An ordinance relating to citizenship and qualified alien status requirements for issuance of professional or commercial licenses or permits.

Analysis

The United States Personal Responsibility and Work Opportunity Reconciliation Act of 1996 prohibits state and local governments from conferring public benefits, including professional and commercial licenses and permits, upon persons who are not citizens of the United States or certain qualified aliens.

This ordinance prohibits the city clerk from issuing professional or commercial licenses or permits to persons who are not citizens or qualified aliens. The ordinance requires applicants for licenses or permits to present evidence establishing legal citizenship or assisting the city clerk in determining qualified legal alien status.

The ordinance directs the city clerk to identify the affected licenses and permits and to establish guidelines for evidence presented by applicants to establish the identity of the applicant and to assist in establishing the status of the applicants.

The ordinance further establishes procedures for reviewing determinations that applicants for new or renewal licenses or permits are eligible as citizens or qualified aliens for the public benefit conferred when granted a new or renewal professional or commercial license. The ordinance provides for revocation of a license or a permit when a licensee or permittee is no longer eligible for public benefit. The ordinance also provides for procedural protections under state law for applicants for new and renewal alcohol beverage licenses.

Body

Whereas, Section 1621 of the United States Personal Responsibility and Work Opportunity Reconciliation Act of 1996 provides that, with limited exceptions, only United States citizens and qualified legal aliens may receive a public benefit including a professional or commercial license or permit; and

Whereas, The regulation of immigration is exclusively a federal power; and

Whereas, The Hon. J.B. Van Hollen, Attorney General of the State of Wisconsin, issued an opinion dated October 25, 2007, in which he recommends that the Wisconsin Department of Regulation & Licensing verify the immigration status of all applicants for professional licenses and credentials to assure that they are not issued in violation of federal law; and

Whereas, The Attorney General further recommends a verification process be employed utilizing the United States Department of Homeland Security Citizenship and Immigration Services database known as the Systematic Alien Verification for Entitlements Program for screening applicants to assure that professional or commercial licenses are not issued to illegal aliens in violation of federal law; and

Whereas, The Attorney General further references the Interim Guidance on Verification of Citizenship, Qualified Alien Status, issued by Order Number 2129-97 of the U. S. Attorney General, and published at pp. 61344 to 61350, Federal Register, Vol. 62 on November 17, 1997, cautioning that the process for verifying citizenship and qualified alien status for public benefits eligibility must not violate federal nondiscrimination and privacy requirements: and

Whereas, The Milwaukee City Attorney has provided the City Clerk and the Manager of the Licenses Division a letter dated July 30, 2008, in response to a series of questions relating to issues raised by federal law and the opinion of the Wisconsin Attorney General; now, therefore,

The Mayor and Common Council of the City of Milwaukee do ordain as follows:

Part 1. Section 84-3 of the code is renumbered s. 84-1.

Part 2. Section 84-3 of the code is created to read:

CHAPTER 84. GENERAL LICENSING PROVISIONS; AMUSEMENT MACHINES

SUBCHAPTER 1. GENERAL LICENSING PROVISIONS

84-3. Evidence of Citizenship and Qualified Alien Residency. 1. FINDINGS AND PURPOSE. The common council finds that, to assure compliance with federal laws prohibiting state and local governments from conferring public benefits, including issuance of professional and commercial licenses and permits, to persons who are not citizens of the United States or qualified aliens residing temporarily or permanently within the United States, it is necessary and appropriate to assure adequate documentation of the identity of applicants for professional and commercial licenses and permits, and to further assure adequate documentation of citizenship or qualified alien status.

2. DEFINITIONS. In this section:

a. "Citizenship" means lawful citizenship of the United States resulting from birth in the United States, its possessions or territories, or resulting from naturalization as provided in Title 8, ss. 1421, et seq., of the United States Code, as amended.

b. "Evidence of citizenship" means a valid and certified certificate of birth documenting that an individual was born in a state, territory or possession of the United States, a valid United States passport, or a valid certificate of naturalization, or, if such documentation does not exist, evidence of citizenship shall include a certified copy of a determination or declaration by a court of competent jurisdiction or by the appropriate officer of a vital statistics agency of any state, territory or possession of the United States, that an identified individual is a citizen of the United States.

c. "Evidence of identity" means a valid photo identification card or card bearing a fingerprint issued by an agency of the United States, or issued by any agency of state or local government of the United States, its territories and possessions, or, if such documentation does not exist, then evidence of identity shall be limited to those documents contained in a written list established and published by the city clerk.

d. "Licensing committee" means the licensing or permitting committee designated by code or rule to review and hear matters related to specified licenses or permits.

e. "Qualified alien" means an individual who is not a citizen of the United States, and who is not disqualified from receiving a public benefit including a professional or commercial license or permit under the provisions of the United States Personal Responsibility and Work Opportunity Reconciliation Act of 1996, 8 USC s.1621, as amended, or its

successor provisions.

f. "Professional or commercial license or permit" means a license or permit issued by the city clerk that authorizes a person, including a partnership, limited liability company, corporation or other firm, to engage in professional or commercial activities.

3. QUALIFICATION FOR PROFESSIONAL OR COMMERCIAL LICENSE OR PERMIT. a. Any person or agent for a person making application to the city clerk for a professional or commercial license or permit shall provide documentary evidence of citizenship or qualified alien status as required by this section. The city clerk shall not accept any application for a new or renewal professional or commercial license or permit upon failure of the applicant to provide the required evidence.

b. In addition to documentary evidence, the city clerk may request non-citizen applicants to provide such additional information as is necessary to query the Systematic Alien Verification for Entitlement program of the U. S. department of homeland security, or a successor verification system.

c. Applications for renewal of professional or commercial licenses or permits shall include a question whether citizenship or qualified alien status has changed since the initial or subsequent application was submitted. If the applicant states that no change in status has occurred, and if sufficient documentation of evidence of citizenship or qualified alien status appears in the records of the city clerk, the renewal application may be processed upon verification by the city clerk that the status of an applicant identified as a qualified alien has not changed.

4. DENIAL OF APPLICATION AND LICENSE. a. New Applications. The city clerk shall decline to accept and to process any new application for a professional or commercial license or permit if the applicant fails to provide evidence of identity, evidence of citizenship required in this section or, if the applicant is a non-citizen, verification of eligibility for benefits cannot be established upon inquiry to the United States department of homeland security.

b. Renewal Applications. Applicants for renewal of a professional or commercial license or permit shall not be required to submit evidence of citizenship or qualified alien status if the city clerk determines that sufficient evidence has been previously submitted as reflected in the license files of the city clerk. If the city clerk determines that there is not sufficient evidence of citizenship or qualified alien status reflected in the license files, the city clerk shall request the applicant to produce the evidence. If the applicant is a non-citizen, the city clerk shall request evidence and information necessary to query the Systematic Alien Verification for Entitlements system. The city clerk, upon failure of the applicant for a renewal license or permit to provide sufficient evidence of citizenship or, in the case of a non-citizen applicant, failure to receive verification upon inquiry to the United States department of homeland security that the applicant is eligible for public benefits as a qualified alien, shall advise the applicant by written notice that the application has been rejected and shall state the reasons for rejection. The notice shall advise the applicant of the applicant's right to review by the appropriate licensing committee solely on the issue of citizenship or qualified alien status. Written notice shall include a statement that the applicant has the right to be represented by legal counsel, and may have the assistance of an interpreter, all at the applicant's own expense.

c. Committee Review, Referral and Recommendation. Upon request made within 10 days of the date of notice provided in par. b., the appropriate licensing committee shall schedule a hearing to review the decision of the city clerk rejecting the application for renewal of a license or permit for failure of the applicant to provide sufficient evidence of citizenship or, in the case of a non-citizen applicant, for lack of verification of eligibility for public benefit upon inquiry to the United States department of homeland security. If the licensing committee finds, upon review at hearing, that sufficient evidence of citizenship has been provided by the applicant, or that inquiry to the United States department of homeland security verifies eligibility of the applicant for public benefits, or that an administrative error has been made in conducting the inquiry, the committee shall refer the application to the city clerk for

further processing. If the committee finds that the applicant has not provided sufficient evidence of citizenship, or in the case of a non-citizen applicant, proper inquiry to the United States department of homeland security has not resulted in verification of eligibility for public benefit, the committee shall recommend denial of the application for renewal together with a statement of committee findings of fact and conclusions of law.

d. Common Council. Upon recommendation of the licensing committee for denial under par. c., the common council shall deny the application and license or refer the application back to committee with instructions.

5. EXPIRATION AND REVOCATION. a. Expiration of Qualified Alien Eligibility. If documentation, evidence or information presented at application for a new or renewal professional or commercial license or permit indicates that eligibility for public benefit may expire prior to the end of the license or permit period, the licensee or permittee shall present documentation to the city clerk of an extension or change in resident status, if any, that authorizes continued receipt of public benefit.

Documentation of an extension or change in status shall be provided to the city clerk no later than 10 days after the expiration date appearing in prior documentation. The city clerk shall cause an inquiry to be made to the United States department of homeland security to verify continued eligibility. Failure to provide documentation of an extension or change in status, or failure to verify the continued eligibility of the licensee or permittee to receive public benefit shall be grounds for revocation.

b. Revocation Due to Ineligibility. Upon receipt of information that a licensee or permittee for a professional or commercial license is no longer eligible for a public benefit due to change of citizenship or qualified alien status, the city clerk shall initiate revocation proceedings upon notice to the licensee or permittee. Proceedings before the licensing committee and review by the common council shall be conducted in the same manner as provided for the particular license or permit except that the sole issue to be decided is the continued eligibility for public benefit of the licensee or permittee under this section.

6. CITY CLERK TO ISSUE GUIDELINES. a. List of Licenses. The city clerk shall, in consultation with the city attorney and consistent with federal and state law, prepare a list of those licenses and permits issued by the city clerk that relate to professional or commercial activities. The list, and amendments made to the list, shall be provided to the common council by communication from the city clerk.

b. Evidence and Documentation. The city clerk, in consultation with the city attorney, shall prepare guidelines for receipt, review and verification of evidence provided by applicants for professional or commercial licenses or permits that substantiates citizenship or qualified alien status. Applicants shall declare their status as a United States citizen, qualified alien or otherwise in each new or renewal application.

b-1. A valid original or certified birth certificate, a valid and unexpired United States passport, a valid certificate of naturalization, or, if such documentation does not exist, a certified copy of a determination or declaration by a court of competent jurisdiction or by the appropriate officer of a vital statistics agency of any state, territory or possession of the United States, that an identified individual is a citizen of the United States, shall constitute sufficient evidence to meet the qualification requirements of sub. 3. The city clerk may provide for retention of copies of documentation or may require that notation be made on each application by staff of the city clerk clearly identifying the

evidence submitted by the applicant and found to be acceptable. Evidence of citizenship need not be presented by an applicant for renewal of a license or permit if acceptable evidence from a prior application appears documented in the records maintained by the city clerk.

b-2. Evidence to assist the city clerk in determining that an applicant is a qualified alien includes original documents issued by the United States citizenship and immigration service clearly identifying the applicant by picture and may include alien registration receipt cards, resident alien cards, permanent resident cards, employment authorization documents, resident reentry permits, refugee travel documents or other similar documents provided that the type of document presented by the applicant indicates a status permitting the applicant to work or engage in business in the United States. The city clerk shall consult with the United States department of homeland security, or its successor agency for handling of citizenship and immigration services. Copies of evidence submitted by applicants declaring qualified alien status shall be retained by the city clerk in electronic form or otherwise.

b-3. Licensees and permittees declaring qualified alien status shall be advised in writing that they must notify the city clerk immediately upon any change in status. Failure of an alien licensee or permittee to present evidence of a change in status constitutes grounds for revocation of the license or permit if the change or expiration of status results in disqualification for public benefits or work privileges under federal law. At any time that a change in alien status disqualifies the licensee or permittee from public benefits or working privileges, the license or permit shall be immediately surrendered to the city clerk.

b-4. The city clerk shall establish procedures for verification of citizenship or alien status that may include consultation with the Systematic Alien Verification for Entitlements intergovernmental information-sharing program of the United States department of homeland security.

c. Guidelines. The guidelines established by the city clerk shall require that evidence be presented by each applicant establishing the identity of the applicant. If the evidence presented to establish citizenship or qualified alien status does not clearly and plainly also establish the identity of the applicant, the city clerk may require additional evidence such as a valid driver license or other government issued photo identity card.

d. Common Council Approval. The initial guidelines established by the city clerk under this subsection shall be submitted to the common council for review and approval. Subsequent changes in the guidelines shall be timely communicated to the common council.

Part 3. Section 85-13-2 of the code is amended to read:

85-13. Disqualification for License.

2. EXCEPTIONS. This section shall not apply to any application that is denied or any license that is not renewed for a reason based solely on the failure of the applicant to appear before the licensing committee for a hearing on whether a new or renewal application shall be recommended for approval or denial to the common council. >>This section shall not apply to any application for a new or renewal license or permit that is refused or denied solely for failure to provide valid evidence of citizenship or qualified alien status or evidence of identity as required in s. 84-3.<<

Part 4. The provisions of s. 84-3 shall take effect on and after January 1, 2010, for new, renewal or

transfer applications for all affected professional or commercial licenses or permits.

MEMORANDUM

TO: Honorable Members
Common Council

FROM: Ronald D. Leonhardt 
City Clerk

DATE: July 29, 2009

RE: Requirement to prove citizenship or qualified alien status for licenses

The City Clerk's Office has introduced an ordinance (File 090411) relating to citizenship and qualified alien status requirements for issuance of professional or commercial licenses or permits by this Office. This ordinance requires all applicants for new or renewal licenses or permits for conducting a business or an occupation to provide either proof of U.S. citizenship or documentation issued by the U.S. Department of Homeland Security which authorizes the applicant to engage in such business or occupation.

