOTAL	\$ 12,340

3. Consultant Services cover costs of the Principal Investigator, Dr. Emmanuel Ngui, at the Medical College of Wisconsin.
4. The resolution in File #091001 authorizes the City Comptroller to commit \$12,340 grantor share funds within the Project/Grant Parent of the 2009 Special Revenue-Grant and Aid Projects Fund and to create appropriate Special Revenue Fund-Grant and Aid Project/Grant and Project /Grant levels.
7. The resolution further authorizes the Health Department, consistent with the terms of the grant, to: expend from these budgeted amounts; enter into subcontracts and leases; to expend 2009 budgeted grants for equipment deemed necessary to the operation of the program; and to expend funds for training and out-of-town travel of departmental staff from the grant funds in 2009.

Fiscal Impact

1. The proposed \$12,340 in non-O&M funding will support continuation of activities and services that would not be provided absent such funding.
2. There is no impact on the tax levy.

3. The screening, case-management and other activities funded by this grant complement the activities of the Breast and Cervical Cancer Awareness Program, The Well Woman Program Wise Woman Grant, and the Breast and Cervical Cancer Case Management Program providing education and motivation to encourage women to take decisive actions to prevent premature death and disability due to breast and cervical cancer. A primary objective of the grant is to reduce racial and ethnic disparities in access to health care and in health outcomes.
4. The focus continues to be upon low-income women, 35-64 years of age in the city of Milwaukee.

Discussion

1. The period of the grant is January 1, 2010 through December 31, 2010.
2. Personnel costs, services, supplies and sub-contracting are budgeted as follows:

3. The resolution in File #01002 authorizes the City Comptroller to commit \$142,913 grantor share funds within the Project/Grant Parent of the 2010 Special Revenue-Grant and Aid Projects Fund and to create appropriate Special Revenue Fund-Grant and Aid Project/Grant and Project /Grant levels.

4. The resolution further authorizes the Health Department, consistent with the terms of the grant, to expend from these budgeted amounts and incur costs consistent with the award documents including costs of training and travel.

Fiscal Impact

Project Title: 2010 Consolidated Contract

Grantor Agency: State of Wisconsin Department of Health Services

Grant Application Date: N/A-Continuation

Anticipated Award Date: January 2010

Please provide the following information:

1. Description of Grant Program/Project (Include Target Locations and Populations):

The Consolidated Contract includes six (6) initiatives, each having a specific purpose and target population. The six initiatives are Maternal and Child Health, Early Identification and Detection of Pregnancy, Preventive Health Grant, Childhood Lead Detection Grant, the Immunization Action Plan Grant, and the Well Women Breast and Cervical Cancer Control Program,

The objectives for the **Maternal and Child Health Grant** are to improve birth outcomes and childhood development through an intensive home visiting program (Nurse Family Partnership), to focus on teen pregnancy and contraception through the No Condom! No Way! Campaign; and to build a men's health center.

The primary focus of the **Early Intervention and Detection of Pregnancy** is to effectively initiate discussions about and access to contraception, emergency contraception and family planning with clients; effectively screen and presumptively enroll eligible patients into the Family Planning Waiver (FPW), as well as assist clients in completing the continuous enrollment forms, and raise public awareness of the FPW; offer pregnancy tests; provide follow-up and short term care coordination.

The **Preventive Health Grant** will work on nutrition and men's health initiatives that conform to the Healthiest Wisconsin 2010 State Health Plan and are consistent with the Prevention Health and Health Services Block Grant guidelines.

The Lead Detection Grant in combination with City and Centers for Disease Control funds support comprehensive and coordinated service delivery to lead-poisoned children and their families. This particular grant supports community outreach, nursing care management, and abatement technical services.

The primary focus of the **Immunization Action Plan** is to increase immunization rates of children served by the Milwaukee Health Department to 90% by the year 2010. In addition, the Immunization Program plans to continue to utilize the tracking and recall system through the Wisconsin Immunization Registry for children who are behind in their immunizations for their age and to assure that children served at the MHD will be assisted in locating their private providers name and location for follow-up medical services.

2. Relationship to Citywide Strategic Goals and Departmental Objectives:

All of the programs relate to the City-wide goal to enhance the health and well-being of Milwaukee residents by improving access to preventive health care; promote healthy behaviors; assure safe and healthy homes, businesses and neighborhoods; reduce racial and ethnic health disparities; and improve the quality of healthcare information and coordination of services.

3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):

The consolidated contract funds positions and services needed to sufficiently administer the programs. While some City funds are currently used to support some of these initiatives, they are considered as match funds for the grantor. These functions could not be achieved without the grant funding supplementing the City funds. Community-wide, these grants work to improve the health of Milwaukee's citizens.

4. Results Measurement/Progress Report (Applies only to Programs):

Outcome measurements are included as an addendum to the contract issued by the State.

5. Grant Period, Timetable and Program Phase-out Plan:

The grant period for the Consolidated Contract is January 1, 2010 through December 31, 2010.

If funding was not received, the positions paid by this contract would be eliminated and the ability of the Health Department to provide these services would be greatly diminished.

<p style="text-align: center;">LRB-RESEARCH AND ANALYSIS SECTION</p> <p>FINANCE AND PERSONNEL COMMITTEE DECEMBER 10, 2008 ITEM 8, FILE # 091003</p>

File # 091003 is a resolution relative to the application, acceptance, funding and expenditure of the 2010 Consolidated Contract between the Health Department and the Wisconsin Department of Health and Family Services.

Background

1. The Wisconsin Department of Health and Family Services enters into a “Consolidated Contract” annually with local Health Departments. The grants and programs that are combined into a Consolidated Contract may vary from time to time as priorities, needs and resources change. Likewise personnel needs vary from time to time. The 2009 “Consolidated Contract” was approved in Resolution File # 081093.
2. The proposed Consolidated Contract includes initiatives in 6 service areas, each having a specific purpose and target population. The 6 services are: the Adolescent Community Health Program, the Wisconsin Well Woman’s Program, the Immunization Action Plan, the Preventive Health Program, the Childhood Lead Detection Program and the Early Intervention and Detection of Pregnancy (EIDP) Program.
3. Funding for the EIDP Program was incorporated in the Consolidated Contract in the 2008 program year when the funding for the Bioterrorism Grant was separated from the Consolidated Contract.
4. All of the programs funded by the Consolidated Contract relate to the City-wide goal to enhance the health and well-being of Milwaukee residents by: improving access to preventive health care; promoting healthy behaviors; assuring safe and healthy homes, businesses and neighborhoods; reducing racial and ethnic health disparities; and improving the quality of healthcare information and coordination of services.

Discussion

1. The proposed Consolidated Contract includes grant revenues from the Wisconsin Department of Health Services in the amount of \$1,134,958 (75% of total program costs) and a city share of \$347,732 (25% of total program costs). This represents a decrease in grant revenues of nearly \$57,000 and a decrease in city share of nearly \$82,500 compared to funding levels in the 2009 Consolidated Contract.
2. The grant period will be January 1, 2010 through December 31, 2010.
3. This is a renewed contract combining 6 grant and award programs in the following 5 budgets for the new period:

a. Maternal and Child Health Program

Personnel	(Grantor share)	\$281,319
Personnel	(City share)	246,619
Fringe	(Grantor share)	115,341
Fringe	(City share)	101,113
Program Supplies	(Grantor Only)	7,950
Services	(Grantor Only)	59,003

Total \$811,375

The City match is entirely for salary and fringe benefits for Public Health Nurses. Services include interpretation services, training, travel and phone charges.

This program provides intensive home visitation for high risk pregnant women and mothers to improve birth outcomes. This year, the Adolescent and Community Health Grant program which was previously separated from Maternal and Child Health in the previous Consolidated Contract has been combined with the Maternal and Child Health Program. The purposes of the Adolescent and Community Healthy Program are to: reduce teen pregnancy through outreach and education focused on teen pregnancy and contraception through the No Condom! No Way! Campaign (NCNW); provide outreach services to students regarding teen pregnancy prevention, human sexuality education, pregnancy testing and early intervention services; conduct pregnancy testing in schools and community for teens; and provide youth with comprehensive, individualized case management services including depression screening, counseling and referral to community resources and follow-up as needed.

b. Early Identification of Pregnancy (EIDP) Grant

		<u>TOTAL</u>
Personnel (0.5 FTE Public Health Nurse)		\$41,700
Grantor Share	\$23,083	
City Share	18,617	
Fringe		17,097
Grantor Share	9,464	
City Share	7,633	
Travel		1,500
Training/Education		953
Grantor Share Total	\$35,000	
City Share Total	\$26,250	

Total \$61,250

The amount budgeted for 2010 is \$13,682 less (-18.3%) than is budgeted for 2009.

The primary focus of the EIDP program is to effectively initiate discussions about and access to contraception, emergency contraception and family planning with clients. Clients may be enrolled 'presumptively' in the Wisconsin Family Planning Waiver program and then assisted in continuing enrollment forms. The program is available to all women ages 15 through 44 with a family gross income of not more than 185% of federal poverty guidelines. Coverage of a variety of women's health services is made available under the Family Planning Waiver program to persons not already covered by Medicaid.

Additionally, the EIDP program tests for pregnancy and provides follow-up and short-term care coordination as appropriate.

c. Preventive Health Grant

Personnel (Nutritionist Coordinator)	\$42,869
Fringe	17,576
Travel	2,000
Printing	1,386
Total	\$68,320

The total budget proposed for the 2010 Preventive Health Grant is reduced \$4,489 (-6.6%) from amounts provided in the 2009 budget.

The Preventive Health Grant supports work on initiatives that conform to the Healthiest Wisconsin 2010 State Health Plan and are consistent with the Prevention Health and Health Services Block Grant guidelines. This program has a focus on improving nutrition.

d. Immunization Action Plan Grant

Personnel	\$ 173,868
Fringe	71,286
Program Supplies	9,234
Equipment (computer software)	1,500
Contract	30,500
Total	\$304,474

Funding levels for the Immunization Action Plan Grant in the 2010 Budget is reduced \$15,586 (-5.1%) from the amounts provided in the 2009 Budget. The 2010 Budget includes \$20,000 for overtime and \$2,500 for security services both related to Saturday Clinics.

The primary focus of the Immunization Action Plan is to increase immunization rates of children served by the Milwaukee Health Department to 90% by the year 2010. In addition, the Immunization Program will continue to utilize the tracking and recall system of the Wisconsin Immunization Registry for children who are behind in their immunizations for their age and to assure that children served at

the Milwaukee Health Department will be assisted in locating their private provider's name and location for follow-up medical services.

e. Childhood Lead Detection Grant

Personnel	\$174,201
Fringe	71,422
Program Supplies	20,000
Auto Allowance/Cell Phone/Repair Services	17,973

Total \$283,590

The 2010 Budget is \$18,741 (-6.2%) less than level of funding provided in the 2009 Budget.

Funding in the Lead Detection Grant is in combination with City tax levy funds and funding from the United States Centers for Disease Control and Prevention to support comprehensive and coordinated service delivery to lead-poisoned children and their families. This particular grant supports community outreach, nursing care management, and abatement technical services.

4. The proposed 2010 Consolidated Contract funds existing positions; no new positions are funded.
5. The resolution in File #091003 authorizes the City Comptroller to commit \$1,134,958 grantor share funds within the Project/Grant Parent of the 2010 Special Revenue-Grant and Aid Projects Fund and to create appropriate Special Revenue Fund-Grant and Aid Project/Grant and Project /Grant levels. The Comptroller is further authorized to establish City Share Project Values.
6. The resolution further authorizes the Health Department, consistent with the terms of the grant, to: expend from these budgeted amounts; enter into subcontracts; expend for specific items of equipment and to expend funds for training and out-of-town travel of departmental staff from the grant funds in 2010.

Fiscal Impact

1. The proposed 2010 Consolidated Contract will provide the City with revenues of \$1,134,958 in grantor share funding.
2. The matching City share of \$347,732 has already been budgeted for 2010 resulting in no new tax levy impact.

--	--	--

File # 091008 is a resolution relative to the application, acceptance and funding of the Mayors Against Illegal Guns Regional Coordinator Grant from the Joyce Foundation.

Background

1. This resolution authorizes the Milwaukee Health Department (MHD) to apply for, accept and fund the Mayors Against Illegal Guns Regional Coordinator Grant from the Joyce Foundation.
2. This is a continuation of a grant program which was authorized for the period of July 1, 2008 through June 30, 2009. The position was not filled until November of 2008 and, as a result, the new award period has been adjusted to run from November 17, 2009 through November 16, 2010.
3. This grant award supports the position of a Program Manager in the Health Department's Office of Violence Prevention. The award documents and the grant analysis form attached to the file identify the funded position as a Coordinator, but, as a result of the high level of responsibility and the level of coordination with national, state and local entities, the position is formally classified as "Program Manager."
4. The Manager is responsible for advancing local and state initiatives to combat illegal guns and prevent gun violence. In coordination with city departments, the Manager develops gun violence reduction and gun safety strategies and programs. The Manager also serves as a primary point of contact to the National Mayors Against Illegal Guns Coalition (MAIG) and acts as a liaison to local and regional officials and other key stakeholders.

Discussion

1. The period of the proposed grant is November 17, 2009, through November 16, 2010.
2. The proposed grant budget provides a total of \$99,600 with City match of \$24,600 and Grantor share of \$75,000 budgeted as follows:

	City Match	Total
Personnel		
Program Manager-Office of Violence Prevention	\$17,447	\$ 60,000
Fringe		
41%	7,153	24,600
Travel		
Air Fare, Mileage, etc.		15,000
TOTAL	\$24,600	\$ 99,600

3. The City match of \$24,600 is funded with previously authorized tax levy funds that were not expended due to receipt of a related grant.

4. The resolution in File #091008 authorizes the City Comptroller to commit \$75,000 grantor share funds within the Project/Grant Parent of the 2009 Special Revenue-Grant and Aid Projects Fund and to create appropriate Special Revenue Fund-Grant and Aid Project/Grant and Project /Grant levels.
5. The resolution further authorizes the Health Department, consistent with the terms of the grant, to expend from these budgeted amounts and incur costs consistent with the award documents including costs of training and travel.

Fiscal Impact

1. The total amount of this grant is \$75,000, grantor share and \$24,600 City match.
2. The City match has been budgeted for violence reduction activities and, therefore, there is no impact on the tax levy.

Please provide the following information:

1. Description of Grant Project/Program (Include Target Locations and Populations):

The purpose of the project is to improve access for low-income women to receive dual protection services and supplies, to create a convenient access point for Medicaid Family Planning Waiver enrollment, to increase patient access to on-going reproductive health services, and will establish "dual protection" as a standard of care. Dual protection means simultaneous intervention to assist patients to reduce the risk of STD/STI as well as to prevent unintended pregnancy.

2. Relationship to City-wide Strategic Goals and Departmental Objectives:

This project is directly related to the citywide goals of improving health in the community and to specific Health Department objectives related to decreasing rates of STDs and HIV. Milwaukee citizens, like persons everywhere, contract STDs and HIV as a result of their risk behaviors. Risk reduction counseling that is shown to be effective in this very high-risk population will, when implemented on a broader scale, contribute substantially towards the achievement of these departmental objectives and citywide strategic goals. This project also aims to contribute to the Health Department objective related to decreasing teen pregnancy.

3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):

These grant funds are needed to support a nurse practitioner position as well as program supplies and skills-based trainings related to STD testing. There is no anticipated adverse impact on other departmental operations, but depending on the results of the data analysis there may be multiple positive effects on other prevention activities within the Department.

PUBLIC SAFETY COMMITTEE

DECEMBER 10, 2009

ITEM 15, FILE # 091010

File # 091010 is a resolution relative to application, acceptance and funding of the 2010 Sexually Transmitted Diseases Grant from the State of Wisconsin Department of Health and Family Services, Division of Public Health.

Background

1. The Health Department reports that more than 60% of reported sexually transmitted diseases (STDs) in Southeastern Wisconsin occur in the City of Milwaukee.
2. Health Commissioner Baker has described the current incidence and rate of STD infections in Milwaukee as an epidemic. These infections present a risk of dangerous and long-lasting health problems including pelvic inflammatory disease, ectopic pregnancy, and infertility.
3. The rate of serious reportable STD infection in the Milwaukee metropolitan area places Milwaukee second behind the Memphis area among the largest 50 metropolitan areas in the nation as reported by the U.S. Centers for Disease Control (CDC). The Chlamydia rate has declined slightly in the last 3 years and Milwaukee no longer has the highest rate of reported Chlamydia infections, but is now ranked 2nd behind Memphis. CDC disease surveillance reports continue to place Milwaukee 2nd in the incidence of Gonorrhea infections, also behind Memphis. The reported rate of Gonorrhea infection in 2007 was 328.5 per 100,000 population, down only slightly from 2006.
4. Annual grant awards from the State of Wisconsin for sexually transmitted disease prevention programming have been reduced over the past 2 years. The award was reduced by more than 10% between the 2008 grant and the 2009 grant. The 2010 grant will provide \$88,845 (-14.7%) less than the 2009 grant. Actual resources for treatment may have increased, however, as a result of the State's expanding BadgerCare and Family Planning (Medicaid Waiver) programs.

Discussion

1. This continuing grant from the State of Wisconsin Department of Health Services supports 9 positions and requires no City matching funds or in-kind commitment.
2. The term of this grant is from January 1, 2010, to December 31, 2010.
3. The grant amount is \$513,865, grantor share only, a reduction of \$88,845 (-14.7%) from the amount awarded in 2009, and is in 2 program areas as follows:

Sexually Transmitted Diseases Grant

Microbiologist II (1)
Office Assistant III (1)

\$ 47,732
28,176

Communicable Disease Specialists (7)	277,692
Fringe Benefits (41%)	146,243
Program Supplies (Including Lab)	10,000
Travel and Training	4,022
TOTAL	\$513,865

4. The resolution in File # 091010 authorizes the City Comptroller to commit \$513,865 grantor share funds within the Project/Grant Parent of the 2010 Special Revenue-Grant and Aid Projects Fund and to create appropriate Special Revenue Fund-Grant and Aid Project/Grant and Project /Grant levels.
5. The resolution further authorizes the Health Department, consistent with the terms of the grant, to: expend from these budgeted amounts; enter into subcontracts and leases; and to expend funds for training and out-of-town travel of departmental staff from the grant funds in 2010.

Fiscal Impact

1. This 100% grantor share award of \$513,865 supports continuing programming and will have no impact on the tax levy.

Project/Program Title: Milwaukee Tobacco Prevention and Control Grant, Supporting the Milwaukee Community Tobacco Coalition

Grantor Agency: State of Wisconsin, Department of Health Services, Division of Public Health

Grant Application
Date: November 13, 2009

Anticipated Award Date: January 1, 2010

1. **Description of Grant Project/Program (Include Target Locations and Populations):**

The grant request includes funding for the Milwaukee Community Tobacco Coalition and Wisconsin WINS Program. Aside from a substantial reduction in funds, funds for 2010 are being granted through competitive RFP process (no longer formula allocations). Funds are being directed toward Multi-Jurisdictional Coalitions, as the TCPD believes that supporting multi-jurisdictional coalitions that are well-organized offers essential assets to Wisconsin's efforts including: coordination of local efforts linked to state goals; implementation of best practices for policy development; development of local leadership; and evaluation and monitoring of program outcomes. For the purposes of the RFP, Milwaukee is considered its own "multi-jurisdiction," due to the size of the City and the extent of health disparities related to tobacco. It has been shown that tobacco disparities are found among low socio-economic (income, education and occupation) groups, racial/ethnic groups, and 18-24 year olds. These characteristics also describe individuals who reside in Milwaukee neighborhoods of lowest socioeconomic status, and where emphasis for tobacco control efforts is placed.

