Subject: Juvinelle Detention facility

You don't often get email from cpa3@hotmail.com. [Learn why this is important](#)

Hello,

I am a resident of aldermanic district 9. I support the new facility. However we need to have programs in there to help the kids in there build skills. We should work with the factories in the area and offer internships and apprenticeships. Otherwise we are just holding them and when they get out they will still not have any opportunities. We need skilled electricians, Plumbers, HVAC, and other hands on work. We could even try having a nursing program as that is another job in high demand with high pay. These kids need to see a light at the end of the tunnel and not just a bottomless pit. We need mentors to help guide them. The right staff that won't abuse them. We need some where to teach them another way.

Anyways I could keep going on but as a resident in Milwaukee I know we need this facility. I also know a lot of people won't support it because there never is a good place for any type of dention facility as no one want's it in "Their Backyard". But they are needed.