This ordinance was introduced in order to comply with the United States Personal Responsibility and Work Opportunity Reconciliation Act of 1996 which prohibits state and local governments from conferring public benefits, including professional and commercial licenses and permits, upon persons who are not citizens of the United States or certain qualified aliens. The City Attorney has advised that this federal law applies to the issuance of licenses and permits by the License Division and we are required to comply.

Under the ordinance, the License Division will reject any new or renewal application if the required documentation is not provided. There is a procedure for appealing the rejection to the licensing committee. There is also a procedure for the License Division to initiate revocation proceedings when the status of an alien changes and the individual no longer has documented permission to work in the United States.

This file will likely be scheduled in September. In the interim this Office will be communicating with affected communities of interest and the media to inform them of the reasons this ordinance is being proposed. Please feel free to contact License Division Manager Rebecca Grill or me if you have any questions, or to direct concerned individuals to us for further information.

Ms. Celia Jackson
Secretary
Department of Regulation & Licensing
1400 East Washington Avenue
Madison, WI 53708

Dear Secretary Jackson:

Through the Department of Regulation & Licensing's interim general counsel, you ask whether the Department of Regulation & Licensing and its affiliated licensing and credentialing boards (collectively "DRL") are required to comply with 8 U.S.C. § 1621(a) and (c)(1)(A), which provide that an alien who is not in the United States in compliance with applicable federal law is not eligible for any state public benefit including a professional license or credential.

I have concluded, notwithstanding the absence of any Wisconsin statute limiting eligibility for professional licenses or credentials to persons who are in the country legally, that federal law is controlling so that DRL is prohibited from granting any professional license or credential to an alien who is present in the United States illegally. And because DRL is prohibited from issuing professional licenses or credentials to illegal aliens, it must put in place some kind of procedure practicably designed to reasonably insure that it does not issue licenses or credentials in violation of federal law.

Regulation of immigration is exclusively a federal power. *DeCanas v. Bica*, 424 U.S. 351, 354 (1976). The federal government has broad power to determine which aliens should be admitted to the United States and to regulate their conduct while they are here. *Id.*, 424 U.S. at 358. The states, having no such power, can neither add to nor take from the conditions lawfully imposed by Congress on the admission and residence of aliens in the United States or the several states. *Id.*

Exercising its plenary power over immigration, Congress enacted the Personal Responsibility and Work Opportunities Reconciliation Act of 1996, codified in 8 U.S.C. § 1601, *et seq.*

The governing principle of this Act is that

an alien who is not---

(1) a qualified alien . . .

(2) a nonimmigrant under the Immigration and Nationality Act . . . , or

(3) an alien who is paroled into the United States . . . for less than one year,

is not eligible for any State or local public benefit (as defined in subsection (c) of this section).

8 U.S.C. § 1621(a). Under the relevant definition, a state or local public benefit includes “any grant, contract, loan, professional license, or commercial license provided by an agency of a State or local government or by appropriated funds of a State or local government[.]” 8 U.S.C. § 1621(c)(1)(A).

In enacting this legislation, Congress expressly declared a national policy to remove the incentive for illegal immigration provided by the availability of public benefits. *Equal Access Education v. Merten*, 305 F. Supp. 2d 585, 607-08 (E.D. Va. 2004); *Doe v. Wilson*, 67 Cal. Rptr. 2d 187, 191 (1997) (quoting 8 U.S.C. § 1601(6)). Thus, Congress intended to preempt existing state laws dealing with the eligibility of aliens for public benefits, *Equal Access Education*, 305 F. Supp. 2d at 605, and eliminate any eligibility illegal aliens had under those laws. *Doe*, 67 Cal. Rptr. 2d at 189.

Any state that wants to act contrary to federal policy has to make an affirmative legislative determination to do so. *Equal Access Education*, 305 F. Supp. 2d at 605. “A State may provide that an alien who is not lawfully present in the United States is eligible for any State or local public benefit for which such alien would otherwise be ineligible under subsection (a) of this section only through enactment of a State law after August 22, 1996, which affirmatively provides for such eligibility.” 8 U.S.C. § 1621(d).

Illegal aliens can only become eligible for state public benefits, therefore, through the enactment of a new state law expressly making them eligible. *Doe*, 67 Cal. Rptr. 2d at 190. In the absence of any such law, states are prohibited from providing illegal aliens with any public benefits other than those few benefits specifically excepted under the federal law. *Equal Access Education*, 305 F. Supp. 2d at 605 n.18; *Doe*, 67 Cal. Rptr. 2d at 190. See generally *Derby v. Brenner Tank, Inc.*, 187 Wis. 2d 244, 247, 522 N.W.2d 274 (Ct. App. 1994) (Supremacy Clause mandates that any conflicts between state and federal law be resolved in favor of federal law).

Secretary Celia Jackson

Page 3

Wisconsin has not enacted any law affirmatively providing that an alien who is not lawfully present in the United States would be eligible for a public benefit for which the alien would not otherwise be eligible under federal law. Indeed, the Wisconsin Legislature has enacted some laws denying benefits to illegal aliens. *See, e.g.*, Wis. Stat. § 108.04(18) (2005-06) (unemployment benefits); Wis. Stat. § 49.45(27) (2005-06) (medical assistance benefits). So DRL may not issue a professional license or credential to any person who is not in this country legally.

Because DRL is prohibited from issuing professional licenses or credentials to illegal aliens, it must put in place some kind of procedure practicably designed to reasonably insure that it does not issue licenses or credentials in violation of federal law.

Federal law does not dictate what the states must do to insure that applicants for state public benefits are lawfully present in the country so as to be eligible for these benefits. However, Congress has authorized the states to “require an applicant for State and local public benefits (as defined in section 1621(c) of this title) to provide proof of eligibility,” which would include proof that they are qualified legal aliens. 8 U.S.C. § 1625.

Asking applicants for a professional license or credential to supply evidence substantiating their legal immigration status would be consistent with existing state procedures. Wisconsin law requires applicants for professional licenses or credentials to provide their respective examining board with evidence that they meet qualifications necessary to obtain the license or credential. *E.g.*, Wis. Stat. § 448.05(2) (2005-06) (license to practice medicine); Wis. Stat. § 452.09(2) (2005-06) (license to practice real estate); Wis. Stat. § 470.04(2) (2005-06) (license to practice geology). The preemptive federal law regarding immigration status essentially creates an additional qualification for obtaining a state professional license or credential, *i.e.*, that the applicant be in the country legally. So requiring an applicant to provide evidence of legal immigration status simply adds one more qualification to the list of those the applicant must establish to obtain the license or credential.

Finally, although federal law requires the states to verify the immigration status of a person who applies for federal public benefits, it does not require, but permits, the states to verify the immigration status of a person who applies for state public benefits. *See* 8 U.S.C. § 1642(b). Similarly, although state law does not require DRL to verify the qualifications of an applicant for a professional license or credential, it does not prohibit DRL from verifying these qualifications.

However, I recommend that DRL verify the immigration status of all applicants for state professional licenses and credentials to be certain that it is not issuing them in violation of federal law.

This leads to your second question which is what practical steps DRL should take to implement a screening process so that it does not issue professional licenses or credentials to illegal aliens in violation of federal law.

I suggest that you contact the Systematic Alien Verification for Entitlements ("SAVE") Program operated by the U.S. Citizenship and Immigration Services in the Department of Homeland Security. As stated on the SAVE internet home page, the SAVE program enables federal, state, and local government agencies and licensing bureaus to obtain the immigration information they need to determine a non-citizen applicant's eligibility for public benefits. More information about the SAVE program is available on the program website or by calling (202) 272-8720.

Additionally, pursuant to 8 U.S.C. § 1642(a)(1), the Attorney General of the United States has issued interim guidance to determine who is a qualified alien eligible to receive federal public benefits. The interim rules are printed in 62 Fed. Reg. 61344-02 (Nov. 17, 1997), and a copy is enclosed.

I hope that this information is useful to the Department of Regulation & Licensing and its affiliated licensing and credentialing boards.

Sincerely,

J.B. Van Hollen

Re: Your request of July 3, 2008 as to the applicability of
8 U.S.C. § 1621(a) and (c)(1) and licenses
issued by the City of Milwaukee

Dear Mr. Leonhardt and Ms. Grill:

In the above-referenced letter you propound nine questions, which are:

1. Does this apply to all licenses and permits administered and issued by the License Division, including bike licenses, temporary bartender licenses and those who are exempted from the direct seller ordinance per MCO 95-1-2-b?
2. Does this apply to all natural persons listed on license applications, including individuals, partners, members, corporate officers, stockholders and directors?
3. In addition to all new applicants, does this apply to all currently licensed/permitted individuals?
4. What type of documentation is sufficient to prove that a person is a citizen, qualified resident or immigrant? Is presentation of a

Wisconsin Driver's License sufficient for proof of citizenship or legal residency in the United States?

5. If a person is a qualified resident for a limited period of time, is the license period for which a license is issued dependent upon that limited time period; or may an application be rejected if that limited period of time is less than the normal license term?
6. How should the Milwaukee Code of Ordinances that relates to the administration and issuance of licenses by the City Clerk and the Common Council be amended to reflect the requirements under the federal law and qualifications for licenses?
7. For those applicants of which proof of legal residency may be required, does this proof need to be submitted one time or is recertification required upon renewal of the application?
8. If an applicant no longer meets the legal residency requirements, what, if any property rights are afforded to them?
9. What steps should the City Clerk's License Division take to insure legal compliance with the law?

8 U.S.C. § 1621(a) and (c)(1)(A) and (B) provides:

§ 1621. Aliens who are not qualified aliens or nonimmigrants ineligible for State and local public benefits

(a) **In general.** Notwithstanding any other provision of law and except as provided in subsections (b) and (d), an alien who is not—
(1) a qualified alien (as defined in section 431 [8 USCS § 1641]),
(2) a nonimmigrant under the Immigration and Nationality Act, or
(3) an alien who is paroled into the United States under section 212(d)(5) of such Act [8 USCS § 1 182(d)(5)] for less than one year, is not eligible for any State or local public benefit (as defined in subsection (c)).

(b) **Exceptions.** Subsection (a) shall not apply with respect to the following State or local public benefits:

- (1) Assistance for health care items and services that are necessary for the treatment of an emergency medical condition (as defined in section 1903(v)(3) of the Social Security Act [42 USCS § 1396b(v)(3)] of the alien involved and are not related to an organ transplant procedure.
- (2) Short-term, non-cash, in-kind emergency disaster relief.
- (3) Public health assistance for immunizations with respect to immunizable diseases and for testing and treatment of symptoms of communicable diseases whether or not such symptoms are caused by a

communicable disease.

(4) Programs, services, or assistance (such as soup kitchens, crisis counseling and intervention, and short-term shelter) specified by the Attorney General, in the Attorney General's sole and unreviewable discretion after consultation with appropriate Federal agencies and departments, which (A) deliver in-kind services at the community level, including through public or private nonprofit agencies; (B) do not condition the provision of assistance, the amount of assistance provided, or the cost of assistance provided on the individual recipient's income or resources; and (C) are necessary for the protection of life or safety.

(c) State or local public benefit defined. (1) Except as provided in paragraphs (2) and (3), for purposes of this subtitle [8 USCS §§ 1621 et seq.] the term "State or local public benefit" means—

(A) any grant, contract, loan, professional license, or commercial license provided by an agency of a State or local government or by appropriated funds of a State or local government; and

(B) any retirement, welfare, health, disability, public or assisted housing, postsecondary education, food assistance, unemployment benefit, or any other similar benefit for which payments or assistance are provided to an individual, household, or family eligibility unit by an agency of a State or local government or by appropriated funds of a State or local government.

You point out to us that on October 25, 2007 the Hon. J.B. Van Hollen, Attorney General of the State of Wisconsin issued an opinion letter to Ms. Celia Jackson, Secretary of the Department of Regulation & Licensing concluding that 8 U.S.C. § 1621 (c) required, and no state law exempted, aliens lawfully in the United States to present evidence that they are eligible to obtain the license or credential being sought from the Department of Regulation & Licensing. In relevant portion the Attorney General of Wisconsin stated:

"So requiring an applicant to provide evidence of legal immigration status simply adds one more qualification to the list of those the applicant must establish to obtain the license or credential...However, I recommend that DLR verify the immigration status of all applicants for state professional licenses and credentials to be certain that it is not issuing them in violation of federal law."

We note that in his opinion, the Attorney General specifically noted that it was the obligation of the applicant to supply evidence of legal presence in the United States. We have seen some press coverage relating to the fact that there is a belief that having applicant sign sworn statements that they are legally present within the United States will suffice for compliance with the Attorney General's opinion. We, however, are of the view that when the Attorney General advised the Department of Regulation and licensing to obtain evidence of that the applicant in

is the United States legally, he was referring to bona fide copies of immigration documents indicating the individual's status.

With that background we are pleased to be able to respond.

1. **Does this apply to all licenses and permits administered and issued by the License Division, including bike licenses, temporary bartender licenses and those who are exempted from the direct seller ordinance per MCO 95-1-2-b?**

It is clear from a reading of 8 U.S.C. § 1621(c)(1)(A) and (B) that the license in question must be either a "professional license" or a "commercial license." Thus, any license which is used by an individual to engage in a profession or a commercial activity is the type of license at issue. Since most of the licenses issued by the City of Milwaukee and the License Division involve the use for a commercial or a professional endeavor, we believe that 8 U.S.C. § 1621(c)(1) (A) and (B) would apply to most of the licenses issued by the License Division. In the event a bicycle license is used on a commercial endeavor (for example, a bicycle license issued to courier services), we believe that would apply as well. If the license in question is simply issued to an individual for the purposes of pleasure riding on a bicycle, we do not believe 8 U.S.C. § 1621 (c)(1)(A) and (B) would apply, since it is not a license that is being used for "professional" or "commercial" purposes. Finally, this would apply to all licenses issued by the City of Milwaukee for "professional" or "commercial" purposes. For example, it would apply to licenses issued to food dealers and retailers by the Commissioner of Health and to licenses for hotel, motels, and rooming houses issued by the Commissioner of Neighborhood Services.