The proposal requests \$196,245.00 for 12 months. Agencies who receive an award are eligible to apply for continuation of funding in years two to five. Of the total, \$172,000.00 is being requested for Community Interventions that support: coalition-building, implementation of Smoke-free Wisconsin, sustainability of tobacco funds and youth initiatives aligned with FACT (Fighting Against Corporate Tobacco). Limited funding (\$24,245.00) is being offered for Wisconsin Wins activities; applicants are required to include WI Wins activities in their proposals.

2. **Relationship to City-Wide Strategic Goals and Departmental Objectives:**

There is a direct relationship between tobacco control efforts and the city's commitment to reducing health disparities in the City of Milwaukee. Tobacco control efforts reduce mortality and morbidity across all segments of the population (and particularly among communities of color and underserved populations), as well as reduce the societal burden of escalating health care costs. This project reinforces the Department's focus on public health assessment, monitoring, and assurance, and the underlines the importance of collaborative community partnerships to effectively address the reduction of illness, disability and death related to tobacco use and exposure to secondhand smoke.

3. **Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):**

Funding is essential to continue a broad-based community tobacco coalition to promote and implement a city and state-wide efforts that positively impact the health of our community. This grant supports one Tobacco Control Program Coordinator.

4. **Results Measurement/Progress Report (Applies only to Programs):**

Quarterly and final reports including strategies applied, activities completed and results achieved are provided to the funder.

5. **Grant Period, Timetable and Program Phase-Out Plan:**

1. Description of Grant Project/Program (Include Target Locations and Populations):

The purpose of this program is to prevent nutrition-related health problems and to improve the health status of low income, at-risk pregnant, breast feeding, or post partum women, infants and children up to the age of five years. The locations are South Side Health Center, Northwest Health Center and the Keenan Health Center.

2. Relationship to Citywide Strategic Goals and Departmental Objectives:

This program relates to the Health Department objective of promoting the health and safety of women and children. Specifically, this program addresses low birth weight, infant mortality and childhood obesity. Good prenatal care is effective in lowering these risk factors as well as other risks of adverse pregnancy outcomes. Research has also shown that low-income women and children often consume inadequate amounts of key nutrients needed during pregnancy, during lactation, and for growth and development.

3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):

In addition to the nutrition services, children attending WIC clinics were screened for lead poisoning and given immunization referrals when necessary. Children with elevated lead levels were provided follow-up.

This program funds 17 positions and provides funding for program activities.

We exceeded our objective to serve 97% of the current contracted caseload of 8,806 and served 99% of our contract.

Resolution authorizing cancelling the issuance of contingent borrowing for certain purposes.

Analysis

Total authorized contingent borrowing exceeds the amount approved in the 2009 budget. This resolution would cancel the authorization for contingent borrowing purposes no longer needed.

Body

Whereas, Resolution Number 081610 authorizes the issuance of \$4,000,000 of contingent borrowing for unanticipated 2008 expenditures, of which \$3,275,131 remains unissued; and

Whereas, Resolution Number 090333 provided alternative revenues to repay the debt for the unanticipated 2008 expenditures; and

Whereas, The Common Council desires to cancel the issuance of the remaining debt for 2008 expenditures, and rescind the transfer of alternative revenues to repay that debt; and

Whereas, Resolution Number 080962 authorizes the issuance of \$25,000,000 of contingent borrowing for grant and aid purposes in the event anticipated grants were not received; and

Whereas, The grants anticipated by Resolution Number 080962 have been received and the contingent borrowing is no longer needed; and

Whereas, The Common Council desires to cancel the issuance of the unneeded authorizations of contingent borrowing so the amounts may be used for other purposes; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the remaining amounts of contingent borrowing authorized by Resolution Numbers 081610 and 080962 are no longer needed for the purposes specified there, and the remaining amounts shall not be issued; and, be it

Further Resolved, That the \$2.7 million transfer to the Debt Service Fund authorized by Resolution Number 090333 shall not be made.

Reply to Common Council File No. 090967
From DOA-Budget and Management Division

Ref: 09024

Common Council File 090967 contains a resolution that cancels contingent borrowing authorized in Common Council Resolutions 081506, 081610 and 080962 and also rescinds a transfer of \$2.7 million to the debt service fund that was authorized in Common Council Resolution 090333.

The resolution cancels \$78.3 million in contingent borrowing authority. Resolutions 080962 and 081506 provided authority for unanticipated grants that were not received in 2009 and 081610 authorized contingent borrowing for the close out of 2009 books. Because the city increased the Snow and Ice Control Fee in 2009 and will receive the revenue in 2009, the \$2.7 million shortfall in 2008 will not be borrowed for. Instead it will be taken care of through the fund balance in the general fund. This also eliminates the need to transfer the revenues to debt service. The impact to the budget is the same under either approach.

If this file is not adopted, the impact will be a reduction to the amount deposited into the Tax Stabilization Fund for 2009 of \$2.7 million. Without action, it will remain in the debt service fund as excess revenue and not accomplish the initial intent of the Common Council.

RECOMMENDATION: ADOPT COMMON COUNCIL RESOLUTION 090967 THAT CANCELS THE ISSUANCE OF CONTINGENT BORROWING FOR CERTAIN PURPOSES.

DECEMBER 16, 2009 AGENDA

ITEM 33, FILE 090967

FINANCE & PERSONNEL COMMITTEE

JAMES CARROLL

File #090967 is a resolution authorizing cancelling the issuance of contingent borrowing for certain purposes.

Background and Discussion

1. Total authorized contingent borrowing exceeds the amount approved in the 2009 budget. This resolution cancels the following authorizations for contingent borrowing purposes that are no longer needed:
 - File #081610 authorized the sale and issuance of \$4 million of contingent borrowing General Obligation Promissory Notes for excess 2008 expenditures. Of the \$4 million in contingent borrowing authorized, \$3,275,131 was not issued and is canceled by adoption of this resolution.
 - File #080962 authorized the issuance of \$25,000,000 general obligation notes to pay a general and current municipal expense associated with the Community Development Block Grant and other grant programs. The grants funds have been received. The contingent borrowing is no longer needed and is canceled by the adoption of this resolution.
2. Adoption of this resolution also rescinds the \$2.7 million transfer to the Debt Service Fund authorized in File # 090333, a substitute resolution amending the 2009 Local Snow and Ice Removal Charge for the express purpose of cancelling \$2.7 million of debt incurred due to 2008 snow and ice operations that exceeded budgeted amounts.

Fiscal Impact

The resolution reduces the amount of authorized 2009 contingent borrowing by \$28,275,131 and rescinds the \$2.7 million transfer to the Debt Service Fund authorized in File # 090333.

Further Resolved, That the general obligation promissory notes herein authorized shall be issued on or before April 30, 2011; and, be it

Further Resolved, That the Commissioners of the Public Debt are authorized to prepare the forms and establish the procedures required in the issuance and sale of general obligation promissory notes herein authorized in accordance with the provisions of Ch. 67, Stats., and the provisions of the City of Milwaukee ordinances, such notes to be in a form approved by the City Attorney and to be executed by those officers of the City whose signatures are required by law; and, be it

LRB – RESEARCH AND ANALYSIS

DECEMBER 16, 2009 AGENDA

ITEM 36, FILE 091046

FINANCE & PERSONNEL COMMITTEE

JAMES CARROLL

File #091046 is a resolution relating to issuance and sale of general obligation bonds in the aggregate amount of \$40,700,000 for grants and financing receivables.

Background and Discussion

1. The Comptroller's Office annually submits initial-borrowing resolutions for projects and programs approved in the adopted budget.
2. The resolution authorizes the sale of general obligation bonds in the amount of \$40,700,000 for grants and financing receivables (Delinquent Taxes).
3. The 2010 Budget authorizes \$24 million in borrowing for Delinquent Taxes. It is projected that 2010 delinquent tax financing will require \$37 million in borrowing. This resolution authorizes \$16 million in 2010 Contingent Borrowing to finance the project shortfall in 2010 Delinquent Tax borrowing authority. The 2010 Budget authorizes \$150 million in Contingent Borrowing.
4. The table below shows the uses and the amount of borrowing authorized by this resolution.

Borrowing Use	Amount
Delinquent Tax	\$24,000,000
Contingent Borrowing (Delinquent Tax)	\$16,000,000
Grants	\$700,000
Total	\$40,700,000

Fiscal Impact

This resolution authorizes general obligation debt for the detailed specific purpose. The actual debt is issued pursuant to a separate General Obligation note or General Obligation Bond resolution. Until the actual structuring of the debt issue is determined by the Public Debt Commission, details relating to the long-term fiscal impact will not be known. Depending on actual sale date in 2010, a maximum of 6 months interest would be incurred during the year. If sold after July 1, 2010, there would be no fiscal impact in 2010.

Honorable Tom Barrett, Mayor
The Members of the Common Council
City of Milwaukee
Milwaukee, WI 53202

Dear Mayor and Council Members:

I am pleased to present the Comprehensive Annual Financial Report (CAFR) of the City of Milwaukee for the fiscal year ended December 31, 2008. This report is prepared to satisfy the City Charter requirement for the Office of the Comptroller to prepare an annual statement of revenues and expenditures and the Common Council's request for an independent examination of financial activity of the City of Milwaukee. The report was prepared by the Office of the Comptroller in conformity with accounting principles generally accepted in the United States of America (GAAP) as set forth by the Governmental Accounting Standards Board (GASB) and other authoritative accounting standard setting bodies. This report presents the financial position of the City of Milwaukee and its component units. The CAFR reflects the actual financial activity of the past year rather than proposed activity for a future year, as presented in the City's Annual Budget.

This report consists of management's representation concerning the finances of the City of Milwaukee. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Milwaukee and the component units are responsible for establishing and maintaining an internal control structure designed to ensure that the assets entrusted are protected from loss, theft or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits require estimates and judgments by management. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

An independent firm of licensed certified public accountants, KPMG LLP, has audited the City of Milwaukee's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Milwaukee for the fiscal year ended December 31, 2008, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Milwaukee's financial statements for the fiscal year ended December 31, 2008, are fairly presented in conformity with GAAP.

The GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* requires that management provide a narrative introduction, overview, and analysis to accompany the Basic Financial Statements in the form of a Management's Discussion & Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

The Comprehensive Annual Financial Report is presented in three sections. The **Introductory Section** includes a list of principal officials, an organizational chart, and this letter of transmittal, which highlights significant aspects of the City and particular financial issues. The **Financial Section** includes the independent auditors' report, Management's Discussion and Analysis, the basic financial statements (government-wide statements and fund statements), notes to the financial statements, other required supplementary information (RSI), combining financial statements and other financial schedules. The **Statistical Section** includes exhibits and tables of unaudited data depicting the financial history of the City, as well as demographic and other miscellaneous statistics, generally presented on a multi-year basis.

THE REPORTING ENTITY AND ITS SERVICES

The City of Milwaukee was incorporated as a city on January 31, 1846, pursuant to the laws of the territory of Wisconsin. The City, in operation under a Home Rule Charter since 1874, provides for a council-mayor form of

CITY OF MILWAUKEE
LETTER OF TRANSMITTAL
FOR THE YEAR ENDED DECEMBER 31, 2008

government. The Mayor, Comptroller, Treasurer, City Attorney and 15 Common Council members are elected officials of the City. Local elections are nonpartisan. Officials are elected to identical four-year terms. The City of Milwaukee held a general election for these positions in April 2008. The Mayor is the Chief Executive Officer and maintains a cabinet form of government controlling major City departments by appointing department heads subject to confirmation by the Common Council. The Mayor is responsible for the preparation of an annual city expenditure budget, subject to review and adoption by the Common Council. The Common Council is responsible for the management and control of the finances and property of the City and has the full power and authority to establish, enforce and modify all regulations for the government. The Comptroller, as the Chief Financial Officer for the City, is responsible for establishing City accounting policies and procedures, revenue estimating and monitoring, examination and investigation of all matters related to the finances of the City, issuance of debt and financial reporting. The City Treasurer is responsible for the receipt, disbursement and investment of all monies accruing to the City, including the collection of property taxes. The City Attorney is responsible for all legal matters of the corporation, including furnishing legal opinions, drafting all legal documents and defending the City in any legal actions.

The City of Milwaukee provides a full range of municipal services, including police and fire protection, sanitation, health, culture and recreation, public works, conservation and development and administrative support services. Also included in the report are the enterprise operations of the Metropolitan Sewerage District User Charge, Parking, Port, Sewer Maintenance and Water Works. These activities are under the direct oversight responsibility of the Mayor and Common Council and constitute the primary governmental functions of the City of Milwaukee. In addition, entities for which the City has financial accountability or for which the nature and significance of their relationship with the City would cause these financial statements to be misleading or incomplete are a part of the reporting entity. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position and results of operations from those of the primary government. The following organizations are reported as discretely presented component units: Milwaukee Economic Development Corporation, City of Milwaukee Housing and Redevelopment Authorities and Neighborhood Improvement Development Corporation.

The City maintains budgetary controls, the objective of which is to ensure compliance with legal provisions of the annual budget adopted by the Common Council of the City of Milwaukee. Activities of the general, capital projects funds and certain special revenue, debt service and enterprise fund types (exclusive of the component units) are included in the City's annual budget. The component units' respective Boards approve their budgets. City departments are required to submit their annual budget requests for the ensuing year to the Mayor by the second Tuesday in May. The Comptroller is also required to provide a statement of anticipated revenues by this date. After all requests have been reviewed, the Mayor submits his proposed Executive Budget to the Common Council. The City Charter requires that this be done on or before September 28. The Common Council must complete its review and adopt the budget on or before November 14. Once adopted, Common Council approval is required to amend the total appropriations by a department, the legal level of control for each budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by object class (i.e. salaries, operating expenditures, equipment) for each department for the general fund and enterprise funds. Project life rather than the standard current fiscal year is utilized for capital funds and special revenue funds. The City of Milwaukee also maintains an encumbrance accounting system as a technique of accomplishing budgetary control. Budget-to-actual comparisons are provided in the Required Supplemental Information Section of this report for the General Fund.

LOCAL ECONOMY

Geographically, Milwaukee consists of 95.8 square miles and is situated in the southeast corner of the State with Lake Michigan at its east boundary. It is an hour and thirty minutes east of its state capital, Madison. It is the 23rd largest city in the United States with a 2007 U.S. Census estimated population of 602,191. Milwaukee also is an international seaport. Due to its large population, it is the largest city in the State and also the only city of the First Class within the State of Wisconsin. The City represents approximately 40% of the population of the greater metropolitan area. Based on the last U.S. Census, the population in the four-county-retail-trade-area surrounding Milwaukee is 1.5 million and represents 28% of the population of the State of Wisconsin. Over 74% of metropolitan Milwaukee's population is comprised of residents within the working ages of 18 and older. Forty-eight percent of the counties of Milwaukee, Washington, Waukesha and Ozaukee residents are under the age of 35.

The City's economic structure reveals a diversified economy with strong service and manufacturing sectors. The service sector (service, finance, insurance, real estate and retail trade) employs over 69% of the workforce. Manufacturing firms employ 17% of the work force. The area is not dominated by any large employers. Less than 2% of the

CITY OF MILWAUKEE
LETTER OF TRANSMITTAL
FOR THE YEAR ENDED DECEMBER 31, 2008

manufacturers have employment levels greater than 500. Less than 1% of the employers in finance, insurance and services have more than 500 employees.

Metropolitan area firms are engaged primarily in the manufacture of machinery. Contrary to Milwaukee's reputation as a brewery capital, less than one percent of the City's industrial outputs are related to brewing. In recent years, the metro region has a reputation as a center for precision manufacturing. It leads the nation in the production of industrial controls, X-ray equipment, steel foundry parts, and mining machinery.

Milwaukee is a major commercial shipping hub. Of vital importance to both the local and state economies is the Port of Milwaukee, a "shipping and receiving" point for international trade as well as the primary heavy-lift facility on the Great Lakes. A protected harbor permits year-round navigation through the port from three rivers in addition to Lake Michigan. With access to the eastern seaboard via the St. Lawrence Seaway and to the Gulf of Mexico through the Mississippi River, the Port of Milwaukee processes slightly under four million net tons of cargo annually and has helped the state maintain an export growth rate twice the national average. Both the Union Pacific Railroad and the Canadian Pacific Railway serve the Port, which is also served by convenient, non-congested access to the interstate highway system. Principal inbound commodities include cement, coal, machinery, steel, salt, limestone, asphalt, and crushed rock. The Port is also home to the U.S. Coast Guard, the U.S. Navy Reserve and the U.S. Army. The Harbor Commission's authority also includes the property of Milwaukee World Festivals, Inc., Pier Wisconsin, the Pieces of Eight Restaurant and the Lake Express high speed ferry.

Economic development is encouraged through the growth of employment opportunities for the citizens of Milwaukee and supports private investment that grows the City's tax base. Four key approaches are utilized: 1) direct financial assistance to small businesses that helps clients take advantage of opportunities to increase sales and employment; 2) use of tax incremental financing to provide public infrastructure improvements or other assistance to encourage major private investments that will contribute significantly to the growth of the tax base, employment or availability of commercial services in underserved areas; 3) partnerships with organizations that represent businesses and employers to improve the business environment, either in a particular geographic area or a particular industry segment; and 4) management of projects that invest City resources to redevelop underutilized or vacant properties for eventual sale to private owners.

In addition to pursuing new business, the City takes an active role in guiding economic development to serve the community. The City manages a number of programs intended to assist in local business retention efforts, provide permit assistance to new businesses and seek out appropriate sites for these businesses. The City has recently established its 41st Business Improvement District and Tax Incremental District (TID) #72. Forty-eight TID's remain active. In addition, the City manages various Development Fund Projects to promote urban renewal throughout the City.

In December 2008, metro Milwaukee area moved up in rank from #18 to #16 as one of the top 20 areas for businesses, according to MarketWatch. Cities were ranked according to eight categories including number of local Fortune 1000 companies, population and job growth. Milwaukee outpaced such cities as St. Louis, Indianapolis, Los Angeles and Chicago.

Some of the City's noteworthy revitalization efforts were realized during 2008. The transformation of a challenging 17-acre former metal foundry on the south-side of Milwaukee was turned into the Stadium Business Park. The Stadium Business Park is home to ten companies and 450 employees. In addition, the first Park East ribbon-cutting ceremony was held in January 2008 to celebrate completion of the first building to rise in the Park East corridor. The Flatiron is a six-story building combining 38 condominiums with retail space. This \$10 million development will add vitality to the Park East gateway as it adds to Milwaukee's tax base. July, 2008 also saw the opening of the Harley Davidson Museum, a major new tourist attraction. This \$95 million development is located at the east end of the Menomonee Valley corridor with a museum spanning 130,000 square feet. This facility is expected to attract 350,000 visitors annually.

