 Laboratory Operations Manager
 City of Milwaukee Health Department
 Zeidler Municipal Building
 841 N. Broadway, 2nd Floor
 Milwaukee, WI 53202

Dear Ms. Schieble,

I am writing on behalf of the Association of Public Health Laboratories (APHL) to confirm the anticipated closeout of Cooperative Agreement # NU600E000104 (the Cooperative Agreement) between APHL and the Centers for Disease Control and Prevention. The Cooperative Agreement is reaching the end of its multi-year term and APHL anticipates submitting to the federal government the final reports and documentation required under Cooperative Agreement terms.

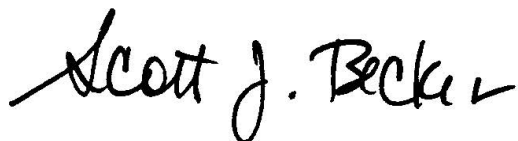

As part of a Cooperative Agreement funded project, APHL will purchase the below goods, which will enhance the capability and capacity of the City of Milwaukee Health Department for the cost of \$28,062.00. APHL will provide the Equipment free of charge and the City of Milwaukee Health Department will treat the safety enclosure as a donation. When the closeout of the Cooperative Agreement occurs, APHL will complete the transfer of title to and interest in the equipment.