2. **Does this apply to all natural persons listed on license applications, including individuals, partners, members, corporate officers, stockholders and directors?**

It is our understanding that in the case of corporations, limited liability companies and limited liability partnerships, the license is granted and issued in the name of the entity with an agent of the entity making the application. We do not believe 8 U.S.C. § 1621 (c)(1)(A) and (B) would apply to all persons listed on license applications such as stockholders and directors and even officers of such entities, because the entity is obviously a creature of state law and has residence in the state of incorporation. We do believe, however the prohibitions of 8 U.S.C. § 1621 (c)(1) (A) and (B) would apply to the agent of such an entity, since the agent is the individual who actually applies for and receives the license on behalf of the entity once it is granted and issued, and, of course, is a natural person. We do, however, believe 8 U.S.C. §1621 (c)(1)(A) and (B) would apply to individuals such as individual partners (as distinct from a limited liability company or a limited

liability partnership), since the partnership would have no separate existence apart from the partners.

3. In addition to all new applicants, does this apply to all currently licensed/permitted individuals?

Title 8 U.S.C. § 1621 (c) (1) (A) and (B) took effect on August 22, 1996 and was amended in 1997. Since most of the licenses administered by the Office of the City Clerk are one and two years licenses, we believe that 8 U.S.C. § 1621 (c)(1)(A) and (B) applies to all currently licensed/permitted individuals.

4. What type of documentation is sufficient to prove that a person is a citizen, qualified resident or immigrant? Is presentation of a Wisconsin Driver's License sufficient for proof of citizenship or legal residency in the United States?

Obviously if someone is a natural born citizen of the United States the easiest way to prove their citizenship is to present a certified copy of the birth certificate. Because of the availability of high quality photocopies, the relative ease with which copies can be altered from the originals, we do not believe ordinary photocopies will be sufficient for you to meet the obligations imposed by Federal Law and the opinion of the Attorney General. Further for documentation purposes we believe that you should keep the original certified copies in your files. We are reliably informed that passports are not sufficient in that they can be issued in the name of an "also known as."

A review of 8 U.S.C. reveals that there are certificates of citizenship that may be issued by the Attorney General of the United States. (8 U.S.C. § 1433 [usually applicable to children of at least one parent who is a United States citizen, but born outside of the United States]); a certificate of naturalized citizenship (8 U.S.C. § 1443(e) and 8 U.S.C. § 1449).

We note that 2007 Wisconsin Act 20 became effective on October 27, 2007 and requires proof of legal alien status for the issuance of a Wisconsin Operator's (Driver's License) Permit. However, TRANS § 102.15 (3m) of the Wisconsin Administrative Code is the implementation for ensuring that applicants for Wisconsin Operators' Permits are in fact in the United States legally. The current version does contain a list of measures by which the Wisconsin Department of Transportation ensures that applicants for Wisconsin Operators' Permits are in fact eligible for licensure, to include providing proof of legal alien status. We note, however, that the current version of TRANS § 102.15 (3m) was enacted before the current version of Wis. Stat. § 343.14 (2) (es), and has not been updated since the effective date of Wis. Stat. § 343.14 (2) (es). As a consequence, until TRANS 102.15 (3m) is so changed, using Wisconsin Operators' Permits for proof of legal alien residency will be problematic.

Were that not the case, we are of the opinion that any documents authorized by Wis. Stat. § 343.14 (2) (es) to be used for the issuance of an Operator's Permit could be relied upon your office to assist in making the determination of whether or not the applicant was in the United States legally. These include: a valid, unexpired nonimmigrant visa or nonimmigrant visa status for entry into the United States, an approved application for asylum in the United States, entry into the United States on refugee status, a pending application for asylum in the United States, a pending or approved application for temporary protected status in the United States, an approved deferred action status, and a pending application for adjustment of status to that of an alien lawfully admitted for permanent residence in the United States or a conditional permanent resident status in the United States. (Wis. Stat. § 343.14 (2) (es) 1. 7.)

Until TRANS § 102.15 (3m) is changed to reflect the changes to Chapter 343 by Wis. Stat. § 343.14 (2) (es) we are not so certain that mere reliance on a Wisconsin Operators' Permit solves your problem; and even then only for those Operators Permits issued after the effective date of any amendments to TRANS § 102.15 (3m), an event that has yet to occur.

The documentation for the majority of aliens lawfully residing in the United States appears to be Alien Registration Receipt Card ("Green Card") which is also known as and Immigration and Naturalization Service (INS) Form I-551. It is issued to immigrants who are permanent resident aliens with no restrictions. There are also preliminary documents or indicators that evidence the classification which include a stamp in their passport stating "processed for I-551," and INS Form I-181, memorandum of Creation of Record for Lawful Permanent Residence.

Our research has also come up with a Conditional Resident Alien Card. It is like an I-551, but bears an expiration date. Please note our discussion in answer to the fifth question you posed regarding issuance of licenses that will not expire before the expiration date of the legal permission for an alien to be in the United States.

However those not holding a "Green Card" will have a visa. For your information, the following are the classifications of visas that we have been able to discern:

- "A" Visa – Held by governmental officials of other countries
- "B" Visa – Held by visitors for business ("B-1") or pleasure ("B-2") (for such things as a vacation, health services, marriage with intended departure, and short educational courses)
- "C" Visa – Held by persons in transit through the United States to another country
- "D" Visa – Held by crewmembers of foreign flag vessels or aircraft
- "E" Visa – Held by persons who by treaty are permitted to carry on a trade in the United States

- “F” Visa – Held by foreign academic students and their spouses and children
- “F1” Visa – Held by academic students seeking optional practical training in an occupation directly related to their area of study (can include students offered off campus employment under the sponsorship of a qualifying international organization)
- “G” Visa – Held by alien representatives to international organizations such as the United Nations or the Red Cross or Red Crescent
- “H” Visa – Held by persons in particular areas of professional employment
- “H-1A” – Held by professional nurses
- “H-1B” – Held by specialty occupations such as journalists, writers, fashion designers, etc
- “H-2A” – Held by temporary agricultural workers
- “H-2B” – Held by other temporary workers skilled or unskilled
- “H-3” – Held by temporary worker seeking non-medical self-improvement training
- “H-4” – Held by family members accompanying “H” workers and professionals
- “I” Visa – Held by representatives of foreign media
- “J” Visa – Held by persons in exchange programs and their spouses and children
- “K” Visa – Held by fianc’e or fianc’ee of a U.S. citizen, but the marriage must occur within 90 days of entry into the United States
- “K3” Visa – Held by the spouse of a United States citizen awaiting the issuance of an immigrant visa
- “K4” Visa – Held by the children of a spouse of a United States Citizen awaiting the issuance of an immigrant visa
- “L” Visa – Held by employees of foreign affiliates of United States companies
- “M” Visa – Held by foreign student (vocational) and their spouses and children
- “N” Visa – Held by the parent or child of certain special immigrants
- “O” Visa – Held by persons with “extraordinary ability” in the sciences, arts, education, business or athletics
- “O-1A” – Held by “stars” in sciences, arts, education, business or athletics
- “O-B” – Held by “stars” in film or television
- “O-2” – Held by persons accompanying “stars” to a particular event
- “O-3” – Held by family members accompanying a “star”
- “P” Visa – Held by foreign athletes, artists, and entertainers
- “Q” Visa – Held by [participants in international business and cultural exchange programs
- “R” Visa – Held by ministers and other religious professionals
- “S” Visa – Held by persons with critical information concerning a criminal organization

- “TN” Visa – held by Canadian or Mexican professionals entering the United States to work under the North American Free Trade Agreement
- “T” Visa – Held by victims of sex or slavery trafficking
- “U” Visa – Held by victims of physical or mental abuse resulting from certain criminal activities
- “V” Visa – Held by spouses or children of lawful permanent aliens awaiting the issuance of an immigration visa

It is obvious that some of the visas set forth above would preclude any kind of employment while in the United States. We have been able to determine that the following individuals holding the following visa classifications would be eligible to work in the United States:

- Foreign nationals who have filed an application for adjustment of status to lawful permanent resident alien (Green Card)*
- Spouses of “E” and “L” visa holders
- Spouses and children of “J” visa holders
- “F-1” students seeking optional practical training in an occupation **directly** related to their area of studies*
- “M-1” student seeking employment for practical training following completion of studies
- “F-1” students offered off campus employment under the sponsorship of a qualifying international organization*
- “F-1,” “M-1” and “J-1” student seeking off-campus employment because of severe economic hardship*
- Spouses and children of foreign government diplomats, officials and NATO personnel
- “K-1” fiancé’s and fiancée’s of United States citizens, or “K-2” dependents
- Personal or domestic servants of employers who enter the United States as a nonimmigrant under a “B,” “E,” “F,” “H,” “I,” “J,” or “L” visa
- “B-1” nonimmigrant domestic servants of United States citizens
- “B-1” nonimmigrant employees of foreign airlines
- Foreign national granted status under the Family Unity Protection program*
- Foreign national who have been granted asylum in the United States*
- Foreign nationals who have filed a complete application for asylum or withholding of deportation or removal*

* It may be helpful to contact the Immigration and Naturalization Service or the sponsoring international organization for specific advice on any given situation.

- Foreign nationals in refugee status*
- Foreign nationals paroled as refugees*
- Foreign nationals under temporary protected status*
- Citizens of Micronesia or the Marshall Islands or Palau admitted to the United States as a citizen of the Micronesia or Marshall Islands
- Foreign nationals who have applied for suspension of deportation*
- Foreign nationals who were paroled into the United States for emergency reasons or reasons strictly in the public interest*
- Deportable foreign national granted voluntary departure, with an evidence establishing economic necessity to work*
- Foreign national on "V" nonimmigrant status*
- Foreign nationals admitted as a parent ("N-8") or dependent child ("N-9") of an alien granted permanent residence
- Foreign nationals on "T-2," "T-3," or "T-4" nonimmigrant status

5. If a person is a qualified resident for a limited period of time, is the license period for which a license is issued dependent upon that limited time period; or may an application be rejected if that limited period of time is less than the normal license term?

By operation of federal law, the eligibility for the individual to hold a license is only for the period of time that the individual is allowed to be in the United States as a legal alien. If that time period expires prior to the expiration of the term of the license, we believe the legal ability of the individual to hold the license would expire during the term of the license. In that eventuality one of two things would have to occur: (1) the individual would have to show proof that an application for an extension of the legal status had been made and was likely to be granted; or (2) the City Clerk would have to initiate revocation proceedings on and after the expiration date of the legal status of the alien. We believe that it would be expensive, time consuming, and unduly burdensome for the City Clerk to monitor the date of expiration of the legal status of each of the aliens to who licenses had been granted. Therefore we believe that it is entirely appropriate to deny licensure of a license that would itself expire after the expiration of the legal status of the alien.

6. How should the Milwaukee Code of Ordinances that relates to the administration and issuance of licenses by the City Clerk and the

Common Council be amended to reflect the requirements under the federal law and qualifications for licenses?

Because of Federal Law, the supremacy of the Congress of the United States to control immigration into the United States, and the supremacy of the Congress of the United States to determine what aliens may do while in the United States, the requirements we specify above are already part of the law. However, for a variety of administrative purposes to ease the burden of the bureaucracy to administer the granting and issuance of such licenses, it would be helpful if in each case of each license specifying qualifications to hold a license, the qualifications for licensing should reference 8 U.S.C. § 1621(a) and (c)(1)(A) and (B). Further, we believe that in the qualifications there should be a specification that states if the expiration of the legal alien status will occur before the expiration of the term of the license, the Clerk may refuse to process the application because of the expense and time required and which will not result in a license being validly held through to its expiration.

- 7. For those applicants of which proof of legal residency may be required, does this proof need to be submitted one time or is recertification required upon renewal of the application?**

We believe that the proof of qualification for the licenses should be submitted at the time of initial application and/or renewal. The reason why is because any time the individual fails to meet legal alien status, even though the license may have been initially granted and issued, no renewal of the license may be had if legal alien status is lost. Because an individual is entitled to a hearing on the question of renewal, the individual should be noticed that the renewal may be denied because of failure to comply with the requirement of legal alien status.

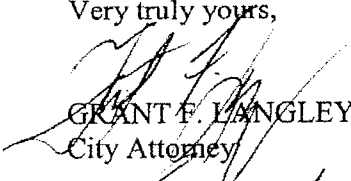

- 8. If an applicant no longer meets the legal residency requirements, what, if any property rights are afforded to them?**

If an applicant fails to continue to meet the qualifications for licensure as required by 8 U.S.C. § 1621(a) and (c)(1)(A) and (B), we believe it would be appropriate to file a complaint seeking revocation of the license, and following the procedures of the ordinances for revocation of a license. In those cases where a renewal of the license may conveniently be timed with the loss of continuing qualifications for such licenses, we believe that notification to the individual along with a copy of whatever information the City may have regarding the lack of qualifications for renewal of the license would be sufficient.

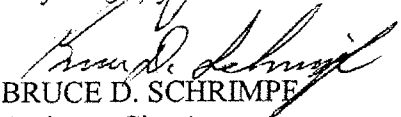

- 9. What steps should the City Clerk's License Division take to insure legal compliance with the law?**

We believe that following the above-referenced advice the Office of the City Clerk and any other license granting agency of City of Milwaukee Government will be in compliance with federal law on aliens and the ability of aliens legally in the United States to obtain licenses for professions and employment.

Very truly yours,

BILLING CODE 4310-94-P

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Westland Irrigation District Boundary Adjustment, Hermiston, OR

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, the Bureau of Reclamation (Reclamation) intends to prepare an environmental impact statement (EIS) for a proposed boundary adjustment to include additional lands into the Westland Irrigation District. Westland Irrigation District (WID) proposes the addition of 21,100 acres, of which 9,912 acres are currently irrigated, into their boundaries.

The NEPA process was initiated in late 1993 and, as a result of comments received then, has been on hold until additional information was obtained. This notice is to inform the public of the resumption of the NEPA process and the preparation of an EIS.