More than \$800 million in projects are underway or proposed for sites throughout the Park East corridor located on the northern edge of downtown Milwaukee. Site preparation work is just beginning on the Aloft Hotel site in the center of the Park East Corridor. The \$27 million development will feature a 160-room Aloft Hotel. The project is expected to open in November 2009 with the creation of 75 new jobs. The Menomonee Valley Industrial Center is another major undertaking. Charter Wire began construction in 2008 of a new \$20 million production facility in the City's Menomonee Valley Industrial Center. The Valley Industrial Center is the home of 723 jobs and counting. Charter Wire plans to build a 160,000 square foot modern manufacturing plant of shaped steel wire products. More than a dozen projects throughout the Menomonee Valley will create 2,100 jobs when completed. The Brewery is a major reinvention of the 21-acre downtown

CITY OF MILWAUKEE
LETTER OF TRANSMITTAL
FOR THE YEAR ENDED DECEMBER 31, 2008

Milwaukee's former Pabst Brewery Company which shut down the Milwaukee facility in 1996. The main parking structure will be completed by fall of 2009; two of the buildings are being renovated into commercial space; the former keg house has been remodeled into 95 apartments. Inland, a commercial real estate services firm, recently moved into 13,800 square feet at what was once the Pabst boiler house. Other portions of the complex are still being marketed or are under negotiations.

Tourism is also a major contributor to the local economy. Milwaukee's arts, entertainment, professional sports, restaurants, parks, conventions, and businesses attract about six million visitors a year. There are about 20 major annual festivals hosted in Milwaukee. Summerfest is promoted as the world's largest music festival and attracts about one million attendees each year. Some of Milwaukee's ethnic festivals include the largest Native American festival in the country, America's largest Polish festival, America's largest Italian festival, America's largest 3-day German festival and the largest Irish festival in the world. Despite the recession, tourism spending in the Greater Milwaukee area in 2008 surpassed tourism spending in the area in 2007, according to an annual tourism economic impact study by Davidson-Peterson, Inc. Traveler expenditures increased to 3.3% to an estimated \$2.663 billion for the year (compared to \$2.579 billion in 2007). The travel industry supported 66,331 full-time equivalent jobs in 2008 (up from 64,854 in 2007), and contributed \$426 million in local and state taxes (up from \$410 million in 2007). Tourism in 2008 increases were in part due to several key additional attractions, including Potawatomi Bingo Casino expansion, the opening of the Harley-Davidson Museum and the Iron Horse Hotel, and special one-time events such as the Harley-Davidson 105th anniversary celebration, the bronze Fonz dedication on the RiverWalk and the commissioning of the USS Freedom on the lakefront.

The educational opportunities in Milwaukee offer a wide variety of choices within the City. They include Alverno College, Cardinal Stritch University, Marquette University, Medical College of Wisconsin, Milwaukee Area Technical College, Milwaukee School of Engineering, Mount Mary College, University of Wisconsin-Milwaukee and Wisconsin Lutheran College.

The City remains in good financial condition, as is demonstrated by the financial statements and schedules included in this report. However, the General Fund's reserve for tax stabilization decreased from its 12/31/07 balance of \$62.7 million to \$42.4 million at 12/31/08. With the expected loss of additional state shared revenues, a potential increase in the city's contribution to the Employees Retirement System due to investment losses in 2008 and with record snowfalls in 2008 of 107 inches which resulted in an appropriation deficit of over \$2.6 million in 2008, have all contributed to the City developing a 2009 Budget Management Plan to immediately reduce expenditures and increase revenues. This plan has the following objectives: 1) achieve an expenditure lapse of at least \$13 million in 2009 to regenerate the reserve for tax stabilization account (TSF); 2) achieve at least 200 full-time operating and maintenance funded position vacancies in the general city employee category by December 2009 in order to reduce the City's 2010 budget exposure for salary and unemployment compensation expenditures; 3) Ensure that sufficient operating funding is available for snow and ice removal operations in the fourth quarter of 2009; and, 4) enable a cancellation of all or part of the debt related to the \$2.7 million of 2009 contingent borrowing that occurred as a result of exceedingly high snow and ice operational expenditures during 2008. Initiatives already implemented include a strict hiring freeze, a large increase in a snow and ice removal fee, other significant fee increase and a two day mandatory furlough.

ECONOMIC OUTLOOK

The U.S. Census Bureau estimated the City of Milwaukee's 2007 population at 602,191.

During 2008, the City's unemployment rate averaged approximately 7.2%; compared to the State of Wisconsin average of 4.7% and the United States average of 5.8%.

Retaining the City's high "investment grade" bond ratings is of prime importance and serves to maintain low borrowing costs. The low costs of borrowing, both for capital and cash flow purposes, produces direct benefits to the taxpayer. The City continues to maintain high investment grade ratings of AA+ from Fitch; Aa2 from Moody's and AA from Standard & Poor's received on the City's 2009 General Obligation Promissory Notes and its General Obligation Bonds. These ratings have been maintained during the recent slow economic growth and continued frozen state aids. As the ratings indicate, the City's capacity to meet its financial commitments on outstanding obligations is strong. The rating agencies indicate that the ratings reflect a combination of moderate overall debt burden, rapid debt repayment, manageable capital needs, strong growth in assessed value, and a diverse tax base. The City also assists in keeping the overall debt burden affordable by controlling the level of annual debt issued.

The property tax rate for 2009 purposes is \$8.09 compared to \$8.01 per \$1,000 of assessed value for 2008, with the 2009 total city property tax levy of approximately \$237 million increased \$9.5 million compared to \$227.5

CITY OF MILWAUKEE
LETTER OF TRANSMITTAL
FOR THE YEAR ENDED DECEMBER 31, 2008

million in 2008. The estimated assessed value increased approximately 3.1% from 2008 to 2009. The property tax levy will provide \$123.7 million in revenue for the general city purposes budget in 2009 compared to \$104 million for 2008 general city purposes. The property taxes revenue reported in the General Fund was \$141.6 million for 2008 compared to \$137.3 million for 2007. Property taxes revenue funding as a portion of total General Fund budgetary expenditures for 2008 was 23.6% compared to 2007 of 23.5% as depicted in Exhibits E-1.

The City of Milwaukee Water Works is a municipally owned water utility regulated by the State of Wisconsin Public Service Commission (PSC). The PSC regulates the rates at which water is sold by the Milwaukee Water Works. An inflation based rate increase of 3.4% became effective in September 2006. The Public Service Commission approved an additional 6% rate increase effective June 1, 2007. The rate increases were the first since 2002. By PSC rule, the Water works may not seek another increase until 2009.

In 2008, Wisconsin passed the Great Lakes Compact, a historic cooperative effort across the Great Lakes states and provinces of Canada to protect and preserve the Great Lakes for generations to come. The Compact outlines criteria by which communities that "straddle" the intercontinental divide would be allowed to use Great Lakes water. New Berlin is one such community. The eastern one third of New Berlin was already a wholesale customer of the Water Works. The middle third of New Berlin is outside of the intercontinental divide, but is served by the Milwaukee Metropolitan Sewerage District. Thus, its wastewater is returned to Lake Michigan. This portion of New Berlin had been served by groundwater, but concerns about radon prompted New Berlin's leadership to consider other alternative water supplies. Consistent with the Great Lakes Compact and the recommendations of the Integrated Water Infrastructure Review Workshop, the Barrett Administration negotiated a deal to sell water to the middle third of New Berlin, in exchange for not only Water Works revenue, but also an additional \$1.5 million intergovernmental agreement, the first of its kind in Milwaukee. The Common Council approved this deal and the \$1.5 million of revenue for 2009 reduces the property tax levy for Milwaukee residents. Beginning in late 2010, the agreement is expected to generate more than \$680,000 in annual Water Works' revenue from New Berlin, which will mitigate future water rate increases.

City fees established by the Common Council include sewer user fee, storm-water fee, solid-waste fee, sewer maintenance fee (which includes leaf pickup and street sweeping), snow and ice control fee and special garbage pickups (greater than four cubic yards). For 2009, the Solid Waste Fee increased \$18.48 annually, from \$33 a quarter to \$37.62. A single family residence paid \$132 total in 2008 and will pay \$150.48 in 2009. The Snow & Ice Control fee was reduced from \$0.6522 per property frontage foot in 2008 to \$0.5283 per foot in 2009. A single family residence that paid \$28.70 in 2008 will pay \$23.25 in 2009, a reduction of \$5.45. The Storm Water Management Fee was increased from \$8.00 quarterly in 2008 to \$11.82 quarterly in 2009. The average single family residence that paid a total of \$32.00 in 2008 will pay \$47.28 in 2009, an increase of \$15.28. The Sewer Maintenance Fee was increased from \$1.036 per 100 CCF of water in 2008 to \$1.12 per 100 CCF of water in 2009. The average single family residence that paid \$72.93 total in 2008 will pay \$78.85 in 2009, an increase of \$5.92. It should be noted that the change of these types of fees for service alleviates pressure on the tax levy, since the City's costs for providing these critical services is shifted away from the property tax levy and it more equitable spread onto all properties, including tax exempt properties.

In order to accelerate the City's maintenance and replacement of its nearly 1,000 miles of residential city streets, the Common Council implemented a \$20.00 Vehicle Registration Fee in 2008. This fee is added on to the State of Wisconsin's annual vehicle registration fee. This \$20.00 fee is expected to generate more than \$6 million in 2009; and, in accordance with state law; the City can only use it for transportation purposes. The implementation of this fee serves a dual purpose. It will increase funding for street maintenance and replacement, while relieving property owners of expensive and unpopular special assessments.

The Federal Housing and Economic Recovery Act of 2008 is anticipated to provide approximately \$9.2 million in funding to the City of Milwaukee. Since the grant funding is anticipated for 2008, this will be treated as a 2008 grant. The grant provides assistance for the redevelopment of abandoned and foreclosed homes and residential properties. Allowable activities include purchasing and rehabilitating abandoned and foreclosed homes in order to see, rent or redevelop the homes, demolishing blighted structures, and redeveloping demolished or vacant properties.

MAJOR CAPITAL PROJECTS

The 2009 capital budget includes funds for various infrastructure and building projects. For 2009, the City capital improvements budget, not including enterprise funds and grants and aid funding, totals \$125.8 million, a decrease of 9.82% or \$13.7 million from 2008 budget of \$139.5 million. Funding of \$43.8 million for various tax incremental district and

CITY OF MILWAUKEE

development projects comprises 34.8% of the total capital budget for 2009. The Department of Public Works budget for bridges (\$6 million), local street resurfacing/reconstruction (\$10.3 million), major streets (\$4.2 million), street lighting (\$7.8 million) and major equipment purchases (\$5.9 million) total \$34.2 million or approximately 27.2% of the total 2009 capital budget. With the continuing funding for the Foundation and Hollow Walk Project for City Hall (\$1.8 million, representing 1.4% of the City funded portion of the capital budget), these projects account for approximately 63% of the total 2009 capital budget.

With the recent completion of the City Hall Restoration Project, the City Hall Foundation and Hollow Walk Project will commence in late 2009. Ongoing investigation has found significant foundation settling, particularly on the three sides of the northern half of the building. City Hall was built on a foundation of wood pilings as was common in the late 1890's. As pilings have deteriorated, settling has occurred. Work to repair and underpin the existing pile caps and install monitoring wells is necessary to correct this condition. In conjunction with the foundation work, the sidewalks, hollow sidewalk areas, and the associated interior walls will be repaired and restored. The 2008 capital budget included \$1.2 million to conduct a detailed evaluation to determine condition changes since the last analysis in mid-2004. The 2009 capital budget includes \$1.8 million to commence initial construction in late 2009. Considerable project risk exists due to the large portion of the foundation that is buried and not directly observable. After work is complete, the building's foundation is expected to perform its support function into the long term future.

The 2009 capital projects budget includes \$6 million for bridge construction/reconstruction, an increase of \$1.5 million compared to 2008. Bridge conditions are measured using a sufficiency rating ranging from 0 to 100. Ratings are conducted every two years through physical bridge safety inspections. Bridges with a rating below 50 are inspected annually. In 2007, 88.3% of the rated bridges had a sufficiency rating above 50. Currently, 18 bridges have sufficiency ratings less than 50. The six year capital plan addresses 12 of these bridges. The remaining six bridges are safe and operable, but non-safety related issues such as design in street and sidewalk capacity contribute to their lower sufficiency rating.

Street related activity of \$25.7 million in the 2009 budget (including new streets, resurfacing/reconstruction, alleys, sidewalks, street lightings, traffic controls, conduits and manholes) increased \$2.3 million; a 10% change from the 2008 budget of \$23.3 million.

The Water Works Enterprise Fund capital improvements budget for 2009 for water main replacement totals \$16.8 million; a 3.1% increase from the 2008 budget of \$16.3 million; and will add 14 miles of water mains.

CASH MANAGEMENT POLICIES AND PRACTICES

The City maintains a pooled cash and investment account that is available for use by all funds, except the Debt Service Fund, the Water Works Enterprise Fund and component entities which maintain separate cash and investments. Cash temporarily idle during the year and under the control of the City Treasurer was invested in demand deposits, certificates of deposit, obligations of the U.S. Treasury and U.S. Agencies, repurchase agreements and commercial paper (all of which are permissible under State Statutes). The average interest earnings rate for City funds invested by the City Treasurer was approximately 2.7% in 2008 as compared to 5.1% in 2007. The City continued to use the State of Wisconsin Local Government Investment Pool to provide flexibility for short-term investments while maintaining high standards of safety and liquidity. In 2008, the average daily investable balance was \$218.2 million as compared to \$244.2 million in 2007, a 10.6% decrease. The investable balance generates interest earnings for the City, which is used to offset the property tax levy.

During 2008, the City continued its prudent use of financing techniques and investment instruments to maximize its investment return while meeting on-going cash flow needs. The City's use of cash flow borrowing in anticipation of State Shared and State Equalization Aid Revenues totaled \$300 million, compared to \$244.2 million in 2007. The financing was accomplished through two separate offerings -- \$90 million General Obligation Cash Flow Promissory Notes in March 2008 for City purposes and \$210 million School Revenue Anticipation Notes in August 2008 for school purposes. The timing of these offerings provided the City with an opportunity to earn additional interest on investments and still comply with the requirements of the Tax Reform Act of 1986. The second borrowing represented a joint effort with Milwaukee Public Schools to finance school operations on an interim basis pending its receipt of State Equalization Aids and is not a general obligation of the City.

In addition, the City will continue its use of the State of Wisconsin's Clean Water Fund to finance sewer maintenance capital projects which began in June 2007. Over \$35 million of loans were obtained during 2008. The Clean

Water Fund provides below market interest loans to communities to finance storm-water control projects. This financing strategy will save ratepayer's money, as Clean Water funding and General Obligation bonds have a lower interest rate than revenue bonds. General Obligation debt will finance sewer capital projects that do not qualify for the Clean Water Fund. Also, new for 2008 was the issuance of \$124.6 million of commercial paper to finance various public improvement projects and fiscal requirements of the City.

RISK MANAGEMENT

The City is self-insured for workers' compensation, employee Basic Plan health and dental insurance, uninsured motorist motor vehicle coverage for City employees, and general liability claims. With certain exceptions, it is the policy of the City not to purchase commercial insurance against property or liability risks. Instead, the City has found it is more economical to manage its risk internally, setting aside funds as needed for estimated current claim settlements and judgments through annual and supplemental appropriations as needed. The City does purchase and maintain limited coverage for certain facilities and employee bonding. Indemnity and insurance protection is also required of City contractors, vendors, lessees and permit holders.

Independent Auditors' Report

To the Honorable Members
of the Common Council
of the City of Milwaukee:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Milwaukee (the City) as of and for the year ended December 31, 2008, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Housing Authority of the City of Milwaukee, the Redevelopment Authority of the City of Milwaukee, the Milwaukee Economic Development Corporation, and the Neighborhood Improvement Development Corporation, which represents 100 percent of the assets and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of December 31, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

The management's discussion and analysis, budgetary comparison information, and schedule of funding progress on pages 10 through 34, 96 and 97, respectively, are not required parts of the basic financial statements, but are supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management

regarding the methods of measurement and presentation of this information. However, we did not audit this information and, accordingly, we express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual fund statements and schedules, miscellaneous financial data and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory section, miscellaneous financial data and statistical section have not been subjected to auditing procedures applied in the audit of the basic financial statements, and, accordingly, we express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated July 30, 2009, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in assessing the results of our audit.

CITY OF MILWAUKEE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2008

Within this section of the City of Milwaukee Comprehensive Annual Financial Report, the City's management provides narrative discussion and analysis of the financial activities of the City for the fiscal year ended December 31, 2008. The City's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section. This *Management Discussion and Analysis* (MD&A) should be read in conjunction with the City's basic financial statements, which follow this discussion. Additional information is available in the letter of transmittal, which precedes Management's Discussion and Analysis. The MD&A focuses on the City's primary government and, unless otherwise noted, component units reported separately from the primary government are not included.

FINANCIAL HIGHLIGHTS

- The assets of the City of Milwaukee exceeded its liabilities at the close of fiscal year 2008 by \$972 million (net assets); \$307 million in governmental activities and \$665 million in business-type activities. Governmental activities' unrestricted assets are a deficit of \$396 million. This indicates that the City is financing long-term liabilities as they come due rather than when they are incurred. The City's net assets decreased 5.2% compared to the previous year of \$1,025 million.
- Net assets must be viewed in the context that the vast majority of the City's net assets are capital assets, and, that most capital assets do not generate revenues nor can they be sold to generate liquid capital. Total net assets are comprised of the following:
 - Capital assets, net of related debt, of \$1,166 million include property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets.
 - Net assets of \$155 million are restricted by constraints imposed from outside the City such as debt covenants, grantors, laws, or regulations.
 - Unrestricted (\$349) million.
- The City's total 2008 year-end other post-employment benefits (OPEB) obligation is \$78.4 million; an increase of 105% from the 2007 obligation of \$38.2 million. The obligation is based on an actuarial valuation as of July 1, 2007, which indicates substantial increases through 2016.
- Total liabilities of the City increased by \$155 million to \$1,644 million. The long-term portion of total liabilities (\$1,031 million) consists of \$78 million for OPEB, \$892 for outstanding debt and \$61 million for compensated absences, claims, and judgments.
- The City had governmental expenses of \$695 million more than its combined program revenues. General revenues and transfers of \$628 million resulted in a \$67 million decrease of net assets for the year. Business-type activities had an increase of net assets of 2% over 2007; generating \$13 million of program revenues, general revenues and transfers greater than its expense at year end.
- For governmental activities, program revenue supported 19% of the total expenses for 2008. Property taxes and other taxes represented 30% of the primary government's governmental activities' expenses, state aids for the General Fund equaled 31% and miscellaneous revenues and transfers supported 12% of the expenses. As a result of 2008 activity, expenses exceeded revenues and transfers by 8%.
- For business-type activities, program revenue supported 131% of the expenses for 2008; and, in total exceeded the expenses by \$51 million. Miscellaneous revenue net of transfers out reduced this excess to \$13 million for the year.
- The City's total governmental funds reported total ending fund balances of \$203 million this year. Compared to the prior year ending fund balance of \$185 million, an increase of \$18 million resulted by year end 2008; a 10% increase.
- The General Fund reported a positive fund balance for the year of \$73 million. Compared to \$91 million in 2007; the 2008 balance decreased 20%. This decrease is a result of total expenditures and other financing uses totaling \$18 million more than the total actual revenues and other financing sources. This ending fund balance is 10% of the total General Fund expenditures including transfers, and 12% of the total General Fund revenues including transfers.
- The operating expenditures of the General Fund were \$1 million less than budgeted. This favorable variance is a result of savings from general government departments of nearly \$3 million with a combined savings in the aggregate of \$1 million in the culture and recreation departments, public safety departments, health department, and conservation and development department. These positive variances were offset by a deficit in the public works departments of nearly \$3

CITY OF MILWAUKEE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2008

million. The positive savings included \$.4 million due to unrealized claims and \$.3 million due to reduced payments for group life insurance premiums as a result of reduced salary levels. The combined savings from the Comptroller, Employees' Retirement and Department of Employee Relations resulted in a favorable variance in various fringe benefit costs that were allocated to capital projects rather than to general fund accounts, and thus saved \$1 million for the year. All other departments saved in the aggregate of \$1.3 million. The Department of Public Works Operations Department incurred a deficit of \$2.6 million relating to snow removal and cleanup efforts. December 2008 was the second snowiest December on record. Over 35.3 inches of snow fell in December compared to a normal average snow fall of 11.7 inches. The City plans to issue debt in 2009 to offset this deficit.

