As you requested, this letter outlines the conditions pursuant to which the Applicant will commence demolition of the buildings which are the subject of the Application. Neither the Applicant nor any other affiliated entity of the Applicant (the word "affiliate" used herein includes any entity related to the Applicant and any entity that has any shared principal with Applicant, and includes Jackson Street Management, LLC) will commence demolition of the buildings until all of the following have occurred:

1. A building permit has been issued by the City of Milwaukee for the construction of the proposed new building as described in, and consistent with, the plans ("January 2011 Plans") submitted by the Applicant to the Historic Preservation Commission on January 6, 2011. City Department of City Development ("DCD") staff will review and approve applicant's plans prior to building permit being issued.
2. The agreement with Marriott International Inc. and the Applicant or its affiliate will be in full force and effect such that a Marriott Hotel will operate in the new building.
3. Applicant or its affiliate will have obtained all debt financing and equity necessary for (and the financing and equity will be in place for) the demolition of the buildings described in the Application and for the construction and completion of the proposed new building in accordance with the January 2011 Plans.
