July 13, 2022

Milwaukee Sister Cities Committee:

Since 2017, The Water Council has been the non-profit sponsor of the sister city relationship between the City of Milwaukee in the U.S. and the Daegu Metropolitan City in South Korea. The Water Council has appreciated the five years of relationship building between our two cities in advancement of water technology on a global scale.

The sister city partnership will expire on September 20, 2022. At this time, The Water Council will not be renewing its commitment as sponsor of the partnership. This letter serves as our formal withdrawal from the agreement.

We wish the Daegu Metropolitan City continued success in developing innovative solutions to manage our world's valuable water resources.

Sincerely,

Dean Amhaus
President & CEO