- General obligation bonds and notes payable increased by \$32 million during the current fiscal year from \$728 million to \$760 million. The key factors contributing to this increase were scheduled and early retirement of general obligation debt of \$207 million and the issuance of \$239 million in new general obligation bonds and notes for the continuing funding of capital projects and the issuance of debt on behalf of the Milwaukee Public Schools.
- The City issued General Obligation Cash-flow Promissory Notes for \$90 million rather than Revenue Anticipation Notes in advance of receipt of the State Shared Revenues. With the receipt of these revenues, an amount equal to the debt was transferred to the Debt Service Fund (the legal fund established to pay the debt).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to the City's basic financial statements. The basic financial statements consist of three components: (1) **Government-wide** financial statements, (2) **Fund** financial statements, (3) **Notes** to the financial statements. This report also includes other (4) **Required Supplementary Information**. Figure A-1 shows how the required parts of the annual report are arranged and relate to one another.

The basic financial statements include two kinds of statements that present different views of the City.

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the City's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide statements.
 - The governmental funds statements tell how general government services like public safety were financed in the short term as well as what remains for future spending.
 - Proprietary fund statements offer short- and long-term financial information about the activities that the government operates like businesses, such as the water and the sewer maintenance systems.
 - Fiduciary fund statements provide information about the financial relationships—like various benefit plans for the City's employees—in which the City is solely a trustee or agent for the benefit of others to whom the resources belong.

A summary of the major features of the City's financial statements, including the portion of the City government they cover and the types of information they contain are depicted in table Figure A-2. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide a broad overview of the City's finances, in a manner similar to a private-sector business and include both long-term and short-term information about the City's financial status. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. All of the activities of the City, except those of a fiduciary nature, are included.

The two government-wide statements report the City's net assets and how they have changed. Net assets—the difference between the City's assets and liabilities—is one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net assets indicate whether its financial health is improving or deteriorating. Other non-financial factors, such as changes in the property tax base and the condition of the roads are also needed to assess the overall health of the City.

The government-wide financial statements of the City of Milwaukee are reported into three categories on these statements—governmental activities, business-type activities, and component units. A total column for the City is also provided.

- The *governmental activities* include the basic services of the City including general government (administration), police, fire, public works, health, culture, and development services. Taxes and general revenues generally support these activities.
- The *business-type activities* include the private sector type activities such as the water, sewer user charge, sewer maintenance, parking, and port. User charges or fees primarily support these activities.
- The *component units* include four other entities in its report. The Housing Authority and the Redevelopment Authority of the City of Milwaukee, Milwaukee Economic Development Corporation and the Neighborhood Improvement Development Corporation. Although legally separate, these component units are important because the City has financial accountability responsibility.

Fund Financial Statements

The City's major funds begin with Exhibit A-1. The fund financial statements provide detailed information about the most significant funds; not the City as a whole. The accounts of the City are organized on the basis of funds. Each fund is a separate fiscal and accounting entity with a self-balancing set of accounts including assets, liabilities, equities, revenues and expenditures or expenses, which is segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with specific regulations, restrictions or limitations.

CITY OF MILWAUKEE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2008

The City has three fund types: governmental and proprietary which use the modified accrual and the accrual methods of accounting, respectively, and fiduciary funds.

- **Governmental funds:** Most of the City's basic services are reported in governmental funds, which focus on the modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps to determine if more or fewer financial resources are available to be spent in the near future to finance the City's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is described in the reconciliation at the bottom of the fund financial statements.
- **Proprietary funds:** Operations which are financed primarily by user charges or activities where periodic measurement of net income is appropriate for capital maintenance, public policy, management control and other purposes. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and the Statement of Activities. The City's enterprise funds (a component of proprietary funds) are the same as the business-type activities reported in the government-wide statements, but provide more detail and additional information, such as cash flows, for proprietary funds.
- **Fiduciary funds:** The City is the trustee, or fiduciary, for its pension and other employee benefit trusts and various miscellaneous private purpose trusts. All of the City's fiduciary activities are reported in separate Statements of Fiduciary Net Assets and Changes in Fiduciary Net Assets in Exhibits C-1, C-2 and H-1. These activities are excluded from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Notes to the Financial Statements

The notes which follow Exhibits 1 through D-2 provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information to demonstrate legal budgetary compliance for each major fund for which an annual budget is adopted. Required supplementary information is presented in Exhibit E-1.

Combining and Individual Fund Statements and Schedules and Miscellaneous Financial Data

Combining schedules provide detail in connection with nonmajor governmental funds and nonmajor enterprise funds. Individual fund statements provide greater detail, presented as compared with the final amended budget for the General Fund, and each nonmajor special revenue fund. Capital Projects are also presented in detail by major category (i.e. streets, sewers) within the Miscellaneous Financial Data Section. See Exhibits F-1 through I-9.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

As year-to-year financial information is accumulated on a consistent basis, changes in net assets may be observed and used to discuss the changing financial position of the City as a whole. The net assets and net expenses of governmental and business-type activities are depicted separately below. Table 1 focuses on the net assets and Table 2 focuses on the changes in net assets.

Net assets of the City's governmental activities decreased 17.8% to \$307.2 million for 2008. These net assets are restricted as to use in the amount of \$143.9 million or are invested in capital assets in the amount of \$559.3 million (buildings, roads, bridges, etc) less any related debt used to acquire those assets that is still outstanding. The City uses these assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The unrestricted net assets deficit (\$396.1 million) at the end of the year does not mean that the City does not have adequate financial resources available to pay its bills next year. Instead, it is because the City's annual budgets do not include the full amounts needed to finance future liabilities arising from property and casualty claims, and to pay for unused employee vacation and sick days, and debt not issued for City capital assets. The City will include these amounts in future years' budgets as they come due.

The net assets of business-type activities increased 2.1% to \$665.1 million in 2008. The City generally can only use these net assets to finance the continuing operations of the specific enterprise activity it relates to.

Long-term obligations for both governmental and business-type activities increased 12.5% and 6.3% respectively from 2007 due primarily by an increase in the issuance of long-term debt and the recording of the OPEB obligation.

Total assets, including capital assets increased \$102.2 million or 4.1% from 2007. Capital assets of the primary government increased 2.9% from the previous year. For 2008, the Water Works and the Sewer Maintenance Funds have 92% of the City's total capital assets related to business-type activities. These are the City's two largest enterprise funds (business-type). The Water Works capital assets (51%) consist primarily of water mains and related water facilities and plants; and, the Sewer Maintenance Fund (41%) includes all the various sewer mains and connections.

Changes in net assets. The calculation of revenues less expenses is the change in net assets. The City's total program and general revenues totaled \$753.7 million for the governmental activities. Of revenues, 34% comes from property and other taxes and 46% comes from intergovernmental revenues (state aids, federal and state grants). Charges for services category represents only 12% of the total revenues, and the remaining 8% coming from licenses, permits, fines and forfeits and miscellaneous other sources.

The City's governmental activity expenses cover a range of services, with 37% related to public safety (fire and police, neighborhood services). The City's general expenses exceeded its program revenues for governmental activities by 81%; total general revenues combined with program revenue and transfers resulted in a negative change in net assets of \$66.6 million or 7.8% of total general expenses for governmental activities. The margin for business-type activities had 30.9% of program revenues greater than expenses and a 6.7% margin of total revenues more than expenses and transfers out. Chart 1 Expenses and Program Revenues – Governmental Activities and Chart 2 Expenses and Program Revenues – Business-type Activities depict this comparison.

Governmental Activities

Revenues for the City's governmental activities were \$753.7 million, while total expenses were \$858.4 million for 2008. All revenues, excluding transfers, are supporting 87.8% of the total expenses; 92.2% with transfers. Comparable data for 2007 indicates 90.6% of all revenues, excluding transfers supported the 2007 expenses and, 95% with transfers.

Property taxes represent 34.1% of the total revenues for 2008 compared to 32.4% for 2007; a 5.6% increase in this category. The increase in revenues is primarily due to an increase in collections; however, the City of Milwaukee's share of the Tax Rate increased two cents (from \$7.99 in 2007 to \$8.01 in 2008 [per \$1,000 of Assessed Value]). State aids for the General Fund of \$271.1 million decreased from 2007 by \$1.4 million or .5%. The combined property taxes and state aids comprised approximately 70.1% of the total revenues for governmental funds in 2008 compared to 68.7% in 2007. Charges for services equaled 11.5% of the total revenues in 2008 compared to 10.2% in 2007.

CITY OF MILWAUKEE
MANAGEMENT'S DISCUSSION AND ANALYSIS
 FOR THE YEAR ENDED DECEMBER 31, 2008

Governmental activities had expenses increase 3.4% in 2008 to \$858.4 million from \$829.8 million in 2007. Expenses for general government, which comprise 24.3% of the total expenses, increased 1.9% in 2008. Public safety expenses represent the largest category of governmental activities or 36.7% of the total expenses for 2008 which is an increase of 5.8% over 2007. Due to the excessive snowfall during 2008, public works expenses increased 10.7% over 2007.

Table 3 presents the cost of each of the City's largest programs as depicted in the Chart 1 above, as well as each program's net costs (total cost less the revenues generated by the activities). General government includes most city departments, such as: Mayor, Common Council, Administration, Employee Relations, Municipal Court, City Attorney, Comptroller and Treasurer. Public safety includes Fire, Police and Neighborhood Services. The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

The Table 3 above indicates that the cost of services not funded with direct program revenue for governmental activities increased in 2008 to \$694.9 million from \$678.2 million in 2007 or 2.5% change. For 2008, Public Safety's net cost of services represents the largest category of total expenses at 40.8%, an increase of 4.5% in net cost of services compared to 2007. The total costs of services for all governmental activities increased overall by 3.4%. This indicates that total program revenue for the purposes is not increasing in proportion to the total cost of governmental services.

Business-type Activities

The three major enterprises or business-type activities are water, sewer maintenance and parking operations. The Water Works had operating expenses of \$63.4 million and operating income of \$10.2 million. The Sewer Maintenance had operating income of \$20.0 million after generating expenses of \$20.7 million. The City parking facilities operating expenses during 2008 were \$24.5 million with net operating income of \$19.1 million.

Total revenues on Table 2 shows an increase of \$19 million in 2008 compared to 2007, or 9.7%. Total expenses and transfers of all enterprise funds of the City increased \$10.9 million, from \$190.4 million in 2007 to \$201.3 million in 2008. This resulted in a change in net assets activity for the year 2008 of an increase of \$8.2 million compared to 2007. The 2008 year-end Total Net Assets increased by \$13.4 million or 2.1%.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

The City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds

Governmental Funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. In particular, the Reserved for Tax Stabilization in the General Fund may serve as a useful measure for the City's net resources available for financing subsequent year's budget to help stabilize the tax rate. Types of Governmental Funds reported by the City include the General Fund, Special Revenue Funds, Debt Service Funds and Capital Project Funds.

As the City completed the year, its Governmental Funds (as presented in the balance sheet on Exhibit A-1) reported a combined fund balance of \$202.9 million, an increase of \$17.8 million or 9.6% over last year. A major contributor to this increase was the issuance of additional general obligation debt in the Capital Projects Funds. As a result, the expenditures for various capital projects in advance of the issuance of debt produced a beginning of year net fund deficit of \$67.2 million but improved to a deficit fund balance at year end 2008 of \$37.4 million. Debt issued for capital projects totaled \$124.7 million in 2008 compared to \$21.3 million in 2007. At year end, the capital projects with a fund deficit were Bridges (\$1,922,000), Library (\$123,000), Public Buildings (\$1,450,000), Sewers (\$1,833,000), Urban Renewal (\$851,000), Streets (\$3,911,000), and Tax Incremental Districts (\$16,526,000). The fund balance deficit of \$12,158,000 for special assessment capital projects remained relatively unchanged. This deficit is due to the financing of capital projects prior to the issuance of the special assessment bills. If over \$125, these bills are payable over six years. Other capital projects such as fire, playgrounds and recreation, police and special projects netted a positive fund balance at year end of \$1,423,000.

The total reserves of the General Fund decreased 19.7% to \$73.0 million from \$90.9 million in 2007. Of this amount, \$22.4 will finance the 2009 budget, with \$20.0 available for 2010 and subsequent years' budgets. The year 2007 showed a \$14.3 million reduction.

Chart 3 and 4 graphically depict the spending by function and revenues by source for all governmental funds. Revenues for governmental functions overall totaled \$753.9 million in the fiscal year ended December 31, 2008, which represents an increase of approximately 0.8% compared to the fiscal year ended December 31, 2007. Expenditures for governmental funds totaled \$1,014.7 million, an increase of 3.6%. In the aggregate, expenditures exceeded revenues by \$260.8 million, or approximately 34.6%. Other financing sources closed the gap, leaving a total net increase in governmental fund balances of \$17.8 million for the year compared to a decrease of \$85.5 million in 2007. Other financing sources include proceeds from issuance of debt, transfers from enterprise funds and receipt of loans receivable transferred from the Neighborhood Improvement Development Corporation component unit.

Major Governmental Funds

The General Fund is the City's primary operating fund and the largest funding source for day-to-day services. The fund balance of the General Fund decreased by \$17.8 million or 19.6%. Revenues and other financing sources totaled approximately \$695.1 million and expenditures and other financing uses totaled approximately \$712.9 million - detailed in Table 4 below. While revenues remained consistent with the prior year (increasing by 0.77% over 2007), expenditures increased 2.6% over 2007, with expenditures exceeding revenues by 11.6%. Other Financing Sources (consisting of debt proceeds and transfers in from other funds), exceeded Other Financing Uses (consisting of transfers out to other funds) by \$46.5 million. In addition, \$29.5 million was withdrawn from the Reserve for Tax Stabilization to fund the 2008 General Fund budget. This was an increase of \$6.3 million from 2007.

Total General Fund revenues for 2008 totaled \$556.5 million. The largest revenue category is intergovernmental at \$271.1 million with 48.7% of the total revenue. The second largest revenue source is Property Taxes with \$141.6 million or 25.4%. Charges for Services, which includes revenues for services provided by City departments, comprises 15.5% or \$86.4 million. These three categories combined comprise 89.7% of the total revenues for 2008. The largest increase in revenues compared to 2007 was the Charges for Services category with a 13.0% increase.

The following table (Table 4) presents a summary of revenues and expenditures of the General Fund compared to prior year:

Beginning in 2006, the City began issuing General Obligation Cash-Flow Promissory Notes rather than Revenue Anticipation Notes in advance of receipt of the State Shared Revenues. For 2008, \$90 million was issued. With the receipt of these revenues, an amount equal to the debt was transferred to the Debt Service Fund (the legal fund established to pay the debt).

The City maintains two separate Debt Service Funds. The General Obligation Debt Fund accounts for resources accumulated and payments made for principal and interest on the City's outstanding long-term general obligation debt. The Public Debt Amortization Fund is governed by State Statutes Section 67.101 whereby accumulated resources can be used for the

retirement of the public debt. The General Obligation Debt Service Fund increased its fund balance from \$56.8 million to \$71.2 million or 25.5%. Total revenues of the General Obligation Debt Service increased from \$88.1 million in 2007 to \$102.0 million in 2008. Revenues combined with *Other Financing Sources* totaled \$247.7 million; expenditures combined with *Other Financing Uses* totaled \$233.2 million; resulting in a *Net Change in Fund Balance* for year end 2008 of \$14.5 million. The Public Debt Amortization Fund showed a decrease of 14.8% from \$70.2 million to \$59.8 million at year-end for its fund balance due to net transfers out of \$17.8 million combined with an overall increase of total revenues over expenditures of \$7.4 million.

Capital Projects Funds are used to account for the financial resources segregated for the acquisition, construction, or repair of major capital facilities other than those financed by proprietary funds. At year end, 2008 showed a fund balance deficit of \$37.4 million (an increase in the fund balance of \$29.8 million compared to a fund balance deficit of \$67.2 million in 2007). In 2008, total debt proceeds amounted to \$124.7 million as compared to \$21.3 million in 2007, a 485.5% increase. Total revenues decreased 28% from \$26.8 million to \$19.8 million; expenditures decreased from \$127.3 million to \$114.8 million or 9.8%. The issuance of bonds and notes during 2008 for capital purposes combined with revenues and transfers were sufficient to cover the current year's expenditures in total and thereby reduced the 2008 year end deficit in fund balance by \$29.8 million.

Proprietary Funds

The proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status, but in more detail.

At the end of the fiscal year, the total unrestricted net assets for all enterprise funds were \$47.1 million. This was a decrease from \$60.6 million at December 31, 2007 or 22.3%. This decrease consists of \$8.4 million in Water Works, \$7.4 million in Sewer Maintenance, and offset by an increase of \$0.8 million in Parking and \$1.5 million in the nonmajor enterprise funds.

Total operating revenues of the enterprise funds increased 8.6% from 2007 - \$186.8 million to \$202.9 million in 2008; total operating expenses increased to \$152.9 million in 2008 from \$143.7 million in 2007 or 6.4%. The Water Works is the largest enterprise activity for the City, comprising approximately 36.2% of the total operating revenues. The Sewer Maintenance Fund comprises 20.1% of the total operating revenues. Both funds primarily bill customers based on water consumption. For 2008 Water Works and Sewer Maintenance operating revenues increased 1.4% and 7.9%, respectively; all other enterprise funds combined increased by 15.9%. Water Works nonoperating revenues for 2008 are mainly composed of interest income. Investment income decreased by 60.7%, or \$1,037,000 from 2007. Other miscellaneous nonoperating revenue also decreased from \$304,000 to \$194,000 in 2008. These miscellaneous revenues (fees for servicing of branch water mains and water tapping services) decreased 36.2% from 2007.

