January 10, 2022

Dear Honorable Chair and Commissioners,

I am writing once again in support of the Permanent Historic Designation for 2279 and 2275 N. Summit Avenue (Files # 210613 and #210617). However, I have seen that the owner has filed a request to hold. I have reviewed the letter and agree with the request to hold

As I previously reported the Historic Water Tower Neighborhood association passed a resolution to apply for the expansion of the North Point South Historic District. The resolution was approved by a quorum of eleven (11) board members in attendance at the September 2021 Historic Water Tower Neighborhood board meeting held at the Marcia Coles Community Center on August 31, 2021, with one abstention. Historic Water Tower Neighborhood includes both North Point South and North Point North Historic Districts.

The approved resolution is:

HWTN supports applying to expand the North Point South Historic District to the Milwaukee Historic Preservation Commission to include historic homes on the Western border of the District, in order to conduct research and open a public process for consideration of the District expansion.

A Cultural Resource Management consultant has been retained to assist with the research and drafting of an application to expand the North Point South Historic District. The timeline to submit the application is mid-March, 2022.

Thank you for your consideration.

Sincerely,
Dawn McCarthy