FOR FURTHER INFORMATION CONTACT: Mr. John Tiedeman, UCA-1607, Upper Columbia Area Office, Bureau of Reclamation, PO Box 1749, Yakima WA 98907-1749; Telephone (509) 575-5848 extension 238.

SUPPLEMENTARY INFORMATION: WID is one of several districts in the Umatilla basin either served by federally owned facilities or receiving federally controlled water. A Federal repayment contract with WID requires that changes to district boundaries must be approved by the Secretary of the Interior. During studies undertaken to implement the Umatilla Basin Project Act, it became apparent that WID was providing federally supplied water to lands outside of the district boundaries. In 1993, to address this problem, WID requested that Reclamation allow a change in their boundaries so that they may provide irrigation water to lands

outside the current boundaries. In the interim Reclamation entered into a series of annual water service contracts with WID so irrigation of lands outside of the district boundaries with federally supplied water could continue while issues surrounding the boundary expansion were resolved.

Reclamation and the Natural Resources Department of the Confederated Tribes of the Umatilla Indian Reservation (CTUIR) held public meetings on November 4 and December 17, 1993, to gather comments from the public concerning the "Proposed Boundary Changes for Irrigation Districts in the Umatilla Project, Oregon." Key issues identified in the scoping effort included Umatilla River hydrology and passage conditions for anadromous fish, Native American trust resources, and continued viability of irrigated agriculture. Based on the complex and often controversial nature of the issues involved, the high level of public and agency interest, and Reclamation's Native American trust responsibilities, Reclamation concluded that an EIS should be prepared. Since then, a hydrologic model of the Umatilla basin, necessary to complete the assessment of the proposed boundary adjustment, has been developed. Completion of the hydrologic model is anticipated for February 1998.

Four alternatives are proposed, including the no action alternative. Under the no action alternative all deliveries of federally supplied water by WID to lands outside of the current district boundaries would cease. Under the action alternatives some, or all, of these deliveries could continue. The draft EIS is expected to be completed in March of 1999.

At this time, no additional scoping meetings are planned. A summary of scoping issues identified through previous meetings is available upon request. Anyone interested in more information concerning the proposed action or who has information concerning significant environmental issues, should contact Mr. Tiedeman as provided under the **FOR FURTHER INFORMATION CONTACT** section.

Dated: October 17, 1997.

DEPARTMENT OF JUSTICE

[AG Order No. 2129-97]

Interim Guidance on Verification of Citizenship, Qualified Alien Status and Eligibility Under Title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996

AGENCY: Department of Justice.

ACTION: Notice of interim guidance with request for comments.

SUMMARY: Title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 ("PRWORA") requires the Attorney General, by February 1998, to promulgate regulations requiring verification that an applicant for federal public benefits is a qualified alien eligible to receive federal public benefits under the Act. Amendments to the PRWORA by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 also require the Attorney General, within the same time period, to establish fair and nondiscriminatory procedures for applicants to provide proof of citizenship. Amendments to the PRWORA by the Balanced Budget Act of 1997 require the Attorney General, by November 3, 1997, to issue interim verification guidance that sets forth procedures that benefit providers can use to verify citizenship, qualified alien status, and eligibility under Title IV of the PRWORA prior to issuance of the final regulations. In accordance with this last statutory requirement, the Attorney General, in consultation with federal benefit-granting agencies, has developed this interim guidance.

DATES: This Interim Guidance is effective October 29, 1997.

SUPPLEMENTARY INFORMATION: By the authority vested in me as Attorney General by law, including section 432(a) of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (as amended), I hereby issue the following Interim Guidance on Verification of Citizenship, Qualified Alien Status and Eligibility Under Title IV of the Personal Responsibility and

Work Opportunity Reconciliation Act of 1996.

Dated: October 29, 1997.

Janet Reno,

Attorney General.

Interim Guidance on Verification of Citizenship, Qualified Alien Status and Eligibility Under Title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996

Introduction

A. Summary

Title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (the "Act") provides that, with certain exceptions, only United States citizens, United States non-citizen nationals and "qualified aliens" (and sometimes only particular categories of qualified aliens) are eligible for federal, state and local public benefits. The Act, as amended by the Balanced Budget Act of 1997, requires the Attorney General, by November 3, 1997, to issue interim guidance on the verification of eligibility of aliens for federal public benefits. The Act also requires the Attorney General, by February 1998, to promulgate final regulations requiring verification that an applicant is a qualified alien eligible to receive federal public benefits under the Act. States have an additional twenty-four months to put into effect a verification system that complies with those regulations. Amendments to the Act by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 further require the Attorney General to establish fair and nondiscriminatory procedures for applicants to provide proof of citizenship. Benefit providers, however, are required to implement the Act, and hence to make determinations regarding citizenship, qualified alien status, and eligibility under Title IV of the Act, before the Attorney General's issuance of new regulations and the States' development of conforming verification systems.

This memorandum provides guidance on how to verify citizenship, immigration status and eligibility under Title IV of the Act during this interim period. This guidance adopts a four-step procedure: (1) Determine if your program provides a "federal public benefit" subject to the Act's verification requirements; (2) Determine whether the applicant is otherwise eligible for benefits under general program requirements; (3) Verify the applicant's status as a U.S. citizen, U.S. non-citizen national or qualified alien; and (4) Verify the applicant's eligibility for

benefits under the Act. If at any step you determine that you are not required to verify (or further verify) immigration status, you should not go on to the following step(s). If you have any questions regarding verification of immigration status pursuant to this Guidance, contact the local office of the Immigration and Naturalization Service ("INS") serving your geographic area. A list of local INS offices is set forth in Attachment 1. Attachment 1 also includes a copy of INS Form G-845 and the Supplement thereto to be used to verify immigration status pursuant to this Guidance.

This Guidance applies only to federal public benefits, and does not directly address the citizenship and immigration requirements that Title IV of the Act imposes on the provision of state and local public benefits. To the extent that you are required to verify that an applicant is a U.S. citizen, U.S. non-citizen national or qualified alien when determining eligibility for a state or local program, however, the Attorney General will be promulgating regulations that set forth procedures by which state and local providers can verify alien eligibility for such benefits. During the interim, we advise that you use this Guidance in consultation with state and local authorities.

B. Programs With Governmental Verification

Some federal programs (e.g., Medicaid) require federal, state and local governmental agencies, but not private providers, to verify citizenship and immigration status as part of program eligibility determinations. The private entities actually providing the benefits must abide by the verification determination made by the governmental agency; they engage in no independent verification. Nothing in this Guidance modifies such program requirements: providers of benefits under programs where verification is performed by a governmental agency are not required by this Guidance to verify that an applicant is a U.S. citizen, non-citizen national or qualified alien, and they should not engage in such verification. They should continue to provide benefits pursuant to program requirements based on the verification determinations made by the appropriate governmental agency.

C. Programs Currently Required To Use the SAVE System

Some federal programs (e.g., Medicaid, unemployment compensation, educational assistance under Title IV of the Higher Education Act of 1965, assisted housing programs

administered by the Department of Housing and Urban Development) already require, absent a waiver, verification of the immigration status of noncitizens applying for benefits through the Systematic Alien Verification for Entitlements ("SAVE") system. SAVE is an intergovernmental information-sharing program that is available to benefit-granting agencies that need to determine an alien's immigration status. With one exception, nothing in the Act changes preexisting legal requirements regarding use of the SAVE system or relieves the administrators of statutorily mandated programs of their obligations to comply with the SAVE program (including the terms of any waiver of SAVE program requirements received from the appropriate federal agency); section 840 of the Act, however, did remove the requirement that a state agency use the SAVE system to verify eligibility for Food Stamps. You should note that SAVE does not provide all of the information that may now be necessary to determine an individual's eligibility under Title IV of the Act. You should use this Guidance to obtain or verify that new information.

D. Exemption for Nonprofit Charitable Organizations

Subject to such verification regulations as the Attorney General may subsequently adopt and the limitations set forth immediately below, a "nonprofit charitable organization" providing a federal, state or local public benefit covered by the Act is *not* required under Title IV of the Act to determine, verify, or otherwise require proof of an applicant's eligibility for such benefits based on the applicant's status as a U.S. citizen, U.S. non-citizen national or qualified alien. Thus, a nonprofit charitable organization is not required by the Act to seek an applicant's confirmation that he or she is a qualified alien, or to have a separate entity verify the applicant's status before providing benefits. To be eligible for this exemption, an organization must be both "nonprofit" and "charitable." For purposes of this Guidance, an organization is "nonprofit" if it is organized and operated for purposes other than making gains or profits for the organization, its members or its shareholders, and is precluded from distributing any gains or profits to its members or shareholders. An organization is "charitable" if it is organized and operated for charitable purposes. The term "charitable" should be interpreted in its generally accepted legal sense as developed by judicial decisions. It includes organizations

dedicated to relief of the poor and distressed or the underprivileged, as well as religiously-affiliated organizations and educational organizations. If you have any questions as to whether your organization is a nonprofit charitable organization exempt from the Act's verification requirements, you should contact the federal, state or local agency overseeing the program you administer to obtain guidance.

The exemption for nonprofit charitable organizations is limited to verification requirements imposed by Title IV of the Act and to those instances in which the nonprofit charitable organization itself would be required by Title IV to engage in verification. Certain programs, however, require federal, state and local agencies to verify citizenship and immigration status as part of program eligibility determinations, while benefits are provided, at least in part, by charitable organizations. Other programs currently require verification by the charitable organization itself. These independent requirements are not altered by the provision exempting nonprofit charitable organizations from the Act's verification requirements. If a non-exempt entity (e.g., a state agency) performs verification for benefits provided through a nonprofit charitable organization, you must abide by those determinations. Similarly, if your program has procedures unrelated to Title IV of the Act that require verification by your charitable organization, or adopts such procedures in the future, you must comply with such procedures.

A nonprofit charitable organization that chooses not to verify cannot be penalized (e.g., through cancellation of its grant or denial of reimbursement for benefit expenditures) for providing federal public benefits to an individual who is not a U.S. citizen, U.S. non-citizen national or qualified alien, except when it does so either in violation of independent program verification requirements or in the face of a verification determination made by a non-exempt entity. However, if your organization chooses to verify, even though it is a nonprofit charitable organization that is not required to do so under the Act, you should comply with the procedures set forth in this Guidance and provide benefits only to those whom you verify to be U.S. citizens, U.S. non-citizen nationals or qualified aliens. Any verification request to INS by a nonprofit charitable organization must be accompanied by the written consent of the individual whose status is to be verified to the

release of information about the individual to a nongovernmental entity. The consent must be notarized or executed under penalty of perjury. (INS Form G-639 may be used for this purpose.)

E. Nondiscrimination and Privacy Requirements

Various federal civil rights laws and regulations prohibit discrimination by governmental and private entities on the basis of race, color, national origin, gender, religion, age and disability. They include Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d *et seq.* ("Title VI"), Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794, the Americans with Disabilities Act of 1990, 42 U.S.C. 12101 *et seq.*, the Age Discrimination Act of 1975, 42 U.S.C. 6101 *et seq.*, and the Fair Housing Act, 42 U.S.C. 3601 *et seq.* These laws apply to entities' provision of any public benefits, including their implementation of the Act. In particular, Title VI prohibits discrimination on the basis of race, color, or national origin in any program or activity, whether operated by a public or private entity, that receives federal funds or other federal financial assistance. Thus, in operating or participating in a federally assisted program and implementing the requirements of the Act, including those set forth in this Guidance, a provider should not, on the basis of race, color or national origin, directly or indirectly differentiate among persons in the types of program services, aids or benefits it provides or the manner in which it provides them. For example, benefit providers should treat all similarly situated individuals in the same manner, and should not single out individuals who look or sound foreign for closer scrutiny or require them to provide additional documentation of citizenship or immigration status. The nondiscrimination requirements of Title VI and other applicable civil rights laws are discussed more fully in Attachment 2.

If you have questions regarding issues of discrimination that may arise with respect to benefit-granting procedures or the implementation of this Guidance, you should contact the civil rights office of the pertinent benefit-granting agency or the applicable office in the Civil Rights Division of the U.S. Department of Justice. Contact numbers in the U.S. Department of Justice, Civil rights Division are set forth in Attachment 2.

When implementing the Act's verification requirements, you should be sensitive to privacy interests, and should use the citizenship and immigration status information received

only for purposes of verifying the applicant's eligibility for benefits under the Act and, if you are a governmental entity, for sharing such information with the INS and other governmental entities as provided by the Act. You should also review the Privacy Act (5 U.S.C. 552a), state and local privacy laws, and your program's requirements to ensure that you comply with all applicable privacy requirements.

Verification Procedures

Step 1: Determine if Your Program Provides a "Federal Public Benefit" Subject to the Act's Verification Requirements

The Act's requirement that benefit recipients be U.S. citizens, U.S. non-citizen nationals or qualified aliens does not apply to all federally funded activity or programs; it applies only to non-exempted "federal public benefits". Therefore, benefit providers should first determine whether the particular program they are administering provides a "federal public benefit" for which the Act requires them to verify citizenship, nationality or immigration status. Preliminary guidance on which programs provide "federal public benefits" subject to the Act's verification requirements is set forth in Attachment 3. *If the federal program does not provide a "federal public benefit" covered by the Act (e.g., the program is exempted by Attorney General Order No. 2049, 61 FR. 45,985 (1996), regarding government-funded community programs, services or assistance that are necessary for the protection of life or safety), the benefit provider is not required to, and should not attempt to, verify an applicant's status, unless otherwise required or authorized to do so by law, because all aliens, regardless of their immigration status, are eligible for such benefits.*

If one program provides several public benefits, the Act's requirements apply only to those benefits that are non-exempted federal public benefits under the Act. A provider is not required to, and should not, verify the citizenship, nationality and immigration status of applicants for other benefits provided by the program that do not constitute federal public benefits.