The Water Works incurred total operating and nonoperating expenses of \$64.6 million for 2008 compared to \$62.1 million for 2007. Excluding depreciation expense, operating expenses increased over the previous year by \$2.5 million or 5.3%. The nonoperating expenses (interest expense) of the Water Works decreased by \$193,000 due to the declining principal balances on outstanding debt.

Excluding the Water Works, total operating expenses of all other enterprises funds increased 7.9% over 2007.

General Fund Budgetary Highlights

Over the course of the year, the Common Council adopted five resolutions which increased the General Fund appropriations due to greater than anticipated revenues. These increased budgets provided departments additional appropriation authority due to revenue increases related to the additional spending. These appropriations were: \$116,059 and \$58,030 for the Department of City Clerk funding support of City Cable Channel equipment upgrades and other cable purposes; \$188,956 for the Department of Public Works from a Federal Emergency Management Agency (FEMA) grant to address a spring flood; \$440,650 for snow and ice removal costs for the February 2008 snow storm, and \$2,025,000 due to a rate increase relating to snow and ice control and apartment garbage collection fees.

The original budget for expenditures includes the adopted budget plus the encumbrances carried over from 2007 less the encumbrances carried over to 2009. The final budget includes the original budget as defined plus appropriations authorized for carryover from 2007 by the Common Council less those appropriations authorized for carryover to 2009. In addition, certain appropriations are budgeted in a general non-departmental account (i.e. contingency) and are only transferred from this non-departmental appropriation account to specific departments to expend after authorization by the Common Council. These appropriation adjustments are part of the final budget. As detailed in Required Supplementary Information Section,

CITY OF MILWAUKEE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2008

Exhibit E-1 shows both the original 2008 General Fund expenditure budget of \$592.1 million and the final budget of \$600.0 million. This is a 2.3% increase over the final 2007 budget of \$586.5 million. The original General Fund revenue budget totaled \$535.6 million with the final budget increasing by \$2.8 million to \$538.4 million. This is a 2.6% increase over the final 2007 revenue budget of \$525.0 million.

For the fiscal year ended December 31, 2008, the General Fund revenue budget exceeded actual revenues by \$3.5 million. However, actual 2008 General Fund revenues exceeded that of the prior year. General Fund actual revenues totaled \$556.5 million in 2008, a \$4.2 million (+0.8%) increase over 2007. Property Taxes and Charges for Services increased by 3.2% and 13.0%, respectively. Noteworthy increases over 2007 actual revenue include a \$9.9 million increase in Charges for Services (\$3.6 million in snow and ice removal fees and \$0.9 million in pavement cut services provided to the Water Works and Sewer Maintenance enterprise funds). All other categories (Other Taxes, Licenses and permits, Intergovernmental, Fines and forfeits and Other) decreased in ranges of 0.5% to 31.9% for a total decrease of \$9.2 million. A major "Other" revenue decrease was interest on investments, declining by \$6.0 million or 31.9%. The average interest earnings rate was 2.743% compared to 5.095% in 2007 with a decrease in the average investable balance from \$244.2 million in 2007 to \$218.2 million in 2008.

The year 2008 also produced an unexpended budget surplus of \$1.2 million. The general government category contributed \$2.8 million; public works reduced the surplus by \$2.5, and public safety, health culture and recreation and conservation and development, in the aggregate, added \$.9 million. Of the \$2.8 million saved by general government departments, \$.4 million was saved by City Attorney collection contract due to unrealized claims. The combined savings from the Comptroller, Employees' Retirement and Department of Employee Relations resulted in a surplus in various fringe benefit costs that were allocated to capital projects rather than to general fund accounts, and thus saved \$1.1 million for the year. The Employees' Retirement incurred a budgetary savings of \$.3 on Group Life Insurance Premiums due to reduced salary levels. Minor savings in other general government departments make up the remaining savings of \$1 million. The Department of Public Works Operations Department incurred a deficit of \$2.6 million relating to snow removal and cleanup efforts. December 2008 was another record setting year for snowfall.

The General Fund Schedule of Expenditures-Budget and Actual (Exhibit I-9) details current year expenditures by department.

The City's General Fund's beginning fund balance of \$90.9 million as reported on the General Fund Statement of Revenues, Expenditures and Changes in Fund Balance differs from the General Fund's budgetary fund balance reported in the budgetary comparison schedule by the amount of the budgeted withdrawal from the Reserve for Tax Stabilization of \$29.5 million. Also, for 2008, expenditures of the Public Works category exceeded appropriations in the General Fund in the net amount of \$2.5 million. Of this amount, the Department of Public Works-Operations Division's snow plowing operations were overdrawn \$2.6 million. The Council has approved the issuance of short-term promissory notes to fund this deficit in 2009.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The City's capital assets for governmental and business-type activities as of December 31, 2008 total \$1,711.1 million (net of accumulated depreciation). Capital assets include land, buildings, infrastructure, improvements other than buildings, machinery and equipment, furniture and furnishings, non-utility property, and construction in progress. The total increase in the City's capital assets for the current fiscal year was \$47.8 million or 2.9%. Governmental activities' capital assets increased \$13.5 million or a 1.4% increase from 2007. Business-type activities' capital assets increased \$34.3 million or 4.8% at the end of 2008. A schedule comparing the assets by type for 2007 and 2008 for both governmental and business-type activities is depicted in Table 5 below. The net change in assets as detailed in Note 4 reports that additions were \$26.2 million and deletions were \$12.7 million for 2008 for governmental activities. The Sewer Maintenance Fund had a net change in capital assets that resulted in an increase of \$25.5 million. Of the sewer maintenance fund's net assets at year end, 84.3% relate to the sewer mains infrastructures. Infrastructure net assets of the Water Works comprise 65.9% of its total net assets with 27.8% consisting of machinery and equipment. The total net change in all water works net assets was an increase of 1.8%.

Debt issued to finance tax incremental districts (TID) consists of \$157.9 million outstanding at year end. The majority of these expenditures have no related assets for TID, so net increases in TID debt reduce unrestricted net assets by an equal amount. In addition, debt issued for school purposes at year end was \$87.8 million. The Milwaukee Public Schools (MPS) is a separate governmental entity. By State Statutes, MPS cannot issue its own debt. As a result, the City issues debt for schools purposes. The City has the option of providing funds from its treasury or issue debt to finance school construction, operations and/or maintenance. The City chooses to issue debt. The MPS's assets are not an asset of the City and, as a result, reduced unrestricted net assets by an equal amount.

Debt

At year-end, the City had \$760.6 million in general obligation bonds and notes, \$49.7 million in State loans, and \$61.2 million in revenue bonds outstanding as itemized in Table 6.

New debt (excluding refunding bonds) issued for general obligation bonds and notes totaled \$239.0 million, of which \$1.6 million related to Sewer Maintenance, Parking, and Port Enterprises.

The City continues to maintain high investment grade ratings from the three major rating agencies. A rating of AA+ from Fitch Ratings, AA from Standard and Poor's Corporation, and Aa2 from Moody's Investors Service, Inc, were received on the City's July 2008 general obligation bonds issues.

The City's gross general obligation debt per capita, excluding enterprise fund debt, was \$1,038 at the end of 2007, and \$1,127 at the end of 2008; a 8.6% increase from the prior year. As of December 31, 2008, the City's outstanding net general obligation debt for governmental activities was 2.09% of the City's total taxable value of property. (Statistical Section - Table 9) The legal debt limit is 7% of equalized property value, including Milwaukee Public Schools debt, which also is issued by the City. Excluding the 2% limit on School debt, the City has a 5% legal debt limit and has reached about 43.2% of this limit. The City issues general obligation notes to purchase a portion of General Fund delinquent taxes. During 2008, notes were issued in the amount of approximately \$21.1 million. Collections on these taxes and related interest will be used to meet the related debt service requirements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Total property taxes levied for all funds of the City in 2008 for 2009 purposes increased \$.08 per thousand dollars of assessed valuation to a rate of \$8.09. The 2007 for 2008 rate increased \$.02 (from \$7.99 to \$8.01).

The property tax levy will provide \$123.7 million revenue for the general city purposes budget in 2009. This represents an increase of \$19.7 million from 2008 or 18.9%. The total City tax levy increased from \$227.5 million for 2008 to \$237 million for 2009 or a \$7.4 million increase. The 2009 budget includes \$87.2 million in revenue from charges for services, an increase of \$6.6 million. This category of funding encompasses revenue received for services provided by City operating departments. The Solid Waste Fee is the largest revenue source in this category and is expected to generate \$28.5 million for 2009. This fee represents 32.7% of the total charges for services in the 2009 budget. The Street Sweeping and Leaf Collection Fee is expected to generate \$10.1 million for 2009; a 102% increase from 2008 due to a rate increase. This Fee now comprises 11.5% of the total charges for services for 2009 compared to 6.2% in 2008.

Estimated intergovernmental revenues, primarily from the State of Wisconsin, are projected to total \$272.3 million; a slight increase of \$1 million from 2008 or less than one-half of one percent.

The 2009 adopted City Budget is about \$1.4 billion with the budget for the General Fund at \$667.1 million. The General Fund budget increased 3.9% over the 2008 budget of \$642.1 million. In 2009, the City will expend \$114.9 million for health insurance and related costs compared to \$109.9 million budgeted for 2008, an increase of 4.6%. Another major increase from 2008 is the cost of salaries and wages, including pending labor contract settlements and cost of living rate increases, direct salaries, vacation pay, holiday pay and other salary related payments. This increase totals \$13 million over 2008, or a plus 3.6%. Estimated Full-time Equivalent (FTE) employment for all General Fund departments reflects a decrease of 66 FTE with the Fire Department having a decrease of 36 FTE and the Library Department decreasing by 21 FTE's for 2009.

The City remains in sound financial condition, as demonstrated by the financial statements and schedules included in this report. However, the General Fund reserve for tax stabilization decreased from its 12/31/07 balance of \$62.7 million to \$42.4 million at 12/31/08. With expected limitations on additional state shared revenues, a potential increase in the City contribution to the Employees Retirement System and record snowfalls resulting in a shortfall for this purpose of over \$2.6 million, the City is currently taking action to restrain spending and increase revenues in 2009. Initiatives include a hiring freeze, significant fee increases and a mandatory furlough during 2009. This plan is further explained in the Letter of Transmittal section of this report.

The unemployment rate for 2008 is 7.9%, a 21.5% increase over the previous year. The per capita income for the most recent fiscal year available (2007) was \$35,852 - a 5.1% increase from 2006.

CITY OF MILWAUKEE
**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES**
FOR THE YEAR ENDED DECEMBER 31, 2008
(Thousands of Dollars)

Exhibit A-4

Net change in fund balances - total governmental funds (Exhibit A-3)	\$ 17,782
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay (\$60,561) exceeded depreciation expense (\$46,556) in the current period less loss on disposals (\$473)	13,532
Notes and loans receivable to repay long-term bonds and notes	(1,074)
Revenues in the statement of activities that do not provide current financial resources are reported as deferred revenue in the funds.	
Taxes accrued in prior years	\$ 1,827
Special assessments deferred revenue beginning of the year \$13,930 less deferred at end of the year \$12,922	<u>(1,008)</u>
	819
The issuance of long-term debt (bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	
Debt issued:	
Bonds and notes issued	(237,368)
Issuance premiums	(3,694)
Repayments:	
Principal retirement	181,102
Bond issuance costs	147
Amortization:	
Issuance costs	(418)
Premiums	6,587
Deferred amount on refunding	<u>(1,256)</u>
	(54,900)
Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather as it accrues. The adjustment combines the net changes of the following balances.	
Compensated absences	(424)
Net other postemployment benefits obligation	(38,828)
Claims and judgments	(3,445)
Accrued interest on bonds and notes	<u>(62)</u>
	<u>(42,759)</u>
Changes in net assets of governmental activities (Exhibit 2)	<u>\$ (66,600)</u>

The notes to the financial statements are an integral part of this reconciliation.

CITY OF MILWAUKEE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying basic financial statements have been prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting policies.

A. Reporting Entity

The City of Milwaukee (the "City") was incorporated on January 31, 1846, and operates under a Council-Mayor form of government. These financial statements present the City (the primary government) and other organizations, including component units, for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The component units discussed below are legally separate organizations for which the elected officials of the City are accountable. The City is considered financially accountable if it appoints a voting majority of the organization's governing body and is able to impose its will on the organization, or there is a potential for the organization to provide specific financial benefits to or burdens on the City. The City may be financially accountable if an organization is fiscally dependent on the primary government.

Discretely Presented Component Units

The component units columns in the government-wide financial statements includes the financial data of the City's component units. They are reported in a separate column to emphasize that they are legally separate from the City. The City has the following discretely presented component units:

Housing Authority - This entity is used to account for the Federal and State grants relating primarily to low-income housing and rental assistance programs. The entire governing board is appointed by the Mayor of the City. The daily operations of the Housing Authority of the City of Milwaukee (HACM) are managed by City employees.

Redevelopment Authority - The Redevelopment Authority of the City of Milwaukee (RACM) is responsible for activities related to the prevention and elimination of blighted conditions in the City. The City appoints all members of the Board and approves the budget.

Milwaukee Economic Development Corporation - The Milwaukee Economic Development Corporation (MEDC) is a non-profit organization formed to promote economic development within the City. The principal objective of the corporation is to benefit the community by fostering increased employment through expansion of business and industry within the metropolitan Milwaukee area. MEDC's primary source of funds is interest on loans originally granted through the City.

Neighborhood Improvement Development Corporation - The Neighborhood Improvement Development Corporation (NIDC) is a nonprofit organization established to promote reinvestment in both housing and commercial structures within the City. NIDC programs encourage private lending institutions and property owners to make improvements to the community's homes and businesses. Corporate officers of NIDC are provided by the City and daily operations are managed by City employees.

Financial statements of the individual component units can be obtained from their respective administrative offices. Addresses of the component units are as follows: HACM, 809 North Broadway, 3rd Floor, Milwaukee, Wisconsin 53202; RACM, 809 North Broadway, 2nd Floor, Milwaukee, Wisconsin 53202; MEDC, 809 North Broadway, 2nd Floor, Milwaukee, Wisconsin 53202; and NIDC, 841 North Broadway, Room 105, Milwaukee, Wisconsin 53202.

The basic financial statements exclude the accounts of the Wisconsin Center District, Milwaukee Public Schools, the Milwaukee Metropolitan Sewerage District, World Festivals Inc. ("Summerfest") and the Employees' Retirement System of the City of Milwaukee, because these entities operate with separate governing boards and do not meet the criteria established by the GASB Statement 14 as component units of the City. The Milwaukee Metropolitan Sewerage District (MMSD) is a special purpose municipal corporation created to provide sewerage treatment services in the Milwaukee metropolitan area. The City is responsible for paying usage charges within its jurisdiction. These amounts, in turn, are billed by the City to its water customers. The City has no equity interest in MMSD. Financial statements for MMSD can be obtained from its administrative office.

Related Organizations

Milwaukee Area Workforce Investment Board

The Milwaukee Area Workforce Investment Board (MAWIB) was established to provide job training, employment services, and workforce development within Milwaukee County. MAWIB acts as the recipient, dispenser, and administer of funding provided under the Workforce Development Act for Milwaukee County.

The Governor designated the Mayor of the City of Milwaukee as Milwaukee County's chief local elected officer for the Workforce Investment Act of 1998. The directors of the MAWIB are appointed by the Mayor in accordance with the Workforce Investment Act. The City is not legally obligated for any of MAWIB obligations or debt. The City is not entitled to access funds of the Milwaukee Area Workforce Investment Board.

B. Basis of Presentation

Government-wide Statements. The government-wide statement of net assets and statement of activities report the overall financial activity of the City, excluding fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities of the City. These statements distinguish between the *governmental* and *business-type* activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (a) fines, fees, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements. The fund financial statements provide information about the City's funds, including fiduciary funds. Separate statements for each fund category—governmental, proprietary, and fiduciary are presented. The emphasis on fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The City reports the following major governmental funds:

General Fund – The General Fund is used to account for all financial resources, except those required to be accounted for in another fund.

General Obligation Debt – This fund accounts for the resources accumulated and payments made for principal and interest on the City's outstanding long-term general obligation debt.

Public Debt Amortization – This fund accounts for one-third of all interest on general City investments and interest on Fund investments for the retirement of debt. The Public Debt Amortization Fund is governed by Section 67.101 of the Wisconsin Statutes for the retirement of the public debt. See Note 7 for further discussion.

Capital Projects Fund – The Capital Projects Fund is used to account for the financial resources segregated for the acquisition or construction of major capital expenditures other than those financed by proprietary funds.

CITY OF MILWAUKEE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2008

The City reports the following major enterprise funds:

Water Works – All activities necessary to provide water services to residents of the City and outlying areas. Fund activities include administration, billing and collection, operations, maintenance and financing.

Sewer Maintenance – This fund accounts for the maintenance of the City's sewer system. Wisconsin State Statutes Section 66.076, permit municipalities to implement sewer fees to recover the costs of operation, maintenance, repair, and depreciation of sewer collection and transportation facilities. Sewer maintenance costs are recovered through a user fee rather than through the property tax.

Parking – This fund accounts for revenues derived from parking meters, parking permits, rentals and leasing of parking facilities, and other revenues attributable to parking. The revenues are used to defray administrative and operational costs related to parking operations, and to acquire landscape and construct parking lots and structures.

Additionally, the City reports the following fiduciary fund types:

Pension and Other Employee Benefit Trusts – This fund accounts for resources for employee flexible spending plans.

Private Purpose Trust – These funds account for resources legally held in trust for use by various individuals, governmental entities, and nonpublic corporations. All resources of these funds, including any earnings on invested resources, may be used to support each trust's initiatives.

Agency – These funds account for taxes and deposits collected by the City, acting in the capacity of an agent, for distribution to other governmental units or designated beneficiaries.

C. Basis of Accounting

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Non-exchange transactions, in which the City receives value without directly giving equal value in return, include property tax revenue, grants, and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance, which is the year after the taxes are levied. Taxes levied in 2008 that will be collected in 2009 are recorded as receivable and deferred revenue. Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Revenue from grants and other contributions are recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the City must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the City on a reimbursement basis.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues, excluding property taxes, to be available if they are collected within 90 days of the end of the current year. Property taxes are considered to be available if they are collected within 60 days of the end of the current year. Expenditures generally are recorded when the liability is incurred, as under accrual accounting. However, principal and interest on general long-term debt, claims and judgments, and compensated absences are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Significant revenue sources, which are susceptible to accrual include property taxes, state shared revenues, grants, contributions, and interest. All other revenue sources including licenses, permits, fines, and forfeits are considered to be measurable and available only when cash is received.

