To the Public Works Committee

Subject: Common Council Resolution File Number 070173

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 070173, being an amendment to a special privilege to Dos Locos LLC for removal of a masonry building façade and for addition of a sloped concrete step for the premises at 2252-66 North Prospect Avenue.

Dos Locos LLC requested permission to keep and maintain a masonry façade and a covered walk in the public right-of-way and permission for said items was granted in 2001 under Common Council Resolution File Number 000964. Subsequently, the building façade was removed from the building and the public right-of-way. During a site visit, a ramped step was found to project into the public right-of-way of East North Avenue. This ramp, which appears to have been present for a number of years, is included in the attached special privilege resolution.

We are not aware that the presence of said items has had or will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will formally allow said items to continue to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Jeffrey J. Mantes  
Commissioner of Public Works

Art Dahlberg, Commissioner  
Department of Neighborhood Services