Step 2: Determine Whether Applicant is Eligible for Benefits Under General Program Requirements

Given the potential intrusiveness and possibly time-consuming nature of the citizenship and alien status verification inquiry, a provider should determine whether an applicant otherwise meets specific program requirements for

benefit eligibility before initiating the verification process, unless determining program eligibility would be considerably more complex and time-consuming than verifying immigration status. This will reduce verification inquiries that prove unnecessary because the applicant is not otherwise eligible for the benefits requested. This Guidance does not address these other program eligibility requirements; a provider should refer to the statute, regulations and agency guidance (if any) governing its program for such requirements. (Note, however, that Title IV contains provisions requiring that, upon the effective date of the new affidavit of support, required under section 213A of the Act, when determining eligibility for federal means-tested public benefits and the amount of such benefits to which an alien is entitled, the income and resources of the alien be deemed to include those of any person executing an affidavit of support on behalf of the alien and that person's spouse, if applicable, with certain exceptions for indigent qualified aliens and aliens who (or whose children or parents) have been battered or subjected to extreme cruelty in the U.S. by a spouse, parent or member of the spouse or parent's family. See Exhibit B of Attachment 5.)

Determining program eligibility will normally include verifying that the applicant is who he or she claims to be. Although many of the documents and procedures relevant to determining citizenship or immigration status may also be relevant to identity verification, this Guidance is designed to provide assistance in determining the status of applicants whose identity has already been verified, and does not address appropriate identity verification procedures. It is your responsibility to assure yourself, pursuant to non-discriminatory procedures, of the identity of the applicant.

Step 3: Verify Applicant's Status as A U.S. Citizen, U.S. Non-Citizen National or Qualified Alien

Because the process of verifying an individual's status as a U.S. citizen, U.S. non-citizen national or qualified alien raises significant issues involving privacy and anti-discrimination protections, no verification of an applicant's status as a U.S. citizen, U.S. non-citizen national or qualified alien should be undertaken where benefits are not contingent on such status. In addition, if an alien is applying for benefits on behalf of another person, you may, under federal law, only verify the status of the person who will actually be receiving the benefits.

Except as set forth in this paragraph, if your program provides a non-exempted "federal public benefit," and thus is available only to U.S. citizens, U.S. non-citizen nationals and qualified aliens, you should verify an applicant's status as set forth below. If you are a private provider of a "federal public benefit" and your program requires verification by a federal, state or local governmental agency, but not by a private provider, you should not engage in any independent verification and should continue to comply with the verification determinations made by the appropriate governmental entity. If you are on the SAVE system, you should continue following the SAVE procedures and should use this Guidance only for matters not addressed under the SAVE program.

A. U.S. Citizen or Non-Citizen National

1. *Ask for Declaration of Status.* If you are required to verify an applicant's status as a U.S. citizen, U.S. non-citizen national or qualified alien, you should begin by asking the applicant to submit a written declaration, under penalty of perjury, that he or she is a citizen or non-citizen national of the U.S. (or that he or she is a qualified alien—see Paragraph B.1. below).

Subject to certain exceptions and qualifications (particularly with respect to derivative citizenship), a United States citizen is:

- A person (other than the child of a foreign diplomat) born in one of the several States or in the District of Columbia, Puerto Rico, Guam, the U.S. Virgin Islands, or the Northern Mariana Islands who has not renounced or otherwise lost his or her citizenship;
- A person born outside of the United States to at least one U.S. citizen parent (sometimes referred to as a "derivative citizen"); or
- A naturalized U.S. citizen.

As a general matter, a United States non-citizen national is a person born in an outlying possession of the United States (American Samoa or Swain's Island) on or after the date the U.S. acquired the possession, or a person whose parents are U.S. non-citizen nationals (subject to certain residency requirements).

The law regarding U.S. citizenship and nationality is complex. These broad definitions are provided for general guidance only, and do not address all of the complexities involved in attaining or losing status as a U.S. citizen or non-citizen national. See 8 U.S.C. 1401 *et seq.*

If you have any questions regarding whether an applicant is a U.S. citizen or non-citizen national, you should consult

with the INS (in the case of a naturalized citizen) or the federal agency or department that oversees your program.

2. *Verify Status.* A number of programs have existing procedures for verifying that an applicant is a U.S. citizen or non-citizen national for purposes of program eligibility. You should continue to comply with any existing or future legal requirements for verifying citizenship and nationality that are imposed on your program, as well as with any applicable existing or future guidance provided by the agency or department overseeing your program. If a program has no requirements or guidance regarding verification, a benefit provider should refer to this Guidance.

The appropriate method of verifying an applicant's citizenship will depend upon the requirements and needs of the particular program, including, but not limited to, the nature of the benefits to be provided, the need for benefits to be provided on an expedited basis, the length of time during which benefits will be provided, the cost of providing the benefits, the length of time it will take to verify based on a particular method, and the cost of a particular method of verification. For example, a benefit provider could adopt a quick and simple verification procedure if it provides short-term benefits and the cost of extensive verification will outweigh the cost of the benefits or if verification will be time-consuming and the benefits are needed in the short term. On the other hand, if the benefit provider provides substantial, long-term benefits, it may be reasonable to require more extensive verification of citizenship.

Regardless, a benefit provider's decision as to the appropriate method must be made in a non-discriminatory fashion; for example, it cannot turn on the fact that the applicant looks or sounds foreign or has an ethnic surname. A benefit provider should adopt neutral procedures that apply equally to all applicants regardless of their appearance, ethnicity or accent. A benefit provider should not implement its procedures in a manner that discriminates against applicants whom it assumes to be foreign; nor should a benefit provider treat any applicant in a more beneficial manner based on assumptions as to the applicant's citizenship. (See Nondiscrimination Advisory in Attachment 2.)

To verify that an applicant is a U.S. citizen or non-citizen national, a benefit provider could do any one of the following:

(a) Ask the applicant to present a document demonstrating that he or she is a U.S. citizen or non-citizen national. Documents that can be used to make this demonstration are described in Attachment 4. (A benefit provider may also consult records of verified citizenship, if any, maintained by the agency overseeing its program.)

(i) If the document reasonably appears on its face to be genuine and to relate to the individual presenting it (or, if your program already has existing guidance or procedures mandating a higher standard of proof for acceptance of documentary evidence of status, the document satisfied that higher standard), the provider should accept the document as conclusive evidence that the applicant is a U.S. citizen or non-citizen national, and should not verify status any further.

(ii) If the document presented does not on its face reasonably appear to be genuine (or to satisfy a higher applicable standard) or to relate to the individual presenting it, the benefit provider should contact the governmental entity that originally issued the document presented or that can confirm the applicant's status as a U.S. citizen or non-citizen national. (With regard to naturalized citizens and derivative citizens presenting certificates of citizenship, the INS is the appropriate governmental entity to contact for verification of such status. If the applicant presents a document relating to such status and that document does not on its face reasonably appear to be genuine or to relate to the applicant (or to satisfy a higher applicable standard), the provider may request verification of status by filing INS Form G-845 along with copies of the pertinent documents provided by the applicant with the local INS office. If an applicant has lost his or her original documents or never had an original document demonstrating naturalized or derivative citizenship, refer the applicant to the local INS office to obtain documentation of status.)

(b) Accept a written declaration, made under penalty of perjury and possibly subject to later verification of status, from one or more third parties indicating a reasonable basis for personal knowledge that the applicant is a U.S. citizen or non-citizen national.

(c) Accept the applicant's written declaration, made under penalty of perjury and possibly subject to later verification of status, that he or she is a U.S. citizen or non-citizen national.

The options described in subparagraphs (b) and (c) above present a greater potential for undetected false claims of being a United States citizen or non-citizen national, and therefore

should be used with caution in appropriate circumstances. For example, before using these options, a provider might require the applicant to demonstrate why a document evidencing that he or she is a U.S. citizen or non-citizen national does not exist or cannot be readily obtained. Such a requirement must be imposed equally on all applicants, and cannot be applied in a discriminatory manner.

3. *Action Pending Verification.* In an applicant has satisfied the above requirements regarding submission of a sworn declaration and presentation of any other required evidence of status, you should refer to the legal requirements of your program and to any applicable guidance provided by the federal agency or department overseeing your program to determine if you should grant or withheld benefits during the period of time in which you are verifying the applicant's status. If your program has no such requirements or guidance and the applicant has submitted a written declaration, under penalty of perjury, that he or she is a U.S. citizen or non-citizen national, you should not delay, deny, reduce or terminate the applicant's eligibility for benefits under the program on the basis of an applicant's citizenship or nationality during the period of time it takes to verify his or her status.

4. *Take Action Based on Results of Verification.* If you verify that the applicant is a U.S. citizen or non-citizen national, you are subject to no further verification requirements under Title IV of the Act and should grant the benefits requested if the applicant is otherwise eligible for them under the specific program's requirements. If you cannot verify that the applicant is a U.S. citizen or non-citizen national after exhausting the above-described methods (and the applicant is not a qualified alien—see below), you should deny the benefits requested, and notify the applicant pursuant to your regular procedures of his or her rights under the applicable program to appeal the denial of benefits. If the INS was involved in the provider's attempt to verify naturalized or derivative citizenship, the INS will, upon request of the agency or department handling the appeal, conduct a thorough review of its initial verification response and will provide the agency or department with information in its possession necessary to resolve the appeal.

B. Qualified Alien

1. *Ask for Declaration of Status.* If an applicant is not a U.S. citizen or U.S. non-citizen national, you may grant the applicant non-exempt federal public

benefits only if the applicant submits a written declaration, under penalty of perjury, that he or she has an immigration status that makes him or her a "qualified alien" and you verify that status as set forth below.

A "qualified alien" is:

- An alien lawfully admitted for permanent residence under the Immigration and Nationality Act ("INA");
- An alien granted asylum under section 208 of the INA;
- A refugee admitted to the U.S. under section 207 of the INA;
- An alien paroled into the U.S. under section 212(d)(5) of the INA for at least one year;
- An alien whose deportation is being withheld under section 243(h) of the INA as in effect prior to April 1, 1997, or whose removal is being withheld under section 241(b)(3) of the INA;
- An alien granted conditional entry pursuant to section 203(a)(7) of the INA as in effect prior to April 1, 1980;
- An alien who is a Cuban or Haitian entrant as defined in section 501(e) of the Refugee Education Assistance Act of 1980; or
- An alien who (or whose child or parent) has been battered or subjected to extreme cruelty in the U.S. and otherwise satisfies the requirements of § 431(c) of the Act (see Exhibit B of Attachment 5).

2. *Request Documentation of Immigration Status.* Ask the applicant to provide documentation evidencing his or her status as a qualified alien. The documents that will demonstrate that an applicant is a "qualified alien" are described in Attachment 5. *Note that*, if the applicant is applying for federal means-tested public benefits covered by the Act, or possibly a program funded by a Social Services Block Grant, the applicant may well have to present additional documentation demonstrating eligibility under the Act—see Step 4 below—and you will also want to ask the applicant to provide any such additional documentation demonstrating eligibility.

3. *If Supported by Documents, Conclude that the Applicant is a Qualified Alien.* If the documentation reasonably appears on its face to be genuine (or, if your program already has existing guidance or procedures mandating a higher standard of proof for acceptance of documentary evidence of immigration status, the document satisfies that higher standard) and to relate to the individual presenting it, you should accept the documentation as conclusive evidence that the applicant is a qualified alien, you should *not* further verify immigration status with

the INS (unless you are a SAVE user, in which case you should proceed to verify status according to SAVE procedures), and you should proceed to determine if the applicant satisfies the Act's other eligibility requirements for the particular benefits discussed in Step 4 below (addressing SSI, Food Stamps, TANF, Medicaid, programs funded by a Social Services Block Grant, and federal means-tested public benefits).

4. If, Based on the Documents Presented, You Are Considering Concluding that the Applicant Is Not a Qualified Alien, Take the Following Steps.

(a) *Verify Status.* If, based on your review of the documents presented, you are considering determining that an applicant is *not* a qualified alien and thus is *not* eligible for the benefits requested based on his or her immigration status—e.g., because the document does not on its face reasonably appear to be genuine (or to satisfy a higher applicable standard) or to relate to the person presenting it—you should check with the INS to verify the information presented as set forth below. (You do not need to check with the INS if the applicant presents a document that is valid and demonstrates lawful immigration status but that simply does not qualify him or her for status as a qualified alien: e.g., INS Form I-94 showing admission as a nonimmigrant visitor.) **Do not determine that an applicant is not a qualified alien, and do not conclusively deny benefits on that basis, without first verifying the applicant's status with the INS as follows.**

If you are connected to the INS SAVE system, check the applicant's immigration status using the standard procedures for use of the SAVE system, including both the electronic mechanism and, if necessary (e.g., if information regarding the pertinent immigration status cannot be confirmed through the electronic SAVE database), the procedures for secondary verification. If you are not connected to the SAVE system and the applicant presents documents relating to such status, request verification of immigration status by filing INS Form G-845 and Supplement along with copies of the pertinent immigration documents provided by the applicant with the local INS office. In either instance, the INS will conduct a thorough review of its records to determine if the applicant is a qualified alien. If the applicant presents expired documents or is unable to present any documentation evidencing his or her immigration status, refer the applicant to the local INS office to obtain

documentation of status. In unusual cases involving applicants who are hospitalized or medically disabled, or who can otherwise show good cause for their inability to present documentation, and for whom securing such documentation would constitute an undue hardship, if the applicant can provide an alien registration number, you may file INS Form G-845 and Supplement, along with the alien registration number a copy of any expired INS document presented, with the local INS office to verify status. As with any documentation of immigration status, you should confirm that the status information you receive back from INS pertains to the applicant whose identity you have verified.

(b) *Action Pending Verification.* You should refer to the legal requirements of your program and to any applicable guidance provided by the federal agency or department overseeing your program, if any, to determine whether you should grant or withhold benefits during the period of time in which you are verifying the applicant's immigration status. If your program has not such requirements or guidance and the applicant has submitted a written declaration, under penalty of perjury, that he or she is a qualified alien, you should not delay, deny, reduce or terminate the applicant's eligibility for benefits under the program on the basis of an applicant's immigration status during the period of time it takes to verify his or her immigration status. If you are to grant benefits pending verification, you should first determine if the applicant satisfies the Act's other eligibility requirements (if any) for the benefits requested as set forth in Step 4 below.