CITY OF MILWAUKEE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2008

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989 are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the GASB. The City also has the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

D. Cash and Cash Equivalents

For purposes of the statements of cash flows, all highly liquid investments (including restricted cash and investments) purchased with a maturity of three months or less are considered to be cash equivalents. The City manages a cash and investment pool to maximize return on funds while providing liquidity to meet day-to-day obligations. Each fund's equity in the City's investment pool is considered to be a cash equivalent, since the funds can deposit or effectively withdraw cash at anytime without prior notice or penalty. The Housing Authority considers amounts on deposit with fiscal agents to be investments and not cash equivalents due to their restrictive nature.

E. Investments

Investments, primarily consisting of fixed income securities, are reported at fair value based on quoted market prices. Commercial paper, which is short term, defined as having an original maturity of one year or less, and highly liquid is carried at amortized cost. Investment transactions are recorded on the trade date. Under Wisconsin Statutes, one-third of all interest on pooled cash and investments is allocated to the Public Debt Amortization Fund. The remaining two-thirds is credited to the General Fund. Each fund type's portion of pooled cash and investments is included in the cash and cash equivalents line on the Statement of Net Assets/Balance Sheet.

Wisconsin Statutes permit the City to invest funds not immediately needed in any of the following:

- Time deposits maturing within three years in any credit union, bank, savings bank, trust company, or savings and loan association, which are authorized to transact business in the State of Wisconsin.
- Bonds or securities issued or guaranteed by the Federal government.
- Bonds or securities of any county, city, drainage district, technical college district, village, town, or school district of the State of Wisconsin, as well as bonds issued by a local exposition district, a local professional baseball park district, or the University of Wisconsin Hospitals and Clinics Authority.
- Local Government Investment Pool - Investment Fund of the State of Wisconsin. The Local Government Pooled Investment Fund is an external investment pool administered by the State of Wisconsin. The fair value of the City's investment in the fund is the same as the value of the pooled shares. Although not subject to direct regulatory oversight, the fund is administered in accordance with the provisions of Section 25.50 of the Wisconsin Statutes.
- Repurchase agreements with public depositories, if the agreement is secured by federal bonds or securities.
- Any Security that matures or that may be tendered for purchase at the option of the holder within not more than seven years of the date on which it is acquired, if that security has a rating, which is the highest or second highest rating category assigned by Standard & Poor's Corporation, Moody's Investors Service, Inc., or other similar nationally recognized rating agency or if that security is senior to, or on a parity with, a security of the same issuer which has such a rating.
- Securities of open-end management investment companies or investment trusts (mutual funds) if the portfolio is limited to (a) bonds and securities issued by the federal government or a commission, board, or other instrumentality of the federal government, (b) bonds that are guaranteed as to principal and interest by the federal government or a commission, board, or other instrumentality of the federal government, and (c) repurchase agreements that are fully collateralized by these bonds or securities.

CITY OF MILWAUKEE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2008

F. Property Taxes

Property taxes are recorded as receivables and deferred revenues in the taxing fund in the year levied because the taxes are restricted to funding the succeeding year's budget appropriations. Property tax payments received prior to year-end are also reflected in the taxing fund. Property taxes are recognized in the appropriate funds as revenues in the succeeding year when they are collected and available to finance City services. If not collected at year-end, the delinquent property taxes are reflected as receivables and deferred revenues. Delinquent property taxes and related interest are recognized as revenues when collected.

The allowance for uncollectible property taxes is based on an analysis of the delinquent property taxes and, in management's judgment, represents an amount adequate to provide for potential uncollectible taxes. The allowance is increased by provisions charged against revenues and is reduced by taxes receivable written off.

The City, through its Special Revenue Fund - Delinquent Tax, issues general obligation short-term promissory notes to finance the purchase of the most recent delinquent taxes from its General Fund. Collections on these delinquencies are used for the associated debt service requirements.

G. Accounts Receivable

Accounts receivables are presented net of allowances. The amount of the General Fund allowance as of December 31, 2008 is \$2,280,000.

H. Unbilled Services

Unbilled water and sewer services at year-end are recognized as revenues and receivables in the accompanying financial statements.

I. Special Assessments

Special assessments consist of capital projects constructed through non-special assessment debt. In governmental fund financial statements, special assessments are recorded as receivables and deferred revenues when the related capital outlays are made and are recorded as revenues when due and payable. In the government-wide financial statements, special assessments are recorded as receivables and capital contribution revenue when the capital outlays are made. All special assessments are due when billed and may be paid on an installment basis with interest. Special assessment receivables that become delinquent are added to the general tax roll. The method of enforcing collections is the same as for general city taxes with like force and effect.

J. Notes and Loan Receivables

The General Fund, the Special Revenue Fund - Community Development Block Grant, and Neighborhood Improvement Development Corporation hold notes and loans receivable from individuals, small businesses, and corporations in the Milwaukee area that are secured by primary or secondary security interests in real estate or other assets. The City periodically analyzes the collectibility of the notes and loans that are not insured and provides allowances as considered necessary. The amount of the allowance in the nonmajor governmental fund is \$9,362,000 as of December 31, 2008.

The City creates tax incremental districts (TID) to issue debt to fund redevelopment projects. Pursuant to a cooperation agreement between the City, the Redevelopment Authority of the City of Milwaukee (Authority), and the Milwaukee Economic Development Corporation (Corporation), the City provides the Authority and the Corporation with the funds necessary to carry out the loan to a private developer to finance the redevelopment projects. Loan repayments to the Authority and the Corporation from the private developer, including interest income as well as other project income, are transferred to the City until the City's loan has been repaid or the TID expires. The City reflects these loans as notes receivable and deferred revenue in governmental fund financial statements based on an amount estimated to be repaid from the Authority and the Corporation.

CITY OF MILWAUKEE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2008

K. Inventories

Inventories of materials and supplies are stated at moving average cost, based upon perpetual recordkeeping systems and periodic cycle counts of quantities on hand. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Inventories in governmental funds are reserved for in fund balance, because inventories are not expendable available financial resources.

L. Prepaid Items

Cash payments benefiting future periods have been recorded as prepaid items. They will be reflected as expenditures or expenses when incurred in the subsequent year. Prepaid items in governmental funds are reserved for in fund balance, because prepaids are not expendable available financial resources.

M. Capital Assets

Capital assets, which includes property, plant, and equipment, and infrastructure, are reported at cost or estimated historical cost. Contributed assets are reported at estimated fair value at the time received. General infrastructure assets, such as roads, bridges, curbs, gutters, streets, sidewalks, and drainage and lighting systems, acquired prior to January 1, 2002 are reported at estimated historical cost using deflated replacement cost. Capital assets are depreciated using the straight-line method. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset's lives are not capitalized.

Major capital outlays for capital assets of business-type activities are included as part of the capitalized value of the assets constructed. Interest expenses incurred during construction were not capitalized as part of the additions to capital assets.

Capitalization thresholds and the estimated useful lives for the City and component units are as follows:

Capital Asset Category	Capitalization Threshold	Estimated Useful Life
Infrastructure	\$ 5,000	5-50 years
Land	5,000	N/A
Land Improvements	5,000	N/A
Site Improvements	5,000	3-50
Buildings	5,000	10-60
Building Improvements	5,000	10-45
Machinery and equipment	5,000	3-25
Works of Art, Historical Treasures	5,000	N/A

N. Pension Contributions

The employer's share of the annual contribution is recorded in the proprietary funds and government-wide financial statements as an expense when the liability is incurred and in the governmental funds as an expenditure when the liability is liquidated with expendable available financial resources.

O. Compensated Absences

The liability for compensated absences reported in the government-wide, proprietary, and fiduciary fund financial statements consists of unpaid, accumulated vacation, and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. The liability has been calculated based on the employees' current salary level and include salary related costs (e.g. social security and Medicare tax). A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

City employees accrue sick leave in accordance with labor agreements or Section 350-37 of the Code of Ordinances.

CITY OF MILWAUKEE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2008

P. Claims and Judgments

The liability for claims and judgments is reported in the government-wide, proprietary, and fiduciary fund financial statements when they are both probable and estimable. A liability for claims and judgments is reported in governmental funds only if they have matured (i.e. are due). The City accrues environmental remediation obligations when related liabilities are probable and reasonably estimable. These accruals generally are recognized no later than completion of a remedial feasibility study and are adjusted as further information develops or circumstances change. Costs of future expenditures for environmental remediation obligations are not discounted to their present value.

Q. Bond Premiums, Discounts, and Issuance Costs

In the government-wide and proprietary fund financial statements, bond premiums and discounts, as well as issuance costs are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums on debt issuance are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. The City records bond premiums for governmental fund types in the General Obligation Debt Service Fund.

R. Advance Refundings of Debt

In the government-wide and proprietary fund financial statements, gains and losses from advance refundings of debt resulting in defeasance are deferred and amortized as a component of interest expense over the shorter of the remaining life of the old debt or the life of the new debt using the effective interest method. Bonds payable are reported net of the applicable deferred amount.

S. Fund Balances

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for specific purposes.

T. Net Assets

In the government-wide and proprietary fund financial statements, equity is displayed in three components as follows:

Invested in Capital Assets, Net of Related Debt – This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – This consists of net assets that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation. When both restricted and unrestricted resources are available for use, generally it is the City's policy to use restricted resources first, then unrestricted resources when they are needed.

Unrestricted – This consists of net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

U. Interfund Transactions

The City has the following types of interfund transactions:

Loans – amounts provided with a requirement for repayment. Interfund loans are reported as interfund receivables (i.e. due from other funds) in lender funds and interfund payables (i.e. due to other funds) in borrower funds. The noncurrent portions of long-term interfund loans receivable are reported as advances.

CITY OF MILWAUKEE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2008

Services provided and used – sales and purchases of goods and services between funds for a price approximating their external exchange value. Interfund services provided and used are reported as revenues in seller funds and expenditures or expenses in purchaser funds. Unpaid amounts are reported as interfund receivables and payables in the fund balance sheets or fund statements of net assets.

Reimbursements – repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them. Reimbursement is reported as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund.

Transfers – flows of assets (such as cash or goods) without equivalent flows of assets in return, including payments in lieu of taxes, and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers. In proprietary funds, transfers are reported after nonoperating revenues and expenses.

V. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

W. New Accounting Pronouncements

In 2008, the City implemented GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. This Statement addresses accounting and financial reporting standards for pollution (including contamination) remediation obligations, which are obligations to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities such as site assessments and cleanups. As a result of implementing this standard, the City recorded a liability for Pollution remediation obligations of \$2,413,000 as of January 1, 2008. This resulted in a reduction of beginning net assets for governmental activities from \$376,168,000 to \$373,755,000.

In June, 2007, the GASB issued Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*. This Statement requires that all intangible assets not specifically excluded by its scope provisions be classified as capital assets. The City will implement this Statement beginning with the year ending December 31, 2010; however, the City does not expect the implementation of the Statement to have a significant impact on its financial statements.

In June, 2008, the GASB issued Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. This Statement addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. The City will implement this Statement beginning with the year ending December 31, 2010; however, the City does not expect the implementation of the Statement to have a significant impact on its financial statements.

In February, 2009, the GASB issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This Statement establishes fund balance classifications that comprise a hierarchy primarily based on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. This Statement provides guidance for classifying stabilization amounts on the face of the balance sheet and requires disclosure of certain information about stabilization arrangements in the notes to the financial statements. This Statement also clarifies the definitions of the general fund, special revenue fund type, capital projects fund type, debt service fund type, and permanent fund type. The City will implement this Statement beginning with the year ending December 31, 2011.

X. Reclassifications

Pooled Deposits and Investments

The City maintains a cash and investment pool (Pool) that is available for use by all the funds, except for Debt Service Funds, Water Works Enterprise Fund, and component entities. Each fund's share of pooled cash and investments is included in the cash and cash equivalents line on the Statement of Net Assets/Balance Sheet.

Custodial Credit Risk – Deposits

Custodial credit risk for deposits is the risk that in the event of a financial institution failure, the City's deposits may not be returned. Per Common Council the City Treasurer shall require collateralization of certificates of time deposit (including interest checking) at financial institutions when the total amount of such certificates of deposit with any institution exceeds the combined insured limit of \$650,000. As of December 31, 2008, the City's bank balances of \$456,000 were subject to custodial credit risk as they were neither insured nor collateralized.

Interest Rate Risk

Interest rate risk is the risk that the fair value of the City's investments will decrease as a result of an increase in interest rates. The City's investment policy does not explicitly limit investment maturities. However, the City manages its exposure to interest risk based on the anticipated cash flow needs of the City and limiting the amount of pooled investments to \$60,000,000 with maturities greater than one year.

Credit risk

Credit risk is the risk that the City will not recover its investments due to the ability of the counterparty to fulfill its obligations. Wisconsin Statutes expressly limit the City to invest in certain allowable investments as listed in Note 1. E. The City's investment policy generally does not further limit its investment choices.

B. Component Units

Deposits and Investments

Deposits in each local and area bank are insured by the FDIC in the amount of \$100,000 for interest bearing accounts and \$100,000 for noninterest bearing accounts. An additional \$400,000 is covered by the State Deposit Guarantee Fund.

Interest Rate Risk

Interest rate risk is the risk that the fair value of the Component Unit investments are exposed to losses as a result of increases in interest rates.

CITY OF MILWAUKEE
NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED DECEMBER 31, 2008

Credit Risk

Credit risk is the risk that an issuer or other counter party to an investment will not fulfill its obligation.

The component units have the following investments on December 31, 2008:

	Investment Maturities (in Years)					
	(Thousands of Dollars)					
	Fair value	Less than 1	1-2	10-15	15 and greater	Credit Rating

	<u>\$ 36,916</u>	<u>\$ 36,040</u>	<u>\$ -</u>	<u>\$ 876</u>	<u>\$ -</u>	

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, the Component Units deposits may not be returned.

As of December 31, 2008 Component Units bank balances exposed to Custodial Credit Risk are as follows:

	Bank Balance	Uninsured and Uncollateralized
Housing Authority	\$ 10,202,248	\$ 2,363,807
Redevelopment Authority	7,355,849	6,253,091
Milwaukee Economic Development Corporation	3,150,405	1,748,566
Neighborhood Improvement Development Corporation	2,093,365	849,165

For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty the component unit will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

As of December 31, 2008, the Housing Authority had investments of \$876,000 exposed to custodial credit risk as neither insured nor registered and held by the counterparty. The Redevelopment Authority had \$8,966,000 of investments exposed to custodial credit risk as uninsured and uncollateralized as of December 31, 2008.

3. PROPERTY TAXES

The City's property taxes are levied on or before December 31, on the assessed (taxable) value as of the prior January 1, for all general property located in the City. Taxes become a lien against the property upon filing the roll in the Office of the City Clerk. This generally takes place in December. The taxes are due January 31, but may be paid in ten monthly installments without interest from January through October. Foreclosure can be commenced after one year from date of delinquency.

The City purchases property taxes receivable from other taxing authorities at the unpaid amounts to facilitate the collection of the taxes. The purchases are a financing arrangement and are not included in property tax revenues. Also, delinquent water and sewer charges and special assessment receivables are transferred to the General Fund at the unpaid amounts.

At December 31, 2008, delinquent property taxes include delinquent sewer and water charges and special assessments by year levied, tax deeded property, and allowance for uncollectible taxes. These delinquent property taxes are reported as part of taxes receivable in the General Fund and Special Revenue Fund - Delinquent Tax and consist of the following:

B. General Obligation Bonds

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities for the City and for Milwaukee Public Schools. General obligation bonds have been issued for both governmental and business-type activities. General obligation bonds are secured by the full faith and unlimited taxing power of the City. The debt for governmental activities will be retired by future property tax levies and other resources accumulated in the Debt Service Funds. The debt for business-type activities (i.e. Water Works, Sewer Maintenance, Parking, and Port of Milwaukee Enterprise Funds) will be retired by revenues from those operations or, if the revenues are not sufficient, by future tax levies. During the year ended December 31, 2008, general obligation bonds totaling \$6,497,505 were issued to finance capital improvements.

Use of Public Debt Amortization Fund for retirement of the public debt is governed by the Wisconsin Statutes. The Statutes provide that when total principal and accrued interest in the Public Debt Amortization Fund is substantially equal to the outstanding general obligation bonds and notes, the resources in the fund shall be applied to make annual interest and principal payments on that debt to maturity. The Statutes provide, in part, that "The Public Debt Commission may, however, at any time, apply the fund, not to exceed in any one year 40% of the balance in said fund on the preceding December 31, to acquire for cancellation general obligation bonds or notes prior to their maturity dates at prices not to exceed principal plus accrued interest to date of maturity, but the fund shall not be decreased below \$2,000,000 as a result of such purchases and cancellations." Principal sources of revenue are one-third of all interest on general City investments and interest on Fund investments. As authorized by the Statutes, the Public Debt Amortization Fund may purchase for investment or for cancellation, notes issued by the General Fund to fund operations.

Through 2008, \$153,109,402 has been borrowed and outstanding for forty-seven tax incremental districts (TID). Total debt service requirements associated with these debt issues amounts to \$198,299,783. Tax increments received through 2008 total \$197,725,798. In any year in which TID debt service requirements for the ensuing year are greater than total tax increments received, the shortfall is funded by the property tax levy.

Under the Wisconsin Statutes, the City is required, if requested by the Board of Milwaukee Public Schools, and if approved by referendum, to issue general obligation bonds to finance purchases of school sites and to construct or remodel school buildings. No such bonds are currently outstanding. The \$87,773,000 of Milwaukee Public School long-term debt outstanding at December 31, 2008 consists of a portion of the City's general obligation bonds and notes that has been designated for school purposes. Under the Wisconsin Statutes, the City has title to the land and buildings of the Milwaukee Public Schools. However, the City does not control the use of the assets or receive the proceeds upon disposition of the assets. At June 30, 2008, the historical costs of the land and buildings as reported by Milwaukee Public Schools was approximately \$975,825,000. These assets are excluded from the financial statements of the City.

NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED DECEMBER 31, 2008

C. Revenue Bonds

The City issues revenue bonds to provide funds for water and sewer improvements. As such, they are not backed by the general credit or taxing powers of the City. During 2008, the City received loans from the State for the Clean Water Fund Program permitted under State Statutes to provide financial assistance for specific Sewer Maintenance Enterprise Fund projects for a total of \$35,848,000. The loans will be repaid from revenues of the Sewer Maintenance Enterprise Fund.

D. Notes Payable

The City issues installment notes to provide funds for various public improvement projects, cash flow for the school district, and purchases of delinquent taxes. During the year ended December 31, 2008, installment loans totaling \$37,125,000 were issued to provide the school district cash flow, finance building projects, and purchase 2007's delinquent taxes.

