To the Public Works Committee

Subject: Common Council Resolution File Number 091561

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 091561, being a resolution to grant a special privilege to Lahal LLC to construct and maintain a concrete platform, step and handrails in the public right-of-way for the premises at 1301 West Atkinson Avenue.

The applicant is requesting permission to construct and maintain a concrete platform, step and handrails in the public right-of-way. The 5-foot wide concrete platform and step project 2 feet into the south sidewalk area of West Atkinson Avenue. The handrails for the platform and step project 1 foot 3 inches into the public way and are constructed of 1-inch square steel pipe. The handrails, at the widest point, extend 2 feet from the platform and step parallel to West Atkinson Avenue. It should be noted that the platform, step and handrails do not obstruct the paved public sidewalk and, so, will have minimal effect on pedestrian traffic along West Atkinson Avenue.

We are not aware that the presence of said items will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow said items to project into the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Jeffrey J. Mantes  
Commissioner of Public Works

Art Dahlberg, Commissioner  
Department of Neighborhood Services
