I'm a concerned citizen voicing my opposition to the proposed location of a youth correction facility in our neighborhood. We've worked to hard to afford our homes and won't have officials think it's ok for them to place this kind of place so close to being literally in our backyards. I'm asking you reconsider this idea and put them more in Milwaukee where most of these youth come from, and their crimes are committed. I live in Brown Deer and this is very unsettling news.