During 2008, the City issued General Obligation Commercial Paper Promissory Notes 2008 Program Series C2. Notes were issued to finance various public improvements projects and fiscal requirements of the City. The notes are a direct general obligation of the City payable from taxes levied without limitation as to rate or amount. Following is a summary of the General Obligation Commercial Paper Promissory Notes issued (in thousands), which is included in the totals for the general obligation bonds and note in the long-term obligation table in footnote 7(a) above:

Balance 01-01-08	Additions	Deletions	Balance 12-31-08
-	124,600	20,000	104,600

In order to provide a source for payment of the principal and interest on the General Obligation Commercial Paper Promissory Notes, on January 1, 2008, the City entered into an irrevocable letter of credit and reimbursement agreement with a bank. The letter of credit and reimbursement agreement has an authorized maximum draw of \$125 million, and expires on December 1, 2012. Each advance on the letter of credit is due and payable on the 60th day following the date of the draw; however, the agreement allows the bank to make a three-year term loan available upon each advance not repaid within 60 days, for which payments will begin one year after the date the term loan began. Principal payments on the term loan shall be made quarterly. Interest is required to be paid monthly, and the rate varies based on the period the advance is outstanding, as follows:

<u>Period Outstanding</u>	<u>Interest Rate</u>
30 days or less	Prime rate
31 days to 60 days	Prime rate plus 1%
Greater than 60 days (term loan)	Prime rate plus 2%

Further, under the terms of the letter of credit agreement, the City has agreed to meet various covenants, which includes maintaining an above investment grade rating on its outstanding indebtedness. As of December 31, 2008, the City had no outstanding draws on the letter of credit.

F. Debt Limit

Wisconsin Statutes limit direct general obligation borrowing in the amount equivalent to 7% of the equalized valuation of taxable property. The Statutes further provide that within the 7% limitation, borrowing for school construction purposes may not exceed 2% of the equalized valuation and borrowing for general city purposes may not exceed 5% of the equalized valuation. At December 31, 2008, the City's legal debt margin was \$1,542,702,000. Of this amount, \$637,744,000 was for school purposes and \$904,958,000 was for City purposes.

G. Refundings

In prior years, the City defeased certain general obligation bonds by placing the proceeds from new general obligation bonds in an irrevocable trust to provide all future debt service payments on the bonds. Accordingly, the trust account assets and liability for the defeased bonds are not included in the City's financial statements. At December 31, 2008, \$144,000,000 of bonds outstanding are considered defeased, which includes debt defeased during the current year.

H. Conduit Debt

From time to time, the City has issued revenue bonds in order to provide financing to private sector entities for the purpose of acquiring, constructing, or rehabilitating housing units and for retiring the existing debt associated with housing units. These obligations are primarily secured by mortgage or revenue agreements on the associated projects and, together with the interest obligation, are payable solely by the developers from leased rentals and other funds or revenues. In addition, these obligations do not constitute indebtedness of the City, as the City has no responsibility for the debt beyond the resources provided by related leases or loans. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. The aggregate amount of all revenue bonds outstanding at December 31, 2008 is approximately \$48,900,441 for the City and \$560,000,000 for RACM.

8. RETIREMENT PLANS

Pension Benefits

Plan Description – The City makes contributions to the Employees' Retirement System of the City of Milwaukee (the "System"), a cost-sharing multiple-employer defined benefit pension plan, on behalf of all eligible City employees. The System provides retirement, disability, and death benefits to plan members and beneficiaries. The City Charter assigns the authority to establish and amend benefit provisions. The System issues a publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Employees' Retirement System of the City of Milwaukee, 200 East Wells Street, Room 610, Milwaukee, WI 53202.

Funding Policy – Plan members are required to contribute, or have contributed on their behalf, a percentage of their annual earnable compensation equal to 5.5%, 7%, 7%, and 7% for general City employees, police officers, firefighters, and elected officials, respectively. New hires who are not sworn police/fire must pay 1.6% of pensionable earnings for 8 years to fund the cost of benefit escalators due to the Global Pension Settlement. The City is required to contribute the actuarially determined amount. The City Charter assigns the authority to establish and amend contribution requirements. The City's contributions to the System for the years ending December 31, 2008, 2007, and 2006, were \$23,532,000, \$23,330,000, and \$22,751,000, respectively, equal to the required contributions on behalf of the plan members for each year.

Other Postemployment Benefits

The City provides other postemployment benefits (OPEB) to its retirees for health and life insurance.

Plan Description. The City provides a single-employer defined benefit healthcare plan and life insurance administered by both the City and Milwaukee's Employee Retirement System (MERS). The City provides medical insurance benefits for substantially all retirees in accordance with terms set forth in labor contracts or by Common Council resolution. Retirees are eligible to enroll in any of the group plans offered by the City. Aside from the Basic Plan, this includes a Health Maintenance Organization (HMO) plan currently offered to active employees. The City provides full health insurance coverage to general City employees who retire at age 55, but less than age 65, with 30 years of creditable service or at age 60, but less than age 65, with 15 years of creditable service until the age of 65. Management employees retiring beginning in 2004 at age 55, but less than 65, pay a portion of health insurance the same as active management employees. In accordance with a "percentage formula" as provided in labor agreements, the City provides between 65% and 100% of the cost of the Basic Plan coverage for firefighters and police officers who retire with 25 years of creditable service and having attained at least the age of 52 but less than 60. Upon reaching the age of 60 but prior to the age of 65, the City provides full health insurance coverage for firefighters and police officers with single enrollment status. The City contribution for firefighters and police officers between the ages of 60 and 65 with family enrollment status is the greater of 100% of the cost of single enrollment in the Basic Plan or an amount determined using the "percentage formula." The "percentage formula" used to determine the City contribution in the labor agreements is based on the amount of unused sick leave at retirement.

After attaining the age of 65 and having completed a minimum of 15 years of creditable service, all retirees are eligible to enroll in a "subsidized plan" for medical insurance. Under this plan, the City contributes 25% of the base rate toward retirees enrolled in the Basic Plan, while the retiree pays 75% of the base rate and 100% of the major medical rate. For those retirees enrolled in an HMO, the City contributes a 25% subsidy of the applicable HMO premium.

In addition to medical insurance, the City allows its employees to continue life insurance coverage under the Group Life Insurance Plan offered to active employees in accordance with Section 350-25 of the Code of Ordinances. The base amount of coverage for general City employees is equal to the employee's annual basic salary to the next higher thousand dollars. The base amount of coverage for firefighters and police officers is equal to one and one-half the employee's annual basic salary to the next higher thousand dollars.

General City employees retiring at age 55 or older with 20 years of service or at age 60 regardless of years of service and covered under the group life insurance plan at retirement are eligible to continue coverage at the level on the date prior to their date of retirement. Firefighters and police officers retiring at age 52 or older with 20 years of service or at age 57 regardless of years of service and covered under the group life insurance plan at retirement are eligible to continue coverage up to their base amount of coverage on the date prior to their date of retirement. Prior to age 65, all retirees are required to pay the full premium rates as established by the insurance carrier, less an adjustment for estimated dividends. The rates established are group rates applied consistently to all employees, without regard to age or health. Upon reaching the age of 65, those retirees still part of the group life plan have their coverage reduced in accordance with the reduction schedule in effect on their last day physically at work, with the City assuming all future premiums.

CITY OF MILWAUKEE
NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED DECEMBER 31, 2008

Funding Policy. The contribution of plan members and the City are established and may be amended by the City. The required contribution for medical, and life insurance for retirees is based on a pay-as-you-go financing. Medical benefits provided through the basic health care plan are self-insured. For 2008, the City and plan members receiving benefits paid approximately \$31,820,000 and \$1,080,000, respectively, toward medical and life insurance for retirees.

Annual OPEB Cost and Net OPEB Obligation. The City's annual OPEB cost (expense) is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement No. 45 *Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan (pay-as-you basis), and the changes in the City's net OPEB obligation:

ARC	\$ 72,900,000
Interest on Net OPEB Obligation	1,700,000
Adjustment to ARC	<u>(1,500,000)</u>
Annual OPEB Cost	73,100,000
Contribution made	<u>32,900,000</u>
Increase in net OPEB Obligation	40,200,000
Net OPEB obligation - beginning of year	<u>38,200,000</u>
Net OPEB obligation - end of year	<u>\$ 78,400,000</u>

The City annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation were as follows:

Annual Cost and Net OPEB Liability

Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
12/31/2007	\$ 67,600,000	43.5%	\$ 38,200,000
12/31/2008	73,100,000	45.0%	78,400,000

Funded Status and Funding Progress. As of July 1, 2008, the most recent actuarial valuation date, the actuarial accrued liability for benefits was \$880,700,000, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$880,700,000. The covered payroll (annual payroll of active employees covered by the plan) was \$425,400,000 and the ratio of the UAAL to the covered payroll was 207 percent.

Actuarial valuations of an ongoing plan involve estimates of value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions. The retiree healthcare valuation was based on the projected unit credit (PUC) cost method. The PUC method produces an explicit normal cost and actuarial accrued liability. The normal cost and actuarial accrued liability are directly proportional to the employee's service. That is, the normal cost equals the present value of future benefits divided by projected service at retirement, and the actuarial accrued liability equals the present value of benefits multiplied by the ratio of service at valuation date to projected service at retirement. Depending on the demographic characteristics of the current group and new entrants in the future, this method could produce stable annual costs, in the aggregate, when expressed as a percentage of pay.

The OPEB valuation uses a discount rate assumption of 4.5% based on the City's projected short-term investment rate of return. The healthcare cost trends rate is 10% initially, and reduced by decrements to the ultimate rate of 4.5% after 10 years. The actuarial assumption for inflation is 3% and wage inflation is 3.5%. The amortization of the unfunded actuarial accrued liability is based on a level percentage of pay over a 30-year open amortization period.

CITY OF MILWAUKEE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2008

Terminal Leave Payments

Upon retirement, employees receive a portion of their unused sick leave as terminal leave, in accordance with labor contracts and Section 350-38 of the Code of Ordinances. Firefighters whose normal hours of work exceed 40 hours per week receive between \$45 and \$65 for each work shift equivalent of unused sick leave. Firefighters whose normal hours of work average 40 hours per week receive between \$21 and \$30 for each work shift equivalent of unused sick leave. Police officers receive payment for up to 55 days of unused sick leave at base pay. Management pay plan employees are entitled to payment of 30% of unused sick leave (maximum 960 hours) plus one-half of the sick leave days accumulated during the last twelve months of service for up to six additional days for a total maximum of 42 days at the rate of pay at retirement. Substantially all remaining City employees receive up to 30 days for unused sick leave as terminal leave, although some bargaining units receive slightly different benefits in accordance with related labor agreements. In 2008, approximately \$9,564,000 was paid for sick leave from all funds. At December 31, 2008, accumulated sick leave earned but not taken totaled approximately \$167,133,000 determined on the basis of current salary rates.

Terminal leave pay is funded on a pay-as-you-go basis and provided for in the salary budgets of the respective departments annually. In 2008, terminal leave payments totaled \$1,715,000 to employees retiring during the year. As of December 31, 2008, the City has accrued approximately \$15,112,000 in the government-wide statements for future terminal leave payments. This amount is included under the unfunded compensated absences of \$31,208,000 with the remainder accrued vacation leave of \$16,096,000.

9. FUND EQUITY

Reserved for Tax Stabilization and Advances to Other Funds

The Reserved for Tax Stabilization, \$42,418,000 at December 31, 2008, is governed by the City's Code of Ordinances. This reserve includes an amount for advances of \$13,367,000 from the general fund to the capital projects fund. The general fund has advanced this amount to fund special assessment projects. The availability of the \$13,367,000 for Tax Stabilization is contingent upon future collection of the special assessments receivable. All General Fund appropriation balances not encumbered or carried over are reserved for tax stabilization in subsequent years. The total amount that can be withdrawn from the Reserved for Tax Stabilization in any one year is an amount that prevents an increase of more than 3% in the City's property tax rate, as defined, and is anticipated to be available as of April 15 of the year covered by the budget. Such amount must be included in the adopted budget, which requires a majority affirmative vote of the Common Council. Fund withdrawals not needed to stabilize the tax rate can be made for up to 50% of the available balance, but require a three-fourths affirmative vote of the Common Council.

Fund deficit

The Capital Projects Fund had a deficit fund balance of \$37,351,000 as of December 31, 2008, which is the result of expending funds for construction in advance of issuing general obligation bonds. The City plans to eliminate the fund deficit through the issuance of general obligation bonds in 2009.

13. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended December 31, 2008, expenditures exceeded appropriations for services and salaries in the operations division of the Department of Public Works within the General Fund by \$2,645,000. The Council has approved the issuance of general obligation debt to provide funding for these over-expenditures.

14. COMMITMENTS AND CONTINGENCIES

Claims and Other Legal Proceedings

The City is exposed to various risks of losses related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employee or natural disaster. With certain exceptions, it is not the policy of the City to purchase commercial insurance for the risks of losses to which it is exposed. Instead, the City believes it is more economical to manage its risks internally and set aside funds as needed for reasonably estimated current claim settlements and unfavorable judgments through annual appropriations and supplemental appropriations. Current settlements are paid from the General Fund and recorded as expenditures when paid in the fund based statements. The liabilities are recorded in the government-wide financial statements.

Under Wisconsin Statutes, the amount recoverable by any person for any damages, injuries, or death in any action founded on fact against the City, agencies, officials, officers, or employees cannot exceed \$50,000, with certain exceptions.

The City is self-insured for workers' compensation, health insurance (basic plan), uninsured motorist motor vehicle coverage for City employees, and general liability. Liabilities are reported when it is probable that a loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Liabilities are based on the estimated ultimate cost of settling the claims, including the effects of inflation and other economic and social factors. Claims are paid from the General Fund and recorded as expenditures when paid in the fund based financial statements. The liabilities are recorded in the government-wide financial statements.

CITY OF MILWAUKEE
NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED DECEMBER 31, 2008

The liabilities recorded as long-term debt in the government-wide financial statements at December 31, 2008 are as follows:

General liability claims	\$ 8,888,000
Workers' compensation claims	14,705,000
Unemployment claims	1,080,000
Health insurance claims	1,291,000
Pollution remediation obligation.....	2,502,000

Changes in the balances of claim liabilities during the past two years are as follows:

	2007	2008
Beginning of year liability	\$ 24,991,000	\$ 25,021,000
Current year claims and changes in estimates	10,740,000	11,245,000
Claim payments	<u>(10,710,000)</u>	<u>(7,800,000)</u>
End of year liability	<u>\$ 25,021,000</u>	<u>\$ 28,466,000</u>

The Milwaukee Police Association (MPA) alleged that The Milwaukee Employees' Retirement System (ERS) was prohibited by City ordinance from spending more than \$3 million to purchase and install a computer information system. It is estimated that the total cost of ERS information system is approximately \$25 million. The MPA suit was subsequently voluntarily dismissed in 2005 and a clone case was brought by the Milwaukee Police Supervisors Organization (MPSO). Another union, the Association of Law Enforcement Allied Services Personnel (ALEASP), has joined the lawsuit as a plaintiff. The dispute in the case is over the interpretation of the section of the City ordinance that transferred all administrative, operational, and investment expenses for the City to ERS. The City is preparing a summary judgment to motion to dismiss the case.

On October 24, 2004, Frank Jude, Kirsten Antonissen, Katie Brown, and Lovell Harris attended a party in the city hosted by a Milwaukee police officer and to which a number of other police officers had been invited. At some point, a number of the off-duty officers became involved in an altercation with Mr. Jude. Jude claims that he was beaten for no reason and he did suffer severe injuries. The off-duty officers claim that they became involved with Jude only after they suspected that he had stolen a badge from one of them. They also claim that Jude resisted their efforts to obtain physical control of him. On-duty police were also called to the scene and Jude claims that they, too, used excessive force on him and failed to stop the use of excessive force by those off-duty officers who were striking Mr. Jude. In addition to issues concerning the cause of the altercation, its actual participants, and its course, there is a substantial question of whether the off-duty officers involved in the matter were acting within the scope of their employment. All above-mentioned cases have been consolidated and all proceedings had been stayed pending the outcome of criminal trials. The county prosecutor charged three of the off-duty officers with crimes, but in April 2006 two were found not guilty and the jury could not reach a final verdict as to one charge against the third. Federal authorities indicted eight officers, with civil rights violations, and those cases, proceeded to trial in July 2007. Three of the officers were found guilty and one was acquitted. The other four officers entered into plea agreements. Now that all criminal trials have concluded, the court approved a one-year discovery period, with an extra 180 days for expert discovery. Dispositive motions are due December 1, 2009.

Environmental Liabilities

The financial reporting impact and effect for the City from the implementation of GASB Statement No. 49 was the recognition in the City's financial statements of an expense and liability of \$2.4 million on January 1, 2008. The nature and sources of the City's pollution remediation obligation are asbestos abatement, underground storage tanks, PBC pollution, and contaminated properties. The probability-weighted expected cash flow measurement technique is used in determining the amount of liability. This involves determining a range of probabilities or likelihoods that different probable outlays will be necessary and calculating a weighted average of these outlays. There is a potential for changes in the estimated pollution remediation obligation due to third-party contracts and City labor costs changes, amendments to regulatory requirements and rules, and previously unknown conditions. The estimated costs of \$563,000 to address PBC pollution could increase if the Environment Protection Agency (EPA) does not approve the City's proposed cleanup methods. The EPA could require the City to do additional testing and remediation, resulting in greater costs to the City. The City qualifies for the State of Wisconsin *Municipal Liability Exemption Program* for contaminated properties. As long as the City is protective of human health environment, clean up is not required. The City generally cleans up contaminated properties based on remediation grants awarded to the City. The City does not expect to receive any non-grant revenues from insurance or other parties to reduce the City's liability for pollution remediation.

CITY OF MILWAUKEE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2008

During 2008, the City spent \$621,000 in pollution remediation-related activities. At December 31, 2008, the City has an outstanding liability of \$2.5 million related to pollution remediation obligations.

The City is exposed to numerous environmental liabilities, the most significant of which relate to seven landfills. Two of the seven landfills have been closed. Of the remaining four landfills that are no longer accepting waste, the Wisconsin Department of Natural Resources has imposed closure requirements on the North College Avenue Site, which the City substantially closed during 2000. The Hartung landfill, which is used exclusively for clean fill, is expected to be closed within three years. The City has accrued \$980,000 in the government-wide financial statement, as part of general liability claims, for landfill closure related to the four sites. These amounts are based upon what it would cost to perform all closure activities in 2001. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Cost's*, establishes requirements for disclosure of closure and postclosure requirements for all municipal solid waste landfills receiving solid waste after October 9, 1991. The City's landfills have not accepted waste of this type since 1976 and is therefore not required to accrue for closure and postclosure care in accordance with GASB Statement No. 18.

Construction Commitments

The governmental activities and the Water Works Fund (enterprise) have construction commitments of \$31,690,000 and \$8,056,000, respectively, for various capital improvement projects at December 31, 2008.

Intergovernmental grants

Intergovernmental awards received by the City are subject to audit and adjustment by the funding agency or their representatives. If grant revenues are received for expenditures, which are subsequently disallowed, the City may be required to repay the revenues to the funding agency. In the opinion of management, liabilities resulting from such disallowed expenditures, if any, will not be material to the accompanying financial statements at December 31, 2008.

15. SUBSEQUENT EVENTS

On February 4, 2009, the City issued \$93,180,000 of general obligation short-term promissory notes for the purpose of financing various public improvement projects of the City. The notes mature on February 15 of each year beginning 2010 until 2019. Interest is payable on February 15 and August 15 commencing February 15, 2010.

