Subject: Opposition to the Mercy Housing project

I want to voice my opposition to the Mercy Housing project behind the US Bank on North Avenue. I have been an Eastside resident for 28 years, both living and working there (I live at 3411 N. Shepard Ave and have an office in the Water Tower Medical Commons).

The project does not meet the Common Council's 2009 Northeast plan. The US Bank lot is a good location for a boutique hotel, not tax-credit housing. It is inconsistent with the rest of the Eastside ie. smaller-scale commercial use. I think this is a bad location for tax-credit housing!