(c) *Take Action Based on Response to Verification Inquiry.* If the INS notifies you that the applicant has an immigration status that makes him or her a qualified alien within the meaning of the Act, you should accept the INS verification of and proceed to determine whether the applicant satisfies the Act's other eligibility requirements (if any) for the benefits requested as set forth in Step 4 below.

If the INS modifies you that it cannot verify that the applicant has an immigration status that makes him or her a qualified alien within the meaning of the Act, you should deny benefits and notify the applicant pursuant to your program's regular procedures of his or her rights under the applicable program to appeal the denial of benefits. Upon request of the agency or department handling the appeal, the INS will conduct a thorough review of its initial verification response and will provide

the agency or department with information in its possession necessary to resolve the appeal.

Step 4: Verify Eligibility Under the Act

Title IV of the Act provides that all qualified aliens are eligible for some federal public benefits, while it imposes additional eligibility requirements for receipt of other benefits. If the qualified alien is applying for a benefit for which all qualified aliens are eligible, you should not engage in any further verification of immigration status. If he or she is applying for a program for which the Act imposes additional eligibility requirements, however, you should determine whether the applicant satisfies those requirements.

A. Federal Public Benefits With No Further Immigration Eligibility Requirements for Qualified Aliens

Except as set forth below, all qualified aliens are eligible for all federal public benefits. If the qualified alien is applying for a federal public benefit for which all qualified aliens are eligible, you should not engage in any further verification of immigration status.

With some exceptions, individuals receiving SSI as of August 22, 1996, continue to be eligible for such benefits until the Commissioner of Social Security, prior to September 30, 1998, redetermines their eligibility; if, as a result of that redetermination, an individual is found to be ineligible for SSI, the individual can nevertheless continue receiving benefits until September 30, 1998.

In the absence of a State's decision to restrict eligibility for programs funded by a Social Services Block Grant, all qualified aliens are eligible for Social Services Block Grant programs. In the absence of a State's decision to restrict eligibility for TANF and Medicaid, the Act does not restrict the availability of these benefits to qualified aliens who entered the United States prior to August 22, 1996, and who were continuously present in the United States until attaining qualified alien status; however, because the Department of Health and Human Services has determined that TANF and Medicaid are federal means-tested public benefits, see 62 FR 45,256 (August 26, 1997), aliens who entered the United States on or after August 22, 1996, are ineligible for those programs for five years from the date that they attain qualified alien status (see discussion of federal means-tested public benefits in Paragraph B below and Attachment 7). You should determine whether your State is continuing to provide TANF, Medicaid,

and programs funded by a Social Services Block Grant to all qualified aliens:

• If the State is continuing to provide programs funded by a Social Services Block Grant to all qualified aliens, you should not engage in any further verification of immigration status;

• If the State is continuing to provide TANF and Medicaid to all qualified aliens, you should refer to Paragraph B below and Attachment 7 for further guidance on additional eligibility requirements; and

• If the State has restricted qualified aliens' eligibility for TANF and Medicaid, you should determine whether the applicant is eligible for such benefits as set forth in Paragraph B below.

B. Federal Benefits With Additional Eligibility Requirements for Qualified Aliens SSI, Food Stamps, TANF, Medicaid, and Programs Funded by a Social Services Block Grant

The Act provides that only certain excepted categories of aliens are eligible for SSI and Food Stamps. A State may,

however, choose to issue Food Stamp benefits to individuals that are otherwise ineligible for such benefits under sections 402 or 403 of the Act, provided that the State reimburses the federal government for the costs of such benefits and complies with certain administrative requirements. In addition, if a State has exercised its right to limit qualified aliens' eligibility for TANF, Medicaid, and programs funded by a Social Services Block Grant, certain excepted categories of aliens remain eligible for such programs. The excepted categories of aliens that remain eligible for SSI are somewhat broader than the excepted categories for Food Stamps, Medicaid, TANF and programs funded by a Social Services Block Grant. Consult Attachment 6 for a more specific description of these excepted categories and the documentation that will demonstrate that an alien falls within such an exception and thus remains eligible for these programs.

Federal Means-Tested Public Benefits. With certain exceptions discussed in greater detail in Attachment 7, qualified

aliens are ineligible to receive federal means-tested public benefits for five years from the date that they attain qualified alien status. However, aliens who entered the United States prior to August 22, 1996, and who were continuously present in the United States until attaining qualified alien status are not subject to this restriction. In addition, exceptions are made for refugees, asylees, aliens whose deportation or removal has been withheld, Cuban/Haitian entrants, certain Amerasian immigrants, and aliens who are veterans honorably discharged or on non-training active duty and their families. This restriction, moreover, does not apply after the expiration of the five-year period. If a qualified alien is applying for such a benefit, you should determine, in accordance with Attachment 7, whether he or she arrived in the United States prior to August 22, 1996, whether he or she falls within one of the enumerated exceptions, or whether he or she has been a qualified alien for at least five years.

however, choose to issue Food Stamp benefits to individuals that are otherwise ineligible for such benefits under sections 402 or 403 of the Act, provided that the State reimburses the federal government for the costs of such benefits and complies with certain administrative requirements. In addition, if a State has exercised its right to limit qualified aliens' eligibility for TANF, Medicaid, and programs funded by a Social Services Block Grant, certain excepted categories of aliens remain eligible for such programs. The excepted categories of aliens that remain eligible for SSI are somewhat broader than the excepted categories for Food Stamps, Medicaid, TANF and programs funded by a Social Services Block Grant. To Whom It May Concern,

Federal requirements have prompted the City Clerk's Office to introduce an ordinance (File 090411) relating to citizenship and qualified alien status requirements for issuance of professional or commercial licenses or permits. The ordinance requires all applicants for new or renewal licenses or permits for conducting a business or an occupation to provide either proof of U.S. citizenship or documentation issued by the U.S. Department of Homeland Security which authorizes the applicant to engage in such business or occupation.

The ordinance was introduced to ensure compliance with the **United States Personal Responsibility and Work Opportunity Reconciliation Act of 1996** which prohibits state and local governments from conferring public benefits, including professional and commercial licenses and permits, upon persons who are not citizens of the United States or certain qualified aliens. **The City Attorney has advised that this federal law applies to the issuance of licenses and permits by the License Division of the City Clerk's Office, and that we are required to be in compliance.**

Under the ordinance, the License Division will reject any new or renewal application if the required documentation is not provided. However, the ordinance includes a procedure for appealing the rejection to the Common Council's Licenses Committee, and there is also a procedure for the License Division to initiate revocation proceedings when the status of an alien changes and the individual no longer has documented permission to work in the United States.

This file will likely be scheduled for a hearing before a Common Council committee in the near future. To read the legislative file, go to www.city.milwaukee.gov and click on "Council Files" on the right side of the main page, and then type 090411 in the search window and hit "enter."

Hearing Set for Ordinance Applying Federal Law to Licensees, Applicants

A public hearing has been scheduled next week before the Common Council's **Licenses Committee** to hear testimony on a proposed ordinance (File 090411) relating to citizenship and qualified alien status requirements for issuance of professional or commercial licenses or permits.

The hearing will begin at 8 a.m. on Tuesday, September 29, 2009 in room 301-B at City Hall, 200 E. Wells St.

City Clerk Ron Leonhardt said federal requirements have prompted the City Clerk's Office to introduce the ordinance, which would require all applicants for new or renewal licenses or permits for conducting a business or an occupation to provide either proof of U.S. citizenship or documentation issued by the U.S. Department of Homeland Security which authorizes the applicant to engage in such business or occupation. "The City Attorney has advised that this federal law applies to the issuance of licenses and permits by the License Division of the City Clerk's Office, and that we are required to be in compliance," he said.

"The ordinance will not only help protect the integrity of the licensing process, but it also has an appeals process for applicants and licensees who are rejected," Leonhardt said.

Re: File 090411

Dear President Hines & Members of the Common Council:

Since its founding in 1972, the Hispanic Chamber of Commerce of Wisconsin (HCCW) has adhered to its primary mission of the development and growth of Hispanic-owned businesses in Milwaukee and indeed, throughout Wisconsin. The HCCW has fostered business development and has diligently advocated on behalf of our small business enterprises.

We have earned and we maintain a remarkable record of consistently and successfully assisting Hispanic-owned businesses flourish. These businesses in turn, spur vital economic development in this community, create jobs and directly add to the city's tax base.

The purpose of this letter is to express our significant concern and extreme alarm over Common Council File 090411, a proposed ordinance that would require the city to add - at its own expense- a new layer of bureaucracy that would target immigrants by requiring them to verify their legal status before receiving business and/or commercial licenses and permits.

On behalf of our membership and thousands who look to the HCCW for leadership, I implore you to weigh heavily the likely disproportionate and negative impact implementation that said ordinance would have on numerous potential and existing Hispanic entrepreneurs and Hispanic-owned businesses in Metropolitan Milwaukee; not to mention on the city's economic development efforts.

At a minimum, the detrimental effect of this ordinance on Milwaukee and Wisconsin businesses deserves more studied and far-reaching consideration than the short-sighted, mean-spirited treatment it has received thus far. **Research shows that no other city where large concentrations of immigrant Hispanic population reside has enacted such a devastating blow to this particular demographic.**

Immigrants have helped to fuel the economic boom of the 1990s and their talents form part of the bedrock of the 21st century American economy. What's more, laws governing immigration matters are at best outdated, and at worst are being leveraged to advance short-sighted political agendas by specifically targeting the immigrant community at the expense of endangering our own economic recovery.

More importantly, to pass such an ordinance is totally unnecessary. According to Attorney General J.B. Van Hollen, state government is not required by federal law to verify the legal status of persons applying for business and/or commercial licenses. "Federal law does not dictate what the states must do to insure that applicants for state public benefits are lawfully present in this country..." Van Hollen states in his letter of October 25, 2007.

At a time of economic recession, when storefronts throughout this city remain vacant along major commercial corridors, when tens of thousands of residents are unemployed, it is utterly self defeating that you would now consider this ordinance. We should not make it any more cumbersome for entrepreneurs to obtain business and commercial licenses in the City of Milwaukee. We should not jeopardize our own economic recovery. Based on this city's long history of immigrant entrepreneurship, we should not alienate and target immigrants who only want to contribute to our economic well being.

Rather than impede the economic growth of this city and alienating potential entrepreneurs from investing in new enterprises that would create additional tax revenue and more jobs, it is important, now more than ever, that policy makers create a fertile environment that values, rather than hampers entrepreneurship.

In our new economy, Hispanics are no longer just employees and consumers, we are employers and investors who are woven into every fiber of the area's economy. The Hispanic community- and I specifically refer to immigrants and their offspring -are a crucial component of the revitalization of the local economy. No one can doubt the deeply rooted entrepreneurial spirit and committed work ethic that is inherently part of our rich Hispanic culture. In fact, Hispanics are the fastest growing group of entrepreneurs today.

Our governmental agencies have stubbornly failed to offer a common sense solution to the immigration issue and in doing so have worsened the scenario for employers, workers, consumers and business owners. In the history of this great nation, many of our immigrant forefathers weathered seemingly impossible odds to achieve the American Dream. Today we Hispanics continue their vision in pursuit of that dream, and do so while contributing to the area's growth and economy.

The HCCW and the community we represent oppose Common Council File 090411 on the basis that it is unnecessary; it is potentially detrimental to the economic revitalization of the City of Milwaukee; it would make it difficult if not impossible for entrepreneurs to acquire needed licenses; and it goes to extremes to target Hispanic entrepreneurs who only want to invest in our great city and state.

We respectfully urge you to oppose implementation of the ordinance. Your attention and the opportunity to comment on this most recent anti-immigrant development are appreciated. Gracias!

Sincerely,

Maria Monreal-Cameron, President & CEO

Re: Common Council File No. 090411
Legal Status of Individuals Seeking Licenses

Dear Mr. Leonhardt and Alderman Murphy:

Both of you have asked for a legal opinion relating to the above subject.

By letter dated October 5, 2009, City Clerk Ronald Leonhardt asked: whether his office is required to enforce the provisions of 8 U.S.C. § 1621(a) and (c)(1) (relating to the eligibility of illegal residents for licenses, etc.), in the absence of an ordinance establishing procedures for applications, appeals, and revocations; whether his office has the authority to establish those procedures; and what legal concerns are presented if an ordinance is not enacted.

By letter dated October 6, 2009, Alderman Michael Murphy asked whether an ordinance is necessary since there is no legal requirement to verify the status of applicants for licenses, and inquired about the applicability of *Lozano v. City of Hazelton, Pennsylvania*, 496 F. Supp. 2d 477 (M.D. Pa., 2007).

It is indisputable that the federal law, the Personal Responsibility Act of 1996, 8 U.S.C. § 1601, *et seq.*, declares that individuals not legally in the United States are not eligible for certain state or local public benefits, unless a subsequent state law is enacted expressly making those individuals eligible. Wisconsin has not enacted such a law. As a result, legal resident status is an eligibility requirement for many City licenses.

Ronald D. Leonhardt
Alderman Michael J. Murphy
December 3, 2009
Page 2

As you know, the Wisconsin Attorney General issued an opinion stating that the Department of Regulation & Licensing (DRL) must create "some kind of procedure practicably designed" "to reasonably ensure" that licenses are not issued in violation of federal law. While the federal government does not state what these procedures must be, the federal law permits local entities to verify legal verification status. Federal law does not require such verification.

Nonetheless, the Attorney General has recommended that DRL implement verification procedures. He referred DRL to the U.S. Department of Justice's interim guidelines applicable to federal public benefits, where verification of legal status is required. (Interim Guidance on Verification of Citizenship, Qualified Alien Status and Eligibility Under Title IV of the Personal Responsibility and Work Opportunity & Reconciliation Act of 1996. 62 FR 61344).

We have reviewed the DOJ guidelines. Again, they are only applicable in situations where verification is required (for federal benefits).

