Alderman, 15th Aldermanic District
Room 205, City Hall

SUBJECT: 15th ALD. DIST. - FILE #101145
INSTALL STOP SIGNS ON NORTH 34th STREET
AT WEST LLOYD STREET

Dear Alderman Hines:

A review of the intersection of West Lloyd Street and North 34th Street has revealed the need to change the present yield control to a stop control, based on crash data received from the Milwaukee Police Department, which indicates an increase in accidents at this intersection.

We therefore, in the interest of public safety, recommend the installation of the above-captioned traffic control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Honorable Robert W. Puente
Alderman, 9th Aldermanic District
Room 205, City Hall

SUBJECT: 1st & 9th ALD. DIST. - FILE #101145
INSTALL YIELD SIGNS ON
NORTH 42ND STREET AT
WEST SHERIDAN AVENUE

Dear Aldermen Hamilton and Puente:

This is in response to your request on behalf of a local resident to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that the accident data received from the Milwaukee Police Department revealed an increase in accidents and also a sight obstruction that exists on the southwest corner of the intersection in the form of a hedge that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the yield control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

INSTALL STOP SIGNS ON
WEST COURTLAND AVENUE AT
NORTH 80TH STREET

Dear Alderman Bohl:

This is in response to your request on behalf of a local resident to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that the accident data received from the Milwaukee Police Department revealed an increase in accidents and also sight obstructions exist on the northwest and southwest corners of the intersection in the form of a hedge and a hill that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the yield control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,
