GENERAL ORDER: XXX-XX

REVIEWED/APPROVED BY: XXXX

ACTION: Creates SOP

WILEAG STANDARD(S): NONE

575.00 PURPOSE

- A. The purpose of this standard operating procedure (SOP) is to foster greater public trust in the Milwaukee Police Department by increasing transparency with respect to department operations involving the use of deadly force. The department recognizes that the Milwaukee community has a strong and undeniable interest in being informed—in a complete, accurate, and timely manner—about incidents that result in death or great bodily harm that is caused by a department member's actions or occurs while in police custody.
- B. To that end, this SOP establishes criteria for when video evidence that captures officer-involved incidents that result in death or great bodily harm will be released to the public. This policy is intended to balance important interests, including the public's interest in transparency and police accountability, the necessity of preserving the integrity of criminal and administrative investigations, and the privacy interests of individuals depicted in such videos (including victims, witnesses, bystanders, and the individuals against whom force is used). This policy creates a presumption of release.

B. NEXT OF KIN

Next of kin means a spouse, parent, and/or adult child, or, where a deceased person has no living spouse, parent, or adult child, the person's nearest living blood relation.

C. OFFICER-INVOLVED DEATH

For purposes of this SOP, anAn officer-involved death is an incident that involves a, "A death of an individual that results directly from an action or an omission of a law enforcement officer while the law enforcement officer is on duty or while the law enforcement officer is off duty but asserts or could assert that he or she was performing activities that are within the scope of his or her law enforcement duties."

Any injury to a person as a result of a firearm discharge by a department member, not resulting in death, shall also be considered a critical incident.

575.10 COMPUTATION OF TIME

In computing periods of time under this SOP, the day of the act or event from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included, unless it is a Saturday, Sunday, or legal holiday, in which case the last day of the period shall be the next business day. Saturdays, Sundays, and legal holidays shall otherwise be included in the computation.

575.15 RELEASE DEADLINE

- A. The department shall release video evidence of the following types of incidents to the public within fifteen (15) days of the incident:

The sources of video evidence that may be released pursuant to this SOP include, but are not limited to, body worn camera (BWC) video, in-car video, audio recordings of 911/emergency calls, other video captured by the department, and video captured by other individuals or entities that is in the department's possession.

575.25 PRIVACY PROTECTIONS VIDEO ALTERATIONS AND WITHHOLDINGS

A. Notwithstanding the above sections, video footage will ~~not be released-redacted,~~ edited, or withheld to the extent necessary where release is prohibited or limited by law or court order. In each instance, such redactions or editing may include removing sound or blurring of faces and other images that would specifically identify involved individuals, sensitive locations, or reveal legally protected information. Where possible, such redactions or editing shall not interfere with a viewer's ability to fairly and completely understand the events captured in the video. Where the video cannot be sufficiently redacted or edited to protect the person's identity, it will be withheld.

B-C. Video footage, or portions video footage, may be withheld based upon requests from any adult crime victim depicted in the video, the parent or legal guardian of any minor crime victim depicted in the video, or an adult family member or co-habitant of any deceased crime victim depicted in the video. The department shall consult with any such adult crime victim, the parent or legal guardian of any such minor crime victim, and/or any such deceased crime victim's adult family members or co-habitants prior to release.

~~C.~~ ~~In each such instance~~ Where possible, the such redactions or editing shall not interfere with a viewer's ability to fairly and substantially understand the events captured in the video.

~~D.E.~~ In cases involving an officer-involved death or death of a person where a department member discharges a firearm, video footage may be redacted, edited, or withheld based upon requests from the person's next of kin.

575.30 NOTIFICATIONS AND CONSULTATIONS

A. This requirement does not apply to situations in which the next of kin was a witness or otherwise involved in the incident.

B. The department shall also make reasonable attempts to notify the following individuals or entities and provide them an opportunity to view the video footage at least seventy-two (72) hours prior to its release:

- C. Prior to release, the department shall consult and seek feedback from the District Attorney's Office and the outside investigating agency if the incident falls under [Wis. Stat. § 175.47](#).

575.35 EXTENSION OF TIME

- A. There may be circumstances in which the release of video evidence (both to the public and the individuals and entities listed in SOP 575.30) must be delayed to protect one or more of the following interests:
1. The safety of the individuals involved, including department members, witnesses, bystanders, or other third parties~~;~~
 2. The integrity of active investigations (including criminal or administrative)~~;~~
 3. Confidential sources or investigative techniques~~;~~

- B. If the Chief of Police or his/her designee determines that video evidence will not be released within fifteen (15) days following an incident of the type listed in SOP 575.15(A), the department will submit a statement to the Fire and Police Commission Executive Director summarizing the reasons for the decision within fifteen (15) days of the incident. In such circumstances, the following rules shall apply:
1. The reasons provided may not be general; they must have a factual basis and be specific to the individual case.
 2. Except where release is prohibited by law, any decision to delay the release shall be reassessed at least every thirty (30) days. Following any reassessment where the Chief of Police or his/her designee determines that further delay is warranted, the department shall submit a new statement to the Executive Director summarizing the reasons for the decision.
 3. The video evidence in question shall be released as soon as the reason(s) for the delay has been resolved to the satisfaction of the Chief of Police or his/her designee.

- C. Delayed release under this section is intended to be the exception rather than the rule. The following reasons, by themselves, are not grounds for delayed release: high workload, the fact that an investigation remains ongoing, or the fact that the circumstances surrounding an incident are not yet fully known.

575.40 RELEASE – LIMITED WAIVER

The release of any specific video footage does not waive the department's right to withhold other video footage or investigative materials in the same case or any other case, as permitted by law. This policy is not intended to displace or supersede any legal right or remedy available to any person or entity. It is also not intended to prevent or hinder compliance by the department with respect to any memorandum of understanding (MOU) related to a federal or state task force or any other legal disclosure requirements, including, but not limited to, any court order or disclosure provisions of the Wisconsin public records law.