To determine eligibility, the guidelines state that the application form should ask for a declaration of status, under penalty of perjury. To verify that status, the DOJ guidelines state that "a benefit provider could do any one of the following:"

1. Ask the applicant for a document demonstrating legal status, or
2. Accept a written, sworn declaration from one or more third parties indicating a reasonable basis for personal knowledge that the applicant has legal status, or
3. Accept the applicant's written declaration, made under penalty of perjury and possibly subject to later verification, that the person is legally in the U.S.

To summarize, under federal law, people who are in the United States illegally are not eligible for certain City licenses. The City must, at a minimum, seek information from an applicant as to whether he or she is eligible for a license. The federal law does not require the City to verify that status, although the law does permit verification. The verification can be as simple as accepting a statement under oath, or asking for some documentary proof.

Alderman Michael J. Murphy

To answer your specific questions, even in the absence of an ordinance directly related to this subject, it is our opinion that the City Clerk still must determine whether all applicants are legally eligible to receive a particular license. A policy of requiring a declaration from every applicant as to legal status would be a legally acceptable and nondiscriminatory way to achieve this result, with the understanding that there are other, more certain methods that could be used. If a question is raised that truly casts doubt on the veracity of the declaration, or any other representation in the application, the City would need to reasonably assure itself that the individual is eligible for the license.

An aggrieved applicant could appeal under the provisions applicable to that license.

At a minimum, ordinance revisions should be adopted to include the declaration of legal status as a requirement for license eligibility. We would be available to work with you to identify these ordinance changes.

Concerning the *Lozano v. Hazelton* case (an appeal is pending), the draft ordinance pending before the Milwaukee Common Council is much different than the ordinance at issue in that case. In that case, Hazelton was attempting to add to sanctions already created by federal law regarding employment of illegal aliens. The ordinance was found to be preempted by federal law.

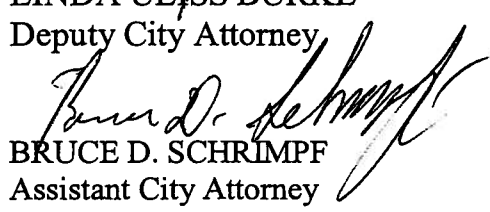

Very truly yours,

GRANT F. LANGLEY
City Attorney

LINDA ULISS BURKE
Deputy City Attorney

BRUCE D. SCHRIMPF

Dear Jim:

K. Patel, owner of Silver Spring Liquor, 6018 W, Silver Spring Dr., Milwaukee WI, is applying for a liscense for the former Paul's Liquor, 6220 W. Silver Spring Dr,

I have known K. Patel for all or most of my Alder service to the 9th District. He is a good, clean, fair operator. To my knowledge he has never had a citation, or even a disturbance at his site. If he gets a liscense for 6220 I am confident he will run the new facility in the same way he does his present one. Please include this letter as my support for his application.

Thank you for your good work as chairman of the important U&L Committee.

Sincerely,

Don Richards

COMMITTEE MEETING NOTICE

AD 14

Mary K. Hart, Agt.
Hi Fi Cafe, LLC
3006 S Wentworth Av
Milwaukee, WI 53207

You are requested to attend a hearing which is to be held in Room 301-B, Third Floor, City Hall on:

Tuesday, January 05, 2010 at 9:00 AM

Regarding: Your Class 'B' Tavern application and request for the permanent extension of the premises to include 2642 S Kinnickinnic Av as agent for "Hi Fi Cafe, LLC" for "Hi Fi Cafe" at 2640 S Kinnickinnic Av.

There is a possibility that your application may be denied for the following reasons:

Neighborhood Objections to loitering, littering, loud music and noise, parking and traffic problems, drug and criminal activity, prostitution, trespassing, public urination, fights, shootings, vandalism, thefts, fitness of location based on the concentration of alcohol beverage outlets in the area and conduct which is detrimental to the health, safety, and welfare of the neighborhood.

Possible denial because: This proposed location is in an area that has previously been found by the Common Council to be over concentrated with alcohol outlets. Attached is the concentration of alcohol beverage outlets in the area map existing at the time of the determination of the over concentration based on an address of 2305 S. Howell Avenue. The Licenses Committee will consider concentration of alcohol beverage outlets as one question regarding the suitability of this location to be licensed as an alcohol beverage establishment. You may present evidence supporting your application. One issue that evidence should address is whether the licensure of this location is appropriate in light of the concentration of alcohol beverage outlets.

**Notice for applicants
with warrants or
unpaid fines:**

You will be given an opportunity to speak on behalf of the application and to respond and challenge any charges or reasons given for the denial. This requires approval from the Licenses Committee and the Common Council of the City of Milwaukee. The hearing before the Licenses Committee will take place on 1/5/2010 at 9:00 AM, in Room 301-B, Third Floor, City Hall, 200 East Wells Street. If you wish, you may provide testimony at the hearing regarding the request; see below for further information. You are not required to attend the hearing. COMMITTEE MEETING NOTICE

AD 14

Gene M. Mc Kiernan, Agt.
Landlubbers, Inc
1918 S 94th St
West Allis, WI 53227

You are requested to attend a hearing which is to be held in Room 301-B, Third Floor, City Hall on:

Tuesday, January 05, 2010 at 9:00 AM

Regarding: Your Class 'B' Tavern application as agent for "Landlubbers, Inc" for "Ducky's" at 3172 S 8th St.

There is a possibility that your application may be denied for the following reasons:

Neighborhood Objections to loitering, littering, loud music and noise, parking and traffic problems, drug and criminal activity, prostitution, trespassing, public urination, fights, shootings, vandalism, thefts, fitness of location based on the concentration of alcohol beverage outlets in the area, and conduct which is detrimental to the health, safety, and welfare of the neighborhood.

Possible denial because: This proposed location is in an area that has previously been found by the Common Council to be over concentrated with alcohol outlets. Attached is the concentration of alcohol beverage outlets in the area map existing at the time of the determination of the over concentration based on an address of 3001 S. 9th Street. The Licenses Committee will consider concentration of alcohol beverage outlets as one question regarding the suitability of this location to be licensed as an alcohol beverage establishment. You may present evidence supporting your application. One issue that evidence should address is whether the licensure of this location is appropriate in light of the concentration of alcohol beverage outlets.

Notice for applicants with warrants or unpaid fines: Proof of warrant satisfaction or payment of fines must be submitted at the hearing on the above date and time. Failure to comply with this requirement may result in a delay of the granting/denial of your application.

Failure to appear at this meeting may result in the denial of your application. You will be given an opportunity to speak on behalf of the application and to respond and challenge any charges or reasons given for the denial. No petitions can be accepted by the committee, unless the people who signed the petition are present at the committee hearing and willing to testify. You may present witnesses under oath and you may also confront and cross-examine opposing witnesses under oath. If you wish to do so and at your own expense, you may be accompanied by an attorney of your choosing to represent you at this hearing. If you have difficulty with the English language, you should bring an interpreter with you, at your own expense, so that you can answer questions and participate in your hearing.

You may examine the application file at this office during regular business hours prior to the hearing date. Inquiries regarding this matter may be directed to the person whose signature appears below.

Limited parking for persons attending meetings in City Hall is available at reduced rates (5 hour limit) at the Milwaukee Center on the southwest corner of East Kilbourn and North Water Street. Parking tickets must be validated in Room 205, (City Clerk's Office) or the first floor Information Booth in City Hall.

PLEASE NOTE: Upon reasonable notice, efforts will be made to accommodate the needs of disabled individuals through sign language interpreters or other auxiliary aids. For additional information or to request this service, contact the Council Services Division ADA Coordinator at (414) 286-2998, Fax - (414) 286-3456, TDD - (414) 286-2025.

Notice of Public Hearing

Gene M. Mc Kiernan, Agt.

Ducky's at 3172 S 8th St

Class 'B' Tavern application

Tuesday, January 05, 2010 at 9:00 AM

To Whom it may concern:

Class 'B' Tavern application for Ducky's at 3172 S 8th St has been made by the above named applicant. This requires approval from the Licenses Committee and the Common Council of the City of Milwaukee. The hearing before the Licenses Committee will take place on 1/5/2010 at 9:00 AM, in Room 301-B, Third Floor, City Hall, 200 East Wells Street. If you wish, you may provide testimony at the hearing regarding the request; see below for further information. You are not required to attend the hearing. Once the Licenses Committee makes its recommendation, this recommendation is forwarded to the full Common Council for approval at its next regularly scheduled hearing. Please review the information below and if you have further questions regarding this process, please contact the License Division at (414) 286-2238.

Important details for those wishing to provide information for the Licenses Committee to consider when making its recommendation:

1. The license application is scheduled to be heard at the above time. Due to other hearings running longer than scheduled, you may have to wait some time to provide your testimony.
2. You must appear in person and testify as to matters that you have personally experienced or seen. (You cannot provide testimony for your neighbor, parent or anyone else; this is considered hearsay and cannot be considered by the committee.)
3. No letters or petitions can be accepted by the committee (unless the person who wrote the letter or the persons who signed the petition are present at the committee hearing and willing to testify).
4. Persons opposed to the license application are given the opportunity to testify first; supporters may testify after the opponents have finished.
5. When you are called to testify, you will be sworn in and asked to give your name, and address. (If your first and/or last names are uncommon please spell them.)
6. You may then provide testimony.
 - a. Include only information relating to the above license application.
 - b. Include only information you have personally witnessed or seen.
 - c. Provide concise and relevant information detailing how this business has affected or may affect the peaceful enjoyment of your neighborhood.
 - d. If by the time you have the opportunity to testify, the information you wish to share has already been provided to the committee, you may state that you agree with the previous testimony. Redundant or repetitive testimony will not assist the committee in making its recommendation.
7. After giving your testimony, the members of the Licenses Committee and the licensee may ask questions regarding the testimony you have given or other factors relating to the license application.
8. Business Competition is not a valid basis for denial or non-renewal of a license.

Please Note:

Attendance is not required.

This report is written by Police Officer Gilbert Gwinn, assigned to the License Investigation Unit, Days.

The Milwaukee Police Department's investigation regarding this application revealed the following:

1. On 03-29-06 at 10:55 pm, Milwaukee Police conducted a license premise check at 2566 S 6th Street. An officer observed a patron with a youthful appearance playing pool. Officers requested identification to verify his age. This patron was identified as Juan T Zavala-Milan (h/m 10-14-77) and Zavala-Milan consented to a search. Officers found a dollar bill, which contained a clear plastic corner cut baggie. The baggie contained a white powdery substance, which later tested positive for cocaine. Zavala-Milan was arrested for POCS-Cocaine. No violations were found during the tavern check.

2. On 01-06-07 at 1:00 am, Milwaukee Police officers from the Intelligence and Vice Control Divisions, conducted a license premise check at 2566 S 6th Street. Upon entry, officers observed a male patron, who was seated at the bar, attempt to discard a plastic bag containing four smaller bags of marijuana onto the floor of the tavern. This patron realized he was being watched and put the bag of marijuana in his pants pocket. This subject was arrested and the substance tested positive for marijuana. Officers also spoke to the bartender, Patricia Rodriguez, who denied any knowledge of drugs being sold inside the tavern. Wanted checks were conducted on two other patrons who were arrested on misdemeanor warrants. No other violations were found.

3. On 01-13-07 at 12:05 am, Milwaukee Police conducted a tavern check at 2566 S 6th Street. Upon entry, officers had made eye contact with a patron who was dropping a clear plastic bag containing a white powdery substance, suspected to be cocaine, to the floor. Officers recovered the suspected cocaine as the patron stated, "I'm not selling cocaine, I use cocaine." Officers also conducted a field interview of the subjects' friend who was seated next to him. When asked if he had anything illegal on his person, the subject stated, "Yea, I'm holding something for my friend." An officer conducted a pat down search and found a bag of white powdery substance, suspected of cocaine, in the subjects right pants pocket. This patron, on his own will, stated, "It's mine, it's for personal use." Both subjects were arrested and charged with Possession of Control Substance-Cocaine. The drugs tested positive for cocaine. No other violations were found.

=====

4. On 01/20/07, Milwaukee police received reliable information from an informant that cocaine was being sold from Reyna's Bar. On 01/21/07 at 12:15 am, this informant was able to purchase \$20.00 dollars worth of suspected cocaine from an unknown patron inside Reyna's. Shortly after the buy, officers conducted a license premised check and was unable to locate the suspect however found a subject wanted on a felony warrant. This subject was arrested and the cocaine that was bought from the earlier buy was placed on inventory.

5. On 11/22/07, Milwaukee police were dispatched to Subject With Weapon at 2566 S 6th Street. Officers spoke to the bouncer, identified as Manuellito Duran, who stated an unknown female was in an argument and was removed from the tavern. After a few minutes later, the subject returned with a rock and broke out the tavern's southeast window. A report was filed.

The Milwaukee Police Department's investigation regarding this application revealed the following:

1. On 06/18/09 at 12:09 am, Milwaukee police responded to a call for a Tavern Violation at 400 E Locust. Upon arrival, officers observed security standing at the door who allowed a patron in the bar with security locking the door once the patron was in. After several minutes of knocking on the door, security finally unlocked the door and allowed police to enter. Officers immediately found the bar to be overcapacity and spoke with the licensee Arlisa Gee. The bar was temporarily closed and a head count was conducted. The posted capacity was listed as 67 patrons and the final patron count was found to be 92. Citations were issued to Gee for Licensed Premises-Immediate Police Entry Required and Posting of Capacity Required.

Officers spoke with the victims who stated they just left Plann B and were walking to their car that was parked in front of the bar when they were approached by two unknown males who were armed with guns. These suspects obtained money and jewelry and took one of the victims car keys. One of the victims stated to police that the bar owner, Nicole Tanner, came out of the bar and made a statement regarding the robbery that just occurred. The victim stated Tanner said, "I can't believe those two guys just did this at my club." The victim then stated that Tanner rushed everyone that was in the bar out and closed the bar. Police interviewed a witness who stated that the two suspects were in the bar that evening and if she saw photos of them, she could identify them. While on scene, police attempted to speak with Tanner and employees of the tavern. Officers observed lights on inside and could hear people talking in the tavern. Officers knocked on the door but received no answer. In the past after incidents regarding Plann B tavern, Tanner and/or other bar staff have quickly closed the bar and have refused to cooperate with police investigations. Police were unable to interview Tanner regarding the incident.

