Please approve the proposed apartment building and rezoning on N. Hackett Ave. near Downer Avenue. I support new infill housing to help solve the climate crisis and make housing more affordable by increasing the supply of housing.

While I do not live in the neighborhood, my parents have lived there for 25 years. I spend a lot of time in the neighborhood and support Downer Ave. businesses. This is a great neighborhood and more people should be able to live there. More housing will also help Milwaukee earn more revenue for government necessities, support local businesses, and improve the quality of life for all residents of the City and County.

Thank you,

Matt McGovern
