New Land Enterprises is proposing to construct a 25-story multi-family residential building on the west portion of the site, which currently consists of a surface parking lot for the Mexican Consulate and former Renaissance Place. The new building will include up to 315 residential units, amenity space, and approximately 465 indoor/structured parking spaces. As part of this development, the two existing buildings will remain, and parking for each of the buildings will be provided within the new residential building. **Please refer to the reverse side of this notice for map details.**