Tanner stated that after the patron was ejected a different subject that was friends with the previous patron ran into the bar and fired two shots from a black revolver. Tanner provided a description of the suspect and stated she did not know if anybody had been shot and the bar quickly emptied afterwards. Further investigation revealed two victims were shot and taken to separate hospitals. One victim sustained a gunshot wound to the right chest and the other victim was shot once to right shoulder.

I just received a call from Phyllis Ritter at 1325 N. 39th St. regarding Vliet Discount Liquor at 3901 W. Vliet being heard at 10:30.

933-2763
She objections because it is a hang out for gangs, there is a vacant lot that people hang out in and drink, they start bon fires, etc.

She just got out of the hospital and cannot make the meeting.

I told her that they need in person testimony, but that I would pass this on to you.

Good afternoon Alderman Hines: Attached for your review and file is the conceptual floor plan for the proposed addition to the above referenced project. Pursuant to our meeting discussions, I have addressed the following items:

1. I have contacted Mr. Young Kim regarding the Fondy Market. He has invited us to attend the next meeting of the Healthy Food Access Work Group scheduled for January. They are looking for a store to participate in the program, and we will pursue this as a possibility for our store addition. I have allocated a generous space for this within the floor space.
2. I have also contacted Mario and Sharron from Walnut Way, and they will get back to me early in the week to discuss utilizing their products that are locally grown by kids in the neighborhood, etc. This also sounds like a great idea, and we can only hope that by survey we can find out what would be desired and consumed by visitors to the store.
3. I have met with the license division, and provided them with a copy of the revised plan and complete information regarding the liquor display and sales at the store.
4. I have had the CSM for the property to exclude the residential lot so that the CSM can go through.

We can meet with the Neighborhood Committee at their next meeting to discuss the issue of the rezoning of the residential lot and its benefits to the project and the neighborhood. Then hopefully obtain your support for the rezoning.

I will also need your support for the Special Permit to allow us to begin construction as soon as possible. Please keep in mind that the owner has paid a lot of money in fees and deposits, and would not like to have funds held until spring.

Thanks, Steve Sharpe

Thanks, Abra. Mr. Sharpe has definitely been trying to put a lot of pressure on Pres. Hines to sign off on the building permit. This letter is a big help.

I will send him a copy of the letter, as well.

Dear President Hines:

On behalf of the Community Planning Council (CPC) for NSP area #10, please be notified that on Saturday November 21, 2009 the collective established neighborhood organizations of the CPC unanimously voted against supporting the proposal submitted by representatives of Superior Foods, located at 1535 W. North Avenue for the purposes of expanding into residential area for additional warehouse product space.

It is the absolute opinion of the CPC that to the expansion of building space for storage purposes at this corner community is counter productive to residential development activity. We are a community rising and feel that expansion into the residential community this location would add additional complications to the overall safety of residents in and surrounding NSP area #10. There is space directly to the east of the building designed for parking which currently goes unused.

As always, the CPC membership would also like to communicate that we support healthy businesses and continue to welcome potential businesses that contribute toward strengthening the quality of life in our community through the offering safe goods and services.

Respectfully Submitted,

Abra E. Fortson

This report is written by Police Officer Mary SIKORA, assigned to the License Investigation Unit, Days.

The Milwaukee Police Department's investigation regarding this application revealed the following:

On 10/23/09 as part of the background check for this applicant, Wisconsin Department of Transportation records were accessed. The applicant's driver's license was in canceled status due to a false address of 4601 S. 1st St. #206.

I contacted a Fraud Investigator with the State of Wisconsin. The investigator informed me that this address was suspicious due to a large volume of people using it for their home address. In July 2008, The Wisconsin Department of Transportation sent out a letter of request to the applicant at 4601 S. 1st #206 asking him to come to one of their offices by August 2008, to show proof of residency and identity. There was no response to the letter and the applicant's driver's license was canceled.

On 10/28/09, I went to 4601 S. 1st #206 to attempt to interview the applicant. No one answered the door. A few minutes after I left, the applicant contacted my office indicating that he was praying and was not able to answer the door. He stated he lives at this address, but when I pressed him for information, he didn't speak English well enough and asked me to contact his brother Karnail Singh.

I contacted Karnail Singh, dob 09/09/58, address 4601 S. 1st St. #206, and informed him of why I was calling. He stated he remembers the letters from the Wisconsin Department of Transportation and that there was a mix up and he would contact his

brother and have him provide proof of residency. Karnail Singh stated his brother did live with him at that address.

On 11/02/09, I again contacted Karnail Singh by telephone to inform him that I have not received proof of residency for his brother. Mr. Singh asked what needed to be done. I advised him that an amendment listing the applicant's correct home address would need to be filed with the License Division. Karnail Singh then stated to me that his brother did not really live with him, but used their address as a mailing address and he told him he shouldn't do that. Karnail Singh stated he did not know where his brother lived and that he told him that he should be honest.

Re: State of Wisconsin v. Alan S. Stevens
Case No. 09CF000016

Dear Ms. Garner:

Please find enclosed a court order dated December 17, 2009 by Judge Paul Van Grunsven permitting Alan Stevens to continue his employment at the Tracks Restaurant and Bar. Please also find enclosed a letter dated November 23, 2009 from Carrie Person and Mary Ann Kampe indicating a bartender renewal license would violate his rules/condition. Quite the contrary, considering Judge Van Grunsven ordered that his employment at the Tracks could continue, such employment would not be in any violation of his rules or conditions of probation. Furthermore, the Department's attempts to terminate his employment at the Tracks by persuading the licensing division to deny a bartender renewal license would be in direct violation of court order.

Subject: Gig Bar/License renewal

To Whom It Concerns,

This Gig Bar is located in the middle of our residential neighborhood. On-going Noise/violence surrounding the business operations of the GIG bar is hurting livability and property values. An outdoor area was opened last summer with no neighbor notification, adding late night noise when residents are trying to get a good nights sleep. The front door is often left open and the music can be heard half-way up the block.
Please do not renew this license.

Tuesday, January 05, 2010 at 2:45 PM

To Whom it may concern:

Class 'B' Tavern and Tavern Dance renewal applications for Saylece's at 815 E Locust St has been made by the above named applicant. This requires approval from the Licenses Committee and the Common Council of the City of Milwaukee. The hearing before the Licenses Committee will take place on 1/5/2010 at 2:45 PM, in Room 301-B, Third Floor, City Hall, 200 East Wells Street. If you wish, you may provide testimony at the hearing regarding the request; see below for further information. You are not required to attend the hearing. Once the Licenses Committee makes its recommendation, this recommendation is forwarded to the full Common Council for approval at its next regularly scheduled hearing. Please review the information below and if you have further questions regarding this process, please contact the License Division at (414) 286-2238.

Important details for those wishing to provide information for the Licenses Committee to consider when making its recommendation:

1. The license application is scheduled to be heard at the above time. Due to other hearings running longer than scheduled, you may have to wait some time to provide your testimony.
2. You must appear in person and testify as to matters that you have personally experienced or seen. (You cannot provide testimony for your neighbor, parent or anyone else; this is considered hearsay and cannot be considered by the committee.)
3. No letters or petitions can be accepted by the committee (unless the person who wrote the letter or the persons who signed the petition are present at the committee hearing and willing to testify).
4. Persons opposed to the license application are given the opportunity to testify first; supporters may testify after the opponents have finished.
5. When you are called to testify, you will be sworn in and asked to give your name, and address. (If your first and/or last names are uncommon please spell them.)
6. You may then provide testimony.
 - a. Include only information relating to the above license application.
 - b. Include only information you have personally witnessed or seen.
 - c. Provide concise and relevant information detailing how this business has affected or may affect the peaceful enjoyment of your neighborhood.
 - d. If by the time you have the opportunity to testify, the information you wish to share has already been provided to the committee, you may state that you agree with the previous testimony. Redundant or repetitive testimony will not assist the committee in making its recommendation.
7. After giving your testimony, the members of the Licenses Committee and the licensee may ask questions regarding the testimony you have given or other factors relating to the license application.
8. Business competition is not a valid basis for denial or non-renewal of a license.

Please Note:

Attendance is not required.

Very disappointing behaviour.

Didn't they come before RNA? I just assumed I missed that meeting.

Doesn't Nik send all new liquor licenses to RNA?

I do not patronize the bar mainly because I was disappointed in what I perceived as a definite lack of support for Garden Park. Not a reason to deny them a license, just my two cents.

Also remember that the owners never came before the RNA for this, and at least one owner was familiar with the precedent as she had come before us for a bar/ restaurant on Wright St the previous year.

✓ This establishment has been a nuisance ever since it opened. I have witnessed numerous fights, loud noise, public urination, from patrons of that place. I have literally watched people leave the place and throw bottles onto Bremen when walking to their cars at bar-time.

We have too many taverns, clubs as it is. Locust Street in that 2 block area alone has three. We have young children who are awoken at 2-3am during summer months with our windows open.

Please do not renew.

GURMEET K DHILLON, the applicant for a liquor license at 551 W. Becher St., called me at about 1:00PM wanting to talk with Ald. Witkowiak. I told him he was not available, and he could speak with me.

Mr. Dhillon was upset that his application was sent back to committee this date. I explained to him about neighbors in the 12th AD being upset over hearing about the committee action (approving the license).

During the conversation, I asked him where he resided (when he mentioned he is well connected to the area). He told me he lives in the area. I asked where and he said, after hesitation, at 575 W. Becher above a building.

I told him the "green sheet" lists his address as New Berlin. He then said it was not important.

575 W. Becher is owned, per City records, by a Inderjeet Dhillon.

Jim

It concerns me and the business community that I represent, that a liquor license can slip by with very little notification. As you know, our group has been concerned about the density of such licenses and the effect on the community.

I don't know what can be done about this but I think it should be looked into.

I know from history that our BID would not support such a license within our boundaries and having one new one a step outside our boundaries doesn't sit very well.

Thanks Rebecca. I have signed up for e-notify - but it gives you limited options - for within a certain distance from an address. So I entered several addresses to get a broad range of notifications, however I am interested in any applications in the entire 12th district as well as any in areas that are adjacent to the district. Do you have any advice as to how I can modify my e-notify settings to cover that entire territory?! Let me know. That would be wonderful. In the meantime, thanks for sending this.

Rebecca-

Do you have a copy of the application materials that were approved at the last License committee - referenced below - for 551 W. Becher? I am not familiar with the applicant.

Given the interest below, and my role as License Committee Chair for Walker's Point Neighborhood, I would like to review the application.

Thank you for your assistance-

Re: the issue of the liquor store application that was approved by the License Committee and will be voted upon by the full Council on 22 December.

This liquor store will be located at 551 W. Becher (the SE corner of 6 and Becher), adjacent to the convenience store and gasoline station there.

As reported yesterday, this liquor store (proposed) site is in the very far edge of the 14th. Aldermanic District represented by Alderman Zielinski adjacent to the 12th. represented by Alderman Witkowiak.

Alderman Witkowiak was not aware of the approval of this application by the committee (which he does not sit on).

There was no neighborhood meeting on the subject. The proposed site directly affects residents in the adjacent 12th. Aldermanic district. Many of these residents have expressed firm opposition to further liquor licenses in their neighborhoods.

Alderman Witkowiak advises that he can ask, at the Council Meeting on 22 December, to have this application sent back to Committee for further review. However, he advises he needs the support of citizens on this.

Interested Milwaukee residents may e-mail the below listed council members who sit on the Committee (and the President of the Common Council) asking that the 551 W. Becher St. liquor license application be sent back to Committee for further review.

Dear Alderwoman Coggs,
We at Urban Anthropology Inc., the resident association for Lincoln Village, are concerned that a liquor store application was approved by the License Committee at 551 W. Becher, in the Lincoln Village neighborhood without giving us notice to hold a community meeting on this. We have an issue with over-saturation of liquor licenses in this neighborhood and want the opportunity to get resident input on this.

Recently the Licensing Committee approved a liquor license for 551 E. Becher Street.

I have respectfully request that the Common Council send the license approval for the above address back down to the Licensing Committee at your Dec. 22nd meeting.

The approval of this license has incensed me and the neighborhood. It was snuck under the radar in a neighborhood that is TOTALLY OVERSATURATED ALREADY with liquor licenses.

The neighborhood fought this address getting a 24 hour license to operate the gas station and minimart in recent years. Now they expect the neighborhood to put up with yet another liquor store? I think not.

I have asked Ald. Witkowiak to supply a liquor license saturation summary at the Dec. 22nd Council meeting to substantiate sending this license back to the committee level for further input by the neighborhood.

Sincerely,

Re: the issue of the liquor store application that was approved by the License Committee and will be voted upon by the full Council on 22 December.

This liquor store will be located at 551 W. Becher (the SE corner of 6 and Becher), adjacent to the convenience store and gasoline station there.

As reported yesterday, this liquor store (proposed) site is in the very far edge of the 14th. Aldermanic District represented by Alderman Zielinski adjacent to the 12th. represented by Alderman Witkowiak.

Alderman Witkowiak was not aware of the approval of this application by the committee (which he does not sit on).

There was no neighborhood meeting on the subject. The proposed site directly affects residents in the adjacent 12th. Aldermanic district. Many of these residents have expressed firm opposition to further liquor licenses in their neighborhoods.

Alderman Witkowiak advises that he can ask, at the Council Meeting on 22 December, to have this application sent back to Committee for further review. However, he advises he needs the support of citizens on this.

Interested Milwaukee residents may e-mail the below listed council members who sit on the Committee (and the President of the Common Council) asking that the 551 W. Becher St. liquor license application be sent back to Committee for further review.
