**Subject:** FW: Rear dormer omitted from application  
**Attachments:** Detail of rear dormer WI210179-WI210180.jpg

Hi Tim,

I informed him I am denying the project because of the omission of the dormer work and the materials don't meet the Standards either. Please see below. Thank you again for bringing this to my attention.

Hope you have a great weekend!

Cheers,  
Paul

During the pandemic I am working remotely and have limited phone access. I will be picking up and dropping off projects weekly so the turn around time for reviews may be somewhat delayed. I will do my best to serve your needs in a timely manner and I greatly appreciate your patience as we navigate through this difficult time.

Russ,

Tim also sent me a photo of a rear dormer that you put synthetic siding on and left off your application. **ALL** work has to be reviewed and approved in order to receive the tax credits. This action is resulting in denial of your project.

Sincerely,

Paul Porter