On February 4, 2009, the City issued \$17,450,000 of general obligation corporate purpose bonds for the purpose of financing various public improvement projects of the City. These bonds mature on February 15 of each year beginning 2020 until 2024. Interest is payable on February 15 and August 15 commencing February 15, 2020.

On March 17, 2009, the City issued \$116,000,000 of general obligation cash flow promissory notes financing the City's operating budget until the receipt of State shared revenues. These notes mature on December 17, 2009 with interest.

CITY OF MILWAUKEE
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED DECEMBER 31, 2008

Budgets and Budgetary Accounting

City departments are required to submit their annual budget requests for the ensuing year to the Mayor by the second Tuesday in May. The Department of Administration, Division of Budget and Management Analysis, acting as staff for the Mayor, reviews the request in detail with the departments during June and July. After all of the requests have been reviewed, the Mayor submits his proposed Executive Budget to the Common Council. The City Charter requires that this be done on or before September 28. The Common Council must complete its review and adopt the budget on or before November 14. Once adopted, Common Council approval is required to amend the total appropriations by a department, the legal level of control for each budget. During the year, various amendments were made to the budget including carryovers of appropriations and encumbrances, and internal transfers.

Annual budgets are legally adopted by the Common Council for some but not all governmental funds. Annual budgets are not adopted for Special Revenue Fund - Delinquent Tax, Debt Service Fund - Public Debt Amortization and Capital Projects Funds. The Debt Service Fund - General Obligation Debt uses a non-appropriated budget. Budgets for Capital Projects Funds are prepared for the project life, rather than for the standard current fiscal year. Therefore, project appropriations for these budgets lapse at the conclusion of the project. All other appropriations lapse at the end of the current fiscal year. Governmental funds for which annual budgets have been adopted are included in the accompanying Required Supplementary Information Budgetary Comparison Schedule and in the Schedule of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual.

Nonmajor Governmental Funds

Nonmajor funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Grant and Aid Projects – This fund is used to account for Federal and State grants whose proceeds are legally restricted to expenditures for specific purposes and which are not accounted for in other special revenue funds.

Community Development Block Grant – The Community Development Block Grant Program receives annual grants pursuant to the Federal Housing and Community Development Act of 1974. This fund also includes amounts received under the Section 108 Loan Program. The City's Department of Administration is responsible for the planning, execution and evaluation of the Program.

Delinquent Tax – This fund was established as a reserve against uncollected delinquent property taxes. Fund resources, consisting initially of bond proceeds, are used to purchase delinquent property taxes from the General Fund. Collections on these purchased receivables and related interest thereon are transferred to the General Obligation Debt Service Fund to provide for the related debt service requirements.

Economic Development Fund – This fund provides expenditure authority for owner financed economic development in commercial areas, including the Business Improvement District program.

Nonmajor Enterprise Funds

Enterprise Funds are used to account for operations that provide services which are financed primarily by user charges, or activities where periodic measurement of net income is appropriate for capital maintenance, public policy, management control or other purposes.

Port of Milwaukee – All activities necessary to operate and maintain the Port of Milwaukee and other related harbor activities are accounted for in this fund.

Metropolitan Sewerage District User Charge – The Metropolitan Sewerage District User Charge Fund is used to account for sewerage treatment charges by the Milwaukee Metropolitan Sewerage District to the City on a “wholesale” user charge basis and the subsequent billing by the City to customers on a “retail” basis. The City adds administrative expense to the District’s charges and includes the sewer user charges on the quarterly water bills.

Source: The Assessed Values are established by the City of Milwaukee Assessor's Office and are used to calculate property taxes. The Estimated Actual (Equalized) Values are provided by the State Supervisor of Assessments. State law requires all assessments to be within 10% of the equalized value ratio at lease once every four year period.						
Note: Beginning with the year 2002, property is reassessed each year. Prior to 2002 property was reassessed every two years.

(B) Overlapping rates are those of local and county governments that apply to property owners within the City of Milwaukee.

(C) Tax rates were constructed considering the provision of the tax incremental district law. The application of these rates to the applicable assessed values will provide a tax yield higher than the levy.

Sources: Estimated Actual (Equalized) Values used to estimate applicable percentages provided by the State Supervisor of Assessments. Debt outstanding data provided by each governmental unit.			
Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Milwaukee. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.			
(A)	Excludes \$62,638 of Industrial Revenue Bonds. Includes debt incurred to finance Milwaukee School Board construction.		
(B)	Includes \$605,576 low interest loan from the State of Wisconsin Clean Water Fund, supported by the full faith and credit of the District.		
(C)	The percentage of overlapping debt applicable is estimated using estimated actual (equalized) property values. Applicable percentages were estimated by determining the portion of the City's equalized value.

(A) The Water Revenue Bonds and Sewer Revenue Bonds are payable only from the income and revenues derived from the operations of the water system and sewer system, respectively. These bonds do not constitute an indebtedness of the City within the meaning of any constitutional or statutory debt limitation or provision.

Note: State Statutes (67.03 and 119.49) limit direct general obligation borrowing in the amount equivalent to 7% of the equalized valuation of taxable property. However, it may be reduced in any year by the amount of any surplus money in the debt service fund. The statutes further provide that within the 7% limitation, borrowing for school construction purposes may not exceed 2% of the equalized valuation and borrowing for general city purposes may not exceed 5% of the equalized valuation. The legal debt margin as of December 31, 2008 was \$637,744 for school purposes and \$904,958 for general purposes.

RE: Administrative Positions Ordinance change

In the Salary Ordinance, under Pay Range 856, a footnote pertaining to the titles "Paramedic Field Lieutenant" and "Fire Paramedic Field Lieutenant" read as follows: "4/ Positions to be reclassified to Fire Lieutenant upon becoming vacant." This footnote was created in a job evaluation report approved by the Fire and Police commission on April 24, 2003; passed by the Finance Committee on May 7, 2003 (File #021610) and by the Common Council on May 13, 2003 (File #021593 & #021594). Five vacant positions were initially reclassified to Fire Lieutenant with the understanding that as future vacancies occur, the necessary Positions Ordinance changes will be handled administratively. Administrative changes were subsequently approved by the Common Council on June 24, 2003 and September 10, 2003.

The attached letters from the Fire and Police Commission and the Fire Department request that one additional vacant position of Fire Paramedic Field Lieutenant be reclassified to Fire Lieutenant. Since the procedure for reclassifying vacant positions of Paramedic Field Lieutenant/Fire Paramedic Field Lieutenant to Fire Lieutenant was recommended by the Department of Employee Relations, approved by the Fire and Police Commission and authorized in the Salary Ordinance by Common Council action, we classification change for this recent vacancy be made administratively as follows:

Under "Fire Department, Firefighting Division Decision Unit", add one position of "Fire Lieutenant" and under "Paramedic Service" delete one position of "Paramedic Field Lieutenant (C)(I)/Fire Paramedic Field Lieutenant (C)(I)."

FINANCE & PERSONNEL COMMITTEE
CONTINGENT FUND REQUEST INFORMATION FORM

DEPT.: ADMINISTRATION CONTACT PERSON & PHONE NO.: Mark Nicolini x 5060

A. REASON FOR REQUEST (Refer to File 921360 for definitions)

CHECK ONE: ☐ EMERGENCY CIRCUMSTANCES
☐ OBLIGATORY CIRCUMSTANCES
☐ FISCAL ADVANTAGE/COMPLIANCE WITH FISCAL MANAGEMENT PRINCIPALS

B. SUPPORTING INFORMATION

1. State the action requested, including the dollar amount and specific departmental accounts(s) to which the Contingent Fund appropriation would be made.

Appropriate \$120,000 from the 2009 Common Council Contingent to the Department of Administration account # 0001-1510-R999-630000 for financial planning and actuarial services related to projections of future pension liabilities, employer contributions and alternative plan designs.

2. State the purpose of the action requested which includes the program, service or activity to be supported by the funding, as well as the objective(s) to be accomplished.

Develop sound and detailed projections of retirement plan actuarial liabilities and normal cost based on various scenarios pertaining to investment return, negotiated wage settlements, and budgetary actions affecting authorized staffing. Provide policy makers with options for future plan design that are sustainable from a budgetary standpoint, that enable the City to compete for talent in the labor market, and that lower the potential for volatility to investment return, relative to current benefits.

3. Describe the circumstances which prompt the request.

- The City's actuarial accrued liabilities on behalf of ERS members are currently more than \$4.1 billion, and are expected to exceed \$6 billion by 2017;
- The 2010 adopted City Budget includes approximately \$73 million in employer and employer-paid employee contributions for ERS liabilities. The 2010 Budget marked the first time the City has made a sizable employer contribution for more than 12 years;
- Managing these liabilities is an essential component of effective financial planning and the sustainability of the City's capacity to provide essential services. In 2009 DOA contracted with the Board's actuary to develop a projection model for ERS liabilities and projected contributions, which led to development of an alternative funding policy that reduced contribution requirements from \$92 million to \$49 million in an actuarially responsible manner.

4. What are the consequences of not providing the program, service, or activity which is funded by this request?

- The City will have limited tools for refining future projections and developing strategic plan design alternatives, because much of the work that needs to be done requires expertise that the City does not possess 'in house.'

5. Explain why funds authorized in the Budget are insufficient to provide for the program, service, or activity in question.
- Neither DOA nor DER includes funds for specialized consulting in its operating budgets.
- 5a. Are there any unexpended funds in the departmental control account for which this appropriation is requested, that could be used to fund this request?
- No. DOA has already applied approximately \$36,000 in position vacancy savings to the 2009 projection model that is cited in response # 3.
- 5b. What are the consequences of using budgeted operating funds for this request?
- No budgeted funds are available to support this magnitude of planning effort.
6. State why funding was not included in the Budget.
- The 2009 Budget for DOA was finalized in September, 2008. The severity of investment losses to the ERS and the consequent need for financial planning related to ERS did not become apparent until the first quarter of 2009.
7. Will the conditions prompting the request be limited to the current year, or will they continue into the following year?
- We expect that this engagement will address many urgent issues, but the challenge of sustainable funding for the ERS plan liabilities is ongoing.

8. Has your department made a similar Contingent Fund request in previous years? ☐ YES ☒ NO

*If yes, what is the most recent year the request was made?

9. Will this funding be used to implement provisions of a collective bargaining agreement? ☐ YES ☒ NO

10. Will the funding being requested provide a level of service authorized by the Budget? ☐ YES ☒ NO

*If yes, why can't your department accomplish the authorized service level with the authorized funding level?

11. Will the requested funding provide a level of service higher than that authorized by the Budget? ☒ YES ☐ NO

*If yes, why is a higher service level necessary?

In order to continue to develop effective projections of future funding needs, and to respond to the Council's interest in collective bargaining strategies and alternative plan designs.

*What is the estimated amount of additional service units to be provided if the entire Contingent Fund request is approved?

- Not applicable

12. What performance measures and sub-measures are affected by this request, and what are the anticipated changes if the entire Contingent Fund request is approved?

- Not applicable

13. What reductions to performance measures are expected if the request is not approved?

- Not applicable

14. Is any grant funding associated with the program service, or activity pertaining to the request? ☐ YES ☒ NO

*If yes, name the grant and current year amount.

15. Will the program, service, or activity affect any electronic data processing system? ☐ YES ☒ NO

The following questions only apply to Contingent Fund requests which transfer appropriations into capital purpose accounts:

16. Does this request transfer an appropriation into a capital purpose subaccount? ☐ YES ☐ NO

*If yes, are similar projects planned and funding available in a capital purpose (parent) account for the current year?

17. Why is the project for which Contingent Funds are requested more important than other similar projects?

18. Does this request fund a project outside the normal order of planned projects of a kind which are funded through a capital purpose (parent) account for the current year? ☐ YES ☐ NO

*If yes, what is the consequence of deferring the lowest priority planned project until next year?

19. Was this project included in the Department's Budget request? ☐ YES ☐ NO

*If not, why not?

Reply to Common Council File No. 090426
From DOA-Budget and Management Division

December 14, 2009

Ref: 09004

File Number 090426 contains a substitute resolution appropriating \$120,000 to the Department of Administration (DOA) for financial planning and actuarial services related to projections of future pension liabilities, employer contributions and alternative plan designs.

The City of Milwaukee is the plan sponsor of the City of Milwaukee Employees Retirement System (ERS), a defined benefit pension plan with approximately 27,000 members and actuarial accrued liabilities on behalf of ERS members of more than \$4.1 billion. These liabilities are expected to exceed \$6 billion by 2017. As a defined benefit plan sponsor, the city is obligated to pay all pension benefits as provided for by the City Charter. An independent governing board, the Annuity and Pension Board, is responsible for plan governance.

Managing these liabilities is an essential component of effective financial planning and the sustainability of the city's capacity to provide essential services. Alternative plan designs may become a desirable priority for future collective bargaining agreements, from a financial sustainability perspective.

During 2009 DOA reallocated \$36,000 of vacancy savings from the Budget and Management Division to the development of an application that enables the projection of future liabilities and employer contributions, based on certain key assumptions. This application project involved the Annuity and Pension Board's actuary. The application enabled the Administration to forecast future pension contributions, and to develop an alternative funding policy for the ERS which the Board adopted prior to the 2010 budget and related valuation. The alternative funding policy, which is well within the mainstream of sound actuarial practice, resulted in a city government contribution of \$49 million for 2010, compared to an estimated \$92 million under the pre-existing funding policy.

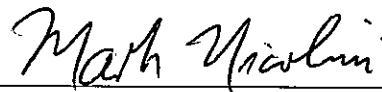

The desired deliverables associated with this funding include:

- Refinement of the existing application to make it even more robust by incorporating information about the impact of wage and salary changes on liabilities, normal cost, and future contributions;
- Improving the application's capacity to project the investment returns needed to stabilize contribution levels over a period of time, based on critical assumptions regarding compensation and benefit levels;
- Incorporating a feature in the application that projects the impact of future additions to and withdrawals from the Employers pension Reserve;
- Analysis of potential alternative benefit plan designs and options for financial management of contributions that are sustainable from a budgetary standpoint; that enable the city to compete successfully for, and retain, talent in the labor market; and that manage the potential for volatility to investment return. These analyses could become the basis for management proposals for future collective bargaining agreements.

- Actuarial estimates of retirement benefit proposals that may be included as part of future collective bargaining proposals.

The current balance in the 2009 Common Council Contingent Fund is approximately \$3.9 million. The Budget and Management Division projects that this balance is adequate to meet any remaining 2009 obligations if this appropriation is approved.

**RECOMMENDATION: ADOPT COMMON COUNCIL FILE NUMBER

National League of Cities CONGRESSIONAL CITY CONFERENCE | 2010

March 13-17, 2010

Marriott Wardman Park Hotel

Washington, DC

National League of Cities
Advocating for America's Cities

Be part of the national voice of America's cities and towns in 2010.

Register online at www.nlc.org

Key federal policy issues that will be addressed at the conference include:

- Ensuring full economic recovery for cities and towns
- Partnering to rebuild the nation's infrastructure
- Fostering regional and local economies
- Coordinating federal and local energy efficiency and conservation efforts
- Promoting sustainable development in communities
- Protecting public safety resources

The National League of Cities provides the resources, the connections, and the collective power to help cities and towns have an impact in Washington.

The Action Plan

Sunday, March 14

City officials gather at the Marriott Wardman Park Hotel for leadership meetings, policy discussions, and legislative briefings to learn about current federal issues and priorities for America's cities and towns.

Monday, March 15

NLC's leaders and general session speakers set the stage for the action to come by outlining the opportunities and challenges and building capacity to make a difference with Congress on key federal issues.

Tuesday, March 16

The President and his Cabinet members and Congressional leaders are invited to discuss their priorities and ways in which Washington can partner with cities and towns to meet the challenges facing the country. The program will wrap up with the opportunity to review NLC's federal legislative agenda and confirm plans for Capitol Hill visits on Wednesday.

Wednesday, March 17 – City Lobby Day

City officials travel to Capitol Hill for meetings with their congressional delegation to advocate for NLC's priorities for federal action and how America's cities and towns can partner with the federal government to help the nation achieve its goals.

In tough economic times...

- ...Targeted information about federal programs can help you bring new resources into your community.
- ...Up-to-date briefings from federal officials can keep you ahead of the curve about new federal laws and regulations.
- ...Meetings with your representatives in Congress can keep your city's challenges and innovations front and center in Washington.
- ...Training sessions can provide you with the skills you need to lead your community through today's fiscal environment and achieve your community's vision for tomorrow.

Don't miss these Opportunities...

Come to Washington, March 13 – 17, to join America's cities and towns as we forge a strong partnership with the Administration and Congress. With economic recovery underway, but full recovery for cities still a long way off, both the Administration and Congress will continue to have significant impact on the future of our communities.

At the conference, city officials will have the opportunity to learn about federal issues important to America's cities and towns, to lobby Congress on those priorities, and to be a part of the unified voice we present to the Administration and Congress. The conference program will include general sessions featuring national leaders, members of the Administration and Congress, workshops to learn more about key issues and NLC's federal policy positions, and a chance to flood Capitol Hill and advocate in favor of federal priorities for America's cities and towns.

Title

Resolution authorizing the issuance of general obligation notes to pay a general and current municipal expense associated with grant programs.

Analysis

The federal government will provide grant funding to the City for various economic stimulus purposes. The City desires to begin working on these projects prior to the actual receipt of the grant. Until such grants are received, an alternative funding source is required, and usually Contingent Borrowing is used. Contingent Borrowing can also be used to provide a City matching portion, if any, for any of the grants.

This resolution authorizes the issuance of general obligation notes under s. 67.12(12), Wis. Stats., for the financing of the economic stimulus grant programs prior to the receipt of the grant funding.

Body

Whereas, The budget for the fiscal year 2009 (the “Fiscal Year”) of the City of Milwaukee authorizes contingent borrowing in the form of general obligation bonds or notes, for any purposes not contemplated at the time the budget was adopted in the amount of at least \$35,000,000; and

Whereas, Section 67.12(12), Wis. Stats., authorizes the issuance of general obligation notes for the purpose of paying a general and current municipal expense, such as expenses associated with the federal economic stimulus grant programs; and

Whereas, That under federal economic stimulus grant programs, it is anticipated that funds will be approved but such funds have not been released to the City; and the City desires \$35,000,000 to fund the programs pending approval, receipt of the grant funds, and to pay the City’s matching portion, if any; and

Whereas, The Common Council is desirous of issuing and selling up to \$35,000,000 of promissory notes for economic stimulus costs in the event such grants are not received as anticipated; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the Commissioners of the Public Debt are authorized to sell and issue general obligation short-term promissory notes under s. 67.12(12), Wis. Stats., in an amount not to exceed \$35,000,000 for the purpose of funding the federal economic stimulus grant programs; and, be it

Further Resolved, That said promissory notes shall be issued pursuant to amounts provided for in the Fiscal Year’s budget for Contingent Borrowing; and, be it

Further Resolved, that notes pursuant to this resolution are designated an approved use for Contingent

Borrowing as authorized to be issued by Resolution File Number 080960.
